## CAVITE LGUs INTENSIFY ROAD CLEARING OPS

**BACOR CITY, Cavite** -- Local chief executives of Cavite's seven cities and 16 towns have intensified their road clearing operations and ridding the local sidewalks of illegal vendors.

Department of the Interior and Local Government (DILG) Secretary Eduardo Año earlier issued a memorandum ordering department officials to monitor the progress on compliance by the local government units (LGUs) with the directive of President Rodrigo Duterte to clean up public roads of obstructions to ease traffic congestion.

In Bacoor City, Mayor Lani Mercado-Revilla implemented clearing and maintenance operations along the stretch of Zapote Road and public roads in the Bacoor Public Market.

Revilla directed the city's 73 village chiefs to clear public streets, especially major thoroughfares used for private ends, and the remove obstructions and illegal structures along Aguinaldo highway and Molino Boulevard in the city of over 600,000 people.

The mayor also instructed both the City Engineering Office and Bacoor Traffic Management Team to assist the barangays in their clearing operations.

In Kawit town, Mayor Emilio Angelo Aguinaldo has warned the 23 village chiefs to comply with the President's and DILG directives or face raps.

Among the areas the mayor wanted to give priority in the clearing operations are the major roads at Barangay Binakayan especially streets enclosing the Public Market, Zeus area in Muralas, the stretch of Centennial road from Barangay Gahak to Barangay Magdalo, Kalayaan Road in Barangay San Sebastian, and Tirona Highway to Magdiwang Highway at the town proper.

General Trias City Mayor Antonio Ferrer ordered the formation of the team composed of city traffic management chief Noel Morena, local police chief, Lt. Col. Marlo Solero, Liga ng mga Barangay (LnB)

Federation president Alfred Ching, Licensing office head Romel Olimpo, and Francisco Evangelista Jr. as head of the GenTri Civil Security Unit to supervise the clearing operations.

The team members are tasked to inspect and supervise the cleanup drive, especially along the stretch of Antero Soriano Highway from Bacao to Tejero; Tejero Crossing, Tejero-San Juan Road, Malabon Trias proper; Gen. Antonio Road from Bacao to Dulong Bayan to Brgy. 96th.

Busy roads like Governor Ferrer Drive from Barangay Prinza to Manggahan, Crisanto delos Reyes Avenue from Manggahan to Alingaro, Governor's Drive from San Francisco to Manggahan, up to the boundary at Trece Martires City, are up for clearing operations.

In Dasmariñas City, Mayor Jenny Austria Barzaga ordered the city government to implement "no parking" on busy public streets from 6 a.m. to 8 p.m.

The mayor's order is covered through the city government Memorandum No. 240-S-2019, which declares the "no parking" zone on Molino-Salawag-Paliparan road anytime and the Placido Campos and Camerino avenues.

In her directive to the city's 75 village chiefs, Barzaga also ordered the clearing operations on all major and secondary public roads in the city. (PNA)

## Provincial jail inmates complete ALS

**TRECE MARTIRES CITY, Cavite (PIA)** – Sixty nine inmates of the Cavite Provincial Jail gained the respect of the audience who witnessed their simple graduation ceremony held at the Visiting area of the Provincial Jail.

The event with the theme, "Pagkakaiba sa Pagkakaiba-iba; Kalidad na Edukasyon Para sa Lahat" confirmed the completion of the 2018 Alternative Learning System (ALS) Accreditation and Equivalency of the inmates who

## Symposium for social and political awareness on hemophilia conducted

**TRECE MARTIRES CITY, Cavite (PIA)** – The first Hemophilia Awareness Symposium for social and political awareness was conducted in the province by the provincial government's Provincial Health Office (PHO) at the Cavite Collaboration Center for Public Health Auditorium here.

PHO Epidemiologist Dr. Nelson Soriano stressed the importance of having a Hemophilia Treatment Directory with identification cards of PWH (people with hemophilia) to be presented to healthcare providers in availing medical and dental services. He was quoted as saying: "Education is still the key along with proper information dissemination," in order to address this condition and expressed the hope that hemophilia be included in the Universal Health Care Bill.

Hemophilia, a genetically-inherited bleeding disorder in which the person's blood does not clot normally, remains unfamiliar to many Filipinos with about 10,000 Filipinos suffering from the disorder and only 1,500 have been registered with the Philippine Hemophilia Foundation, 28 of which are from Cavite.

The obvious unawareness about this condition by the public even by hospital personnel prompted the members of Hemophilia Advocates Philippines (HAP) to coordinate with the PHO and organize this event with the primary aim to raise social and political awareness for them to lobby their advocacy and seek

studied hard to learn and pursue their dreams of finishing their studies.

Special guests and speakers to the event were Vice Governor Jolo Revilla and Principal II Norielyn C. Narciso of Kaytitinga National High School in Alfonso, Cavite who both congratulated the graduates and inspired them to continue what they have started to eventually lead a better life.

Principal Narciso told the graduates, "I believe that all of you will also be

legislative measures that will address the hemophilia medical condition.

Pediatric hematologist from the Korean-Philippines Friendship Hospital and hemophilia advocate Dr. Melissa Montoya shared some knowledge on pediatric bleeding disorder and tips to manage cases in children such as the application of RICE which stands for Rest, Ice Packs, Compress and Elevate.

Dr. Montoya also revealed that, "I have recommended to the Department of Health (DOH) for the allocation of Factor 8 concentrate to the Gen. Emilio Aguinaldo Memorial Hospital (GEAMH)," and this gave much hope to PWH since only a number of hospitals could handle patients with bleeding disorders.

Likewise, Social Welfare Officer III Brendalyn Salazar of PSWDO enlightened the members of the PWH with the simple procedures and requirements on seeking financial and medical assistance including requests for wheelchairs from the Office of the Provincial Governor.

She also assured them with their support stating, "Our office will lobby for the inclusion of PWH patients in the special cases like chemotherapy and dialysis patients qualified to receive financial assistance from the provincial government on a regular term."

The event was attended by medical practitioners, city and municipal health officers, doctors and dentists from public hospitals, nurses from the rural health units, members of the PWD federation, employees of the provincial government's Provincial Health Office, Provincial Social Welfare and Development Office, Provincial Information and Community Affairs Department, and members of HAP. successful and productive citizens when you all return to the mainstream society" while Vice Governor Jolo Revilla stressed that, "Education is not limited to those outside prison but also to those behind bars."

He also shared: "My father, Senator Bong Revilla was

## TRAVELING SCIENCE CENTRUM, NOW IN CAVITE

The Department of Science and Technology-Provincial Science and Technology Center in Cavite in collaboration with the Philippine Foundation for Science and Technology, Office of 2nd District Representative Strike Revilla and the LGU of Bacoor City brought the Travelling Science Centrum – a hands-on interactive science exhibit, closer to Caviteños.

Valuing the principle "Science for the people," DOST-Cavite headed by Provincial Director Raul Castañeda together with the local government and the Department of Education-Division of Bacoor worked hand in hand for the successful launch of the traveling exhibit of Science Adventures on August 8, 2019 at the Conference Center of Barangay Molino III in Bacoor City which will run until September 30, 2019.

The Punong Barangay of Molino III, Mr. Apolonio Advincula Jr. welcomed guests, teachers and students during the opening program for the very first Science Centrum in the province, expressing thanks to DOST-CALABARZON and Congressman Strike Revilla for the support that made the set-up of Science Centrum in their barangay possible.

Meanwhile, prior to the viewing of exhibit, a Memorandum of Agreement was signed by DOST-CALABARZON Regional Director Alexander Madrigal, PB Apolonio Advincula, Philippine Foundation for Science and Technology Division Executive Director May Pagsinohin witnessed by Congressman Strike Revilla, DOST-Cavite Provincial Director Raul Castañeda and the Head of Traveling Exhibitions Mr. Nelson Natividad. The MOA clearly stated the objectives of the

program and highlighted the responsibilities of each agency, as well as the monetary terms, exhibit operations and guidelines.

In a message, Congressman Strike Revilla expressed much appreciation to DOST and Dep-Ed Bacoor for always extending assistance in helping him deliver quality education for all, hoping that someday the city would house a permanent Science Centrum to be available for thousands of Bacooreños and other Caviteño youth. The 2nd district representative also thought of building up a Science and Technology Center, plus a Science High School for scientific research and innovations in order to contribute to nation building.

On the other hand, Education Program Supervisor Ms. Helen Gutierrez of Dep-Ed-Bacoor talked about how DOST projects and the commitment of the local government further help students engage more in science research and other academic activities. Given this, teachers become more productive while students excel in various fields.

Along with Congressman Revilla and other guests, Director Pagsinohin who gave an overview on the traveling Science Centrum project, likewise led the balloon-popping and ribbon-cutting ceremony that formally opened the exhibit. Among the fun and exciting features of the Science Adventures are the hands-on interactive exhibits and challenging activities including Symmetroscope, Bicycle Wheel Gyro, Anti-Gravity Mirror, Finger Tingler, Rainbow Curtain, Pedal Generator, Plasma and Magnetic Sphere, Tiny Bubbles, and the Talk and Listen Dish.

Congressman Revilla joined students of Molino Elementary School and Divine Light Academy, while trying and enjoying different science concepts and activities. Also in attendance on behalf of Mayor Lani Mercado-Revilla was City Councilor Alde Pagulayan. (PICAD)

## 'Wag sisihin si mayor o governor

**NAKAKARANAS** tayo ng mga pag-uulan at pagbabaha, sa mga ganitong pangyayari ay tila mas 'aligaga' ang maraming magulang at guardian.

Aligaga, ibig sabihin ay sila pa ang mas maligalig kumpara sa kanilang anak o mga anak.

Tungkol ito sa sistema ng pagsususpindi ng klase ng isang local government unit.

Kapag late na ipinalabas

ang class suspension ay katakut-takot ang makikita at mababasa mo sa social media.

Hindi naman natin maiaalis sa bawat magulang o kahit sa isang guardian ang ganoong reaksiyon.

Natural na nakakaramdam sila ng habag sa mga bata o kanilang anak na basambasa ng ulan sa pag-uwi.

Dagdag pa ang napakahirap na pagsakay kapag inanunsuyo ang late sus-

pension ng klase.

Ang masakit pa ay kapag bumaha dahil mapipilitang lumusong ang mga bata.

Batid naman nating delikado ang paglusong sa tubig baha dahil nariyan ang banta ng nakamamatay na sakit na leptospirosis na nakukuha mula sa ihi ng daga.

Ang mga bata naman ay hindi alintana ang sakit na iyon lalo at magkakasama silang magkakaeskuwela sa paglusong sa baha habang papauwi.

Heto naman, kapag maa-ga pa ay nag-anunsuyo na ang lokal na pamahalaan ay makakabasa ka pa rin ng kakaibang komento.

Gabi pa lamang, halimbawang si mayor o governor ay nag-anunsuyo na kinabukasan ay wala ng pasok ay tingnan mo ang mga comments.

Tila may pang-aasar o pang-iinsulto pa dahil halos iisa ang komento.

Sasabihin o ilalagay sa post na kinabukasan ay tiyak na tirik ang araw.

Magulo ano po? Hindi natin alam kung saan ba tayo lalagay o lulugar.

Baka maburyo ang mga lokal na lider ng pamahalaan at hindi na sila mag-anunsuyo.

Sa ganang akin, bilang isang magulang o guardian ay ikaw o tayo na mismo ang magpasya para sa ating anak o mga anak na pumapasok sa paaralan kapag may ganitong uri ng panahon.

Kung alam po ninyong hindi karapat-dapat paalisin at papasukin ng school ang bata ay desisyunan na ninyo.

Talaga nga namang mistulang sakit na ng nakakarami ang ugaling paninisi.

Huwag nating sisihin si mayor o si governor, late man o advance silang nag-anunsuyo ng class suspension.

## DENR CALABARZON celebrated the World Mangrove Day

In line with the celebration of World Mangrove Day on June 26, 2019, the DENR CALABARZON Conservation and Development Division organized a mangrove tree planting activity, conducted at Barangay Talisay, Calatagan, Batangas. The mangrove tree planting activity was participated in by 60 volunteers from the DENR CALABARZON, CENRO Calaca, Batangas, Ecosystems Research and Development Bureau (ERDB), Local Government Unit of Brgy. Talisay, and the Samahan ng Nagkakaisang Mangingisda sa Barangay Talisay (SNMBT) People's Organization. A total of 1,200 propagules of Bakawang Lalaki and Bakawang Bato species were planted. According to Ms. Violy Gulapo, Senior Science Research Specialist from the ERDB, a total number of 500,000 hectares of mangrove forest in 1918, has drastically gone down to only 117,000 hectares in 1995. In 2011, it has gradually increased to 257,362 hectares<sup>1</sup> which may be attributed to coastal rehabilitation programs implemented by government, NGO and communities. She added that three main functions of the Mangrove Ecosystems are for fishery production, for environmental protection, and as a carbon sink. She commended the Agency for conducting Mangrove rehabilitation programs but she reminded that people conducting planting activities should have enough knowledge in proper zonation of the mangrove. She emphasized that we have to monitor the success rate of every planting activity. Mr. Rodrigo de Jesus, president of the SNMBT, disclosed that their organization does regular mangrove planting activities since 2007.

## PROBLEMA SA DENGUE SA CAVITE, INUPUAN NI DUQUE AT MGA MAYOR

**INUPUAN** ni Department of Health (DOH) Secretary Francisco Duque III kasama ang mga alkalde ng iba't ibang bayan at lungsod sa Cavite upang pag-usapan at siguruhin ang kanilang paghahanda laban sa dengue.

Ang pag-uusap ay ginawa sa Cavite Collaboration

Center sa Trece Martires City Cavite kung saan sinabi nito na handa dapat ang lokal na pamahalaan sa pagbibigay ng suporta sa mga biktima ng dengue kung saan tumataas ang kaso sa Cavite.

"Dapat lahat ng ating mga lokal na pamahalaan ay handa na makapagbigay ng suporta sa mga

biktima ng dengue lalo na ngayong patuloy na tumataas ang mga kaso rito sa Cavite kailangan natin ng dobleng pag-iingat," ayon kay Duque.

"Magtulungan po tayo upang malutas natin at mapababa ang bilang ng mga nabibiktima ng dengue sa ating mga bayan at mailigtas sa tiyak na kapa-hamakan ang ating mga kababayan," pakiusap pa nito sa lahat ng mga local chief executives.

Sa datos ng Provincial Epidemiology and Surveillance Unit (PESU), mayroong kabuuang 6,232 kaso ng dengue ang naitala mula January 1, 2019 hanggang August 5, 2019 kung saan may namatay na 27, mas mataas ng 99% kumpara noong nakaraang taon na mayroong 3,127 na kaso.

Nanguna ang Dasmariñas City na may pinakamataas na kaso (1,542) sumunod ang General Trias na may 575; Bacoor City na may 510 na kaso; Imus (507) at Silang - 475.

Matatandaan na noong July 18, 2019, nagdeklara ang probinsiya ng Cavite ng state of calamity dahil sa mabilis na pagtaas ng kaso ng dengue. **GENE ADSUARA**

## DENGUE CONTROL AND PREVENTION

With more than 6,000 dengue cases in the entire province of Cavite, the Provincial Health Office in partnership with BASF Philippines, Inc. conducted mosquito misting at the Gen. Emilio Aguinaldo Memorial Hospital compound in Trece Martires City on August 3, 2019. Personnel from BASF Philippines, Inc. started mosquito misting around the vicinity of GEAMH early in the morning, an initiative which is part of their corporate social responsibility. On behalf of the Provincial Health Office, Ms. Annabelle Dilig, OIC-Administrative Office for Public Health and Mr. Wilfredo Atas, Construction and Maintenance Foreman of GEAMH received 200 pieces of Interceptor Mosquito Nets and some larval and insect control products from BASF Philippines, Inc. headed by Mr. Ronaldo Mercado, President and Managing Director together with Mr. Manolo Sambrano, Head-Agricultural Solutions, Mr. Randall Evangelista, Sales Manager-Agricultural Solutions and Ms. Paola Norial, Accounts Development Officer... **-(PICAD)**

The Court pointed out that the authority of the ERC was limited only to the implementation of the CSP, and that the ERC had no power and authority to postpone the CSP's application.

All PSA applications submitted by the DUs on or after June 30, 2015, were required to comply with the CSP in accordance with 2015 circular issued by the Department of Energy (DOE).

In the same ruling, the SC ordered that the power purchase cost after compliance with the CSP shall

retroact to the date of the effectivity of the PSA, "but in no case earlier than June 30, 2015, for purposes of passing the purchase cost to the consumers."

The petitioner in the case claim that by extending the CSP deadline from November 2015 to April 2016, the ERC allowed Meralco, along with its seven affiliated power generating companies, tying up 3,551 megawatts, or 90 percent of its supply, to enter 20-year contracts that would cost consumers PHP12.44 billion a year. **(PNA)**

## PHILRACOM OFFICIALS DAPAT NG PALITAN

**ANG IBA'T IBANG SEKTOR** sa industriya ng local horseracing ay wala ng tiwala na sa kakayahan ng mga namumunong opisyal ng Philippine Racing Commission (PHILRACOM) dahil sa tuloy-tuloy na pagbaksak ng revenues.

Ang mga mayor players sa industriya sa bansa na kinabibilangan ng horsetrainers, jockeys at mga manggagawa ay nananawagan kay Pangulong Duterte na bigyan ng malaking pansin ang pabagsak ang local "king of sports" dahil hindi magawa ng mga ito itaas ang revenues ng local multi-billion horseracing industry.

Nang magpalit ang Philracom ng namumuno taong 2014 bumasa ang dating kita ng industriya mula P8.2-billion ay ang laki ng binaksak nito noon 2015 na naging P7.7-billion.

Mas malaki ang ibinababa ng ravenue noong taong 2018 na umabot lang sa P5.5-billion.

Dahil diumano sa namumunong opisyal na ito ngayon ay nasa holdover na puwesto ay wala itong nagawa upang gumanda ang kinikita ng horseracing industry sa bansa.

Bakit hindi pa diumano tinatanggal ang opisyal na ito ni Pangulong Duterte ang malaking tanong ng mga majors players ng industriya.

Nang magsimula ang pagbaksak ng revenues, mga ilang horseowner ang nagsimula ng magbenta ng kanilang mga kabayo.

Ang mataas na halaga ng maintenance ngunit malilit na premyo na kanilang natatanggap sa panalo ng kabayo ng mga horseowner ay napalitan silang ibenta ang kanilang alagang kabayo at umayaw.

Maraming horse-trainer na balita na nawalang ng trabaho dahil wala na silang maensayong mga kabayo dahil maraming horseowners ang huminto sa kanilang magkabayo.

Isang professional jockey ang napilitang magpunta sa abroad dahil dito sa ating bansa ay maliit na daw ang kanyang kinkita sa pananakay. Kapag walang sakay siyempre walang kita.

"Mahirap lumayo sa pamilya naming pero kailangan gawin dahil mahirap na rin kaming kumita dito dahil sa konti lang mga nasasakyan.

"Doon sa pupuntahan ko sa Japan kahit paano regular at monthly ang kita kahit na sa stable ka lang magtatrabaho. Tiyak na kakain ang pamilya dito. Tiis lang talaga na malayo sa kanila, pero kailangan gawin, sabi ng isang rider matapos matanggap ang kanyang passport kamakailan lang.

Inutusan ng Commission of Audit (COA) ang Philracom na isauli ang mahigít sa P7-million na walang patumangga ginastos taong 2018 tulad ng illegal monthly allowances at per diem bawat opisyal - P3.72-million para sa chairman at P2.93-million para sa anim na commissioner; gastos sa illegal consultant, foreign travels ng Philracom officials at staff; illegal overtime fees sa empleyado.

Mahal na Pangulong Duterte nanawagan po ang BAYANG KAREERISTA na nasa po ay aksyunan o linalin ninyo ang pamunuan ng Philippine Racing Commission (PHILRACOM) hanggang hindi pa daw ho huli ang lahat.

## SC affirms decision on 'bidding' for power supply deals

**MANILA** -- The Supreme Court (SC) affirmed with finality its decision directing the Energy Regulatory Commission (ERC) to conduct a competitive selection process (CSP) on all power supply agreements (PSAs) submitted by distribution utilities.

In an advisory Wednesday, SC Public Information Office chief and spokesperson Brian Hokasa confirmed that resolution was made during its July 23 en banc session and denied the motions for reconsiderations filed by the Office of the Solicitor General (OSG) on behalf of the ERC and the counsel for Panay Energy Development Corporation (PEDC).

"Acting on the following motions for reconsideration of the decision dated May 3, 2019, the Court re-

solved, by the same vote and with Associate Justice Henri Jean Paul Inting joining the majority, to deny with finality the said motions for reconsideration as the basic issues raised therein have been passed upon by this Court and no substantial arguments were presented to warrant the reversal of the questioned decision," the Court ruled.

In its original May 3, 2019 decision, the Court held that the ERC gravely abused its discretion and therefore exceeded its jurisdiction when it unilaterally postponed the effectivity of the CSP requirement for power distributors to get at least two offers for supply of electricity before awarding a PSA, ensuring the least cost for electricity consumers.

## RELIEF DISTRIBUTION IN CAVITE

**Continuous rains brought by the southwest monsoon (habagat) and low pressure area (LPA) affected coastal communities and those living along rivers and creeks in the province of Cavite. In a prompt response, Governor Jonvic Remulla directed concerned offices, primarily the Provincial Social Welfare and Development Office (PSWDO) and the Provincial Disaster Risk Reduction and Management Office (PDRRMO) to assess the situation for the effective allocation of relief resources.**

On August 5, 2019, Governor Remulla spearheaded the distribution of relief packs in Tanza and Trece Martires City with the team of volunteers from PSWDO and PDRRMO.

The governor underscored that the program is intended to somehow help the families on their basic needs, since most of the livelihood are halted due to the bad weather condition. Likewise, Governor Remulla provided safety reminders which are very vital for their health during the rainy season amidst the dengue outbreak in the province.

In Trece Martires City, Mayor Gemma Lubigan, Vice Mayor Bobby Montehermoso and the city councilors joined the governor during the relief distribution program held at the South Summit covered court in Barangay Aguado for a total of 4,000 recipients.

Meanwhile, in Tanza, wherein most of the affected families are fisherfolks, relief goods were distributed at the covered courts of coastal barangays Julugan V and Amaya VII. Local officials headed by Mayor Yuri Pacumio and Vice Mayor Munding del Rosario together with the members of the Sangguniang Bayan thanked the provincial government for prioritizing their constituents during calamity situations.

Four thousand packs were allotted for the consumption of barangays Julugan I-VIII, same with the relief goods received by the residents of Barangay Amaya.

The locals were also relieved with the presence of other guests including Congressman Boying Remulla, Vice Governor Jolo Revilla, Board Members Ping Remulla and Lito Langit who also told recipients to stay dry and stay safe.

Other coastal municipalities such as Kawit and Naic are next to visit for donation of relief.

## Mayor Isko to convert Manila into 'smart city'

**MANILA** -- Manila Mayor Francisco "Isko Moreno" Domagoso on Thursday said he plans to convert Manila into a "smart city" to better serve his constituents.

In an ambush interview with the media, Domagoso said he had a brief meeting with the Commercial Section of the United States (US) embassy on the important elements of a "smart city" such as an enhanced flood monitoring and prevention, traffic management, and Manila resident ID issuance.

"Smart city is, how I can make your life easier as a citizen, so, these things like technology, study, infrastructure, human development. Smart in such a way you address every sector of the society, you accept there is a problem and you address it," Domagoso added.

Citing that the US has offered a grant for the design of the "Smart City of Manila", Domagoso said his administration is pushing for the digitalization of the local government and all application and hardware preparations are now being made.

"I was asked what we want to prioritize, sabi ko (I said), once and for all, study Manila geographically with regard to the flooding problem of the city para magkaroon ng (so there could be a) drainage plan, catch basin, everything that will address the flooding in Manila because I told the group of US ambassador, the country is a tropical country and we'll be experiencing lots of rain, within 8 months there will be rain in between," he said.

Stressing that flooded streets have been the pe-

rennial problem of the city, Domagoso said he would do everything to put an end to it.

"Nagbabaha kapag bugso ng ulan pero humuhupa rin naman (It floods when it rains but it also subsides). If it will take 20 years, 30 years, 15 years, 10 years to make Manila flood-free, I will go that path," he said. Domagoso added that his administration is still studying the issuance of Manila resident IDs even though the US embassy has committed help with regard to the ID system's backend or technical support.

"Kailangan ko muna iyan idiskurso sa city council (I need to discuss that [resident ID benefits] first with the city council)," he said. **(PNA)**

## Kampanya kontra-human trafficking, palalakasin sa Palawan

**PUERTO PRINCESA, Palawan (PIA)** --- Bubuo ng komite ang Provincial Inter-Agency Council Against Trafficking (PIACAT) na tutok sa pagpapakalat ng tamang impormasyon at kaalaman sa mga komunidad sa Palawan upang labanan ang pangangalakal ng tao.

Sa pamamagitan ng isang resolusyon, ipinanukala ng konseho ang pagkakaroon ng komite sa impormasyon at edukasyon para sa magiging kampanya ukol sa human trafficking lalo na sa mga malalayong pama-yanan na kadalasa'y nagiging taguan o daanan ng mga biktima.

Ang komite ay binubuo ng

iba't ibang ahensiya tulad ng Philippine Information Agency (PIA), Philippine Overseas Employment Administration (POEA), Department of Social Welfare and Development (DSWD), BPTF, Department of Interior and Local Government (DILG), Department of Labor and Employment (DOLE), Provincial Social Welfare and Development Office (PSWDO), maging ang IACAT for Palawan na pinangangasiwaan ng Department of Justice (DOJ). Ang Provincial Information Office (PIO) ang siyang tatayong tagapangulo ng nasabing komite.

Sa ulat ni Milma Sangkula, project officer ng Bantay Palawan Task Force (BPTF), may ilang komunidad pa rin partikular sa timog ng lalawigan ang nagsisilbing daanan ng mga "trafficking in persons (TIP)" bago i-byahe sa pamamagitan ng "backdoor" patungong Malaysia.

"Kailangan pa rin talaga ng awareness ng komunidad natin lalo na sa south, na pag may nakikita silang kahina-hinalang mga tao o hindi familiar sa kanila, i-report agad sa atin para maaksyunan," ani Sangkula.

Samantala, iminungkahi naman ni Police Colonel Gabriel Lopez, kinatawan ng Peace and Order Program ng pamahalaang panlalawigan na siyang humalili kay Governor Jose Chaves Alvarez upang mamuno sa pagpupulong ng konseho, na dapat atasan ng DILG ang mga Municipal IACAT na maging aktibo upang makatuwang sa gawain.

Sakaling mapagtibay ang panukalang resolusyon, agad magpupulong ang binuong komite upang maplano ang gagawing kampanya.

Sa press release ng Commission on Filipinos Overseas (CFO), kasama ang DOJ-IACAT, sinimula na nilang magsagawa ng isang linggong 'anti-trafficking drive' sa nagsisilbing 'backdoor exits' sa lalawigan partikular sa mga bayan ng Brooke's Point, Bataraza, at Balabac. (LBD/PIAMIMAROPA-Palawan)

na noon ay kababa lang sa sinasakyang tricycle na minamaneho ni Pacinos.

Nakaladkad pa ang katawan ng biktima patungo sa bahay ng isang Sergio Tahimik, 70, ng Brgy Biga, at nagresulta rin sa pagkakasira ng harapang bahagi ng bahay.

## PIA automates human resource management system

**QUEZON CITY (PIA)**

- The Philippine Information Agency (PIA) is gearing towards implementing a more efficient web-based electronic human resource management system next year.

This, after PIA Director-General Harold E. Clavite and Asiagate Networks, Inc. Chief Operating Officer Liza A. De Los Reyes inked a memorandum of agreement for the provision of a software that will integrate systems and processes to ensure easy management of human resources, business process and data of PIA.

“We want a very efficient HR system which is necessary to the Agency,” said Clavite said during a meeting with the Asiagate team to discuss the project requirements.

Asiagate Project Manager Amor Ebue discussed HRMIS detailing its process as well the specific implementation timeline.

He explained, the web-based HRMIS would enable PIA to generate reports on personnel information, trainings, leavestatus and personnel performance – allowing management to make the right decisions and manage human resource more efficiently and effectively.

It features a tool that would support fast and efficient transactions and processing of resources; expedite recurring tasks through automation;

standards,” Domagoso said citing the ordinance.

It shall include the standards stated in the Building Code, Fire Code and Ordinance No. 4765, he added.

The order also instructs the committee to form composite teams which

upgrade technologies which are more open, flexible and scalable; support additional or newer processes or services requiring automation; and to manage human resources more efficiently and effectively.

Ebue stressed that HRMISL is a fully integrated system that consists of the following modules: Personnel Information Management; Attendance and Logs Management; Leave Administration; Payroll, Compensation and Benefits; Employee Discipline; Personnel Services; Dashboard and Calendar Notifications; Self-Service Portal; as well as the Four Human Resources Systems - Recruitment, Selection and Placement, Learning and Development, Performance Management, as well as Rewards and Recognition.

The HRMIS project consists of seven (7) phases: Inception and Project Planning; System Requirements Gathering; System Design and Analysis; Development, Testing and Pilot Run; Training and Orientation; Project Closure; and the Technical Support and Warranty period phase.

The inception phase aims is to achieve stakeholder consensus regarding the objectives for the project, define the software scope and limitations, including the vision, estimate schedule, define acceptance criteria and

include inspectors from the Department of Engineering and Public Works (DEPW), Manila Health Department (MHD), Bureau of Fire Protection (BFP) and other departments, offices, and bureaus of the nation's capital.

## BOC-Batangas' ISO Recertified

The Bureau of Customs (BOC) Port of Batangas has reached another milestone, as it was awarded re-certification of the ISO 9001:2015 Quality Management System.

On Friday, 2 August 2019, the Port was awarded for completing its re-certification audits for ISO 9001:2015 Quality Management System through TÜV SÜD Philippines. It has undergone and passed the annual surveillance audits since 2012 when its ISO certification journey started. This is due to the untiring efforts of the men and women of the Port of Batangas as well as the Bureau of Customs Quality Management System Coordinating Team.

Customs Commissioner Rey Leonardo B. Guerrero who was present during the awarding congratulated

BOC-Batangas for another feat. Part of the 10-point priority program of the Commissioner is to sustain the BOC's efforts in providing quality service for the stakeholders by aligning all offices with the standards set by ISO 9001:2015 Quality Management System. “By 2019, we will start the ISO certification process of the Bureau of Customs to further boost our customs services as well as our internal systems and processes. Through this effort, we can rebuild the Bureau's integrity and gain the trust and confidence of the public,” the Customs chief stressed.

The Commissioner also emphasized the need for reform programs in order to transform the BOC into a credible, transparent and a trustworthy government agency.

## SC EYES VIDEO CON FOR HIGH-RISK/SICK INMATES, WITNESSES

**MANILA – High-risk prisoners and those seriously ill will be allowed to appear and/or testify before courts through videoconferencing technology under a pilot project to be tested in Davao starting next month, the Supreme Court (SC) said Tuesday.**

**In a statement, the High Court said it has approved the proposed Guidelines on the Use of Videoconferencing Technology for the Remote Appearance or Testimony**

**of Certain Persons Deprived of Liberty (PDL) in Jails and National Penitentiaries.**

The guidelines shall be tested for a period of not more than two years between the following: the Davao City Hall of Justice and the Davao City Jail; the Davao City Hall of Justice and the Special Intensive Care Area (SICA), Camp Bagong Diwa, Bicutan; and the Davao City Hall of Justice and the New Bilibid Prison, Muntinlupa City.

A special commit-

tee chaired by Associate Justice Diosdado M. Peralta drafted the guidelines which aim to guarantee and preserve the constitutional rights of the accused in court proceedings who are PDLs being detained in a district, city or provincial jail or a national inmate committed in a national penitentiary.

The Court said the videoconferencing technology eliminates the safety, security and health risks posed by the personal appearance of PDLs who is "considered to be high-risk or afflicted with highly contagious diseases." Such risk is not only posed on the accused but also to judges, court personnel, and the public in general.

The Court has been "employing modern technology, e.g., using live-link television testimony in criminal cases where the witness or the victim is a child and the presentation of testimonial evidence through electronic means in both civil and criminal cases." In 2001, the Court gave the family courts the green light to use videoconferencing equipment in trials involving the testimonies of children.

The guidelines provide that "the remote appearance and testimony of an accused in a videoconference proceeding shall closely resemble his or her otherwise in-person courtroom testimony and experience."

It also said "the dignity and solemnity in a videoconference proceeding shall be the same as those of an in-court proceeding. The remote location shall be viewed as an extension of the courtroom."

The guidelines also detail the procedures to be observed allowing the defense counsel to be physically present with the PDLs at the jail or in court at the PDLs' option.

The guidelines state that the video cameras must be placed and positioned in such a way so as to cover the same image the PDLs at the remote location would see if he or she

## DOH Caraga Inutile vs Dengue, One Died caused by Deworming

**BUTUAN CITY -** Dengue cases in Caraga region increases said the Department of Health – Caraga, it intensified the 4S campaign in the different provinces of the region. Data released by DOH-Caraga as of July 22, 2019 shows more than 6,000 dengue cases recorded in the region, higher compared to last year's figure of only 2,300 which very alarming already.

This is very high compared to last year's cases of 2,300, but questionably, with the new graph, DOH still considered it below the alert level," said Regional Director Dr. Jose Llacuna Jr. Computation shows a 260.86% increase of Dengue cases in Caraga, yet, DOH Caraga was not yet alarmed.

The health department also reminded the different barangays to continuously perform the 4S campaign to prevent the spread of dengue disease. These are: search and destroy; self-protection measures; seek early consultation; and say no to indiscriminate fogging.

The DOH Caraga also recognized the effort of the local government units in the region for their constant implementation of the health programs to the public.

The public asked why fogging is not the first line of defense of killing mosquitoes and ultimately stopped Dengue when it should be the best. Fogging should be an act of war against mosquitoes or the best prevention rather than cure to totally eliminate mosquitoes instead of allowing them to multiply. The public now thinks of a possible conspiracy between hospitals and governments inutile moves to fight the killer mosquitoes when it can simply be done by a discriminate fogging.

Likewise, it also monitors the number of cases on measles and ensures the conduct of school-based immunization including deworming in the provinces of Caraga region. The official added that they are coordinating with the Department of Education to ensure the provision of immunization to school-age children by September, this year.

Last week, DOH launched the school-based immunization and deworming in coordination with the Department of Education to immunize all our school age children. That by September 30 as emphasized

were physically present in the courtroom.

The court, however, may exercise its discretion to suspend the videoconference proceeding when there are technical issues which would affect its fairness or if matters should arise warranting the PDLs' physical appearance in the courtroom. **(PNA)**

by the health secretary, at least 95 percent of the students will be immunized against measles and dewormed.

It was also known that during the conduct of school based Deworming in Gigaquit, Surigao del Norte, last week, six (6) pupils were hospitalized due to Albendasol tablet taken by them administered by DOH while one died. Investigation of the incident now was elevated on higher level after the

conduct of autopsy to find out the real cause of death.

This another incident of death due to deworming would add panic to parents to disallow their children to be another victim of DOH program, although, DepEd officials in the region was silent and refuse to give comments, but, it seems that they can no longer allow their pupils to be a specimen of DOH experiments. ## KYLIE PADILLA, MALING AKALA PERO MASAYA

LAHAT naman ay nagkakamali ng iniisip o inaasahan, kagaya ni Kylie Padilla.

At least, mali man ang akala ni Kylie ay hindi naman maipapaliwanag ang masaya niyang nararamdaman.

Pregnant uli ang 26-anyos na aktres sa kanyang mister na si Aljur Abrenica.

lyon nga lamang ay lalaki na naman ng ipinagbubuntis ng misis ni Aljur.

Magto-two years old na si Alas Joaquin, ang panganay na anak nina Aljur at Kylie.

Sabi naman ni Kylie, mag-ing ang kanyang husband ay una ring inakala na baby girl ang ikalawang ipinagbubuntis niya.

Dalawa sila na mali ang akala gayunman ay kapwa naman sila masaya kahit baby boy uli ang kanilang pangalawang anak.

Sa muling pagbubuntis ay mas lalo ang pagiging emosyonal ni Kylie kumpara sa una kaya pakiramdam nilang mag-asawa baby girl na ang kasunod.

Congrats Kylie and Aljur!

### BEA, GERALD, JULIA ANO NGA BA TALAGA?

Sinusulat ko ito ay tikom pa rin ang bibig ng bawat nasasangkot sa usapin.

Ano na nga ba ang real score between Julia Baretto and Gerald Anderson?

May namamagitan na nga bang something sa kanilang dalawa, meaning ay magdyowa na ba?

Paano naman kasi ay parehong no comment o hindi nagbibigay ng kanilang pahayag sina Julia at Gerald.

Ang dati namang nobya ni Gerald na si Bea Alonzo ay matatandaang nagpahayag na wala silang formal break up.

Last July 21 ay umugong ang usapang hiwalayan blues between Bea and Gerald.

The reason is, dahil sinasabing kumalat ang pictures na magkasama sina Gerald at Julia.

Walang kumpirmasyon sa pagitan nina Julia at Gerald. Walang formal break up between Gerald and Bea.

### SUNUD-SUNOD

ang pagpapaliwanag ni Bernie kay Cecile.

Pinaninindigan na ni Bernie na nangyari ang lahat dahil naayon iyon sa kanyang kagustuhan.

"Totoo ba lahat 'yang mga sinasabi mo? Nasa puso mo ba talaga 'yan?"

Muling nagtanong si Cecile upang makatiyak sa senseridad ni Bernie.

"Ang lahat ay puro katotohanan, sana ay paniwalaan mo ako. Bigayan mo lang ako ng panahon upang ito ay patunayan."

Sa narinig ay hindi napigilan ni Cecile at nakita na lamang ang sarili na yumapos na siya ng mahigpit kay Bernie.

Hindi alam ni Cecile kung ano talaga ang tinatakbo ng utak ni Bernie.

Basta ang tanging alam lamang niya ng mga sandaling iyon ay kanyang pinaniniwalaan si Bernie.

Kasunod, sa muling pagkakaataon ay naganap na naman ang hindi dapat maganap sa kanila.

"Naku, anong oras

na? Babangon na ako at maghahanda ng ating makakain."

Tanghali na nang magising sila at sa pagtindig ni Cecile ay hindi niya napansin ang lihim na ngiti ni Bernie.

Mabilis na nagtungo si Cecile sa banyo para makapaligo at paglabas ay direktso naman ng kusina.

Hindi rin napupuna ni Cecile na habang naghahanda siya ng makakain ay titig na titig sa kanya si Bernie.

Nalalanghap ni Bernie ang iniluluto ni Cecile, hindi siya maaaring magkamali na nilagang baka iyon.

Tama nga si Bernie lalo at napansin niyang naghihiwa at nagpipiga ng kalamansi si Cecile at inihalo sa patis para sawsawan ng nilagang baka.

Malapit-lapit ng maluto kaya hinarap siya ni Cecile at sinabihang maligo na rin upang makakain na sila.

"Pwedeng-pwede pa talaga, masabaw pa talaga."

## "TANIM SA TIYAN" NOBELA NI ATE JOSIE

(13)

**NANG** maibenta ang antigong baul, pag-uwi ay sumama pa rin si Allan sa bahay nila Alex.

Gusto kasing malaman ni Allan ang dahilan at bakit nagbebenta ng mga gamit si Alex na alam ng nanay nito.

"Sa tingin mo anak eh kakasya na ba 'yang pera? Makakabayad ka na kaya ng tuition?"

Hindi inaasahan ni Allan na ganoon ang kanyang maririnig mula sa mag-ina.

"Pasensya ka na lang anak kasi hanggang vocational lamang ang kakayanin natin."

Napahanga naman si Allan dahil kahit papaano o kahit vocational lamang ay nais pala ni Alex na makapag-aral.

Nagtataka lamang si Allan dahil sa kanyang pagkakaalam ay mayroon namang vocational school na libre.

"Ikaw ba iho ano ang course na kukunin mo? Tiyak na sa magandang university ka papasok?"

Hindi makasagot si Allan sa tinatanong sa kanya ng nanay ni Alex. Paanong makakasagot si Allan eh talaga namang siya nga mismo ay naguguluhan pa.

Kung tutuusin kahit anong course at kahit saang unibersidad ay kayang-kaya siyang papag-aralin ng kanyang

magulang.

"Ang mabuti pa ay dito ka na kumain, saglit lang naman iluluto ko kaya lang pagpasensyahan mo na."

"Muraangkamatisngayon kaya magsasarsyado kami, 'yun nga lamang sarsyadong kamatis lang."

"Gagawing partner o sawsawan ng tuyo, naku at baka galisin ka sa tuyo iho."

Napangiti si Allan, natuwa siya dahil palabiro pala ang ina ng kanyang kklase.

"Hoy pare, 'wag kang magtaka kung bakit iisa lang ang kutsara. Para lang 'yan sa sarsyadong kamatis."

"Tuyo ang ulam natin kaya magkakamay tayo, alam mo bang masarap kumain ng nakakamay."

Sa totoo ay hindi nakasanayan ni Allan na nakakamay kumain, sanay talaga siya sa kutsara at tinidor.

"Ang sarap...sarap pala talaga."

Napasabay si Allan sa pagkain sa mag-iina at kitang-kita niya na kahit ganoon lamang ang pinagsasaluhan ay masaya sila Alex.

"Ano? Tama ba 'yang naririnig ko sa iyo? Loko ka talaga, baliw ka ngang talaga."

(Itutuloy)

Hindi ba at kinumpirma ni Bea noong Hulyo 26 na wala silang pormal na hiwalayan ni Gerald.

So.... Ano ba talaga? Josko, nakakaloko at nakakaloka.

Nakakaloka talaga kasi nag-unfollow sa isa't isa sina Bea at Gerald sa kanilang Instagram account.

Sa pangyayari ay lumikha ng sari-sari o iba't ibang reaksiyon mula sa netizen. Ang mga fans nina Gerald at Bea ay labis ang panghihinayang pero mayroon din namang natuwa sa kanilang naging move.

Kumbaga sa pananaw ng iba marahil ay tama lamang

na hindi na sila mag-follow sa isa't isa.

Ganon! Meaning hindi na kahit friendship man lamang? Oh my gosh!

Pero bakit nga pala pati si Julia ay mukhang scratch na rin sa list of following ni Bea?

Well, tanging si Bea lamang ang nakakaalam ng kanyang rason o dahilan. Last 2016 nang ikumpisal nina Gerald at Bea ang kanilang relasyon, umamin sila na magdyowa na.

Kung kayo...kayo talaga, ganoon lamang kasimple 'yan. Ang tanong, sino nga ba?

Ang estudyanteng chess lover ng Jovencio N. Nagwagi si Masong sa lahat ng game rounds ng torneo sa high school level, mula Game 1 hanggang Game 5. “Sa totoo lang, sumakit ang ulo ko sa bawat round ng larô. Napagod ako sa paggawa ng desisyon sa bawat move ko sa lahat ng rounds. Hindi ko nga rin akalain na mananalò ako sa lahat ng laro ko eh, dahil ang gusto ko lang sana ay

makita ang kalalabasan ng abilidad ko sa larong ito.”, dagdag pa niya. Sa Game 1 na elimination round ay nakabuo siya ng anim na puntos sa anim na rounds, at panalo siya ng dalawang beses sa bawat kalaban mula game 2 hanggang game 5 sa knock-out best-of-three games.

Sa elementary level naman ay nanguna si Monsalud mula game 1 hanggang game 4 na kalmado sa paglalaro. Magagaling rin ang lahat ng mga nakalaban ko, lalo na sa Championship na natalo ako ng isang beses”, wika ni Monsalud.

## Lola, dinakma sa hindi pagbabayad sa groserya

**MASAYA** sanang mag-uwi ng mga grocey items ang isang 63-anyos na lola na dumayo pa sa Cavite upang mamili pero dinampot ito matapos na hindi pala nito binayaran nang nakita ito sa CCTV footage sa Imus City, Cavite.

Nakakulong sa Imus City Custodial Center ang suspek na si Myra Homeris, balo ng 19 Malanting St., Amparo Gate 2, Caloocan City

dahil sa reklamo ni Richard Coronado, 32, supervisor ng Puregold, Anabu Branch sa Imus City.

Sa ulat ni PSMSgt Elmer Pardiella, ng Imus City Police Station, dakong alas-2:30 ng hapon nang pumasok ang suspek sa loob ng nasabing tindahan at nagpanggap na mamimili.

Hinakot nito ang tinatayang P4,566.25 na pinamiling grocery items

## Itinutuwid at hindi binabaluktot

**KABILANG** ako sa humanga sa 21-anyos na estudyanteng si Paula Cereneo.

Si Paula, sa kabila ng pagiging isang single mom ay pinilit at sinikap na makapag-aral sa isang pam-pribadong paaralan sa M'lang, Cotabato.

Sadyang nakakabilib dahil pumapasok siya ng eskuwelahan na bitbit o dala niya ang kanyang isang taong gulang na anak.

Hindi ikinahihiya ni Paula sa kanyang mga kamag-aral o mga kapwa estudyante sa Southern Baptist College ang kalagayan niya bilang isang dalagang ina.

Marahil kung sa iba nangyari ito ay mas makakalamang na hindi na pipiliin pang muling makapag-aral dala ng kahihiyang aabutin.

Kahit sa kanyang mga kalugar o kapitbahay sa Barangay Sanggat, M'lang, North Cotabato ay taas-noo pa rin si Paula.

Nasa puso kasi ni Paula ang makapag-tapos ng pag-aaral sa kolehiyo dahil ang iniisip niya ay ang magiging kinabukasan ng

kanyang anak. Ang lahat ay kayanin, hirap at suliranin kahit may kasama pang pang-aalipusta para makapagtapos siya ng pag-aaral bilang isang guro.

Lahat naman tayo ay nagkakamali, nag-kakasala at nadadapa subalit nasa atin din ang pagkakataon para sa muling pagbangon.

Kailangang harapin lamang ang lahat ng pagsubok at problema upang matamo ang minimithi.

Nagkamali si Paula kaya naman ang kanyang sarili ay ginagawa niyang halimbawa sa mga kapwa mag-aaral at sa iba pa upang magsilbing paalala o leksiyon.

Kung susumahin o bibilanganin ay higit na nakakarami ang humanga sa kanya kaya ipinaaabot natin kay Paula na ipakita at patunayan niya ang kanyang determinasyon.

Iyong mga umaalipusta o pumupuna ng mali ay kailangang paglabanan niya ang mga iyon.

Ang nagkakamali ay itinutuwid at hindi binabaluktot.

at lumabas.

Gayunman, nakita ito sa CCTV ang paglabas nito na hindi nagbayad dahil pigilin siya at dinala sa security office bago sa police station.

Katuwiran ni lola na nakalaimutan

niyang magbayad, pero ultimong pampiyansa ay wala ito.

Ayon kay Pardiella, modus operandi na ng ibang kawatan na dumadayo pa sa ibang lugar para magnakaw. **GENE ADSUARA**
