BUNTIS CONGRESS 2021: HEALTHY MOMS BRING HEALTHY BABIES

pahina
2

Children's Month presentation in Noveleta. - Local government of Noveleta led by reelectionist Mayor Dino Chua celebrates Children's Month at the newly built Noveleta Gymnasium in Barangay San Rafael 2, November 27, 2021. The Rural Health office conducted free dental check up for all kids to fight tooth decay, while the local chief executive delivers State of the Children Address. (Dennis Abrina/TMT)

SM FOUNDATION PARTNERS WITH IMUS CITY'S PROJECT PUNLA IN KABALIKAT SA KABUHAYAN ON SUSTAINABLE AGRICULTURE PROGRAM

SM CENTER IMUS, CAVITE - In partnership with Imus City Local Government, SM Foundation recently launched its sustainable agriculture program KABALIKAT SA KABUHAYAN at SM Center Imus. Fifty (50) participants were chosen in the 14-week long hands-on training in backyard planting and small-scale farming. SM Foundation partnered with the City government of Imus, Department of Agriculture (DA), Department of Social Welfare and Development (DSWD) and non-government organizations for the selection of farmer beneficiaries. The Foundation also works with partner organizations who will be providing trainings in modern agricultural techniques and Financial Literacy. SM Foundation's very own AVP for Outreach Programs – Ms. Cristie Angeles officially welcome the program beneficiaries and gave a short briefing about the program and other efforts SM Foundation is implementing to extend a hand to communities where SM has malls. The event was attended by Ms. Jelyn Maliksi wife of Mayor Maliksi, Ms. Cristie Angeles AVP Outreach Programs, SM Foundation, Dir. Marcelo Castillo, Regional Director DSWD IV-A, Dir. Revelyn Cortez, DTI Cavite Provincial Director, Mr. Felix Nocedo APCO and Mr. Robert Marges, Head DA Imus City. Plus 59 participants for the Kabalikat sa Kabuhayan on Sustainable Agriculture Program. A short program was held to officially launch the Project, bringing hope to the participants and encouragement to further develop their potentials and help their family and community through agriculture. Safety protocols was strictly implemented as guards stationed in the area reminded the shoppers and guests to always wear their mask and face shields, and follow social distancing.

BUNTIS CONGRESS 2021: HEALTHY MOMS BRING HEALTHY BABIES

Trece Martires, Cavite (PIA) – The local government of Noveleta thru its Municipal Health Office held the 2021 Buntis Congress early today at the 2nd floor of Primark Town Center in Barangay Magdiwang with this year's theme: *Ligtas na pagbubuntis sa panahon ng pandemya ng Covid-19 "kapag healthy si mommy, healthy si baby."*

This is a yearly initiative of the local government which was temporarily suspended last year due to the threat brought by the CoVid-19 pandemic.

The program aims to care for the pregnant and expectant mothers in the municipality to ensure theirs and their babies' health during the period of pregnancy especially in this time of the CoVid-19 pandemic.

Around 150 pregnant women benefitted from the program that provided free medical services such as Pre-natal check-up, blood examinations, urinalysis,

ultrasound, lecture on newborn care and newborn screening, HIV screening, family planning and counselling, and PhilHealth services assistance.

The pregnant participants also received Buntis Kits that includes baby diapers, onesies, baby bottles and other items that could be used during childbirth while 31 fully vaccinated mommies were given special gifts.

Mayor Dino Chua revealed during his speech that beside the free ultrasound services provided by the LGU thru the MHO, plans to build a Lying-In Center in the municipality is being finalized that would provide free birthing services to pregnant women of the locality.

During the program, the remaining unvaccinated participants received their first Pfizer vaccine jab to give them the protection needed against the dreaded disease. **(Ruel Francisco with reports/photos from Dennis Abrina)**

Recognitions of excellence awarded to Cavite establishments

Trece Martires, Cavite (PIA) – Three commercial establishments in the province – a big retail/wholesale supermarket and two micro enterprises recently received awards for excellence from the Department of Trade and Industry (DTI) – Cavite Consumer Protection Division.

Puregold Naic bagged the Gold Bagwis Seal after it successfully complied with the requirements of Fair Trade Laws; Consumer Welfare Desk (CWD); and Social Responsibility; and alignment to ISO 9001.

Meanwhile, Delfa's Food Products, Inc. and Amira's Buco Tart Haus recognized in September and October respectively were awarded the Silver Bagwis Seal. The award serves as recognition to both establishments for upholding the rights of consumers while practicing responsible business.

These MSMEs are Cavite's home grown enterprises being beneficiaries of DTI's programs such as the Shared Service Facilities (SSF).

The recognition would serve as an initiative for other enterprises to participate in DTI's drive to promote consumer rights and protection.

"We are very proud that in Cavite, we already have these enterprises who now serve as our partners in protecting the welfare of our consumers," added DTI Cavite Provincial Director Revelyn Cortez.

The DTI-Bagwis Program gives due recognition to establishments that uphold the rights of consumers while practicing responsible business where consumers get the best value for money.

The program also encourages the setting up of Consumer Welfare Desks (CWDs) or an equivalent customer relations office inside the mall that will provide information to consumers and serve as a mechanism for the speedy resolution of consumer complaints. **(Ruel Francisco with reports from DTI-Cavite)**

LGU commenced school-based inoculation of minors

Trece Martires, Cavite (PIA) – In its objective to conduct a swift, efficient and orderly inoculation of minors aged 12 – 17 years, the City Government of Imus held the first school-based vaccination in the province on Tuesday, November 23, 2021 at the Imus National High School (INHS) and the General Emilio Aguinaldo National High School (GEANHS). This initiative is part of the measures of the city government to increase the number of Pediatric vaccinations in the city to achieve herd immunity in the soonest possible time as well as in preparation for the limited face-to-face classes in the near future. The vaccination rollout was conducted thru the supervision of the medical officers of the City Health Office (CHO), Dr. Fernando Mina and Dra. Cherrielyn Boque with the coordination and support of the school heads, teachers and non-teaching personnel of the schools.

A simulation activity was also conducted in above-mentioned schools on Sunday, November 21 to prepare the healthworkers, and teachers and non-teaching staff volunteers, and other emergency responders for the actual

PGC CELEBRATES CHILDREN'S MONTH

The provincial government of Cavite thru the Provincial Social Welfare and Development in partnership with the Provincial Council for the Protection of Children celebrated Children's Month 2021 dubbed as "New Normal na Walang Iwanan: Karapatan ng Bawat Bata ating Tutukan" via zoom platform.

In behalf of Governor Jonvic Remulla, Board Member Kerby Salazar delivered this year's State of the Children Address (SOCA) which focused on protecting and upholding the rights of children especially during this time of pandemic.

In its goal to sustain a child-friendly community, the provincial government implements programs and projects that focus on child care in partnership with different offices and agen-

vaccination rollout.

The CHO targets to vaccinate around 1,000 to 1,200 students per day with recorded student population of the INHS of about 11K while there are about 10K students enrolled in the GEANHS stated Mayor Emmanuel Maliksi in an interview.

Holding a school-based vaccination is easier with records of majority of the members of the Rest of the Pediatric Population (ROPP) are with the school where they are enrolled in such as INHS and GEANHS.

Personal information needed for profiling of vaccinees can be accessed in the school's computer data base thus processing for vaccination is faster and efficient.

The vaccination for the ROPP are held in the two schools mentioned with standby ambulances for the quick emergency response in case of any adverse effects experienced after the inoculation.

Meanwhile, minors with comorbidities are vaccinated in the vaccination site right beside the Ospital ng Imus for their health and safety Mayor Maliksi explained. **(Ruel Francisco with reports from Emmanuel Maliksi FB page)**

Child care programs include provincewide vaccination for all children, providing vitamins, micronutrient powders, deworming and complementary feeding. Early teenage pregnancy webinars were also conducted as well as the continuous provision of welfare assistance which include assistance to children in crisis situation, children in need of special protection, early detection, intervention and rehabilitation services for children with disabilities, endowment program, assistive devices for children with disabilities and supplemental feeding in various municipalities with high rate of malnutrition.

A webinar on Cyberbullying was also facilitated as part of the celebration. Mr. Ryan Andrew P. Villafuerte, Proj-

BARANGAYS/HOA TO REGULATE RESUMPTION OF CONTACT SPORTS

Trece Martires, Cavite (PIA) – The loosening of quarantine protocols under Alert Level 2 prompted the local government units in the province to issue guidelines for the reopening of basketball courts in the barangays/subdivisions with the provision that respective barangays or homeowners' associations (HOA) will regulate said activities.

Basic guidelines as recommended by the IATF mandated that only those aged 12 years and above who are fully vaccinated are allowed to enter the court and its premises.

By virtue of Executive Order no. 67 S. 2021 which was recently approved and passed by the city government of Bacoor states, all Punong Barangays are enjoined to pass their own more specific guidelines and strictly implement the Minimum Health Standards and Protocols.

The use of half courts in streets and alleys is strictly prohibited as well as holding of basketball league that may draw crowds that will violate quarantine regulations particularly physical distancing.

The city government of Imus requires a logbook to record the set of players at

any time inside the courts for proper contact tracing.

Meanwhile, the city government of General Trias issued Executive Order no. 30 S. 2021 that orders the barangay to inform the General Trias Component City Police Station (GTC-CPS) regarding contact sports activities to be held in their community and shall send barangay tanod/s to monitor compliance to the governing rules.

The order also authorize the GenTri LGU thru the GTCCPS to immediately suspend organized and unorganized contact sports events upon violation of the guidelines set forth and/or IATF-MEID protocols.

Contact sports activities shall be organized with the coordination of the barangay/HOA according to schedule while the local government of Carmona allows the use of the barangay basketball courts for these sports activities during Saturdays and Sundays only.

Only residents of the barangay are allowed to play in their respective courts, no 'dayo' or visitors from other barangays will be allowed to play. **(Ruel Francisco, PIA-Cavite with reports from respective LGU FB pages)**

30K Covid-19 jobs allotted for PDLs in BuCor facilities: DOJ

MANILA – Justice Secretary Menardo Guevarra on Thursday said an allocation from the government's coronavirus disease 2019 (Covid-19) vaccine stockpile has been made for persons deprived of liberty (PDLs) in the country's prison system.

"At least 30,000 vaccine doses have been allocated for PDLs under BuCor (Bureau of Correction)'s jurisdiction. These vaccines will be farmed out to the various prison facilities of the BuCor for administration," Guevarra said in a message to reporters.

Development Officer III – DSWD IVA, discussed "Safer Internet For All: Let's Talk About Cyber Bullying". He tackled the importance of ensuring online safety of children and the potential dangers and risks that can be experienced by children online.

Likewise, Mr. Villafuerte shared tips on how to manage and keep our children safe online. In an open forum, participants raised questions to fully understand the topic discussed. **PICAD**

"My understanding is that the actual inoculation of PDLs need not be done on these national vaccination days. The BuCor will receive the vaccine allocation, then bahala na sila sa (then it will be up to them to handle the) distribution and actual administration of the vaccine," he added.

Guevarra was referring to the three-day 'Bayanihan, Baku-nahan' drive which ran from Monday to Wednesday.

On Thursday, the National Task Force against Covid-19 allowed local government units (LGUs) to extend the three-day Covid-19 vaccination drive until Friday as a "large" number of individuals are still flocking at the vaccination sites to get the jabs.

Guevarra added that in the coming days, the National Vaccination Operations Center will deliver the vaccines directly to the various prison facilities of the BuCor across the country. "The BuCor will provide its own vaccinators," the DOJ chief said.

As of November 19, the BuCor said 37,513 PDLs or 77.28 percent out of the total of 48,539 PDLs in the country's prisons and penal farms have been vaccinated against Covid-19 -- 9,359 of whom have been fully vaccinated. **(PNA)**

Binatilyong 'tulak' swak

ISANG 17-anyos na binatilyo na nasa listahan na ng barangay watch list ang natiklo sa isinagawang buy bust operation sa Cavite City. Sa ulat ni PSSgt Elfe Galit, ng Cavite City Police Station, dakong alas-10:36 ng gabi nagsagawa ng buy bust operation ang mga operatiba ng Cavite CPS sa Barangay 37A kung

saan target ang binatilyo na itinago sa pangalang Josh. Agad nakipag-transaksiyon ang teenager sa poseur buyersubalithindiinakalang police ang katransaksiyon na nagresulta sa kanyang pagkakaaresto at pagkakarekober ng dalawang sachet ng hinihinalang shabu. **GENE ADSUARA**

Mananagot ang lalabag

IPAGBABAWAL ang picture taking sa bawat kandidato sa pagsapit ng campaign period sa 2022 elections.

Sa katunayan ay nagpalabas na ng babala ang Commission on Elections sa Albay sa pamamagitan ni election supervisor Atty. Ma. Aurea Bo-Bunao hinggil dito.

Nakikita na ang pakikipag-selfie sa mga kandidato lalo na ang group selfie ay nalalabag ang social distancing bilang bahagi ng pagpapairal ng health protocols kontra COVID-19.

Kung hindi na papayagan ang selfie ay bawal na rin para sa mga kandidato ang pamimigay ng pagkain gayundin ang pamamahagi ng ano mang bagay o gamit katulad ng t-shirt, abaniko at iba pa.

Kabilang pa rin sa mga ibabawal ay ang pagpasok ng mga kandidato sa bahay o maging sa bakuran kahit may pahintulot ng may-ari ng tahanan.

Magkakaalaman sa panahon ng kampanyahan kung ang mga naturang pagbabawal ay masusunod ng bawat kandidato sa kabila na mananagot ang sino mang lalabag batay sa babala ng Comelec.

CA RULES SODA COMPANY FOLLOWED RETRENCHMENT PROCEDURES

MANILA—The Court of Appeals (CA) has dismissed a suit filed by nearly 100 regular employees of a soda company after they were retrenched due to redundancy in 2018.

The CA Special First Division dismissed the petition of 93 members of Coca-Cola Femsa Phils. Inc.'s (CCFPI) Manila Sales Force Union in a 16-page decision dated November 26 and uploaded recently, saying there was no proof that petitioners were coerced into signing the deed of receipt, release, waiver, and quitclaim.

The appellate court said while the retrenched workers claimed they did not voluntarily sign the documents, "no fraud was employed in the execution of the deed and the consideration is sufficient and reasonable".

The workers were in the pre-selling department, which markets and processes orders of stores, restaurants, and similar businesses.

They were granted 175 percent of their salary per year of service as separation pay and hospitalization and medical benefits for five years or upon reaching 65 years of age, whichever

comes first, on March 1, 2018.

The workers claimed their termination was illegal and the redundancy scheme was done in bad faith. They also argued there was no proof of losses incurred by the company and the retrenchment violated the collective bargaining agreement effective at the time that provides that in case of layoffs, preference would be given to union members and seniority would be followed.

The company countered it was forced to adopt a hybrid model since pre-sellers' visits to potential customers do not always translate into sales, despite huge labor costs.

Under the new model, wholesalers will take over a conventional routing system (CRS) and from 131,079 outlets originally catered to by pre-sellers, 91,287 outlets would be transferred to the CRS, leaving just 39,792 outlets needing preselling.

The workers declared redundant were also rated and ranked based on tenure, performance evaluation, volume of achievements, administrative case records, and coaching clinic results. (PNA)

BOC WILL ESTABLISH QMU IN ALL COLLECTION DISTRICTS

As part of its commitment to strive towards a modernized and a world-class Customs Administration, the Bureau of Customs will establish Quality Management Units (QMU) in all its 17 collection districts to guarantee the continuity and success of the International Organization for Standardization (ISO) 9001:2015 Quality Management System (QMS) activities in each port. This is in accordance to Executive Order No. 605, s. 2007, mandating all government agencies to be ISO-aligned.

The QMU will ensure that the ports and its supports are compliant to the existing statutory laws, rules, and regulations of the BOC and other regulatory agencies and are conformant to the ISO 9001:2015 QMS – Requirements Standard. Furthermore, the QMU will establish audit programs for the ports, including its supports and will be providing

updates and reports for respective District Collectors and the Commissioner.

The implementation of the QMU will provide a systematic and disciplinary approach in the evaluation and improvement of the Internal ISO 9001:2015 QMS of certified ports and guarantee the continuity and success of its related activities. In addition, it will also ensure the appropriate execution of corrective actions on administrative and operational deficiencies, as well as provide the Interim Internal Quality Management Office (IIQMSO) reports and updates on the Collection Districts' QMS.

At present, 7 (seven) ports and offices have already been awarded with ISO 9001:2015 certifications and BOC-Port of Davao and support Iligan are due to attain ISO certifications on December 15 and December 20, respectively, bringing the number of

DHSUD, partners launch 7 housing projects in November

QUEZON CITY -- The government remains steadfast in fulfilling its commitment of providing decent yet affordable homes to Filipino families, as seven more housing projects were rolled out in November.

"These housing projects are solid testament of the Duterte administration's commitment to provide resilient, safe and affordable shelters to all Filipinos, especially the underprivileged," Department of Human Settlements and Urban Development (DHSUD) Secretary Eduardo Del Rosario said.

"Through DHSUD, the government is now expanding its reach to assist more Filipino families to avail of decent and affordable homes they can call their own," he added.

This month (November) alone, seven government housing projects were either inaugurated/launched or broke ground – targeting more than 3,500 families in various parts of the country as beneficiaries.

On November 4, the housing czar flew to Iloilo City for the groundbreaking of the Uswag Low-Rise Residential Building in Barangay San Isidro, Jaro District. Jointly undertaken by DHSUD, SM Development Corporation (SMDC) and the Iloilo City government, the project aims to benefit about 120 local government employees.

Six days later, Secretary Del Rosario graced the ribbon-cutting and ceremonial turnover for the three-story Marangal Village Homeowners Association Inc. High Density Housing (HDH) in Brgy. Longos, Malabon City, and the four-story Samahang Magkakapitbahay Na Nagkakaisa HOA Inc. HDH in Brgy. San Agustin, Novaliches, Quezon City. Both housing projects were

ISO-certified ports to 9 (nine). The rest are in various stages of ISO compliance.

Under the leadership of Commissioner Rey Leonardo B. Guerrero, the BOC continues its holistic reformation towards becoming a more progressive agency that provides quality government service. **PR**

carried out by the Social Housing Finance Corporation (SHFC) in coordination with the local government units.

The Malabon project will benefit 282 member-families of a local homeowners' association while the newly constructed settlement building in Novaliches will accommodate 92 informal settler families (ISFs) living along the Tullahan River.

On November 19, Secretary Del Rosario led the groundbreaking and ceremonial turnover of check donation for land development of the 1Bataan Village in Orion, Bataan.

Through the housing scheme, a total of 2,936 housing units will be built to accommodate ISFs who were displaced by a fire two years ago. It will also serve as a resettlement site for ISFs living along danger zones across the province.

The 1Bataan Village is jointly undertaken by DHSUD, the Bataan provincial government, the National Housing Authority (NHA) and AyalaLand Corp., through its incentivized compliance to balanced housing program.

Three days later, the DHSUD chief travelled to Baler, Aurora – celebrating his birthday by rolling out two more housing projects in the province that intend to benefit 143 families living along danger zones.

Earlier, the housing czar sealed a Memorandum of Agreement with Palayan City Mayor Adrienne Mae Cuevas for a soon-to-be constructed settlement facility in the city.

The agreement will pave the way for the construction of a socialized housing project to be led by the NHA through allocation of developers' incentivized compliance to balanced housing and will benefit informal settler families.

Meanwhile, on November 16, Secretary Del Rosario also approved the Provincial Development and Physical Framework Plan (PDPFP) of South Cotabato for the 2020-2028 period – which promotes industrial development without causing harm to the environment. (DHSUD)

DENR CALABARZON challenges 2022 poll candidates, make a stand on forest protection

Calamba City, Laguna - Only 35% of the total land area of the CALABARZON Region is classified as forest lands.

With this, the Department of Environment and Natural Resources (DENR) CALABARZON Regional Executive Director Nilo B. Tamoria emphasizes the urgent need for our poll candidates to take a stand, in favor of the protection of our natural resources and intensified forest protection.

In 2021 alone, the country faced various typhoons that left different parts of the country flooded and left huge loss of properties.

Director Tamoria is also calling on LGUs, NGOs, academe, other organizations and institutions, and local communities for continued collaboration to provide a whole of government and holistic approach

for the protection and conservation of our natural resources, especially our forests.

"Through our Tayo Ang Kalikasan movement, National Greening Program, and preparation of Forest Land Use Plan, we invite you to be a part of the solution and partner with us for the protection, conservation, development, and management of our forests here in the Region", RED Tamoria added.

DENR urges the public to report ENR related cases via hotline 8888 or social media. For citizens who would like to report illegal logging operations, you may send a message to 0956 182 5774 / 0919 874 4369, email to r4a@denr.gov.ph or send us photos, videos and other information via <https://www.facebook.com/DENR4AOfficial/> **PR**

La Union mayor cleared of graft raps over city plaza rehab deal

MANILA – The Sandiganbayan has acquitted the incumbent mayor of San Fernando City, La Union on graft charges arising from a PHP38-million contract in 2018 for the rehabilitation of its plaza.

In a 22-page decision dated November 29 written by Associate Justice Lorifel Pahimna, the anti-graft court's Fourth Division, in clearing Hermenegildo Gualberto, said the prosecution failed to provide evidence that public bidding for the San Fernando City plaza upgrading project was undermined and likewise failed to "prove that the government suffered substantial damage".

It also said the prosecution failed to prove that Gualberto gave unwarranted preference or advantage to the contractor, JD Madrid Construction, under the contract agreement.

The anti-graft court also said Gualberto need not secure authorization from the Sangguniang Panglungsod since the transaction is covered by an earlier

appropriation ordinance, citing precedents by the Supreme Court where the high tribunal said the need for authorization depends on the particular circumstances of a case.

Last March, the Department of the Interior and Local Government (DILG) implemented a suspension order against Gualberto in connection with the case.

In 2020, the Court of Appeals (CA) rejected the Ombudsman's order for his dismissal from the service. "In our criminal justice system, the overriding consideration is not whether the court doubts the innocence of the accused, but whether it entertains a reasonable doubt as to their guilt. Where there is no moral certainty as to their guilt, they must be acquitted even though their innocence may be questionable. The constitutional right to be presumed innocent until proven guilty can be overthrown only by proof beyond reasonable doubt," the court said. **(PNA)**

DA, DOE scale up renewable energy use to boost agri-fisheries production

QUEZON CITY -- The Department of Agriculture (DA) and the Department of Energy (DOE) is eyeing on increasing the utilization of cost-efficient renewable energy (RE) systems and technologies in the country's agriculture and fisheries sector.

The Agriculture and Fisheries Modernization Act of 1997 mandates the DA to coordinate with DOE for the identification and installation of appropriate types of energy sources particularly in the use of non-conventional energy sources for the locality in order to enhance agriculture and fisheries development in the area. "Along that line, DA and DOE entered into a Memorandum of Agreement (MOA) and a Joint Memorandum Circular (JMC) where a major item is for a renewable energy program to be formulated and implemented," said Bureau of Agricultural and Fisheries Engineering (DA-BAFE) Dir. Ariodear Rico. The Renewable Energy Program for the Agri-Fishery Sector (REPAFS) is an eight-year program that will be implemented from 2022 to 2030. REPAFS acts as the blueprint in the effective and efficient integration of RE in agriculture and fisheries sectors, and serves as a component of the National Renewable Energy Program (NREP). Formulation of REPAFS is spearheaded by DA, through BAFE.

"The goal of REPAFS is to promote the use of RE in the agriculture and fishery sector for enhanced productivity, sustainability, and environmental protection," Dir. Rico explained.

Chaired by DA-BAFE and co-chaired by DOE's Renewable Energy Management Bureau (REMB), the Joint Technical Working Group (JTWG) is tasked to provide technical support in the formulation of the REPAFS.

The strategic directions of REPAFS were presented during the 1st JTWG meeting held online on December 1, 2021. The online meeting was attended by designated representatives of various operating units of DA and DOE including REMB, DOE-Visayas Field Office (VFO), DOE-Mindanao Field Office (MFO), Energy Policy and Planning Bureau (EPPB), National Renewable Energy Board (NREB), DA-Project Development Service (PDS), Philippine Rice Research Institute (PhilRice), Agricultural Train-

ing Institute (ATI), Sugar Regulatory Administration (SRA), Philippine Coconut Authority (PCA), Bureau of Agricultural and Fisheries Standards (BAFS), and Bureau of Soils and Water Management (BSWM). The REPAFS six strategic directions are infrastructure and facilities support services, research and development, human resource development, standards development and enforcement, financing and credit support, and policy and incentives support.

According to the Philippine Energy Situationer, 2018/2019, the agriculture sector accounts for 0.5 MTOE (Million tons of oil equivalent) or 1.4% of the total final energy consumption in the country. Out of the 471.7 kTOE (thousand tons of oil equivalent), 50.9% comes from electricity and 48.0% from oil products (46.1% diesel, 1.9% gasoline, 0.1% kerosene, and 0.1% fuel oil).

An increase in agriculture energy demand from mechanization, irrigation, drying/heating/cooling, storage and processing facilities (warehouses, cold storage, milling and processing facilities), livestock-related facilities (piggery, milking parlors, slaughterhouses), and fishery and aquaculture related facilities (fishport, smokehouse) is observed. The energy supply can be augmented by renewable energy sources like solar, wind, hydro, and biomass.

Since 1988 up to the present, renewable energy (RE) projects have been implemented by various DA bureaus and attached agencies. These RE projects include Solar-Powered Irrigation Systems (SPIS) (implemented by BSWM, DA-RFOs, NTA, DAR, and NIA), Solar-PV Grid-tie and Off-grid Systems (PFDA and BPI), Solar PV for Street Lighting (PFDA), Solar PV for Curing (NTA), Solar PV for Water Pumping and Aeration of the Aquaponics - Aquaculture Production System (BFAR), Wind-Powered Irrigation System (BSWM and DA-RFOs), Ram Pump Irrigation System (BSWM and DA-RFOs), Biomass Furnace and Gasifier (PhilMech and DA-RFOs), and Small-Scale Biogas Plant (BAI, PCC, DA and DOST). An inventory of completed and on-going RE projects in the Philippine agri-fishery sector shows that 72% is on biomass, 20% solar, 4% wind, and 3% hydro. The adoption of renewable

energy technologies in agricultural activities offers promising prospects in addressing food and energy security together with the objective of environmental sustainability. However, despite the potentials offered by renewable energy, the rate of adoption is relatively slow due to many challenges. These challenges are high cost of investment, limited support to RE technologies, lack of market-driven activities to showcase latest RE technologies, lack of skilled and competent technical experts, low number of existing standards for RE technologies, limited financing and credit support, and lack of incentives for RE end-users among others.

REPAFS short-term projects from 2022 to 2026 will include pilot demonstration sites; enhancement of existing technologies; introduction of technology business incubators (TBIs) to local manufacturers of RE machinery and equipment; promotion of RE technologies for agri-fisheries production and postharvest operations; integration of design of different RE systems as additional or alternative power source of agricultural and fisheries facilities (including comparative cost studies for different RE set-up); special training for the preparation of RE Project Proposal; promotion to avail fiscal and non-fiscal incentives under RA 9513 to incentivize RE developers, manufacturers, fabricators, end-users of RE systems, and producers of energy feedstock; and inventory and assessment of different implemented RE systems and technologies in agri-fishery sector.

Medium-term projects from 2026 to 2030 will include provision of agricultural and fishery machinery and facilities driven by RE technologies; conversion of existing and installed projects of DA as energy/power source; support to local developers, manufacturers, end-users of RE technologies, and producers of RE feedstock; local RE technology development; rolling-out of the existing training regulations (TRs) on solar-powered irrigation system (SPIS) operation and maintenance (NC II) and biogas systems installation (NC III); development of additional TRs on RE for the agri-fisheries sector with an emphasis on biomass, solar, wind, and hydro; training of farm-

ers, farm workers, and machinery operators on the use, operation, and maintenance of RE-powered machines, equipment, facilities, and other livelihood projects; integration/mainstreaming of RE application in agri-fisheries sector in the K-12 program of DepEd; enhancement of the integration of RE program into the curriculum of undergraduate and postgraduate degrees in agricultural and biosystems engineering, agriculture, fisheries, and other related courses; seminar/workshop on the accreditation of manufacturers of RE machineries and equipment; AMTEC testing and evaluation of RE-powered agricultural and fisheries machinery; inventory and registration of local manufacturers, fabricators, and suppliers of RE systems and technologies; issuance of Permit-to-Operate (PTO) to local manufacturers, fabricators, and suppliers of RE-powered agricultural and fisheries machinery and equipment; issuance of certificate of conformity (CC) to RE-powered agricultural and fisheries machinery that are compliant to the PNS/PABES; compliance monitoring of local manufacturers, fabricators, and suppliers of RE technologies to PNS/BAFS/PABES (192:2016) on the guidelines on after-sales service; compliance monitoring of local manufacturers, fabricators, and suppliers of RE technologies on ABE manpower (PRC MC No. 2015-04) and certified operators and technicians (DOLE-DA TESDA JMC No.02, Series of 2021); registration of ownership of newly-bought RE-powered agricultural and fisheries machinery; development of different financing schemes and partnership to support developers, manufacturers, fabricators, end-users of RE systems, and producers of energy feedstock; and development of new policies and incentives schemes.

The total budgetary requirement for the RE-FAPS 2022-2030 is Php 7,976,700,000.00. The eight-year DA-DOE joint program will be implemented by DA agencies (BAFE, BFAR, PhilMech, PhilRice, PCA, SRA, BAI, BSWM, ATI, BAR, BAFS, PhilFIDA, NDA, DA-PDS, and DA-RFO-RAED III) and DOE agencies (REMB, EPPD, IPO, NREB, DOE-LFO, DOE-VFO, and DOE-MFO). **(MLAsis / DA-BAFE)**

Gifts of Beauty at SM

It's a good time to look good and feel great with gift sets from SM Beauty.

Luxe brands like Laura Mercier and Estee Lauder lead the way with their spectacular selections; while iconic MAC has a new dazzling lipstick collection, Benefit delights us with a beauty box, and Nars's fashion forward gift set that will enhance your holiday look.

You'll double the drama with Bobbi Brown's smokey eye mascara, and make heads turn with Make Up Forever's holiday collection. Vice Cosmetics has sweet treats with names like Kookie Dough and Peppermint for the lips, while Pretty Secret unlocks the key to great brow-works for the blushing diva.

Give your skin some TLC with Clinique's Merry Moisture Set and Olay's serums and moisturizers for younger looking skin.

All these and other personal care products like fragrances, hair care, vitamins, supplements, and more are available at SM Beauty located at The SM Stores in most SM Supermalls nationwide. Just in time for Christmas, SM Beauty also has exclusive gifts for all SMAC members- a free bear or luggage for a minimum purchase of P10,000 single receipt, available in select SM stores. Keep shopping because you can get more points for selected items all season!

You can also enjoy an exciting but worry-free shopping experience with our online shopping platforms; shop with SM Beauty Personal Shoppers and discover more products when you check out the SM Catalog <https://thesmstorecatalog.com/collections/beauty-and-health>. You can also buy your beauty gifts through Shop SM, our Viber community, Messenger, and the SM Store's Call to Deliver service by calling #143SM or #14376.

Luxe Merrier pure-essence primers and loose powder for a smooth and flawless coverage. Available at SM Beauty.

Create lips you'll love with Estee Lauder Pure Color Envy Sculpting Collection. Available at SM Beauty.

Gifts of beauty from Nars - organic blush duo, organic cheek-to-lip balm, mini eyeshadow palette, and make-up brush set.

Vice Cosmetics Pop Kiehl, Kookie Dough, and Peppermint Collections with lip tint, lip balm, and lip oil. Available at SM Beauty.

Brows on fleek with this eyebrow set from Pretty Secret.

SPREAD THE LOVE AND SHARE THE JOY THIS CHRISTMAS WITH THE BODY SHOP

The Body Shop's new gift packaging is more sustainable than ever before. No plastic, bath and body accessories made with sustainable alternatives to plastic.

Spread the love this Christmas with The Body Shop's sustainable gift and packaging. They've designed most of their gift packaging to be reused or repurposed too, so your treats and surprises have a long life after Christmas.

This Christmas, the Body Shop once again partners with Yellow Boat of Hope Foundation to support their Teach Anywhere Program. With every purchase our customer makes this Christmas, The Body Shop aims to donate to build Community Learning Hut and supplies to aid the children of Zamboanga Sibugay.

There's no greater joy than giving, and The Body Shop's new, best ever Christmas gift collection is bursting with love and care. This year, we are spreading love and kindness with treats packed with body-loving goodness for everybody, every budget.

Featuring packaging that's kinder to the planet with clever, reusable constructions, this year's line-up also supports The Body Shop's Community Fair Trade partners behind their most loved gift boxes and jute bags. Plus, every purchase over the Christmas period will help support thousands of unpaid carers, that shine a light on their ultimate acts of selfless love.

Discover what surprises are packed inside our Share the Joy Advent Calendar. Inspired by acts of selfless love shown by people all over the world, this beauty calendar is filled with joyful treats and daily acts of kindness to bring joy to your friends and family.

Make someone feel really special with this year's line-up of special edition body care in festive fragrances - fruity floral Love & Plum, sweet vibrant Kindness & Pear, and fresh, light and floral Joy & Jasmine collection. The Body Shop also has gifts to delight everybody on your list. From their Comfort & Cheer Body Butter Trio, to their Shake & Swish Ginger Haircare Gift, there are top-to-toe treats to surprise and pamper every inch this Christmas.

Other ways to spread the love to people and the planet: iconic Florals & Frost White Musk® treats, overflowing with floral, cruelty-free favourites; and Fresh & Festive Drops of Youth™ to help smooth and give you a fresh-faced looking glow.

And for a gift you can feel really good about giving, you can choose from The Body Shop's Community Fair Trade must-haves, which are perfect for pampering.

The Body Shop once again partners with Yellow Boat of Hope Foundation to support their Teach Anywhere program. We aim to be part of the solution to provide tools to aid community-based intervention to help kids that are left behind in reading and numeracy to move forward. This Christmas, with every The Body Shop purchase our customer makes, The Body Shop aims to donate to build Community Learning Hut and supplies to aid the children of Zamboanga Sibugay. We invite everyone to Hop abroad, spread the love and share the joy so that no child will be left behind. Hope Sails. The Christmas Collection is available at The Body Shop stores, on its online store www.thebodyshop.com.ph, The SM Store and ShopSM.

About The Body Shop
The Body Shop was founded in 1976 by Dame Anita Roddick in Little Hampton, England. The beauty brand pioneered corporate activism and was built on a philosophy that business can be a force for good. With its brand expression, Beauty with Heart, the company continues to be focused on five core values: Against Animal Testing, Support Community Fair Trade, Activate Self Esteem, Defend Human Rights and Protect The Planet.

All products are created using the finest ingredients sourced from the four corners of the globe, which are not tested on animals and are 100% vegetarian. The Body Shop has been in the Philippine market for twenty-five years with over 60 strategically located stores nationwide.

Feel the London Christmas at SM City Trece Martires

SM City Trece Martires brings you to the winter breeze of England with its Christmas in London themed Christmas Centerpiece lit up at the event center. The centerpiece shines even brighter with Christmas Trees around the London Street.

During the launch of the centerpiece, Santa visited to greet everyone a Merry Christmas and to have selfies with the shoppers. Shoppers also took selfies to the London's iconic Red Telephone booth.

London Tourist bus was also installed for the mall goers to see how the people in London explore the festive city. Cute Bear soldiers add up to the set-up's splendor. Visit SM City Trece Martires with families and friends and experience the London Christmas Street vibes!

SM Cinema at SM City Dasmariñas recently received Safety Seal Certification issued by the City of Dasmariñas Local Government before its reopening on November 30. The certification was awarded by Dasmariñas City Councilor Kiko Barzaga (2nd from left) and Tourism Officer, Red Alano (left) and received by SM Dasmariñas Mall Manager, Editha Tayko and Assistant Mall Manager, Charles Yap. The Safety Seal is a guarantee that SM Cinema is compliant with the requirements set by the government to ensure customers' safety, and security amid COVID-19 treat.

POSITIBO ANG CHINA SA WINTER OLYMPICS SA KABILA NG 'MGA HAMON' NI OMICRON

Kumpiyansa ang China na ang Winter Olympics sa susunod na Pebrero ay magpapatuloy nang "malinis at matagumpay" sa kabila ng lumalaking mga hamon na dulot ng bagong variant ng Omicron coronavirus, sinabi ng Foreign Ministry ng bansa.

Umaasa sa mga snap lock-down at mabilis na paglulunsad ng pagbabakuna, higit na nagawa ng China na kontrolin ang sitwasyon nito sa Covid-19, kung saan ang mga opisyal na numero ay naglagay ng kabuuang mga kaso ng bansa mula noong Disyembre 2019 sa 98,672, kabilang ang 4,636 na pagkamatay.

Habang naghahanda ang Beijing para mag-host ng 2022 Winter Olympics mula Pebrero 4 hanggang Feb. 20, ang mundo ay naghahanda para sa isang bagong alon ng pandemya pagkatapos ng paglitaw ng Omicron strain, na sinabi ng World Health Organization na may napakataas na panganib. ng impeksyon.

"Ang Omicron ay magdadala ng mga hamon sa gawaing pag-iwas sa Covid-19 sa Beijing 2022 Winter Olympics. Ngunit ang China ay may karanasan sa pagharap sa coronavirus . tiwala na ang kaganapan ay magpapatuloy nang maayos at matagumpay," sabi ni Zhao Lijian, isang tagapagsalita para sa Foreign Ministry ng China, ayon sa Chinese daily Global Times. Sinabi ni Xu Wenbo, isang

opisyal mula sa Center for Disease Control and Prevention ng China, na ang umiiral na diskarte sa pagtugon sa Covid-19 ng bansa ay "dapat sapat para sa pagharap sa bagong variant ng omicron."

"Ang China ay patuloy na magsasagawa ng detalyadong survey sa epidemiological studies at gene testing," aniya sa isang briefing, iniulat ng Global Times.

Sinabi ni Xu Wenbo, isang opisyal mula sa Center for Disease Control and Prevention ng China, na ang umiiral na diskarte sa pagtugon sa Covid-19 ng bansa ay "dapat sapat para sa pagharap sa bagong variant ng omicron."

"Ang China ay patuloy na magsasagawa ng detalyadong survey sa epidemiological studies at gene testing," aniya sa isang briefing,

"Nananatiling epektibo ang aming mga bakuna laban sa bagong mutated na variant na omicron, ngunit para mas mahusay na makayanan ang bagong variant na ito, gumawa ang China ng mga teknohikal na reserbang paghahanda sa pagbuo ng bakuna."

Ang data mula sa National Health Commission ay nagpakita ng higit sa 1.1 bilyong tao sa China ang ganap na nabakunahan laban sa Covid-19, na may higit sa 2.49 bilyong dosis na pinangangasiwaan sa bansa hanggang sa kasalukuyan.

Limitless Appmasters VS Platinum Karaoke
MAHIGPIT na binantayan ni JR Alabanza ng Platinum Karaoke, sa matikas na pag sagasa ng basket ng katunggaling si Limitless Appmasters forward Marvin Hayes sa mahigpit na tagisan nila ng PBA 3X3 LAKAS NG TATLO sa Ynares Sports Arena, Pasig City. (RGN)

WNBL BEST OF THREE
BINIGYAN daan ni WNBL Womens National Basketball League Pilipinas Executive Vice President Rhose Montreal sa online PSA Forum ang magaganap na Season 2021 finals sa pagitan ng Paranaque Lady Aces at Taguig Lady Generals kung saan ay magaharap muna sila para sa best of three title series na sisimulan sa Bren Z. Guiao Convention Center sa San Fernando Pampanga. (RGN)

TOPS USAPANG SPORTS
NAGING tampok sa TOPS Usapang Sports via Zoom online 13th Edition nakaraang grand final champion na San Juan Predator chess team na pinangunahan nila PCAP Chairman - Michael Angelo Ong Chua, Chess Coach Hubert Estrella, GM Oliver Barbosa, Jan Jodilyn Fronda IM Rolando Nolte, Chris Quimpo - Smart Omega, Rolando Bohol - Boxing Legend, Happy Denuyo - Philippine Volcanoes Rugby kasama sa larawan ang TOPS President Ed Andaya, opisyal at mga membro ng nasabing samahan. (RGN)

PHP2-M ANG NAGHIHINTAY SA MPBL INVITATIONAL CHAMP

Isang malaking maagang pamasko ang naghihintay sa kampeon ng Maharlika Pilipinas Basketball League (MPBL) Invitational.

Inanunsyo ni Chooks-to-Go president Ronald Mascariñas na mamimigay siya ng PHP2 milyon sa koponan na mananalao sa lahat ng ito sa maikling torneo mula Disyembre 11 hanggang 23.

Naniniwala si MPBL commissioner Kenneth Duremdes na ang malaking pot money na nakataya ay dapat magbigay sa mga koponan ng isa pang dahilan upang maging all-out. Dagdag motivation 'yan sa mga kasali sa organisasyon, lalo na sa mga players, dahil papunta na rin sa Pasko eh (dahil malapit na ang Pasko)," the Philippine Basketball Association legend said.

Ang iba pang dalawang podium finishers ay hindi rin aalis sa pre-Yuletide event na walang dala.

Ang second placer ay makakatanggap ng PHP500,000, habang ang third placer ay mag-uwi ng PHP250,000.

Ang anunsoy ay nangyari sa group draw para sa elimination round ng MPBL Invitational sa Crowne Plaza Grand Ballroom sa Pasig.

Ang 22 kalahok na koponan ay hinati sa apat na grupo ng iba't ibang bilang ng mga club.

Ang Grupo A at D ay magkakaroon ng anim na koponan bawat isa.

Ang mga koponan na nakabase sa Western Visayas na Iloilo United Royals, Bacolod All-Star Ballers, at mga bagong dating na Negros Muscovados ay lahat ay iginuhit sa Group A na sasalihan ng mga club na nakabase sa Luzon na Bacoor City Strikers, Pasig Realtors, at ang Caloocan team na kilala ngayon bilang Excellence .

Ang iba pang anim na pangkat na grupo, ang Group D, ay magkakaroon ng Manila, Rizal, Imus, GenSan, Mindoro, at Bulacan.

Ang dalawa pang grupo, ang Groups B at C, ay magkakaroon ng tig-limang koponan.

Gayunpaman, ang dalawang koponan na tinaguriang pinakamalakas sa papel ay

na-seeded sa bawat isa sa mga grupo.

Bilang bahagi ng kanilang "perks" para sa pangunguna sa nakaraang Chooks-to-Go sponsored events ngayong taon, ang Basilan at San Juan ay napili sa dalawang five-team groups.

Ang Peace Riders, ang inaugural Pilipinas VisMin Super Cup champions, ay mangunguna sa Group B, na mayroon ding Laguna Heroes, Marikina Shoemasters, Bicol Volcanoes, at ang bagong pinangalanang Makati Blazers dito.

Sa kabilang banda, ang Knights, ang runners-up mula noong nakaraang season ngunit nakakuha ng bonus sa mga kampeon na hindi sumali sa Davao Occidental Tigers, ay seeded sa Group C, na mayroon ding Valenzuela Classic, Sarangani Marlins, Muntinlupa Cagers, at Nueva Ecija Rice Vanguarders.

"Ang assessment ko is parang fair yung playing field dahil pare-pareho silang na-off nang matagal (My assessment of the group draw is that

the playing field is fair because they have been laid off for a long time)," Duremdes said, pag-aaral kung paano napunta ang draw.

Sinabi niya na para sa karamihan ng mga koponan, ito ang kanilang unang basketball event sa gitna ng coronavirus disease 2019 (Covid-19) pandemic.

Ibinukod din niya na isang "grupo ng kamatayan" ang nabuo sa panahon ng draw sa kabila ng mga storyline na maaaring umikot sa loob ng apat na first-round na grupo.

Sa Group A, halimbawa, ang matinding Western Visayas sports rivalry sa pagitan ng Bacolod at Iloilo ay inaasahang muling magsisimula sa MPBL-wise kung saan ang lahat ng tatlong Western Visayas teams ay mabubunot sa grupo.

Ang Group C, gayunpaman, ay mukhang nakasalansan sa papel kasama ang San Juan, Nueva Ecija, at Valenzuela, na naglaro sa VisMin Cup Visayas leg bilang Talisay Aquastars, dito.

PSC SA PAGITAN NG PATAFA-OBIENA

Nagtakda ang Philippine Sports Commission (PSC) ng deadline para sa parehong EJ Obiena at Philippine Athletics Track and Field Association (PATAFA) na magkasundo sa mga parameter na itinakda para sa proseso ng mediation.

Sa pag-apruba ng PSC board sa pulong nito, parehong may hanggang Disyembre 15 ang PATAFA at Obiena upang sumangayon sa pamamagitan kahit na umabot na sa mga international sports communities ang tensyon sa pagitan ng magkabilang panig.

"Bilang isang elder ng Philippine sports community, hinihiling ko sa kanila na magsumite sa pamamagitan para sa kanilang kapwa benepisyo," sabi ni PSC chairman Butch Ramirez.

Naniniwala rin siya na "mediation is the best option for now so the parties can reconcile, open communication lines, and continue the work that need to be done. The parties owe it to the government and the Filipino people to resolving the issues amicably."

Dagdag pa ni Ramirez, "A failed mediation will be detrimental to both parties."

Kung sakaling magkaroon ng pamamagitan, gayunpaman, inaasahang magpapadala si Obiena ng kahit isang kinatawan sa ngalan niya.

Pinangalanan ni Obiena ang long-time mentor na si Jim Lafferty bilang isa sa kanyang mga tagapagsalita.

Sa isang pahayag, pinuri ni Obiena si Lafferty, "na muling humarap sa akin at ipinagtanggol ako sa publiko na parang sarili niyang dugo."

Inatasan din ni Obiena si Atty. Bobbet Bruce upang maging isa pa niyang tagapagsalita.

Si Bruce, ayon kay Obiena,

"ay ginawa ang kanyang sarili na magagamit sa akin kahit na sa mga hindi banal na oras sa Maynila kahit na suriin lamang ako upang matiyak na ayos lang ako, na nagpapaalala sa akin na ipagpatuloy ang pagsasanay sa kabila ng lahat ng mga distractions at magpatuloy sa pakikipaglaban. ang magandang laban dahil hindi lang ito para sa akin kundi para sa bansa."

Ang pag aaral ay ginawa "upang maayos na maiparating ang aking pagmemensahe at opisyal na matugunan ang lahat ng nauugnay na tanong sa aking kasalukuyang sitwasyon sa aking NSA (pambansang asosasyon sa palakasan)."

Sinisikap din ng Philippine Olympic Committee na matapos ang pagsisiyasat sa hidwaan sa pagitan ng PATAFA at Obiena sa lalong madaling panahon.

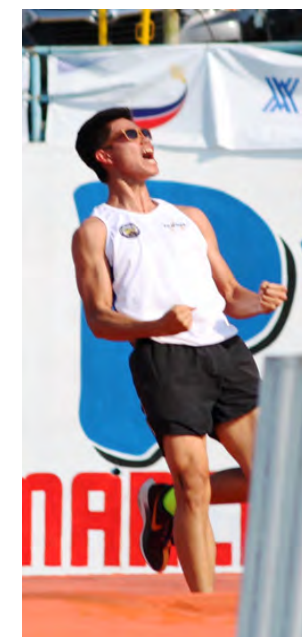

"Kami ay tumitingin sa bagay na ito nang may lubos na pag-aalala at nagtitiyap ng mga mahalagang impormasyon mula sa parehong PATAFA at Mr. EJ Obiena upang matiyak ang angkop na proseso," dagdag niya.

Habang tinitingnan ng POC na tapusin ang imbestigasyon sa lalong madaling panahon, nilinaw ni Gregorio na ginagawa nito ang pagsisiyasat nang paisa-isa.

"Hindi namin gusto ang mga shortcut dito. Ang gusto namin ay magbigay ng liwanag sa usapin at matiyak na mananaig ang katotohanan," aniya. "Tiyak na ia-update ka namin kapag nagawa na ang desisyon."

PSC CHAIRMAN
 William Ramirez (RGN)

SC affirms labor court's verdict on professor case

MANILA – The Supreme Court (SC) has affirmed a labor court ruling against a professor who questioned his termination by the university after he forced a sick student to dance during a class presentation.

In a recent 29-page decision written by Associate Justice Ramon Paul L. Hernando, the SC upheld the National Labor Relations Commission's (NLRC) findings on Benedicto F. Lacanaria's complaint for illegal dismissal against the University of the Cordilleras (UC).

On Feb. 25, 2010, Rafael Flores, one of Lacanaria's students, did not join the dance portion of the creative presentation although he participated in the singing and acting parts. Despite persistent cough, Flores attended the class since absence would yield a grade of zero for the performance.

Since Flores did not join in the dance segment, Lacanaria instructed him to still dance to be fair to the whole group. However, while Flores was dancing, his knees suddenly gave out which caused him to fall to the floor close to the wall. His groupmates assisted him by giving him a drink and helping him cool down. Lacanaria did not pay much attention to what happened to Flores and instead instructed the next group to perform.

Since he was not feeling well, Flores requested to be allowed to proceed to the clinic but was not initially allowed by his professor, prompting the student to repeat his request. Lacanaria eventually allowed him to go to the clinic with a classmate but instructed him to return after his consultation.

As the doctor was not yet around, the clinic's nurse told Flores to eat lunch first and return later. Instead, Flores headed home and was eventually brought to the Notre Dame Hospital where he was diagnosed to have "costochondritis and upper respiratory tract

infection."

When Flores returned to the school and sought Lacanaria to report what had happened to him, the professor apparently cursed at him.

Flores filed a written complaint addressed to the dean along with a notarized complaint-affidavit. His classmates also executed a joint affidavit corroborating Flores' complaint. The university then issued a charge sheet against Lacanaria for serious misconduct.

It turned out it was at it was not the first time that Lacanaria faced reports of misconduct. In 2008 he was verbally reprimanded for telling green jokes in his class.

After the hearings, Lacanaria was ordered dismissed by the university in May 2010.

Lacanaria filed a labor complaint but was eventually dismissed by the NLRC, prompting him to elevate the case to the Court of Appeals (CA).

The appellate court reversed the NLRC's decision, saying the professor was not given due process as there was a lack of specificity in the first notice that prevent Lacanaria from responding appropriately. The investigation, the CA noted, did not provide the exact provisions of the ethics rules of the school that the professor violated.

In reversing the appellate court, the SC said the circumstances of the complaint against Lacanaria "demonstrated how (his) misconduct amounted to something grave and not merely trivial, considering his position as a professor" and that "his actuations clearly showed him unfit to continue working for the university, considering his daily interaction with the students."

The high court declared Lacanaria to have been dismissed for just cause but the University of the Cordilleras failed to observe the rudiments of procedural due process and was ordered to pay PHP30,000 in damages. **(PNA)**

DENR lauded for promoting bicycling as sustainable, environment-friendly transportation

QUEZON CITY -- The Department of Environment and Natural Resources (DENR) has expressed its commitment to promote the interests of the bicycle-riding community, as a bicycle advocacy group lauded the agency's pivotal role in the annual celebration of the National Bicycle Day.

"Such is the robust partnership we have nurtured through the years with the bicycle-riding communities particularly the National Bicycle Organization (NBO) who has come out strongly for President Rodrigo Roa Duterte's issuance of Presidential Proclamation (PP) 1052," said DENR Secretary Roy A. Cimatú.

During this year's celebration of the National Bicycle Day held on November 28, DENR Undersecretary for Solid Waste Management and Local Government Units Concerns Benny D. Anitporda received from the NBO a bicycle sculpture made of bronze in recognition of his "remarkable contribution as a bicycle advocate."

NBO Director Benedict Camara noted that it was Anitporda's efforts through the office of Senator Christopher "Bong" Go that the bicycle groups desired for a nationwide observance of Bicycle Day through the issuance of PP 1052.

On November 18, 2020, President Duterte issued PP 1052 declaring the fourth Sunday of November of every year as National Bicycle Day, to encourage Filipinos to promote bicycle as a sustainable and environment-friendly mode of transportation.

In receiving the award, Anitporda expressed his desire that the new set of leaders in 2022 would continue and build on the gains of the DENR under the Duterte administration through DENR Secretary Cimatú, particularly those that promote the interest of the bicycle-riding public.

"We need you to ask the candidates to stand up for cycling, walking, and a healthier future. Take advantage of this electoral exercise and choose the

champions for greener travel and respect for bicycle riders especially in the use of bicycle lanes," Anitporda said.

This year's National Bicycle Day was celebrated by more than 300 bikers, representing 61 bikers' groups, through a 26-kilometer bike parade from the DENR grounds in Quezon City to the Centennial Park in Navotas City where the celebration rites were held. "This activity also serves to inspire and empower other advocates from the private sector to create activities for the benefit, enjoyment, and support of cycling advocacy and the cycling community nationwide," Camara said.

He hailed PP 1052 as a "big stepping stone to hav-

ing laws that will promote bicycling as a major form of transportation and to spur the potential of the bicycling sector as a contributor to the country's economic recovery."

The NBO has been advocating for bicycle and pedestrian-friendly legislation and implementation through a partnership with public and private organizations at the local, regional and national levels.

Camara also credited PP 1052 and the designation of bike lanes and bike patrol as among the reasons that fueled NBO's plan to push for the promotion of bike ecotourism in the country.

"With the help of the DENR, we can develop bike ecotourism in the country,"

Camara also said, noting that a dry-run has already been undertaken covering the Antipolo eco-bike tour route with the Metro Manila tour now on the drawing board.

He also thanked the DENR for their donation of bike racks to the local government of Navotas whose board council has passed a resolution calling for the designation of bike lanes within the city.

According to Ching Salinas, head of the Bike Lanes Program Office of the Metropolitan Manila Development Authority, around 313 kilometers of roads are now designated as bike lanes in major thoroughfares in Metro Manila. **(DENR)**

Filipino teacher, school heads recognized at Southeast Asian Educational Innovation Awards

PASIG CITY -- A Filipino public teacher and two school principals were recognized for their outstanding innovations in their respective schools in the first Southeast Asian Educational Innovation Awards (SEA EIA) organized by SEAMEO INNOTECH.

Out of 300 classroom and school innovations submitted from six countries in Southeast Asia, three Filipino educators were recognized in the inaugural award-giving body.

"Innovation has always been the driving force in the education sector, especially in these trying times. May our remarkable educators continue to develop ways to help in the delivery of quality education and to prepare our learners in their foray to a brave, new world," Education Secretary Leonor Magtolis Briones said.

For the Teacher Category, Ms. Joana B. Romero, a Master Teacher I from Melencio M. Castelo Elementary School in Payatas, Quezon City, developed a Digital App for Mathematics and the Reading Video Lessons. The offline, game-based digital appli-

cation and video materials helped Kindergarten students in Mathematics and Reading.

"Always make a difference in the life of our students no matter what situations and circumstances we have right now, our impact on them last a lifetime," Ms. Romero shared.

For the School Head Category, Ms. Mary Hazel Ballena, a Principal from Bucay North Elementary School in Abra, led an initiative thru a partnership with various stakeholders. Their school was able to provide handheld two-way radios for their students to deliver lessons, conduct learner assessments, parent orientations, and meetings.

"The project also strengthened the bond between the teachers, learners, and their parents because they can communicate freely. I hope we could continue to use these two-way radios for our future activities, even beyond the pandemic," Principal Ballena said. Another School Head Category winner is Mr. Rowan L. Celestra, a Principal from Buenavista Elementary School Sorsogon City, who

developed E-NAY.COM (Education for Nanay in the Community) to capacitate mothers in the community and at the same time establish a learning center in every "purok" (zones within the community) that will serve as a library, drop-off point of activity modules and sheets, and classroom. Through the community learning centers and with the assistance of Mother Teacher Volunteers, learners were able to continue learning engagingly.

"Maraming paraan para maitaguyod ang edukasyon sa panahon na tulad nito, Tayo ang manguna at buong lakas nating ipakita na sila man ay maaring makatulong at maging gabay sa bawat bahay para sa edukasyon ng kanilang mga anak," Principal Celestra noted.

The awardees will receive a trophy of recognition and a travel dissemination grant up to 3,000 USD each. They will also be invited to present in an INNOTECH-organized educational forum and be featured in the first publication of the Southeast Asian Educational Innovation digest. **(DepEd)**

Pag-IBIG Fund members save record P52-B in last 10 months

MANILA – Pag-IBIG Fund members have saved more than PHP52 billion in the last 10 months, breaking yet another record for the period and exceeding full-year figures from before the pandemic, top agency officials announced on Wednesday.

From January to October, the amount collectively saved by members with the agency totaled PHP52.47 billion – the highest for any 10-month period.

The savings collected so far this year grew 35 percent from the same period in 2020 and 26 percent higher compared to figures from 2019, which is the agency's best performing year yet.

"Even during these challenging times, we are happy to see that members are still keen on growing their savings with Pag-IBIG Fund. With the amount of savings increasing by PHP13.66 billion compared to last year and PHP10.81 billion compared to our best year in 2019, these numbers clearly show that Pag-IBIG Fund has already recovered from the effects of the pandemic," said Secretary Eduardo D. del Rosario, who heads the Department of Human Settlements and Urban Development (DH-SUD) and the 11-member Pag-IBIG Fund Board of Trustees.

"In fact, the PHP52 billion savings collected as of October this year already exceeds the amount of savings collected for the whole 12 months in all previous years. With more savings, Pag-IBIG now has more funds for its programs to help more members in the coming months and even years. This is our contribution to the recovery of the nation, which is being led by President (Rodrigo) Duterte," he added. Driving the growth is the

agency's voluntary savings program, the Modified Pag-IBIG 2 or MP2, Pag-IBIG Fund Chief Executive Officer Acmad Rizaldy P. Moti said.

He said in the last 10 months, MP2 savings amounted to a record-breaking PHP21.43 billion or 41 percent of the total savings collected for the period.

"We have seen the dramatic increase in MP2 in the last five years. In fact, the MP2 is the only figure that did not show signs of slowing down, and even grew during the pandemic. But the growth in 2021 is truly remarkable," Moti said.

"The PHP21.43 billion MP2 savings as of October is more than double the PHP10.21 billion collected in the same period last year and is already PHP8.16 billion more than the PHP13.27 billion collected for the whole 2020. To put it into another perspective, MP2 has grown so much this year that savings as of October is higher than the total amount collected from 2012 to 2019 combined!" he added.

The agency added that the increase in purely voluntary savings corroborates the results of the 2021 Philippine Trust Index that ranked Pag-IBIG Fund as the most trusted government-owned and controlled corporation.

"We thank our members for their continued trust in Pag-IBIG Fund and in choosing to rely on us to grow their hard-earned savings. We still have a few more weeks before we end the year, and with numbers such as these, I am optimistic that 2021 will be another milestone year and the start of another wave of 'best year ever' as we help even more members securely save for their future goals," Moti said. (PR)

IATF EYES DEC. 15-17 FOR 2ND ROUND OF 'BAYANIHAN, BAKUNAHAN'

MANILA – The government's pandemic response task force is eyeing another round of the "Bayanihan, Bakunahan" national coronavirus disease 2019 (Covid-19) vaccination days from December 15 to 17 to reach its target to inoculate 54 million people by the end of the year, Malacañang said on Wednesday.

Acting Presidential Spokesperson, Cabinet Secretary Karlo Nograles, said the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) has yet to finalize the proposal but is considering it amid the looming threat of the Omicron variant of Covid-19.

"We're also considering another round of vaccination days for December, 15, 16, 17. Although we're still finalizing that. But the reason for all of this is again to add (to) the defense against Omicron and whatever variants there are," Nograles said in an interview on ABS-CBN News Channel's (ANC) Headstart.

He said whether or not there would be a need for a second round of national vaccination days would be up to the IATF and National Vaccines Operation Center (NVOC).

Despite falling short of its three million target vaccinations on the first day of the national vaccination drive with only 2.55 million, Nograles said he was optimistic that numbers would increase in the coming days.

"Yung 2.55 million natin, bagamat it's short of the three million that we've pegged as a target for Day 1, it still remains to be. Because of that, we now are part of the top 5 in a single day na nagkaroon ng ganyan karaming nabakunahan in one day (Even if the 2.55 million vaccinations fell short of the three million we've pegged as target for Day 1, it still remains to be. Because of that, we now are a part of the top 5 single day vaccinations). It means that it's working. Marami pang gustong magpabakuna, maraming pwede pa nat-

ing ma-push at maangyano na magpabakuna (A lot of people want to get vaccinated. There are still a lot of people we could encourage to get vaccinated)," he said.

He said there were challenges encountered during the first day of the national vaccination drive, but these were addressed on the second day.

"Obviously on the first day, you will see the challenges. No matter how much you prepare on the ground, magkakaroon ka talaga ng mga (there will be) local challenges, which we've resolved for Day 2 and Day 3 as far as walk-ins are concerned," he added.

The 'Bayanihan, Bakunahan' drive, which runs from Monday to Wednesday, aims to vaccinate about nine million individuals in 8,000 sites across 16 regions nationwide.

The country aims to fully vaccinate a total of 54 million Filipinos by the end of the year, lower than the original plan of vaccinating 77 million people or 70 percent of the 110 million total population.

Daily walk-ins?

Meanwhile, Nograles said the Palace is open to the possibility of conducting daily Covid-19 vaccinations, but it would depend on the availability of vaccine supplies in the local government units (LGUs).

"On the ground, it's really up to the LGUs to make the adjustments as they see it fit doon sa (on the) ground. But we've always been pushing the LGUs – whatever you can do to encourage more people to get vaccinated, gawin na natin (let's do it)," he said. Nograles said local officials are in the best position to determine whether or not walk-in vaccinations could be accommodated.

"We've actually opened up vaccination to many of our countrymen and countrywomen and so because we have so many vaccines, mataas ang ating (there is a high) vaccine supply. Then the LGUs can be as open as they can, as long as you stick to the protocols," he added. (PNA)

MORE YOUNG FARMERS SEEN TO ELEVATE PHIL AGRI AS EXCHANGE TRAINING PROGRAM IN JAPAN RESUMES

QUEZON CITY -- Some 14 young farmers rise to the challenge of elevating the country's agri-fishery sector as the implementation of the Young Filipino Farm Leaders Training Program in Japan (YFFLTPJ) resumed this year.

This is after more than a year of reprogramming for this joint initiative of the Agricultural Training Institute (ATI), Japan Agricultural Exchange Council (JAEC), and Japan Ministry of Agriculture, Forestry and Fisheries, due to the global pandemic.

During the Ceremonial Send-off Program, Department of Agriculture (DA) Undersecretary-designate and Chief-of-Staff (COS) Leocadio Sebastian, challenged the trainees to learn the value of working together, the same way the Japanese operates as a nation.

"The Japanese always try to work together to get to where they are now, and that is the process you have to learn," he said.

Sebastian emphasized that it is important for the young farmers to learn as much as they can in Japan and come back localizing the things and processes they have observed, "bringing the country higher than where we are now."

He affirmed, "We can be another modern, industrialized agricultural country in our own way and style."

"So be disciplined, consistent, obedient, and patient at all times," the DA COS

advised the trainees. Similarly, ATI Officer-in-Charge Director Rosana Mula assured the Institute's support to the young farmers in the entire duration of the Program.

Mula said that the support, in turn, entails that when the trainees come back, they can develop impressive farm business proposals adopting some appropriate technologies they have learned in Japan.

At the end of her message, she reminded them to "be the agents of change and potential leaders" in their respective communities.

JAEC Philippine Representative Wilfredo De Chavez also attended the activity, giving the young farmers some tips and reminders as they stay in Japan.

Meanwhile, expressing the resiliency of batch 2021 and rising to the challenge posed by the program implementers, YFFLTPJ President Abra Kaslon vowed to bring positive changes in the sector after the training program.

The young farmers have undergone preparatory courses since last year to further equip them with appropriate agri-fishery knowledge and skills.

This send-off event was held last November 19 in this city.

Moreover, the trainees left for Japan last November 22, following the departure of some 25 young farmers to Taiwan last October for another internship program. (MAntonio / DA-ATI)

Airport janitor turns over bag with \$10-K

MANILA – A janitor at the Ninoy Aquino International Airport (NAIA) recently turned over to authorities a bag containing USD10,000, the Manila International Airport Authority (MIAA) said on Tuesday.

Jhun Telewik saw a bag on a gang chair at the NAIA Terminal 2 while he was collecting garbage last November 27.

MIAA reported that Telewik saw the bag was still there while he was doing his rounds for the second time. Telewik sought the assistance of airline ground attendants to look for the bag's owner via the paging system.

As no one claimed the bag, Telewik turned it over to the Lost and Found office, where a huge amount of cash was discovered upon inventory. According to MIAA, the bag did not contain any identifica-

tion or document that could identify the owner. The MIAA Intelligence and Investigation Division (IID) coordinated with an airline for possible lead.

A Filipino who introduced himself as the son of the bag's owner claimed the belongings on Tuesday. Authorities said he had the supporting documents to prove his claim. The claimant handed Telewik USD100 as a sign of gratitude.

Telewik will be commended for his honesty.

In a statement, MIAA General Manager Ed Monreal said he salutes Telewik, and that he is glad that amid the hardships brought by the pandemic, there are people like Telewik who stay honest in their work. Telewik has been an airport building attendant since 2017. (PNA)

REPUBLIC OF THE PHILIPPINES

Done at Bacoor City, Province of Cavite, November 4, 2021.

EASY WIN PARA KAY BASHEIRROU

Hugandong nagwagi sa laban ang kabayong si Basheirrou matapos bumandera ng malayo sa ginanap na 2021 Philracom "3rd Leg Juvenile Stakes Race" na ikinasa sa karerahan ng Metro Manila Turf Club Inc. sa Malvar-Tanauan City, Batangas. Lulan ng hineteng si Kelvin Abo-bo ay pinakain ng alikabok ni Basheirrou ang kanyang matinding karibal na si Gomezian at walang hirap na tumawid sa meta. Sa pagbukas ng aparato ay sinunggaban kaagad ni Bocaue Rivertown ang unahan na ginabayan ni John Alvin Guce, ngunit agad naman na umarangkada sa gawing labas si Basheirrou upang kunin ang bandera, nasa ikatlong puwesto si Gomezian na nirendahan ni Oniel Cortez habang ang kabayong si Roaring Kanyon na sinakyan ni Patty Dilema ang nasa hulihan ng takbuhan. Pagdating sa medya milya ay bandera pa rin si Basheirrou ng may anim na kabayong agwat, habang si Gomezian ay inagaw ang ikalawang posisyon kay Bocaue Rivertown at bugaw pa rin si Roaring Kanyon. Papasok sa tres oktobos (600 meters) ay parenda renda lang si Basheirrou at hawak pa rin ang bandera. Sa far turn ay nasa unahan pa rin ang winning horse habang pinipilit na makalapit ni Gomezian. Dahil sa kakisigan sa ayre ni Basheirrou ay hindi na nagawa pang makalapit nang humahabol na si Gomezian at tuluyan pang lumayo ang winning horse sa kanyang mga katunggali at tinawid ang meta ng may malayong kalamangan. Nasegundo kay Basheirrou ang nagkukumahog na si Gomezian, tersero si Bocaue Rivertown at pang-apat si Roaring Kanyon. Nakapagtala si Basheirrou ng impresibong tiyempo na 1:37 (25'-22-23-26') para sa distansiyang 1,600 meters. Napanalunan nang may- ari ni Basheirrou na Rancho Sta. Rosa ang premyong P600,000 bilang 1st place na may kasamang tropeo. Nakubra ni Gomezian ang P225,000 bilang 2nd placer, P125,000 naman ang nahamig ni Bocaue Rivertown bilang 3rd at P50,000 naman ang nauwi ni Roaring Kanyon bilang 4th. Matatandaan na si Gomezian ang nanalo sa 1st Leg ng Juvenile Stakes Race na inilarga noong Setyembre 18 sa pista ng Santa Ana na may distansiyang 1,300 meters na kung saan ay tinalo niya si Radio Bell. Nakabawi naman si Radio Bell matapos na manaig sa 2nd Leg na ikinasa noong Nobyembre 7 sa karerahan ng San Lazaro na may distansiyang 1,500 meters. Ngayon 3rd Leg ay si Basheirrou naman ang walang hirap na nagwagi kaya siguradong isa siya sa magiging tough contender sa Triple Crown sa susunod na taon. Abangan..

KWF, GUMIL Filipinas magsusulong ng mga proyektong pangwika

LUNGSOD NG MAYNILA -- Magsusulong ng mga proyektong pangwika ang Komisyon sa Wikang Filipino at Gumil Filipinas (GF) na makatutulong sa pagtataguyod ng panitikan, kasaysayan, at kultura ng mga Ilokano. Ang dalawa ay magtatag ng mga kolaborasyon at mga gawaing networking sa pagpapaunlad ng wikang Ilokano.

Nagkasundo ang KWF at GUMIL Filipinas (GF) na ipatupad ang Ilokano Language Development and Promotion ng GUMIL Filipinas kabilang ang estandar disasyon ng Ortograpiyang Ilokano. Isa pang proyektong pangwika na isusulong ay ang Innadal na mula sa salitang Ilokano na nangangahulugang "magkasamang matututo," isang quarterly na seminar sa wikang Ilokano para sa mga kabalik ng wikang Ilokano na sinimulan noong 2019 ng GUMIL Filipinas. Kabilang din sa proyekto na itataguyod ang Pasnaan. Ang Pasnaan ay isang salitang Ilokano na nangangahulugang "anvil," isang taunang palihang pampanitikan na bukás para sa mga

nagsisimulang manunulat sa wikang Ilokano sa iba't ibang genre. Itinatag ito noong 2010 at ilan sa mga fellow ay nagwagi na sa prestihiyosong timpalak, gaya ng Gawad Palanca, naglathala ng sariling aklat, at patuloy na nagsusulat sa iba't ibang publikasyon sa Ilokano.

Patuloy rin na palalakasin ang Libro Ilokano na inilunsad noong 2015. Itinataghal sa Libro Ilokano ang mga aklat sa Ilokano na inilathala ng mga manunulat at tagalathala sa Ilokano. Nagsisilbi rin itong lugar sa pagdaraos ng mga panayam sa kasaysayang pampanitikan ng Ilokano, pagsulat at paglathala ng aklat, at mga usapin sa karapatang-ari.

Ang mga proyekto ay suportado ni Dr. Arthur P. Casanova, Tapangulo ng KWF at Dr. Benjamin M. Mendillo Jr., Komisyoner para sa Ilokano, bilang pagtupad sa mandato ng KWF na magsagawa, magugnay, at magtaguyod ng mga pananaliksik para sa pagpapaunlad, pagpapalaganap, at preserbasyon ng Filipino at ng iba pang mga wika sa Pilipinas. (KWF)

Mag-asawa at anak, patay sa masaker, 1 kritikal

DAHIL lamang sa maling hinala, minasaker ng hinihinalang adik ang isang pamilya dahil sa hinalang isinusumbong siya sa pulisya na gumagamit ng droga sa Kawit, Cavite. Pawang isinugod sa Binakayan Hospital sina Rolando Hingada, asawang si Angelita Hingada, 63, anak nilang si Rolito D. Hingada, 47, may-asawa, government employee; at Roan H. Andres, 45, may-asawa, pawang residente ng 1363 Barangay Congbalay, Kawit subalit idineklarang dead on arrival ang mag-asawa at anak nilang si Rolito. Arestado naman ng mga rumespondeng operatiba ng Kawit police ang suspek

na si Jeraldson Villamater, 35, alias "Butch" at kapitbahay ng pamilya Hingada. Sa ulat ni PMSgt Erwin Clerigo ng Kawit Police Station, alas-6:00 ng gabi naganap ang insidente kung saan nakaupo si Roan sa harapan ng kanilang bahay nang dumating ang suspek at walang sabi-sabing pinagsasaksak ito. Hindi pa nakuntento, pumasok pa sa loob ng bahay ang suspek at animo'y ulol na walang habas na pinagsasaksak ang mag-asawa at anak nilang si Rolito. Pawang isinugod sa ospital ang pamilya Hingada subalit pawang dead on arrival ang tatlo at tanging si Rolito at lumalaban kay kamatayan.

Lemery, Batangas - Ginanap ang 4th quarter meeting ng Protected Area Management Board (PAMB) ng Taal Volcano Protected Landscape (TVPL) na pinangunahan ni DENR CALABARZON Regional Executive Director bilang PAMB Chairperson. Ilan sa pinag usapan sa nasabing meeting ay ang pagtatayo ng establisyemento tulad ng water pumping station, water supply systems, farm to market roads, wilderness trails, at iba pang land development projects sa mga nasasakupan ng TVPL.

Patuloy rin ang pagmomonitor at imbentaryo ng fish cages na matatagpuan sa Taal Lake at pagbibigay ng livelihood assistance sa fisherfolk na naninirahan malapit sa lawa. Dagdag pa rito ay pinag usapan rin ang updating ng TVPL Management Plan, Water Quality Monitoring, Biodiversity Monitoring Systems, status ng Survey and Registration of Protected Area Occupants, imbentaryo ng mga establisyemento sa 40-meter legal easement ng Taal Lake, at patuloy na monitoring ng mga establisyemento na pinagkalooban ng PAMB Clearance.

Dinaluhan ito nina Mayor Janet Ilagan ng bayan ng Mataasnakahoy, Mayor Norberto Segunial ng bayan ng Sta Teresita, at mga kinatawan mula sa Provincial Government Office ng Cavite at Batangas, iba pang mga National Government Agencies tulad ng DOST-PHILVOCS, Department of Agriculture, Department of Science and Technology, National Economic and Development Authority, Office of the Civil Defense, Philippine National Police, Bureau of Fisheries and Aquatic Resources, at iba pang mga representante ng mga lokal na pamahalaan sa loob ng TVPL, at People's Organization tulad ng Taal Lake Aquaculture

Naaresto naman ang suspek sa mga rumespondeng operatiba ng Kawit police. Ayon kay Clerigo, pinaghihinalaan ng suspek si Rolito na nagsusumbong sa pulisya na gumagamit ito ng droga. **GENE ADSUARA**

DENR CALABARZON at PAMB TVPL, pinag usapan ang pagtatayo ng establisyemento at regulasyon ng fish cages sa TVPL

Para palakasin ang pagbibigay ng legal aid sa mahihirap DAPAT MAGDAGDAG ANG PAO NG MGA 'ABOGADO NG BAYAN' – CHIZ

Inihayag ni Sorsogon Gov. at senatorial aspirant Chiz Escudero ang pangangailangang madagdagan ang mga abogado ng Public Attorney's Office (PAO) upang mabigyan ng legal assistance ang mga Pilipino na hindi kayang kumuha ng sarili nilang abogado. Sinabi ni Escudero, na naging chairman ng Senate Committee on Justice and Human Rights mula 2007 hanggang 2013 noong siya'y senador pa, na dapat gumawa ang PAO ng mga programa upang makahikayat ng mas maraming abogado na maglilingkod sa publiko.

"Napakarami sa ating mga kababayan ang nangangailangan ng libreng abogado mula sa PAO. Dapat itong matugunan ng pamahalaan upang masiguradong mabilis na gumugulong ang hustisya," pagbibigay-diin ni Escudero kasabay ng kanyang pagbanggit sa isang bagong ulat na nagsasabi na 5,300 kliyente ang hinahawakan ng isang PAO lawyer kada taon.

"This is too much to handle," ani Escudero na isang abogado, "Hindi naman mga superman at superwoman ang ating mga abogado sa PAO." Sa isang pahayag ni PAO chief Persida Acosta kama-kailan, sinabi nito na mayroon silang 2,000 abogado sa buong bansa (mula sa dating 1,048 noong 2019) na nagbibigay sa mga mamamayan ng free legal assistance.

"Ngunit kung titingnan natin ang buong bilang, hindi sapat ito upang mas maraming mapaglingkuran nang epektibo ang mas nakararami nating mga kababayan na walang sapat na kakayahan na kumuha ng abogado o makapagkunsulta man lang," ayon

kay Escudero na kumakandidato sa 2022 national elections para sa bagong termino sa Senado. Binigyang-diin pa ng dating senador na dapat

20M halaga ng tulong ng DSWD, sinimulang ipamigay sa Romblon

Sinimulan nang ipamigay ng Department of Social Welfare and Development Field Office Mimaropa ang pamamahagi ng P20 milyon halaga ng Livelihood Assistance Grant (LAG) ng Sustainable Livelihood Program o SLP sa 16 munisipyo ng lalawigan ng Romblon.

Unang nakatanggap ng LAG ang 80 benepisyaryo ng programa mula sa munisipalidad ng San Jose na nabigyan ng P15,000 karagdagang puhunan sa kanilang mga kabuhayan na naapektuhan ng pandemya.

Ito ay mula sa karagdagang pondo na ibinahagi ng Office of the President (OP) sa SLP upang makapagbigay-tulong sa mga benepisyaryong hindi napabilang sa FY 2021 targets ng programa.

Ang pamamahagi ay personal na dinaluhan nina Hon. Eleandro Jesus F. Madrona, Hon. Ronnie Samson at Hon. Egdon T. Sombilon ng San Jose, Romblon, Hon. Ms. Sonia R. De Leon, SLP Regional Program Coordinator, at Ms. Ma. Christine B. Camata, Project Development Officer II, upang masiguro ang maayos na sistema ng pamamahagi ng tulong pinansyal pangkabuhayan.

"Ngayong araw 80 kayo na makatatanggap ng P15,000 kada pamilya, kami ni Governor Riano

hati-hatiin ang mga PAO lawyer base sa dami ng mga kaso sa mga Regional Trial Court branch upang masolusyunan na ang mga nakabinbing kaso. **PR**

ay nagpapasalamat talaga kasi ito na yung last batch ngayon taon. Ikinutin namin ang 16 na bayan ng Romblon sa pamamahagi ng LAG," pahayag ni Congressman Eleandro Jesus F. Madrona bilang suporta sa layunin ng SLP na makapagbigay ng interbensyon sa mga nangangailangang mga resident ng San Jose, Romblon.

Katuwang ang lokal na pamahalaan ng San Jose, mahigpit na ipinapatupad ng SLP Mimaropa ang health and safety protocols sa pamamahagi ng LAG para maiwasan ang mga banta dulot ng COVID-19. Kabilang dito ang pagkakaroon ng social distancing, pagsusuot ng face mask at regular na disinfection.

Ang LAG ay isa sa mga recovery at rehabilitation programs ng pamahalaan na ang pangunahing layunin ay magsilbing tugon para sa mga pamilya na nanganganib mawalan o tuluyang nawalan ng pagkakakitaan dulot ng malawakang deklarasyon ng community quarantine sa bansa.

"Ang hamon ng DSWD SLP sa inyong mga 80 beneficiaries dito sa San Jose, Romblon, sa pamamagitan ng LAG na binigay ay masimulan ang inyong negosyo at kalauna'y mapalago ang PhP15,000 na ipinagkaloob ng gobyerno." saad naman ni SLP Regional Program Coordinator, Ms. Sonia R. De Leon.

RELASYON NG MAG-AMA 'NAPIGTAS' DAHIL SATSINELAS

DAHIL lamang sa nawawalang tsineles ay nagkalamat ang relasyon ng mag-ama nang ipaar-esto ng tatay na may kapansanan ang kanyang anak sa Bacoor City, Cavite.

Kinilala ang anak na si Lemuel Lacanlale, alias "Way", 52, habang ang ama ay si Rodolfo Lacanlale, 78, kapwa residente ng Copper St., Brgy San Nicolas 3, Bacoor City. Sa ulat ni PSSgt Edison Fetalcurin, ng Bacoor City Police Station, dakong ala-1:00 ng hapon naganap

ang insidente. Hinahanap ni Rodolfo, na isang Person With Disability (PWD), ang kanyang tsineles at nakita nito sa kuwarto ng kanyang anak. Kinukuha ng ama ang tsinelas subalit nagalit ang anak hanggang sa sigawan nito at pagbabatuhan ng mga matitigas na bagay na nagresulta sa pagkaka-sugat sa kaliwang braso ng matandang Lacanlale. Humingi ng tulong ang matandang Lacanlale na nagresulta sa pagkakaar-esto sa kanyang anak. **GENE ADSUARA**

Nanapak dahil sa maagang paniningil ng utang

SINAPAK sa mukha ang 32-anyos na lalaki ng kapitbahay nito makaraang napikon dahil sa napakaa-gang paninigil ng utang sa Naic, Cavite. Ginamot sa General Emilio Aguinaldo Hospital ang biktimgang si Leonard Bryan Aydalla, binata, ng Block 28 Lot 10 Phase 4 Ciudad Nuevo, Brgy Sabang, Naic dahil sa sugat sa mukha. Arestado naman ang suspek na si Arcenio Medina, 34, binata, ng Block 30 Lot 21 Phase 4 Ciudad Nuevo, Brgy Sabang, Naic. Sa ulat ni PssGT Rodrigo Veloso III, ng Naic Police Station, dakong alas-8:00

ng umaga ay nagpunta ang biktima sa bahay ng suspek upang manigil ng utang sa pamangkin nito. Paalis na sana ang biktima nang tawagin siya ng suspek kung saan nagkaroon ng mainitang pagtatalo hanggang sa sapakin nito sa mukha. Nakatakbo ang biktima at humigi ng tulong sa Homeowners Association na nagresulta sa pagkakaar-esto sa suspek. Nabatid na napikon umano ang suspek sa napakaa-gang pininigil ng utang sa pamangkin nito. **GENE ADSUARA**

Kelot, dedo sa motorsiklo

NASAWI ang 58-anyos na gas stove repairman nang nabangga ng motorsiklo habang nagmamamondo ng sasakyan sa pagmamaniobra sa Bacoor City, Cavite. Isinugod sa Philippine General Hospital ang biktimgang si Romeo Masacayan, binata, ng Brgy Talaba 4, Bacoor City, subalit namatay habang ginagamot. Kinilala ang driver ng motorsiklong Yamaha NMAX na may plakang ABS B6H4 na si Fyke Cedric Manalili, 26, binata, Passenger Agent at residente ng Blk 66 Lot 1 Mabuhay Homes 2000 Phase 5 Brgy. Salawag Dasmariñas City.

Sa ulat ni PSSgt Jerwin Buendicho, ng Bacoor City Police Station, dakong alas-5:20 ng umaga naganap ang insidente sa Zapote Road, Brgy Talaba 4, Bacoor City. Abala ang biktima sa pag-mamondo sa driver ng sasakyan sa pagmamaniobra nang aksidenteng nabangga ng motorsiklo ni Masacayan na binabagtas ang nasabing lugar patungo sa direksiyon ng Maynila. Unang isinugod sa St. Dominic Hospital ang biktima subalit inilipat sa PGH sa Maynila kung saan namatay habang ginagamot. **GENE ADSUARA**

Bangkay, inanod sa dagat

ISANG inanod na bangkay ng lalaki ang natagpuang nakalutang sa tabing dagat sa isang resort sa Ternate, Cavite. Inilarawan ang bangkay na nakasuot ng kulay maroon na sando, kulay brown na tribal short, kulay gray na underarmour brief, may taas na 5"2 hanggang 5"3 at may tattoo na "rose flower" na may pangalan na "Eron" sa kanang braso

nito. Sa ulat ni PMSgt Alfredo Guevarra Jr., ng Ternate Police Station, dakong alas-4:30 ng madaling araw natagpuan ang bangkay sa tabing dagat sa Ternate Beach Resort sa Brgy Bucana, Ternate. Hinihinalang inanod lamang ang bangkay at napadpad sa nasabing lugar. **GENE ADSUARA**

Droga sa delivery ng food panda

KALABOSO sa pulisya ang 48- anyos na lalaking delivery food panda matapos mabisto na shabu ang laman ng kanyang dala sa Sta Cruz, Manila. Ipinilit sa Manila Police District Station 3 ang suspek na si Eduardo delos Santos, ng 2051 Oroqueta St., Sta Cruz at sinampahan ng kasong paglabag sa RA 9165 section 5 11 o dangerous drug act. Ayon sa pulisya, dakong 8:00 ng umaga naaresto ang suspek sa Yuseco St., Sta Cruz.

Nakatanggap ng importasyon mula sa tawag ng 911 na may transaksyon na magde-deliver ng shabu mula sa suspek. Agad pinuntahan ng pulisya ang nasabing lugar at nang makita ang suspek na nakasuot ng food panda ay sinita at kinapakan. Nabisto na ang laman ng kahon ay pitong pirasong plastik ng hinihinalang. Sinusulat ito ay tinutukoy kung sino ang may-ari ng nakumpiskang droga. **(Leonard basilio)**

Naaresto ng mga tauhan ni Manila Police District Central Market Station 3 Commander PLtCol. John Guiagui ang 48-anyos na si Eduardo Delos Santos, rider ng Food Panda, sa aktong pagdilig ng bawal na gamot [shabu] sa Barangay 346 Zone 35 Oroquieta St. Sta. Cruz, Manila. **(Christian Heramis)**

ARESTADO si Randy Rafael alyas "RR" sa isinagawang buy bust operation ng Philippine National Police - Philippine Drug Enforcement Unit (PNP-PDEG) kamakailan sa Brgy 161 Z-14 Baesa RD., Lungsod ng Caloocan. Narekober mula sa suspek ang nasa 15-kilo ng hinihinalang shabu na nagkakahalaga ng humigit kumulang 102-milyong piso at ang 1milyong piso na boodle money na ginamit ng kapulisan sa nasabing operasyon. **(JEROME AMOROSO)**

Tunay na kalagayan ng lahat ng nasa kulungan

POSIBLE na ang paghihiwalay ng kulungan para sa mga tinatawag na high-profile heinous crime convicts. Naaprubahan na kasi ng Kamara ang House Bill No. 10355 o ang 'Separate Facility for High-Level Offenders Act'.

Ang panukalang batas ay nakalusot sa Kamara sa pamamagitan ng botong 222 affirmative votes, zero negative, at walang absention. Isinasaad dito na dapat ay itatayo ang piitan sa lugar na secured at isolated. Mahigpit ito upang tiyakin na ang lugar ay walang 'unwarranted contact or communication' sa mga nasa labas ng pasilidad. Ang mga kulungan na ito ay dapat mayroong Bukod sa mga surveillance cameras ay kinakailangan ang latest information technology at security systems. Nilalayon nitong makikita ang mga galaw o monitor ang mga bilanggo sa loob ng 24-oras. Nangangailangan din ng extensive security features para sa kandado, bawat pintuan at iba pa. Aasahan ang pagtatayo ng ganitong pasilidad bawat isa sa Luzon, Visayas at Mindanao. Pabor naman ang nakararami sa ganitong pamamaraan dahil para na rin umano sa kapakanan ng mga inmates na mababaw lamang ang asunto o kaso. Pero dapat ay mapag-ukulan ng atensiyon ang tunay na kalagayan na lahat ng bilanggo ano pa man ang gaan o bigat ng kanyang pagkakasala sa batas.
