IMUS NEW GOVERNMENT CENTER FORMALLY OPENS

Trece Martires, Cavite (PIA) - The city government of Imus held the blessing and inauguration of its New Government Center last Monday, April 25.

City Mayor Emmanuel Maliksi who led other officials and guests said while the fight against the Covid-19 crisis is very much the city government's priority, this should not hinder the administration's desire to accomplish other programs and projects aimed at providing for the welfare of the citizens.

The building which is part of the legacy projects of Mayor Maliksi's administration is designed to be an 'Eco-Friendly Green Building' because of the green architectural principles such as the solar panels installed to power its lighting and other electrical fixtures. A rain water harvesting system which is stored in tanks can supply the building occupants for at least four days.

Also, a sewage treatment plant ensures water wastes are safe and

treated before it is released to the sewerage while a material recovery facility contributes to the solid waste management and recycling as well.

All these features aim to lessen its carbon footprint from its daily operations. The government building is also considered a "Smart Building" because of its computer-based building management and maintenance system.

The system could control all lighting, the alarm system, its elevator system, 500 CCTV surveillance cameras and other facilities to give access to Persons with Disabilities (PWD).

The 53,761 sqm lot is located at Pedro Reyes St. in Barangay Malagasang I-G while the Executive Building sits on the 32,871 sqm area near the Hospital ng Imus and Imus Grandstand.

Now that all 72 offices of the city government is housed under one roof, the public is assured to expect a much better service from the city government. **(RF)**

Negosyo at kapangyarihan

BAKIT nga ba mayroon pang mga partylist? Katanungan po iyan ng ating tropang kalye at bahagi ng kanilang usap lang ay kailangan pa nga ba ito. Kung sila ang tatanungin ay karamihan ang katugunan ay hindi na nararapat pa. Medyomaypagkapilosopo ang ilan sa kanilang pananaw subalit kahit paano ay malapit sa katotohanan. Naiirita na nga sila dahil sa napakaraming partylist at nalilito kung ano talaga ang kanilang isusulat sa balota. Sabi tuloy ng iba ay malamang sa pagboto nila ay hindi na sila maglalagay ng partylist. Respeto lang natin dahil iyon ang kanilang pananaw at kagustuhan. Hindi rin nakaligtas sa kanilang usap ang tungkol sa magkakamag-anak na pumasok na sa pulitika. Mag-asawa, mga anak, hipag, bayaw at kahit sinong kaanak ay iisa na lamang ang mundong ginagalawan. Sila nga raw sa totoo lang ay hindi halos binoboto ang magkakamag-anak. Halimbawa si lalaki ay tapos na ang termino at ang papalit ay misis ay

iniwasan nilang iboto. Pero tanggap nila ang katotohanan na nakakalamang talaga bastamayroong pangalan o kilala na. Ibig sabihin si Juan dela Cruz ay tapos na ang paninilbihan bilang alkalde ay bitbit ng hahalili ang apelyidong DELA CRUZ. Kaya bentahe ang asawa, anak o kapatid kapag papasok na sa pulitika. Nangyayari naman na itong si Juan dela Cruz ay tatakbo sa ibang posisyon. Taumbayan na rin ang may pagkukulang o pagkakamali subalit ang tugon ng ating tropa ay walang choice kasi. Ang pumapasok tuloy sa kanilang isipan ay hindi lamang pagseserbisyo ang pakay bagkus ay negosyo at kapangyarihan. Kanya-kanyang pananaw kaya kanya-kanyang respeto lamang. Tungkol naman sa mga tatakbong presidente ay tatlong pangalan ang ating narinig sa kanila. Marcos, Moreno at Robredo habang sa vice president ay Sotto at Ong.
Iyon lang!

Dahil sa ipinamalas na galing at mainam na tiyempong naitala ay marami ang humanga at bumilib kay Basheirrou. Marami ang nagsasabi na handa na si Basheirrou sa 1st Leg ng Triple Crown, puwede sa malayuan at puwedeng isunod lang. Tiyak na magiging maganda ang labanan sa serye ng Triple Crown at panigurado na isa si Basheirrou sa magiging paborito. Abangan

dahilan upang paputukan ng pulis. Pero hindi pa rin tumigil ang suspek at muling sinugod si Casauran dahil na upang muli siyang paputukan. Isinugod ang suspek sa ospital subalit hindi na ito umabot ng buhay. **GENE ADSUARA**

EDITORIAL

Tataas pa ba ang bilang ng magpapabakuna?

BAHAY-bahayna ang isinasagawang pagbabakuna kontra COVID-19. Sa kabila ng naturang kampanya ng gobyerno ay tila hirap pa rin sa paghihikayat ng nakararaming indibidwal para magpapabakuna. Gayunman ay tagumpay naman ang pamahalaan sa pagbabakuna sa target na mas mataas na bilang. Kinakailangan pa ng gobyerno ng epektibong estratehiya para roon sa mga lugar na ang mga nabakunahan ay sadyang kaunti o mababa ang bilang. Mayroong mga lugar na pursigido ang house-to-house vaccination campaign subalit nagdudulot na pagkadismaya sa mga health worker dahil sa maliit na bilang ng nagpapaturok. Umuugong na naman ang panibagong variant at magiging daan kaya ito para lalong mapataas ang bilang ng magpapabakuna?

SC denies with finality all challenges vs. Anti-Terrorism Act

BAGUIO CITY – The Supreme Court (SC) en banc on Tuesday slammed all doors on petitions challenging Republic Act 11479 or The Anti-Terrorism Act of 2020 as it denied with finality the motions for reconsideration of its Dec. 7, 2021 decision.

In a statement during its summer sessions here, the SC said it “resolved to deny the motions for reconsideration due to lack of substantial issues and arguments” raised by petitioners of more than three dozen suits.

The members of the SC maintained their votes in December, written by now retired Philippine Judicial Academy Chancellor Rosmari Carandang.

The final copy of the decision has yet to be released as of posting time. In December, the SC upheld the validity of the law except for two provisions.

Aside from portions of Sections 4 and 25, all the other challenged provisions of RA 11479 were deemed constitutional.

Section 4 deals with excluding mass actions and similar exercise of civil and political rights from the definition of terrorism while Section 25 is about requests by foreign agencies or bodies to designate persons as terrorists and terrorist organizations.

The SC voted 12-3 to declare unconstitutional the qualifier portion of Section 4 that states “which are not intended to cause death or serious physical harm to a person, to endanger a person's life, or to create a serious risk to public safety”.

This qualifier to the proviso in Section 4 “is declared as unconstitutional for being overbroad and violative of freedom of expression,” the court said.

Likewise stricken down by a vote of 9-6 was a portion of Section 25, paragraph 2 which allows “request for designations by other jurisdictions or supranational jurisdictions may be adopted by the ATC (Anti-Terrorism Council) after determination that the proposed designee meets

the criteria for designation of UNSCR No. 1373”. Among other provisions, the United Nations Security Council resolution urges members to “find ways of intensifying and accelerating the exchange of operational information, especially regarding actions or movements of terrorist persons or networks; forged or falsified travel documents; traffic in arms, explosives or sensitive materials; use of communications technologies by terrorist groups; and the threat posed by the possession of weapons of mass destruction by terrorist groups”.

This year's SC summer sessions are the first since the coronavirus pandemic broke out in March 2020 and the first under Chief Justice Alexander Gesmundo, who was appointed on April 5, 2021. (PNA)

NPC denounces Facebook attack on public platforms

MANILA – The National Press Club of the Philippines (NPC), one of the country's oldest and biggest organization of active members of the press, on Sunday denounced in the strongest possible term, the ongoing ‘flagging’ being made by Facebook and its ‘fact checkers’ on nearly all public platforms.

In a statement, NPC described the flagging not only as acts of harassment and intimidation and a brazen curtailment of civil liberties, particularly the right to freedom of information and expression but more importantly, an assault on the country's sovereignty.

“It has been barely two days since April 19, when the NPC issued its statement criticizing Facebook and its ‘fact-checkers,’ Rappler Philippines and Vera Files, for their callousness in warning Philippine national security adviser, Secretary Hermogenes Esperon over his post involving the threat pose to our nation's security by the communist terrorist groups,” NPC president Paul M. Gutierrez said.

Postal stamps mark 10th PH Rise adoption anniversary

MANILA – The Philippine Postal Corporation (PHLPost) issued stamps and official first-day covers to commemorate the “10th Anniversary of the adoption in full of the extended continental shelf (ECS) in the Philippine Rise”, the agency announced on Monday.

The Philippine Rise (formerly Benham Rise) is a 13 million-hectare undersea plateau that lies 216 kilometers east of Aurora province.

The ECS is estimated to be wider than the island of Luzon, according to the Maritime Research Information Center.

The stamps, released in coordination with the National Mapping and Resource Information Authority, reiterate the significance of the Philippines' first successful

validation of a claim in accordance with the 1982 Law of the Sea Convention and the first major expansion of its maritime boundaries since its declaration of exclusive economic zone in the 1970s.

A total of 45,000 copies were printed, to be sold at PHP12 each, and 5,400 official first-day covers to be sold to stamp collectors.

The ECS in the Philippine Rise was first suggested by Dr. Teodoro Santos of the University of the Philippines-National Institute of Geological Sciences.

It took years of research, data-gathering, analysis, and compilation headed by scientists, geologists, hydrographers, and cartographers as well as inter-organizational cooperation between state and international institutions to make the successful claim.

Stamps and official first-day covers are available at The Philatelic Counter of the Manila Central Post Office in Liwasang Bonifacio.

PHLPost is a government-owned and controlled corporation responsible for providing postal services in the Philippines. It also handles international postal delivery. (PNA)

Rappler and Vera Files, has become more urgent and compelling, Gutierrez added.

“In the meantime, we call on all NPC affiliates and all the responsible and patriotic elements in the media community, along with other patriotic organizations to unite in resisting and denouncing this common threat to our civil liberty and our democracy,” the statement read.

He urged not to allow foreign entities to dictate to Filipinos because it is clear fascism, not democracy.

“Let us not be cowed in exposing the abusive behavior of foreign-funded corporations who are now trying to impose their will on us, a sovereign people,” Gutierrez said. (PR)

Si Abarrientos ay may 12 puntos sa 4-of-14 shooting mula sa field sa talo habang si L-jay Gonzales ay nakakuha ng 10 puntos, pitong rebound, at apat na assist sa kanyang pangalan. Nagsama sila para sa pitong turnovers.

Trash traps, cleanup drives stop 800+ tons of wastes from draining to Manila Bay

More than 800 tons of trash coming from the provinces of Cavite, Laguna, Batangas and Rizal were kept from finally draining to Manila Bay through the trash traps installed along the waterways and the regular cleanup activities of the river rangers on the first quarter of 2022, per report of the Manila Bay Site Coordinating and Management Office (MBSCMO)-4.

About 600 tons of the said wastes were collected by the river rangers while the remaining volume were gathered from the trash traps. The monitoring of installed trash traps and the conduct of cleanup drives by river rangers are part of the Manila Bay Rehabilitation Program of the Department of Environment and Natural Resources (DENR) CALABARZON.

Most of the said wastes were from the province of Cavite with a total volume of 634 tons, a whopping 72% of the overall amount of waste collected for the quarter. Rizal province was distant second with 120 tons total waste collection, followed by Batangas and Laguna with 68 tons and 56 tons, respectively.

465 river rangers across the said provinces were hired and mobilized during the said period: 198 in Cavite being the most populous province of the four and being the area largely covered by the Manila Bay Region, 123 in Laguna, 80 in Rizal, and 51 in Batangas. The river rangers were able to clean an 80 km stretch along the identified river systems, shorelines, and waterbodies in the region. On the other hand, 82 of the 97 trash traps installed all over the region were able to collect solid waste during the quarter: 36 in Cavite, 19 in Rizal, 17 in Laguna, and 10 in Batangas.

The collected solid wastes were transported to various sanitary landfills and

materials recovery facilities through the assistance of the concerned local government units.

For this year, DENR CALABARZON through its provincial offices will install 24 more trash traps at the identified waterways in the four provinces covering the Manila Bay Region. Moreover, the office will continue to hire river rangers who will regularly conduct cleanup activities along the various tributaries of the bay within the region.

The installation of trash traps and the hiring and mobilization of river rangers are under Phase 1 (Cleanup/Water Quality Improvement) of the Manila Bay Rehabilitation Program which was launched in January 2019 during the administration of former DENR Secretary Roy A. Cimatú. The said activities were coupled with information and awareness drives among the affected residents.

DENR CALABARZON continues to call on the public to religiously practice proper waste segregation and disposal to lessen the waste leading to Manila Bay and to the ocean. **PR**

SC seeks to widen reach with various socmed platforms

BAGUIO CITY – Chief Justice Alexander Gesmundo on Wednesday said the high court plans to tap social media to broaden its base of engagement with the public, while podcasts provide a reliable alternative to second-hand sources of court rulings and developments. He cited social media giants Facebook, Twitter, and Instagram as among the platforms where the Supreme Court (SC) intends to have a presence. Gesmundo, who is here for the court's first summer session since the pandemic started, however, had reservations on whether they would also put up an account in the popular video sharing platform, TikTok, which claims a billion active users. "I do not know pang mahirap yung Tiktok kasi iba yun, saka iba yung lumalabas

Enough vax supplies secured for next admin: NTF chief

MANILA – No need for the next administration to procure additional vaccines for this year's Covid-19 inoculation program, according to vaccine czar, Secretary Carlito Galvez Jr., on Wednesday, noting that the country has enough supplies.

"So matutuwa po ang next administration, Mr. President, dahil more or less 98 to 100 [million] vaccine doses pa po ang matitira at hindi na po sila kailangang bumili (The next administration will be glad Mr. President because we have more or less 98 to 100 million vaccine doses that will be left and they don't need to buy anymore)," Galvez told President Rodrigo Roa Duterte during his prerecorded Talk to the People.

Galvez, who is also the chief implementer of the National Task Force (NTF) against Covid-19, said the World Health Organization (WHO)-led COVAX facility has renewed its commitment to provide more vaccines in the Philippines—which is on top of the 74 million doses of donation last year. The COVAX also vowed to replace the country's expired vaccines, he added.

"And according to them, they have already a flexibility on supply. Puwede na po silang magbigay po ulit sa atin at palitan 'yung mga po na mga na-expire na mga vaccine at saka po 'yung mga pangangailangan

pa po natin (They can provide vaccines again and will replace the expired vaccines and our other needs)," Galvez said.

The pronouncement of the COVAX on replacing the expired vaccine doses will reduce people's doubts about vaccine efficacy and will somehow address the hesitancy of the people to get vaccinated, he added.

"Sa kanila po ang pinakatalaga (the most important for them) is to save more lives rather than magkaroon po ng tinatawag na pagdududa sa tinatawag nating mga expiring vaccine (to have doubts on the expiring vaccines)," he said.

Galvez said the Philippines has been able to procure Covid-19 vaccines at a much lower price from various pharmaceutical companies, allowing the government to save more funds on pandemic response.

"Actually 'yung 100 million na doses po na 'yun parang savings na po natin 'yun eh. At saka 'yun pong 100 million doses po na 'yun ay talagang kayang-kaya pong ireserba sa next administration (Actually, that 100 million doses will serve as our savings. And that 100 million doses will be enough to reserve for the next administration)," he added.

He said the government will no longer use the PHP45-billion budget allotted for this year's Covid-19 vaccine procurement, through a multi-lateral agreement with the World Bank, Asian Development Bank, and Asian Infrastructure Investment Bank.

Of that total concessional loan amount agreed with these international banks, PHP2.5 billion will be sourced from the Department of Health (DOH)'s 2021 budget, while PHP10 billion is from funds under Republic Act No. 11494 or the Bayanihan to Recover as One Act (Bayanihan 2).

"Alam po natin na mayroon po tayong PHP45 billion na naka-allot sa multilateral financier natin na PHP2.5 billion sa DOH. Ito po, hindi pa po natin nagagalaw hanggang ngayon (we know we have allotted PHP45 billion from multilateral financier and PHP2.5 billion from DOH. This has remained untouched)," Galvez noted. **(PNA)**

BOC now an ISLAND OF GOOD GOVERNANCE, recognized as GOLD TRAILBLAZER AWARDEE in the PGS Final Stage

In pursuit of transforming and reforming the Bureau of Customs, its processes and services, the BOC enrolled to the 4-Stage Performance Governance System (PGS) of the Institute for Solidarity in Asia (ISA) in 2019. After two and a half years, the bureau today, April 20, 2022, led by Commissioner Rey Leonardo B. Guerrero, passed the Institutionalization Stage or the fourth and final stage of the PGS Pathway with a GOLD Governance Trailblazer Award, the highest PGS award. Since its enrolment in November 2019 and after sequential revalidas, the BOC consistently bagged the highest award or the Gold Governance Trailblazer awards as it passed the 1st Stage "Initiation Stage", the 2nd Stage "Compliance Stage", the 3rd Stage "Proficiency Stage, and finally the 4th Stage "Institutionalization Stage" of the PGS.

The PGS is a significant tool of good governance reform promoting the efficient delivery of services and the establishment of a positive climate for market institutions. It also calls for effective, sustained, and systematic contributions from individuals and institutions for the common good of their institution or community and of the Philippines as well as the long term development of the Filipino.

During the Institutionalization Revalida organized by the ISA, Commissioner Guerrero shared the Bureau's Transformation Journey throughout the years - building a new foundation of trust and awareness for its stakeholders and the general public through reformed efforts, towards creating a transparent, responsive and world-class customs administration.

Furthermore, Commissioner Guerrero presented the scorecards of the BOC which have proven the breakthrough financial results and high social impact of the programs implemented and accomplishments achieved, as well as its plans to ensure the sustainability and continuity of the transformed and reformed programs and systems.

All these programs are anchored on its primary mandates on border protection, revenue collection and trade facilitation, as well as the modernization of its processes and values reformation of its people.

These include automation of 82% or 139 out of the 170 Customs Processes from only 38% in 2019; the implementation of trade facilitation measures and improvement in its performance as reflected in the World Customs Organization (WCO) Implementation Maturity Assessment of 85.08% rating; accomplishments in seizure of P63.5B worth of various smuggled goods, P7.2B illegal drugs, and 1.9B agricultural products; the implementation of fuel marking program which contributed P374.13B revenue from duties and taxes collected, among others.

The Institutionalization Status was granted after the successful audit review of the bureau's performance for at least two years of implementing its PGS strategy and Institutionalization Revalida.

"After careful deliberation, the panel has decided that the Bureau of Customs, which aims to elevate the bureau into a transparent, responsive, and world-class customs administration by 2022, shall be conferred the PGS Institutionalized status. With this, they shall also be recognized as an Island of Good Governance or IGG. We are also pleased to announce that the Bureau of Customs is a Gold Governance Trailblazer Awardee! Congratulations to the Bureau of Customs!" Mr. Guillermo Luz, Panel Chair & ISA Trustee said.

The BOC was commended by the Revalida panelists for the overall Revalida performance. Among the members of the panel were Guillermo Luz, ISA Trustee, Asec. Greg Pineda, Assistant Secretary of Regional Development Group-NEDA, Asec. Mary Jean Pacheco, Assistant Secretary of DTI, Kenneth Isaiab Abante, Managing Director for Practice and Partnerships of WeSolve Foundation, Inc. and Eduardo Anthony G. Marifo, Deputy Treasurer of Bureau of Treasury.

"It has been a long journey, but the journey is not yet over. In fact, it's far from over. The passing of the Bureau of Customs in the last and final stage of the PGS pathway is not the end goal of our journey of transformation, but merely a means to the real goal, which is the realization of our vision of becoming a modernized and credible Customs administration that is among the world's best." Commissioner Guerrero said. **PR**

PTFoMS backs OSG move urging SC to rearrest ex-Palawan gov

MANILA—Undersecretary Joel M. Sy Egco, executive director of the Presidential Task Force on Media Security (PTFoMS), supports the move of the Office of the Solicitor General (OSG) in urging the Supreme Court (SC) to have former Palawan governor Mario Joel Reyes rearrested for the murder of environmentalist and broadcaster Dr. Gerry Ortega.

In a statement, Egco, as head of the task force under the Office of the President charged with protecting media workers, said he “fully backs and supports” OSG’s move for the lifting of the March 23, 2022 temporary restraining order (TRO) the High Court issued which prevented the Regional Trial Court (RTC) of Puerto Princesa City from enforcing the warrant of arrest against Reyes.

“The Presidential Task Force shares the sentiments of the OSG in its motion to lift the TRO which is preventing the re-arrest of the former governor. We believe that the evidence of guilt is strong in the criminal case filed against Reyes in connection with the slaying of Gerry Ortega,” Egco said.

In its 62-page comment, the OSG also asked the SC to dismiss the petition for review filed by Reyes with the High Court.

“I have full trust and confidence with the OSG, as a member agency of PTFoMS, in its commitment to attain justice for this heinous act. The task force will not stand idly by until all those responsible for the killing of Ortega, including the masterminds, are put behind bars,” he said.

Ortega was gunned down on Jan. 24, 2011 in Puerto Princesa City after having just finished his radio program “Ramatak”.

He was considered by many an “environmental hero”.

Marlon Recamata, the gunman, was arrested and pleaded guilty to murder in February 2011.

Reyes was tagged by a former bodyguard, Rodolfo Edrad, as the mastermind

behind the killing of Ortega, who had criticized the former governor for the supposed destruction of the environment in the province.

Also implicated in the killing is his brother, former Coron Mayor Mario Reyes. The two are running for governor and mayor, respectively, in the May 9 elections.

Egco earlier backed the action of the OSG in initiating an investigation to find any anomaly with regard to the Court of Appeals’ (CA) 2018 decision to release Reyes from detention due to the alleged insufficiency of evidence in the murder case.

In 2019, the CA reinstated the murder charges against the former Palawan governor. **(PR)**

POLOs in KSA still under DOLE: Bello

MANILA – Department of Labor and Employment (DOLE) Secretary Silvestre Bello III has reminded Philippine Overseas Labor Offices (POLOs) in the Kingdom of Saudi Arabia (KSA) that they are still under his jurisdiction.

In a memorandum to Labor Attachés Fidel Macauyag, Roel Martin, and Hector Cruz dated April 26, the DOLE chief said until the Department of Migrant Workers (DMW) is fully constituted, said offices will be under the DOLE.

“In the light of the recent issuance of Department Order No. 04, dated 25 April 2022 by Secretary Abdullah D. Mama-o, Department of Migrant Workers (DMW), all POLOs are hereby reminded that the POEA (Philippine Overseas Employment Administration) and all POLOs shall remain under the direct supervision and control of the DOLE Secretary and shall maintain a status quo in their daily operations,” he said.

The DOLE chief noted that the DMW has to comply with Section 23 of Republic Act No. 11641, otherwise known as the Department of Migrant Workers Law.

The law mandates compliance with the

Diokno hints on possible rate hike in June

MANILA – Monetary officials will likely consider a hike in the central bank’s key rates in June, or once the 2022 first-quarter domestic output report is out, Bangko Sentral ng Pilipinas (BSP) Governor Benjamin Diokno said.

In an interview over Bloomberg television on Tuesday night, Diokno said BSP’s policy-making Monetary Board (MB) will assess data on domestic growth, which “maybe around 6-7 percent.” The Board will have its third rate-setting meeting on May 19.

“And so, on the basis of that, maybe we’ll make another cycle, which is we have another meeting, and maybe that’s the time when

three enabling conditions before the DMW is fully constituted -- Approved and effective Implementing Rules and Regulations; Approved staffing pattern; and Approved budget under the 2023 General Appropriation Act.

“Relative thereto, Executive Secretary Salvador Medialdea has issued a memorandum dated 5 April 2022, stating among others that since the DMW has not been fully constituted, the government agencies enumerated in Section 19 of R.A. No. 11641 shall continue to exist separately and shall perform their respective mandates,” Bello said.

“Until the foregoing conditions are fully satisfied, the Secretary of the Department of Migrant Workers cannot impose any policy over the Philippine Overseas Employment Administration (POEA) and the POLOs,” he added.

At the same time, the DOLE chief also reminded the Labor Attaches that the deployment of the new hires to the host country is still not allowed.

“As such, the verification of employment documents for new hires bound for the Kingdom of Saudi Arabia shall remain suspended, until further instructions

we will consider increasing (key policy rates),” he said. The MB is scheduled to have its fourth rate-setting meeting on June 23.

It has kept the BSP’s key rates steady after slashing it by 200 basis points in 2020 --a move aimed at aiding the domestic economy from the impact of the pandemic.

However, economists have been factoring in a hike starting in the first quarter of this year because of expected acceleration of inflation rate given the rising prices of oil and some commodities in the international market.

The Federal Reserve, for one, hiked its key rates by 25 basis points last March, the first since December 2018, as consumer price index (CPI) in the US registered its four-decade high starting last January.

Asked if he fears that the BSP will be behind the curve amid the decisions of its counterparts overseas, Diokno said the big difference is the real interest rate in the Philippines and the US.

He said the US’ CPI is now at 8.5 percent, which was the rate last March, while average inflation in the Philippines in the first quarter was at 3.4 percent. “So, given that, I think we can afford to wait as to what will be the move of the Fed in the next two meetings,” he added.

After the first key rate hike last March, the Fed is expected to make five to six times more for the year, with the May rate increase expected to be around 50 basis points based on the statements by Fed Chair Jerome Powell. **(PNA)**

from the Undersigned,” he said.

The memorandum was issued in response to Department Order No. 04, dated April 25, 2022 issued by DMW Secretary Abdullah Mama-o, lifting the suspension of the deployment of new hires bound for KSA. **(PNA)**

PH offers \$153-B investment opportunities in energy sector

MANILA – The Department of Energy (DOE) has urged Singaporean businesses, as well as other foreign investors, to look into the country’s investment prospects in the energy sector, which amounts to USD153 billion.

During the 3rd Philippine-Singapore Business and Investment Summit Wednesday, DOE Undersecretary Felix William Fuentesbella said these required energy investments would help the country achieve the clean energy scenario under the Philippine Energy Plan. About 80 percent of the total investment requirements are for power, which include USD115.3 billion for new power plants and USD6.97 billion for transmission projects.

“The required investments for RE (renewable energy) alone amounts to USD94.3 billion,” Fuentesbella said. He added that about 15 percent of the needed investments are in the upstream sector composed of oil and gas exploration and development at USD10.05 billion, coal

exploration and production at USD13.12 billion, and pre-development activities for renewable energy at USD510 million.

The downstream energy sector, on the other hand, will be needing USD2.94 billion investments in oil distribution depots and import terminals; USD1.78 billion for liquefied natural gas terminals; and USD2.38 billion for biofuels production.

“Given the capital-extensive nature of the energy sector, we anticipate the active participation of the private sector as well as the public-private partnerships to help us finance in bringing these critical energy infrastructure projects into fruition,” Fuentesbella said. He said the Duterte administration has spent more than five years setting up a sound and long-term plan to help in building a sustainable energy future for the Philippines.

“Whatever we invest today would have far reaching returns and benefits for the Filipino nation in the years ahead,” he added. **(PNA)**

DTI opens 156 Go Lokal! stores since 2016

MANILA – The Department of Trade and Industry (DTI) has opened a total of 156 Go Lokal! outlets nationwide since the program was launched in December 2016.

In an advisory Wednesday, the DTI said the Go Lokal! program has 24 partner retailers, most of them are leading mall operators in the country as this initiative aims to bring micro, small and medium enterprises (MSMEs) products in the mainstream market.

The DTI said a total of 863 MSMEs were assisted through this program, with 412 enterprises were already mainstreamed and became regular suppliers of the big retailers.

A total of PHP466 million has been generated in sales since its inception.

“The Go Lokal! program continues to provide business opportunities to MSMEs through its partnerships with major

retailers (malls, department stores, supermarkets, duty-free shops, convenience stores, hotels, and e-commerce platforms) who share the same vision of providing free retail space to MSMEs,” it said.

On May 2, the DTI will launch another Go Lokal! outlet, the first inline store at Ayala Malls Marina Bay.

“It is managed by Common Room PH, a local retailer that houses over 200 local crafters and brands. There are currently 18 Go Lokal! suppliers in the inline store that offer food and wellness products, fashionable accessories, homeware, and toys,” the agency added.

Go Lokal! is one of DTI’s initiatives to encourage Filipino MSMEs to improve the quality of their products for them to be more competitive both in domestic and foreign markets. **(PNA)**

SC rules in favor of Taguig in Fort Bonifacio territorial dispute

MANILA – The Supreme Court (SC) has ruled in favor of the City of Taguig in a decades-old territorial dispute against Makati City over vast swaths of prime real estate in Fort Bonifacio.

In a 53-page decision uploaded by the high court on April 27 and written by Associate Justice Ricardo Rosario, the tribunal upheld the decision of the Pasig Regional Trial Court (RTC) on the 729-hectare property which potentially generates billions of pesos in local government revenue.

"Indeed, it was only in 1972, during the administration of President (Ferdinand) Marcos, that Makati was included as a situs of Fort Bonifacio together with Pasig, Taguig, Parañaque, Pasay, and sometimes Pateros. But even the subsequent proclamations did not consistently declare that Fort Bonifacio lies within Makati. Clearly, the greater weight of evidence, consisting in contemporaneous acts of lawful authorities, favor the position of Taguig," the tribunal said.

The court added, "an appraisal of the issuances and laws pertaining to Fort McKinley and later, Fort Bonifacio, reveals that most refer to the disputed areas as either within the jurisdiction of Taguig or outside the jurisdiction of Makati."

Taguig based its claim on its existence for over 400 years initially as a pueblo of the province of Manila (now Rizal).

In 1903, the municipality of Pateros absorbed Taguig and Muntinlupa but in 1905, the municipality of Pateros was changed to Taguig and reacquired its former area and absorbed territories of Pateros and Muntinlupa.

Included in the areas was the large estate named Hacienda Maricaban which fell under the jurisdiction of several towns.

In 1902, the owner, Dona Dolores vda de Casal, sold a portion to the US government which later turned it into Fort McKinley.

On July 12, 1957, President Carlos P. Garcia issued proclamation No. 423 establishing Fort Bonifacio on what was Fort McKinley, and stated that the military reservation was located in Pasig, Taguig Parañaque, and Pasay but did not state that the military reservation was located in Makati.

On Jan. 20, 1995, President Fidel V. Ramos issued Special Patent No. 3595 conveying the land in favor of the Bases Conversion Development Authority (BCDA) and special patent 3596 which conveyed parcels of land within Taguig in favor of the Fort Bonifacio Development Corp. (FBDC).

The ruling affirmed the Pasig RTC Branch 153's decision on July 8, 2011 that "Fort Bonifacio Military Reservation is confirmed to be part of the City of Taguig".

The court also affirmed a 1994 writ of preliminary injunction issued by the Pasig RTC as it enjoined the City of Makati from exercising jurisdiction over making improvements on, or otherwise treating as part of its territory, parcels 3 and 4 comprising Fort Bonifacio.

The SC avoided ruling on one of Taguig's arguments, particularly its claims that two Presidential Proclamations, No. 2475 and 518 issued in 1986 by President Ferdinand Marcos and 1990 by President Corazon Aquino, violate the constitutional guarantee of self-determination when they altered Taguig's boundaries without complying with the requirement for a plebiscite by the inhabitants to be affected. It added the property dispute may be resolved without ruling on the validity of the said proclamations. (PNA)

SC welcomes PRRD signing of Judiciary Marshals law

MANILA – The Supreme Court (SC) has welcomed President Rodrigo Roa Duterte's signing of a law that will create the Office of the Judiciary Marshals.

In a statement Thursday, Chief Justice Alexander Gesmundo said Republic Act No. 11691, or the Judiciary Marshals Act, will be a "great help" not only to the SC but to the entire judiciary, as well in ensuring an efficient and effective delivery of justice. "Indeed, the creation of RA 11691 will not only secure, protect, and safeguard the judiciary but will also boost the morale of its members, officials, and personnel at this time when there is the concern of the threats to judges and killings of lawyers," he said.

Gesmundo said the judiciary is one of the three pillars of republican democracy, which "itself hangs on a careful balance between and among

governmental powers."

"To threaten our judges and our lawyers is no less than an assault on the judiciary. To assault the judiciary is to shake the very bedrock on which the rule of law stands," he added.

From 2016 to 2021, five lower court judges and one retired Court of Appeals (CA) magistrate were killed.

In February, Gesmundo met US Embassy in Manila Chargé d'Affaires ad interim Heather Variava to discuss the assistance of the US government in the operationalization of the Office of the Judicial Marshals, particularly in establishing a judicial marshals academy.

Variava reaffirmed the commitment and support of the US government to the Court's judicial reform projects, as well as to the creation of the Office of the Judicial Marshals. (PNA)

COMELEC 'hotspots' and other concerns monitored by Prov'l DILG

Trece Martires, Cavite (PIA) - Department of Interior & Local Government (DILG) - Cavite Provincial Director Lionel Dalope revealed the province's COMELEC 'hotspots' and other election concerns being monitored by the department and other concerned agencies.

"Iba-iba ang dahilan upang ma-classify na 'hot spot', kabilang na dito ay ang mga nagdaang karanasan o mga pangyayari sa mga lugar nila na maituturing na nagasapanganib o kailangan bantayan para maiwasan ang anumang kaguluhan sa panahon ng eleksyon," Dalope explained.

He added that there are also reports received aside from the previous incidents that happened as well as the actual incidents that may be necessary to treat it as 'yellow category' to ensure the safety not only of the candidates but the public as well.

He cited the alleged vote-buying incident in Silang town that is being confirmed by concerned authorities to make a formal investigation on the matter.

According to the provincial DILG chief, remaining 'apolitical' does not only apply to the Philippine National Police (PNP) personnel but to all those who work for the civil service.
