PREVENTION AND CONTROL OF ANIMAL DISEASES IN THE PROVINCE

IN response to the increasing cases of animal diseases in Cavite, the Provincial Veterinary Office (PVO) headed by Dr. May M. Magno, Provincial Veterinarian in coordination with the Agricultural Training Institute (ATI) conducted a Training on Sample Collection for Barangay Biosecurity Officers on June 1, 2021 at Imus City Slaughter House and on June 4, 2021 at Indang Municipal Slaughter House.

The training was attended by agricultural extension workers of Municipal and City Agriculture and Veterinary Offices of Cavite LGUs.

Lecturers include Dr. Gloria S. Digma, Dr. Gerry Romen, Dr. Gladys Credo, Dr. Kristine Roraldo and Ms. Marjo Mojica of PVO.

SC rules in favor of Ibaloi heirs claim on father's estate

MANILA – The children of an Ibaloi couple who separated 74 years ago won their case to be recognized as legitimate heirs after the Supreme Court (SC) upheld a Court of Appeals (CA) ruling against the validity of the tribe-granted divorce.

In a 14-page decision recently made public, SC's Second Division said the laws in both the old Civil Code in effect at the time and the implementing rules of the Indigenous People's Rights Acts limited the State recognition to "marriages performed" in accordance with customary laws, rites, traditions, and practices and that there is "no mention of the recognition of dissolution of marriage in accordance with the indigenous peoples' customs".

Aside from express provisions in the Code of Muslim Personal Laws, the court noted that "at present, there is no similar law explicitly recognizing the matrimonial customs, rights and practices of the Ibaloi tribe".

"It would, therefore, be speculative at this point to

link this right to cultural integrity to the dissolution of marriages between members of the IP communities, sans any supporting evidence," the SC said in affirming the 2019 CA decision.

In 1942, Pedrito Anaban and Virginia Erasmo married in accordance with Ibaloi customs. They had three children.

Five years after, the tribe's elders, citing Virginia's insanity, approved the couple's divorce and allowed Pedrito to remarry.

In 1952, Pedrito married fellow Ibaloi, Pepang, and they had eight children. Upon Pedrito's death on September 2004, the children from the first marriage sued their half-siblings for summary settlement of the estate of their father.

A lower court in 2015 ruled that the first marriage was validly dissolved in accordance with the customs of the Ibaloi tribe and that the children from the second marriage were the legitimate ones.

The ruling was reversed by the CA.

In upholding the appellate court, the SC said the CA

MANILA – The Department of Environment and Natural Resources (DENR) assured efforts on helping the country meet demand for lumber.

Tree-planting under DENR-led National Greening Program (NGP) won't just be to increase Philippine forest cover but also to grow species that will eventually be harvested for lumber, noted DENR Secretary Roy Cimatu.

"We will be assisting private planters in planting their private lots," he assured Thursday during DENR's virtual celebration of its 34th anniversary.

Cimatu said the Philippines needs around 5 million cubic meters of lumber annually.

At present, the country produces about 1 million cubic meters of lumber -- mostly in private lands -- and must source the balance elsewhere, he noted.

"We need to plant to produce what we need," he said.

He said mahogany, gmelina and acacia mangium are the tree species for planting and harvesting.

Also for planting and harvesting is bamboo as he said this grass species is suitable lumber material.

He, however, clarified that indigenous tree species will still be used for planting to increase forest cover.

Such species can't be cut down but must be conserved and protected instead, he said.

Forest cover consists of natural and man-made forests including forests within wetlands and built-up areas, DENR noted.

In 2011, DENR launched NGP to reforest open and degraded forest land nationwide while helping alle-

"did not err in pronouncing that the marriage of Pedrito and Virginia was not legally dissolved. As a consequence, Pedrito's subsequent marriage to Pepang was bigamous, thus void from the beginning. The status of petitioners as illegitimate children of Pedrito and their heirship as such insofar as Pedrito's estate is concerned can no longer be questioned". (PNA)

DENR to help boost PH lumber production

viate poverty and address climate change.

DENR said NGP already greened over 2 million hectares around the country.

EO 193 series of 2015 extended NGP's implementation period from 2016, when this program's initial run ended, to 2028.

Such extension aims to enable NGP to cover all remaining unproductive, denuded and degraded forest land in the country, noted EO 193.

Among DENR's NGP partners are people's organizations that help produce seedlings which the agency gives out for planting under the program.

"DENR @ 34: Celebrating a Greener and Safer Environment" is the agency's anniversary celebration theme this year.

During the celebration, Cimatu thanked DENR personnel for enabling the agency to accomplish much despite continuing onslaught of the novel coronavirus disease 2019 (Covid-19) pandemic.

Improvement in air and water quality, closure of all open dumps nationwide and successful rehabilitation of tourism gem Boracay Island are among DENR's accomplishments, he noted.

"After around 15 months of the Covid-19 pandemic, we still have many things to celebrate," he added. (PNA)

LTO ordered to probe 'online fixers'

MANILA – Department of Transportation (DOTr) Secretary Arthur Tugade ordered the Land Transportation Office (LTO) to investigate "online fixers" offering driver's licenses without going through the proper process for a fee.

In a Facebook post on Tuesday, Tugade said the fixers do not ask for requirements particularly taking an exam and personal appearance for a driver's license.

"Mali 'ho ito. Huwag nating tangkilikin ang ganitong sistema at iwasan natin ang ganitong pamamaraan (This is wrong. Let's not patronize this system and avoid this kind of method)," Tugade said.

He urged the LTO to partner with the Philippine National Police (PNP) and the National Bureau of Investi-

gation (NBI) to find and apprehend the online fixers. Tugade also advised the LTO to help the public by simplifying the processes of getting a driver's license.

"Magbigay tayo ng simpleng panuntunan at pamamaraan sa pagkuha ng lisensya, upang tumalima ang publiko sa tamang proseso at maiwasan ang pagtangkilik sa ilegal na pamamaraan (Let's provide simple rules and processes for getting a driver's license to encourage the public to follow the right way and avoid illegal means)," Tugade said.

He asked the public to reject fixers and follow the right process, reminding them that driver's licenses acquired through illegal means are faked.

"Maiiwasan 'ho natin ang abala at mas malaking problema sa hinaharap kung hindi peke at galing sa ilegal ang hawak ninyong lisensya (We'll avoid hassle and bigger problems in the future if your driver's license is not fake or illegal)," Tugade said.

He assured the public that the LTO continues to streamline the processing of driver's licenses and assured that only qualified drivers will be allowed on the roads. (PNA)

USAP LANG

**Nakabibinging busina
sa krus na kalsada**

TRY ninyo minsan kung wala ka namang masyadong ginagawa o hindi naman busy na umistambay saglit sa isang krus na kalsada.

Makikiramdam ka lang sa mga kaganapan at ang partikular na pag-uukulan ng atensiyon ay ang mga dumaraang sasakyan.

Hanggang maaari ay doon ka pumuwesto sa medyo busy road kahit hindi na sa mga highway o malalaking kalsada.

Siguro kahit sampung minuto o kung oks sa iyo ay mga kalahating oras na pagtambay.

Pansinin ninyo ang galawan ng mga nagdaraang lahat ng uri ng sasakyan.

All type of vehicles kaya kasama pati ang mga tricycle, single motorcycle, e-bike or e-trike at pati na ang mga karaniwang bisikleta.

Kapag sinabing galawan ay iyong klase ng takbo o andar ng bawat sasakyan.

Dahil intersection road nga ay doon naman ninyo makikilatis ang karakas ng bawat tsuper batay sa inyong mapansin na klase ng kanilang pagmamaneho.

Ibig sabihin ay kung ang tsuper ba ay marunong magmenor o magdahan-dahan bago o pagsapit ng krus na kalsada.

Naging paksa natin ito dahil sa kwentuhan ng mga tropang kalsada natin.

Nakatuwaan nilang umistambay sa isang intersection at medyo nakaranas at nakaramdam sila ng bahagyang pagkakabinging.

Iyon ay dahil sa mga dumaraang sasakyan ay higit na nakararami sa

mga tsuper ang matindi kung bumisina kapag papalapit na sa krus na kalsada.

Sabi ng tropa ay wala namang kaso ang pagbusina dahil maaari itong isang babala o palatandaan na mayroong paparating na sasakyan sa intersection.

Ang nakakairita lamang ay ang grabeng pagbusina na medyo malayulayo pa naman sa krus na kalsada.

Pansin ng tropa na bago sumapit ng intersection ay mayroon din namang mga sasakyan na tahimik.

Ibig sabihin ay hindi bumubusina sa halip ay nagmemenor lamang.

Kung sila ay tahimik lamang eh bakit ang iba ay lintek kung makabusina?

Sadyang magkakaiba ang istilo ng bawat tsuper sa kanilang pagmamaneho.

Mayroon din naman na bumubusina subalit isa hanggang dalawang busina lamang kasabay ng pagmemenor.

Sa obserbasyon ng tropa ay mas nakararami ang mga naka-single motorcycle na wagas kung makabusina kumpara sa mga four wheels above.

Nakapansin din ng ilang tolones na tricycle driver at maging siklista na tila walang takot kay kamatayan sa pagdaan sa krus na daan.

Kapag pinuna o tinanong ang mga ganitong uri ng tsuper ay natural na hindi magpapatalo ang mga ito bagkus ay ididipensa ang driving style nila.

Matanong kita kung ikaw ay nagmamaneho, ano nga bang klaseng driver ka?

Kakambal na tungkulin

SANG-AYON ang kasalukuyang liderato ng Philippine National Police para sa pagdadala ng service firearm ng mga pulis kahit tapos na ang kanilang duty.

Ang service firearm ay iyong maliit lamang at hindi ubra ang mahabang armas.

Paliwanag ni PNP chief P/Gen. Guillermo Eleazar, kahit off duty ay kakambal pa rin ng isang pulis ang tungkulin sa pagresponde sa emergency.

Lalo na sa nagaganap na krimen kaya nararapat lamang na bitbit o dala ng pulis ang service firearm bilang dipensa.

Umulan kasi ng panawagan na hindi na dapat pinagbibitbit ang mga pulis ng baril kapag off duty na upang maiwasan ang paggawa ng krimen o iba pang iligal na aktibidad.

Ginagawa at gagawin naman ng kasalukuyang pinuno ng PNP ang lahat ng makakaya upang maitayo ang kanyang paninindigang ito.

DHSUD BOLSTERS SYNERGY IN HOUSING SECTOR; CONVENES NATIONAL COORDINATING COMMITTEE

QUEZON CITY -- Department of Human Settlements and Urban Development (DHSUD) Secretary Eduardo Del Rosario on Monday convened the first-ever National Human Settlements and Urban Development Coordination Committee (NHSUDCC) in line with efforts to further boost synergy among government key shelter agencies (KSAs).

Secretary Del Rosario cited the importance of synergy between the Department, its KSAs and the private sector in attaining the common goal of providing decent and affordable housing and sustainable communities and having a vibrant housing sector.

“Coordination between the Department and KSAs is crucial to achieving our overall goal of providing decent and affordable housing communities to Filipino families, especially the underserved,” Secretary Del Rosario said.

“Let us continue working together and further cement stronger partnerships with our stakeholders. We must likewise continue providing unwavering public service in the housing and urban development sector,” he added.

Held at the DHSUD-Central Office board room, the forum highlighted the key accomplishments of KSAs during the first quarter of the year. Joining the housing czar at the key meeting were Undersecretary Zyril Carlos, Assistant Secretaries Mel Aradanas, Leira Buan and Avelino Tolentino III, as well as Planning Service Director Mylene Rivera.

Representatives from the KSAs – namely the Home Mutual Development Fund or Pag-IBIG Fund, the National Housing Authority (NHA), Social Housing Finance Corporation (SHFC) and the National Home Mortgage and Finance

Corporation (NHMFC) plus the Human Settlements Adjudication Commission (HSAC) - as well as heads of DHSUD's bureaus and services, participated via video conference, with the KSAs presenting their respective first-quarter accomplishment reports.

Secretary Del Rosario serves as the NHSUDCC chairperson, with Pag-IBIG Fund Chief Executive Officer Acmad Rizaldy Moti, NHA General Manager Marcelino Escalada Jr, SHFC President Arnolfo Cabling, NHMFC President Carlo Luis Rabat and HSAC Executive Commissioner Melzar Galicia act as members.

After seeing the presentation of each KSA regarding their respective significant achievements during the first three months of the year, Secretary Del Rosario expressed delight and urged them to continue performing well amidst various ongoing challenges, including the COVID-19 pandemic.

He also lauded KSAs' efforts in staying focused and on track with regards to reaching their targets despite the presence of stumbling blocks, stressing that unity and coordination are key to pursuing overall progress when it comes to the national housing sector.

The NHSUDCC aims to become a platform to strengthen coordination between DHSUD and KSAs in carrying out the Department's housing and urban development policies and programs nation-wide.

Among its primary objectives are recommend policies and programs that will be elevated to the National Human Settlement Board for approval, monitor and evaluate the functions of KSAs, as well as facilitate the harmonization of housing programs and streamlining of processes to eliminate overlaps. **(DHSUD)**

Hontiveros sa DND: Pag-aralan ang panukalang i-restructure ang AFP upang palakasin ang hukbong dagat

HINIMOK ni Senator Risa Hontiveros ang Department of National Defense (DND) na pag-aralan ang panukalang naglalayong i-restructure ang Armed Forces of the Philippines (AFP) para madagdagan ang maritime forces ng Pilipinas.

Ani Hontiveros, dapat itong isagawa sa gitna ng di matinag na presensya ng Tsina sa West Philippine Sea.

“Our armed forces primarily consist of land forces. May internal security threats man sa ating kalupaan, dapat ding pag-aaralan kung paano mas mapatatatag ang ating maritime forces, lalo pa’t hindi tinatantanan ng Tsina ang ating teritoryo sa West Philippine Sea. Lumalaki at dumarami ang banta na dala ng Tsina sa ating mga karagatan, kaya’t dapat maging handa tayo sa magiging implikasyon nito sa ating kinabukasan,” sabi ni Hontiveros.

Partikular na tinukoy ni Hontiveros si Dr. Clarita Carlos ng University of the Philippines at dating pangulo ng National Defense College of the Philippines, na nagsabing ang disenyo ng kasalukuyang armed forces ay para sa isang continental na bansa at hindi naaayon sa isang arkipelago gaya ng Pilipinas.

Panukala ni Carlos, baguhin ang istraktura ng AFP para mas maprotektahan ang pambansang interes sa ating karagatan, lalo pa at ang AFP ngayon ay binubuo ng 71% Army, 18% Navy (at halos kalahati ay Marines), at 11% Air Force.

“Our Philippine Marine Corps is getting a meager allocation for its equipment. Sa panahong walang tigil ang Tsina sa pagpwesto ng kanilang mga barko, pagtayo ng mga militarisadong isla, at pagtaboy sa sarili nating mga mangingisda, hindi pwedeng wala tayong panangga. Ilang beses na tayo naghain ng diplomatic protest pero hindi tayo pinapakinggan. A stronger maritime defense force sends China a clear message: we will not back down,” ani Hontiveros.

Noong Marso, nangako si DND chief Delfin Lorenzana na dadagdagan pa ang mga barko ng Philippine

Navy at Philippine Coast Guard sa WPS matapos na mamataan ang 220 Chinese vessels sa Julian Felipe Reef.

Ayon kay Hontiveros, buo ang suportang niya sa desisyon na ito ni Lorenzana. Dagdag pa ni Hontiveros na umaasa siyang isasalang-alang din ng defense chief ang panukalang i-restructure ang AFP para masuportahan ang ating marine forces. Sinabi rin ng senador, dapat isama ng DND sa kanilang long-term strategic development plan ang pagsagot sa isyu natin sa Tsina.

“Napakalaking banta ng Tsina sa ating bansa. Huwag na natin itong itanggi. Our national security, national interest, and national dignity are all at stake. Sa buong kasaysayan, ang pinakamalaking banta sa anumang bansa ay ang banta ng dayuhang mananakop. Ngayong linggo na ipinagdiriwang natin ang Araw ng Kalayaan ng Pilipinas, sana ang sakripisyo at giting ng ating mga ninuno ay magbigay inspirasyon sa ating lahat, opisyal man o mamamayan, para tunay na ipaglabat ang Pilipinas,” pagtatapos ni Hontiveros. **PR**

CA reverses dismissal of daycare worker

MANILA – The Court of Appeals (CA) has ordered the reinstatement of a government daycare worker who was dismissed for failing to file a liquidation report on her PHP12,000 cash advance for travel expenses. The decision written by Associate Justice Marilyn Lagura-Yap and recently published online stated that the CA 20th Division absolved Samar native Ma. Rosario L. Achazo of gross neglect of duty.

“At first glance, Achazo might have dug herself into a hole by failing to comply with the Ombudsman's directives for her to file (a) counter-affidavit and position paper. However, such failure can be attributed to her mistaken belief that Pinabacdao's Office of the Municipal Accountant had

SUN 3.0 RISES FOR FILIPINOS – A CALL FOR INTENSIFIED NUTRITION ACTIONS

MANILA– The Scaling Up Movement(SUN) 3.0, the third phase of the United Nations-established movement, calls for accelerated results to eliminate all forms of malnutrition by 2030. In the launch of the SUN 3.0 strategy in the Philippines, stakeholders from the SUN Networks including government, civil society, business sector, academe and donors committed to enhance leadership and country-ownership of nutrition actions to achieve results. In 2014, the Philippines became the 51st country to join the SUN Movement which has now grown to include 63 countries. The National Nutrition Council Governing Board approved the Philippine registration to the SUN Movement to gain support from other SUN member countries and international development partners, and the United Nations agencies in improving the nutrition situation of the country and in harmonizing existing strategies to ensure effective implementation in order to achieve nutrition targets. NNC Executive Director Dr. Azucena Milana-Dayanghirang who is also a Member of the SUN Global Executive Committee representing the Asia and Papua New Guinea region and the SUN Country Coordinator for the Philippines, explains how the new strategy is different from the previous strategy, “From an advocacy and process mode, the cur-

rent SUN strategy focuses on results and outcomes, expanding its focus on undernutrition to include also overweight and obesity. The new strategy emphasizes country-led nutrition action plans through SUN Country Coordinators while at the same time as a multi-country movement, there is synergy in terms of priorities for action and greater accountability and collaboration.” In his opening message, Health Secretary and NNC Governing Board Chairperson Dr. Francisco T. Duque III expressed his hopes that the launch will help gain stakeholder's support to prioritize, invest and sustain nutrition and nutrition-related interventions and those efforts will be harmonized and streamlined to achieve goals for nutrition. Secretary Duque added that “it is paramount that we all exert efforts in finding ways to enable all Filipinos to have continuous access to nutritious food and avail of health and nutrition services according to recommended standards, contributing to the achievement of the goals of the Philippine Plan of Action for Nutrition, and the Universal Health Care. That is why I urge you to align with the SUN Movement so we can all work together to provide all Filipinos quality care and improved lives that we all deserve.” UN Assistant Secretary General and SUN Global Coordinator Ms. Gerda Verburg graced the Philippine launch as moderator of the panel discussion among representatives of the 2 Philippine SUN Networks from government, civil society, donors and business. She fostered discussions and exchange on how the SUN 3.0 can be applied to catalyze the achievement of the Movement's vision in the Philippines. Cabinet Secretary Atty. Karlo Alexei Nograles gave the inspirational message. He was also appointed by the NNC Governing Board to serve as SUN Philippines Adviser early this year. The launch was capped with a message from UNICEF Philippines Representative Oyunsai Khan Dendevnorov who said that “Challenges remain which may roll back many years of progress and strides we have made for nutrition. But your presence here today signals our pursuit for continued SUN efforts to achieve the goals we have set.” The online SUN Movement 3.0 Philippine launch was organized by the NNC on 02 June 2021. More than 500 participants attended the event. **PR**

already submitted all the relevant documents pertaining to the liquidation of her cash advances,” the court said.

The CA also noted that the charge occurred in 2010 and 2011 but the case was brought forth only in 2016.

“As such, Achazo's delay and difficulty in securing the relevant documents is understandable,” the tribunal ruled.

The CA ordered Achazo reinstated to her former or equivalent position, without loss of seniority or diminution in her salaries and benefits.

In addition, the court ordered that she be paid her salary and other emoluments corresponding to the period she was out of the service. **(PNA)**

BACOR CITY GRANT SM CITY BACOR AND SM CITY MOLINO SAFETY SEALS

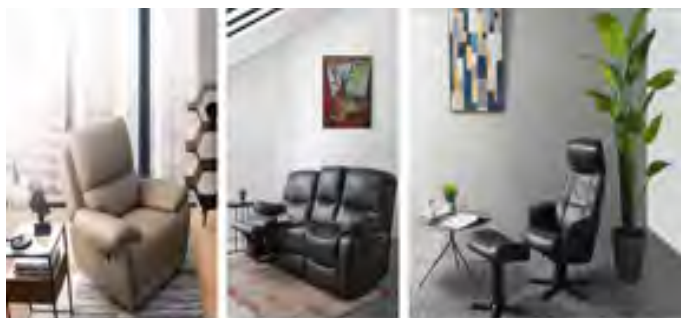

SM CITY BACOR, SM CITY MOLINO, CAVITE – Proving that the shoppers' safety is their priority, SM City Bacoor and SM City Molino was recently awarded their Safety Seal Certification from Bacoor Local Government Unit. Authorities inspected the mall and their tenants on their strict reinforcement of standard health protocols imposed by the government for the safety of the mallgoers and the public as they shop for their essentials and other needs. The seal is expected to boost consumer confidence and provide additional capacity on work force as these establishments may add government approved operating capacity on stores to accommodate more customers and give more opportunities for employees to work provided that they will continue to strictly comply with the health guidelines. Commended with their safety protocol implementations, the two malls were cited for the best practices on minimum health standards such as use of safety tracing apps, installing equipped areas for screening or triage, handwashing stations, strict observance of physical distancing and installation of safety signage, employing proper ventilation to help prevent viral contagion, and regular disinfection. Shoppers were also reminded on the proper wearing of facemasks and face shields as required by the National Government. The Safety Seal is valid for 6 months and can be renewed, revoked, or reinstated based on the findings of the committee.

ILOCOS NORTE KANLUNGAN NG PAGSASANAY SA SPORTS

Nalutas ng ILOCOS Norte ang pagpapalakas ng reputasyon nito hindi lamang bilang nangungunang sports-turismo sa kabisera ng hilaga, kundi pati na rin sa buong bansa.

Pinatunayan ng probinsya ang kanyang sarili bilang isang ligtas na kanlungan para sa mga koponan upang sanayin, alinman sa propesyonal o sa mga mula sa delegasyon ng Pilipinas, kahit sa oras na ito ng pandemya na parami nang parami ang naghahanap ngayon na maglakbay sa rehiyon at gaganapin ang kanilang mga bubble.

Ang mga koponan ng PBA na TnT Tropang Giga at Meralco ay kasalukuyang nasa kanilang pangalawang bahagi ng bubble training sa kabiserang lungsod ng Laoag kung saan nagsasagawa sila ng mga scrimmage sa Laoag Centennial Arena, habang ang mga kalalakihan at pambabae na mga beach volleyball team ay nagsasanay na rin sa halos isang buwan ngayon sa Villa Del Mar sa Saud beach sa Pagudpud, na sinabi ng Gobernador ng Ilocos Norte na si Matthew Manotoc na pinangalanan kamakailan bilang nag-iisang beach ng Pilipinas na isinasama sa Most Beautiful Beaches sa World of Travel and Leisure.

"Itong bubble naging opportunity nga, medyo malayo na kami, but it's also very safe, and the facilities are quality naman. At sa isang paraan, napakinabangan natin iyon. It would be sulit their trip," said Manotoc, making his first ever guest appearance in the weekly Philippine Sportswriters Association (PSA) Forum online edition Tuesday.

Tuwang-tuwa ang Philippine National Volleyball Federation (PNVF) sa pananatili ng mga beach volleyball team na pinaplano ng asosasyon ni Pangulong Ramon 'Tats' Suzara na ipadala ang mga lalaki at pambansang panloob para sa isang hiwalay na kampo ng pagsasanay simula sa Hunyo 15 habang naghahanda sila para sa darating na 31st Southeast Asian Games.

Ang iba ay nakatakang sumunod din, ayon kay Manotoc, anak ng champion golfer at basketball coach na si Tommy Manotoc at Senador Imee Marcos, kabilang ang handball team.

"Sana, mas marami kaming masalubong. Kami ay ligtas at komportable na patutungo-

han," ayon sa gobernador sa parehong sesyon na ipinakita ng San Miguel Corporation (SMC), MILO® Philippines, Amelie Hotel Manila, Braska Restaurant, at ng Philippine Amusement and Gaming Corporation (PAGCOR).

"Nais naming maitaguyod ang Ilocos Norte bilang sports turismo sa kabisera ng hilaga. Kung mayroong anumang interesado at mayroon kaming mga pasilidad, lahat ako para dito. Ang tootong hilig ko ay palakasan."

Kahit na pre-pandemic, nag-host ang Ilocos Norte ng ibang mga pambansang koponan sa paghahanda nila para sa mga international meet tulad ng canoe kayak squad na nagsanay sa Paoay Lake para sa 2019 SEA Games sa Manila.

At sa pagdagas ng mga kaso ng COVID-19 noong nakaraang taon, ang palakasan ay hindi nag-hit sa lalawigan, ayon kay Manotoc, na kasosyo din kay Marvin Espiritu bilang mga ahente ng palakasan ng Espiritu-Manotoc Basketball Management (EMBM).

"Nag-host kami ng tatlong yugto ng Ilocos Cycling Tour lahat sa COVID-19 pandemic. Walang untoward na insidente na nangyari," sabi ng gobernador, na nagdagdag ng higit sa 800 katao na lumahok sa hulig yugto.

"Naging matatag akong tagasuporta ng pagpapatuloy sa sports kahit na may COVID. Sa akin ito ay kasing kahalagaan ng edukasyon," sinabi ni Manotoc sa parehong Forum na pinalakas ng Smart at Upstream Media bilang opisyal na kasosyo sa webcast.

"Nag-lobby ako para sa mga klase ng harapan at nag-lobby din ako para sa ilang uri ng mga aktibidad sa palakasan para sa bawat tao dahil kailangan na kailangan natin ito."

Sinabi ni Manotoc na ang lalawigan ay maaari ding maging isang silungan ng pagsasanay para sa mga palakasan sa tubig tulad ng pag-surf kasama ang malawak na mga beach at lawa nito pati na rin ang pagbisikleta, at marathon.

Inaanyayahan din niya ang pagho-host sa hinaharap tulad ng mga international meet tulad ng Asian Beach Games.

"Hangga't maaari nating gampanan ang ating mga responsibilidad at kinakailangan, sapagkat dahil alam nating napakahalaga ng sports turismo," dagdag ni Manotoc.

PSC naglaan ng P46-M para sa koponan ng PH na tutungo ng Tokyo Olympics

Ang Philippine Sports Commission (PSC) ay nagtatalaga ng P46.230 milyon upang palakasin ang medalya ng bansa sa darating na Tokyo Olympics.

Ang halaga ay naaprubahan sa pagpupulong ng PSC board batay sa panukalang badyet ng Philippine Olympic Committee (POC).

Sinabi ni PSC Chairman Butch Ramirez na masayang tanggapin at aprubahan ng ahensya ng palakasan ang kahilingan ng POC, na inulit ang pa-

ninindigan ng gobyerno na suportahan ang pagsisikap ng pambansang koponan na dalhin ang pinakamagaling na contingent na posible sa Tokyo Olympics.

Sakupin nito ang international airfare, hotel at tirahan at allowance ng mga atleta at opisyal pati na rin ang pagsubok sa Covid-19 bago umalis, gastos sa quarantine ng hotel at para sa paggamot ng Covid-19, paglalakbay at pagpapabalik ng buong delegasyon ng Pilipinas.

Ang panukala ng POC ay hindi kasama ang mga gastos para sa iba pang mga item tulad ng mga watawat, flaglet at pin, maleta, uniporme ng parada na kakailanganin kung mayroong pagbubukas at pagsasara ng parada.

Ang tulong na PHP46.230-milyon ay napapailalim pa rin sa pagsasaayos batay sa aktwal na pakikilahok ng mga atletang Pilipino, coach, at opisyal sa Tokyo at sa mga patakaran sa accounting at audit.

Sa ngayon, siyam na atletang Pilipino ang opisyal na naging kwalipikado na

pinagbibidahan ng pole vault ace na sina EJ Obiena, weightlifter Hidilyn Diaz, gymnast Carlos Yulo at boxers na si Nesthy Petecio, Carlo Paalam, Irish Magno at Eumir Marcial, taekwondo jin Kurt Barbosa, at rower Cris Nievarez.

Japan tuloy sa Tokyo Olympics

Ang Japan ay nanumpa sa pagpapatulky ng Tokyo Olympics sa gitna ng pagtutol na ang pinakamalaking mga laro sa buong mundo ay dapat na maantala dahil sa Covid-19 pandemya.

"Nais kong magpadala mula sa Japan ng isang mensahe na hinarap ng mundo ang mga paghihirap na dulot ng coronavirus at nadaig sila sa pamamagitan ng pagsasama," sinabi ng Punong Ministro na si Yoshihide Suga sa parlyamento.

Sinabi ni Suga na babawasan pa ng kanyang gobyerno ang bilang ng mga opisyal ng Olimpiko, manggagawa at miyembro ng press na papasok sa Japan para sa paligsahan mula sa mga banyagang bansa, iniulat ng Tokyo-based Kyodo News.

Sa paunang plano na gaganapin sa 2020 tag-araw, ang Tokyo Olympics ay naantala ng isang taon dahil sa pandemya na pinilit ang mga gobyerno na isara ang mga hangganan upang pigilan ang pagkalat ng mga impeksyon.

Pagpapatupad ng mas mahigpit na mga hakbang upang pagpapalitan ang pagkalat ng impeksyon dahil sa Tokyo Olympics nang magsimula ito ngayong Hulyo, pinagbawalang ng mga tagapag-ayos ang mga internasyonal na bisita na dumalo sa mga laro sa Japan.

kapwa golfers na sina Bianca Pagdanganan at Juvic Pagunsan na gupitin at sumali sa Team Philippines sa Hulyo 23-Ago. 8 Mga Larong Tag-init pati na rin ang skateboarder na si Margielyn Didal.

Lahat sa kanila ay tina-target na makuha ang kaunahanang gintong medalya ng bansa sa Olimpiko.

Ang mahigpit na mga hakbang sa kalusugan ay nasa lugar para sa mga kalahok sa buong mga laro upang maiwasan na makipag-ugnay sa impeksyon habang ang sistema ng pagpaposisyon ng buong mundo ay gagamitin upang masubaybayan ang paggalaw ng mga kalahok upang mahuli ang mga pandemik na breaker ng protocol.

Nauna nang binalak ng Japan na payagan ang 180,000 mga bisita ngunit ang bilang na iyon ay nahati.

"Ang pangangalaga sa buhay at kaligtasan ng mga tao ang aking responsibilidad," sabi ni Suga, na namumuno sa naghaharing Liberal Democratic Party.

Gayunpaman, si Yukio Edano, ang pinuno ng pangunahing oposisyon na Constitutional Democratic Party ng Japan ay sumagot kay Suga sa parlyamento: "Hindi ka makakabawi ng buhay sa oras na mawala sila. Ang pulitika ay hindi maaaring managot sa nawawalang buhay, at ang punong ministro ay hindi sapat na alam ito."

Nangako din si Suga na bakunahan ang lahat ng mga mamamayan ng Japan sa Nobyembre. Ang bansa ay nag-ulat ng 765,619 mga kaso ng coronavirus, kabilang ang 13,743 pagkamatay, sa ngayon.

BINAHAGI sa online weekly forum ng PSA ni Ilocos Norte Governor Matthew Manotoc ang kanyang pahayag kaugnay ng pagnanais na ang Ilocos Norte ay maging bilang sports turismo sa kabisera ng hilaga. Maging ang paghihikayat nito sa mga sports hosting pang international man ito b local. Dahil sa may mga pasilidad namang sasapat. Kaugnay nito ay hakatakdang ng magsanay ang kampo ng Philippine National Volleyball Federation (PNVF) ni Ramon Tats Suzara ngayong Hunyo 14 para sa 31st Southeast Asian Games. (RGN)

“PERA NA, MAGIGING BATO PA”

Hinihimok ni **Senator Risa Hontiveros** ang **gobyerno na bilisan ang disbursement ng Bayanihan to Recover as One Act (Bayanihan 2) bago matapos ang buwan.**

Dismayado ang senador sa mabagal na paggasta ng Bayanihan 2, na sa katunayan ay mae-expire na dapat noong December 19, 2020. Ngunit na-extend pa ito hanggang June 30, 2021. Wala pang balita kung magkakaroon ng special session para talakayin ito.

“Pera na magiging bato pa. Ilang araw na lang, mag-e-expire na ulit ang pondo, pero sa sobrang bagal ng paggasta, dalawang beses nang nabigyan ng chance. Habang nakatengga yan, parami nang parami ang nangangailangan sa ilalim ng krisis. Kailan pa natin balak gamitin ang perang yan?” tanong ni Hontiveros.

Noong December 2020, 47% pa lamang ang na-obliga ng Department of Health (DOH), sa P12.5b nitong alokasyon sa Bayanihan 2. Sa laboratory testing at human resources for health personnel napunta ang gastos.

Dagdag pa ng senadora, ayon sa Department of Budget and Management (DBM), sa ilalim ng Bayanihan 1 at 2, P495,060,547,684 na ang nagastos para sa pandemya, at ang malaking parte ng pinagkagastusan ay ang mga medical supplies, services, at financial aid. Ngunit 75.76% pa lamang yan ng kabuuang pondo. Sa Bayanihan 2 pa lamang, may P127,155,172,328 pang hindi nagagamit.

“Kulang na kulang na nga ang Bayanihan 2, ha-hayaan pang mag-lapse? Bilis-bilisan dapat ang implementasyon ng mga programa. Kung maaari, bawasan na rin ang napakahabang listahan ng requirements para agarang maibigay ang ayuda,” dagdag pa niya.

Ayon kay Hontiveros, dapat nang ilabas ang mga nawawalang report ng pondo upang mas mabilis na makapagdesisyon ang bansa pagdating sa paggasta para sa pandemya. Makakatulong aniya ang maayos na reporting bago talakayin ang budget para

sa 2022.

“Bago man lang sana pag-usapan ang 2022 budget, sagutin muna nila kung saan na napunta ang Bayanihan 2. January 2021 pa ang huling report na nai-file ng Malakanyang sa Bayanihan 2. Nasaan na ang iba pang weekly reports para sa transparency at accountability?” sabi ni Hontiveros.

Dagdag pa nya, kahit ang mga report ng DBM ay hindi rin kumpleto.

“Mayroong April 15, 2021 report on obligation and disbursement ang DBM. Pero hindi nito dinetalye kung ano ang nahita ng bayan sa pag gastos. Wala ring paliwanag kung bakit hindi umaandar ang ibang programs,” ani ng senador.

“Wala sa DBM report noong Abril ang tungkol sa service contracting, kung saan less than 10% pa lamang ang naipapamahagi. Ibig sabihin, halos wala pang disbursements. Absent din sa DBM reports ang accounting ng funds na inilagay ng Bayanihan 2 sa Land Bank, nung Pebrero lang,” giit ni Hontiveros.

Noong nakaraang buwan, naghain ang senador ng isang resolusyon para sa special audit ng COVID funds. Ang Senate Resolution No. 710 ay para sa audit ng Bayanihan 1 at 2.

“Nakahain ang panukala ko para sa audit ng mga pondo para sa COVID. Dito magkakaalaman kung ‘excellent’ talaga ang response ng gobyerno. An ‘adequate’ response means consistency on the part of the administration at makatotohanang pag-uulat sa bayan. Kumpleto dapat ang reports at walang pagmamasaha ng datos,” diin ni Hontiveros.

Ayon pa sa senador, patuloy na gagampanan ng Senado ang oversight functions nito sa COVID emergency funds.

“Why the need to hold these funds? Hindi ba natin ginagastos nang tama kaya ang dami pa ring natitira? Makikita natin ang sagot kung magsa-submit sila ng pinapangako nilang weekly reports. I do hope we in the Senate will continue to exercise oversight. Patuloy nating bantayan ang paggastos ng administrasyon nitong pondo para sa COVID-19,” aniya. **PR**

Legarda: Conservation of the coral reefs important in sustaining life and livelihood of Filipinos

IN observance of the Coral Triangle Day, three-term Senator, now Deputy Speaker Loren Legarda stressed the importance of conserving and preserving the country’s coral reefs to sustain the basic needs of Filipinos and promote livelihood.

“Beyond aesthetics, the degradation of coral reefs directly affects our daily lives, specifically our health, food supply, and livelihood. Thus, we have to continuously educate our people about its vital role in the continuity of life in the sea,” Legarda said.

“They protect coastlines from wave and storm erosion and function as nurseries and habitats for thousands of marine species. It is estimated that one square kilometer of healthy coral reef can support as much as 35 metric tons of live fish,” Legarda added.

The Philippines takes pride in having the second largest coral reef environment in Southeast Asia, which is home to a diverse number of species. According to the Bureau of Fisheries and Aquatic Resources (BFAR), the Philippines has 915 reef fish species and more than 400 scleractinian coral species, 12 of which are endemic. However, destructive fishing practices and improper waste disposal contribute to the massive reef degradation that affects the abundance and health of the marine life.

“Our country, an archipelago located within the coral triangle, is blessed with a very rich biodiversity characterized by extensive coral reefs, sea grass beds and dense mangroves. Unfortunately, our overdependence on our seas and on our natural environment, has greatly contributed to the worsening state of the country’s marine ecosystems, which has not only led to the extinction of marine species, but has also been detrimental to the state of the environment, of the sources of our food supply, livelihood and even related industries such as

tourism and trade,” Legarda lamented.

The three-term Senator said that waste management problem was even magnified by the need of Filipinos for take-out orders and online deliveries during the imposition of community quarantines, and the need to use disposable face masks and other personal protective equipment following health protocols to minimize contamination and further spread of the COVID-19 virus.

Just recently, news reports showed plastic wastes found in the belly of a fish bought in a market in Puerto Princesa City, Palawan. “With many Filipinos having to resort to take-out orders and deliveries that commonly use disposable plastic containers and utensils to prevent the spread of the virus, millions of single-use plastics are irresponsibly disposed of, adding up to the proliferation of plastic waste that could lead to an even greater environmental and public health crisis in the future,” Legarda said.

Legarda, author of landmark environmental laws such as the Ecological Solid Waste Management Act (RA 9003), is co-author of House Bill No. 9147 or the Single-Use Plastic Products Regulation Act in the House of Representatives that mandates the phased regulation of single-use plastic production, importation, distribution and use in the country. Legarda further stated that for the country to effectively attain economic growth and climate-resilient development, the protection and conservation of the environment should be mainstreamed in the government’s development agenda.

“We need our seas for us to live, for us to sustain our basic needs and for us to improve the nation’s growth and development. Coral rehabilitation would actually be the best poverty-alleviation measure which will supply food for all Filipinos and promote more livelihoods and income. The environment is threat-

New policy sets mining exploration period’s automatic renew

MANILA – The Department of Environment and Natural Resources (DENR) is targeting to facilitate the continuity of mining exploration projects in the country.

A still-unnumbered and soon-to-be-published DENR Administrative Order (DAO) will provide guidelines for automatic renewal of the exploration period covering such projects and timely declaration of mining project feasibility under various mining tenements, noted Mines and Geosciences Bureau (MGB) Mining Tenements Management Division OIC chief Danilo Deleña.

He said the DAO will cover all exploration permits and mineral production sharing agreements, financial or technical assistance agreements, and other similar mining tenements under the exploration stage.

“That DAO’s issuance aims to ensure continuous conduct of exploration activities by all permittees, contractors and other holders of mining tenements,” he said Tuesday during the virtual MGB stakeholders’ forum on government mining policies.

The existing renewal process is for parties concerned to submit all required documents and pay the renewal fee so MGB can evaluate their applications and approve these if justified, he noted.

He said MGB has been studying how to facilitate

ened by the pressures of modern society and by the effects of the COVID-19 pandemic. As we depend on our marine environment and its resources, let these crises challenge all of us to be actively involved in the conservation and preservation of our coral reefs,” Legarda concluded. **PR**

the process as several mining stakeholders already clamored for this, citing difficulty in complying with renewal requirements.

“The DAO answers their clamor,” he said.

Such DAO will still require mining stakeholders concerned to pay the renewal fee and MGB to review their applications, he added.

Unlike the existing renewal process, he said documentary requirements in the DAO are minimal but stakeholders concerned must submit these 60 days before their respective exploration periods expire.

“If all’s well with their applications, they’ll be automatically renewed,” he said.

According to Deleña, preparations are already underway for the DAO’s publication in a newspaper of general circulation and submission to the University of the Philippines Office of the National Administrative Register.

“We’re hoping to have the DAO published in a few days,” he said.

MGB said of the Philippines’ total land area of 30 million hectares, some nine million hectares have high mineral potential.

However, only 2.42 percent of the country’s total land area was covered by mining tenements as of May 31, 2020, noted MGB.

The country’s primary mineral commodities are gold, nickel and nickel products as well as copper, MGB said.

Available MGB data showed mining contributed some PHP102.3 billion to the country’s gross domestic product last year. National and local taxes, fees, and royalties from mining totaled PHP25.52 billion during the said period, MGB added. **(PNA)**

APOSTILLE, PASSPORT APPLICANTS WARNED A NEW VS. SCAMMERS

MANILA – Apostille and passport applicants are warned against unauthorized private entities offering appointment schedules on behalf of the Department of Foreign Affairs (DFA).

An Apostille is a certificate that authenticates the origin of a public document. It is issued by a country that is party to the Apostille Convention to be used abroad.

"The DFA reiterates that it does not use Facebook or any other social media network to offer or confirm passport application appointments nor has it authorized any company or individual to offer and accept passport appointment scheduling on the Department's behalf," the agency said in an advisory on Tuesday.

The DFA said those who accept these individuals' services run the risk of not getting an authentic appointment or encountering issues with their passport application, aside from incurring additional expenses.

DA ASSISTS PINEAPPLE GROWERS WITH NEW FREE ILLUSTRATIVE GUIDE

MANILA – As more Filipinos are drawn to farming, the Department of Agriculture- Bureau of Agriculture and Fisheries Standards (DA-BAFS) released another one of its illustrative guides (IG), this time for growing pineapples, to encourage more participation.

The guide, which is accessible online, was created through the collaboration of the DA Technical Services Division and Technical Working Group, the academe, other government institutions, and the private sector.

The pineapple IG is one of DA-BAFS' commitment to promote uniform understanding and interpretation of the Philippines National Standards (PNS) through the development of knowl-

edge products that will increase efficient implementation. With the use of supplementary photographs and images, the IG for Pineapple explains PNS provisions on minimum requirements, classifications, pre-harvest and post-harvest defects, packaging, marking, and labelling.

DA said the guide will support the Philippine pineapple industry by guiding the farmers in ensuring the quality of their products and maintaining local and global competitiveness.

The illustrative guide can be downloaded at <http://bit.ly/IGPineapple2021>. Pineapples aid digestion, boost immunity, and speed up recovery from surgery because of its Vitamin C content. **(PNA)**

es. "The public is strongly advised to ignore offers from these companies or individuals and to use only the official passport appointment system maintained by the DFA," it said. Consular services can only be made through DFA's official appointment systems, namely www.passport.gov.ph/appointment for passport applications and <https://co.dfaapostille.ph> for apostille applications. However, senior citizens, persons with disabilities, OFWs, and other qualified individuals may set their appointment using the courtesy lane facility by sending an email to oca.cl@dfa.gov.ph or the email address of the nearest Consular Office (CO). While the coronavirus pandemic is ongoing, the agency assured the public it is "working hard" to open additional appointment slots but without compromising the health and safety of the applicants and its personnel. **(PNA)**

New baseline law most efficient option to enforce Arbitral Award

MANILA – Enactment of a new baseline law is the most efficient option to enforce the five-year-old South China Sea Arbitral Award won by the Philippines in its maritime dispute with the People's Republic of China.

This, according to retired Supreme Court (SC) Justice Francis Jardeleza in a one-page letter to President Rodrigo R. Duterte dated June 5

"We respectfully submit that the best, most efficient, and practical option to enforce the Award is to... legislate a new Baselines Law, consistent with the [Arbitral] Award," he added in an online press conference Monday.

Jardeleza said the proposed law will amend Republic Act 9522, the current baselines law, to specifically name and identify the maritime features in the West Philippine Sea claimed or occupied by the country.

Under international law, legislation is an act of sovereignty that establishes territorial title.

Jardeleza, however, said the national legislation claiming sovereignty and sovereign rights must name the contested individual maritime features.

"Our proposed law does that thus, constituting an act of sovereignty in relation to each feature," he added.

Jardeleza also urged the President to certify the bill as urgent, as passing the new baselines law "is the most inexpensive and yet most effective means of enforcing the Arbitral Award and strengthening our territorial and maritime rights in the West Philippine Sea."

The West Philippine Sea straddles maritime areas on the western side of the Philippine archipelago, including the Luzon Sea as well as the Kalayaan Island Group and Bajo de Masinloc, also known as Scarborough Shoal.

The proposed law identifies at least 100 maritime features in the West Philippine Sea.

Of these features, 35 are said to be rocks or high tide features that generate a territorial sea and a contiguous zone.

Jardeleza, who retired from the SC in 2019, was Solicitor General and agent of the Republic of the Philippines in the successful arbitral proceedings against China under the United Nations Convention of the Law of the Sea.

The Arbitral Award, which will mark its fifth year anniversary next month, invalidated the expansive Chinese Nine-Dash Line claim.

But since it was handed down on July 12, 2016, by the United Nations Convention on the Law of the Sea (UNCLOS) tribunal, many sectors in the Philippines have remained divided on how to secure its gains.

Worse, Jardeleza said, there had been a serious misunderstanding of the true import of the Award that threatens its biggest achievements.

The former SC justice was assisted by international law academics -- Dr. Melissa H. Loja and Prof. Romel Regalado Bagares -- in drafting the proposed bill.

Jardeleza added that over the weekend, he had requested Presidential Spokesperson Harry Roque to hand-carry his letter to the President.

Light of day In the online conference, the three proponents explained that if the new baseline law sees the light of day, it "ensures that the Philippines is the first claimant [over the Spratly chain of islands] to legislate the individual names and baselines of the claimed features."

They said previous Philippine laws had dealt with the Spratlys as a single unit or an archipelago, without identifying and naming the features found within.

The UNCLOS Tribunal, however, declared that no littoral state can claim the area as such. Instead, it held that the maritime features in the area must be treated individually, with some of them being rocks able to generate a territorial sea.

Moreover, a number of these rocks are found in the Philippine Exclusive Economic Zone, including Bajo de Masinloc. These features remain contested.

"As some of these rocks and their territorial seas are occupied by a foreign state, it is necessary to delineate where the contested territorial sea ends and where our uncontested EEZ begins," they said.

Philippine Maritime Features of the West Philippine Sea Act Jardeleza's proposed baseline law, if enacted, shall be known as "Philippine Maritime Features of the West Philippine Sea Act".

"This Act applies to the maritime areas on the western side of the Philippine archipelago collectively named as the "West Philippine Sea" under Administrative Order No.

29, Series of 2012. These areas include the Luzon Sea as well as the waters around, within, and adjacent to the Kalayaan Island Group and Bajo de Masinloc, also known as Scarborough Shoal," the proposed law read.

One of its most important features states that the Philippines has sovereignty, sovereign rights, and jurisdiction, as appropriate, over the following identified maritime features in the West Philippine Sea, without prejudice to other such features that will be discovered or established as part of the Philippine sovereignty or jurisdiction in the future.

The proposed law states that the breadth of the territorial sea adjacent to the coast of each island shall extend to a distance of twelve nautical miles measured seaward from the baselines.

"The breadth of the contiguous zone shall extend to a distance of 24 nautical miles from the baselines from which the breadth of the territorial sea is measured," it further read.

It added that the Philippines adopts the following baselines of each identified offshore rock or high tide feature within the West Philippine Sea, without prejudice to the determination of the baselines of other such maritime features over which the country has

sovereignty and jurisdiction in the future.

It also highlights the rights of the Philippines over the territorial sea and contiguous zone of each maritime feature identified in this Act, as may be applicable, shall be exercised in accordance with Philippine laws and international law, particularly the United Nations Charter and the UNCLOS.

The proposed law also states that provisions of Presidential Decree No. 1596, Republic Act No. 9522 and Republic Act No. 3046, as amended by Republic Act No. 5446, and all other laws, decrees, executive orders, rules, judgments, and issuances inconsistent with this Act are hereby amended or modified accordingly.

It also states that the National Mapping and Resource Information Authority (NAMRIA) shall produce and publish charts and maps of the Philippines reflecting this Act, within six months of its effectivity.

"All departments, subdivisions, agencies, and instrumentalities of the Government shall use and employ the designations of the maritime features named and identified in this law in all communications, messages and public documents, to popularize the use of such designations in the general public, both domestically and internationally," it added. **(PNA)**

DILG to LGUs: Ensure regular updating of COVID-19 data in VMS

CALOOCAN CITY (PIA)

-- Department of the Interior and Local Government Spokesperson and Undersecretary Jonathan E. Malaya has urged local government units (LGUs) to ensure regular updating of their respective COVID-19 data in the Vaccine Monitoring System (VMS) as this will give the true scope of the national COVID-19 vaccination program.

Malaya said LGUs should expedite encoding the needed information to the system so that the national government can make informed decisions on where to deploy the next round of vaccines or send additional manpower to help out in the vaccination program.

"Napakahalaga na updated ang mga impormasyon sa inyong mga lugar para alam ng national government kung mayroon pa

kayong supply ng bakuna, ilang tao na ang nabakunahan at ilang libo ang babakunahan pa, o kaya kailangan ba naming mag-deploy ng karagdagang tauhan para tumulong sa pagbabakuna sa mga lugar ninyo," he stressed.

In a report submitted by the DILG Central Emergency Operations Center (EOC), only 444 (27.17 percent) of the total 1,634 cities and municipalities have completed encoding their data to the VMS.

Of this number, however, around 1,190 LGUs have failed to update their data.

Malaya said that failing to update information on VMS could lead to low vaccination level, inaccurate deployment of supply, or worse, vaccine irregularities like the alleged slot-for-sale scheme. **(PIA NCR)**

SC CLEARS SHERIFF IN AUCTION BID CASE

MANILA – A court sheriff has been cleared by the Supreme Court (SC) in an administrative case for alleged abuse of authority.

In a recent resolution, the SC's Second Division dismissed the complaint against Manila Regional Trial Court sheriff Sean Raphael Alhambra regarding an auction bidding, noting that in the absence of factual or legal basis for the charge, the case must be dismissed.

The complainant, Mary Magdalene Cerrada, charged Alhambra of abuse of authority in connection with the sale of two real properties owned by Jimmy Go.

Cerrada claimed the sheriff did not accept her bid on the day of the auction even if she was there. She said she was told the auction was over.

Despite her insistence, the

sheriff refused to accept her bid, prompting her to claim that the auction sale was rigged and that her name was not on the list of bidders.

The sheriff countered he promptly informed all parties including the complainant, who introduced herself as Go's sister, they had until 2 p.m. to submit sealed bids.

When the final call for bidding lapsed and as the sheriff was writing the summary of the minutes, the complainant arrived.

The sheriff declined and explained that the bidding had already ended.

Two lawyers who took part in the bidding and submitted the prevailing bid of PHP2.7 million, Luz Panganiban and Jacob Ballos, asked the complainant to show her bid and open her envelope to prove that it contained a check amounting to her purported bid of

CHAIRMAN'S CUP, KASADO! OTB, APRUB SA IATF!

Naglabas ang Philippine Racing Commission ng listahan ng mga nominadong kabayo para sa 2021 Philracom "Chairman's Cup" na gaganapin sa Hunyo 20 at ilalarga sa karerahan ng Metro Manila Turf Club sa Malvar-Tanauan City, Batangas. Ang prestihiyosong pakarera ay lalahukan ng labing anim (16) na dekalibreng kabayo na kinabibilangan nina 2020 "Triple Crown" champion na si Heneral Kalentong, reigning "Presidential Gold Cup" ruler na si Pangalusian Island at ang 2021 "Commissioner's Cup" champion horse na si Super Swerte. Sasabak din sina Shanghai Grey, Big Lagoon, Toy For The Bigboy, Spandau Ballet, Sky Shot, Boss Emong, Princess Eowyn, Son Also Rises, Great Wall, Black Burn, Patong Patong, Prime Time Magic at Eugene Onegin. Ang mga nominadong kalahok ay maglalaban sa distansiyang 1,800 meters. May nakalaan na P2M guaranteed prize para sa unang anim na kabayong tatawid sa meta. Magkakamit ang mananalo ng P1.2M, P400,000 naman ang kukubrahin ng 2nd placer, habang P200,000 para sa 3rd placer at P100,000 para sa 4th placer, P60,000 ang mapupunta sa 5th placer at P40,000 naman para sa 6th placer. Tatanggap din ang breeder ng winning horse ng P100,000 na premyo mula sa tanggapan ng Philracom. Samantala, aprubado na ng Inter-Agency Task Force (IATF) ang limitadong pagbubukas ng mga Off-Track Betting stations (OTB) ng Philippine Racing Commission. Ito ay inanunsiyo ni Presidential Spokesman Harry Roque matapos ang pulong mula sa IATF. Gayunpaman, nilinaw ng opisyal na limitado lang sa pagbebenta ng tiket ang operasyon ng karera sa mga lugar na nasa General Community Quarantine (GCQ). Ibig sabihin ay bawal pa rin manuod at tumambay ang mga mananaya sa mga OTB. Ayon sa kalihim ay kailangan pa rin sundin ang minimum health standard sa pagbebenta ng tiket sa karera. Naglabas naman ang Games and Amusement Board ng listahan ng mga OTB's na pinayagan na mag-operate sa ilang lugar kabilang ang Bulacan, Caloocan, Cavite, Laguna, Las Piñas, Malabon, Mandaluyong, Manila, Marikina, Muntinlupa, Pasay, Parañaque, Pateros, Quezon City, Rizal, San Juan, Valenzuela at Batangas.

MARTYRS' DESCENDANTS UNDERTAKE RESTORATION OF HISTORIC BELLS

Trece Martires, Cavite (PIA) – The historic church bells in the belfry of the Parish of St. Michael The Archangel in the City of Bacoor are the subject for restoration agreed upon by the descendants of Padre Mariano Gomes and Don Lorenzo Cuenca, under the guidance of the Most Reverend Bishop Reynaldo Evangelista of the Diocese of Imus and Reverend Father Melencio Sandoval of the Parish of San Miguel Arkanghel.

The restoration which will be done at the Royal Bells Philippines is consequential to the commemoration of the 197th Anniversary of the Arrival of Padre Mariano Gomes in Bacoor and in preparation for the upcoming 270th Anniversary of the Parish of St. Michael, the Archangel, and the National Commemoration of "GomBurZa 150: Legacy of Service and Dedication" in 2022.

The first bell, the Remedios Bell is the oldest existing church bell in the city which was said to be the gift by Don Lorenzo de Cuenca to the parish church before it was separated from the parish of the Cavite El Viejo Church.

It was dedicated by the Cuenca family to their antique image of the Nuestra Señora de los Remedios. In 1756 it was redesigned and the name of San Miguel Arkanghel, Bacoor city's patron saint was added. This took place during the term of the church's first parish priest, Father Jose Jimenez.

Meanwhile, the San Caralampio Bell was built by Father Mariano Gomes while he was parish priest of Bacoor. It is also known as the "Kampanang Gala" because in the 19th century, Padre Gomes brought it in various towns in Cavite that were hit by the cholera epidemic and the death of crops due to the severe summer heat. This church bell toll whenever a person from Bacoor died during the Spanish Flu pandemic of 1918.

The San Caralampio Bell was also rung on the bell

tower of the Bacoor church on the morning of February 17, 1872 when Padre Mariano Gomes and two other Filipino secular priests were executed.

A holy mass was offered by the Landas-Gomes and Cuenca families in honor of these historical treasures of the church and of the city of Bacoor which was cordially attended by Mayor Lani Mercado-Revilla and Councilor Rowena Bautista Mendiola. **(Ruel Francisco with reports from the City Government of Bacoor FB page)**

SC acquits alleged killer of MMDA enforcer

MANILA – The Supreme Court (SC) has reversed the conviction of a man found guilty for the death of an enforcer of the Metropolitan Manila Development Authority (MMDA) in 2014.

Mark Ian Libunao was acquitted by the SC's First Division as it cannot be proven by a lone witness that he caused the death of MMDA enforcer Sonny Acosta during an altercation along Edsa in Cubao on Dec. 18, 2014.

Five days later, Acosta died of injuries after he was dragged by the vehicle of Libunao, who was flagged down for using the bus lane.

In a 14-page resolution recently published online, the SC reversed the Court of Appeals ruling and said the identity of the driver behind the wheel had not been proved beyond reasonable doubt.

The court said it was highly improbable that the prosecution witness, bus barker Rommel Montipio, who was standing five feet away could have seen the driver of the vehicle "when the same was tinted and his position was oblique from the driver side of the car".

Another MMDA enforcer, Liberty Tongco, testified that she saw the victim apprehend a vehicle for illegally entering a lane reserved for the loading and unloading of buses.

Payment for tourism biz loans extended to 2 years: DOT

MANILA – The government has extended to two years the grace period for the repayment of loans to distressed tourism businesses as it further eased the terms for interest-free soft loans under the Bayanihan to Recover as One Act (Bayanihan 2), the Department of Tourism (DOT) announced Thursday.

The move was made to encourage more micro, small and medium enterprises (MSMEs) in the tourism industry to avail of the loan facility managed by the Small Business Corp. (SB Corp) of the Department of Trade and Industry (DTI).

According to DOT, the relaxed terms allow businesses to apply for the second round of loans for employee retention and a maximum loanable amount of PHP5 million.

"We thank DTI Sec Ramon Lopez and the SB Corp for making these necessary adjustments to help tourism businesses thrive amid this global health crisis," Tourism Secretary Bernadette Romulo-Puyat said. "While we see the vaccination of tourism workers as the light at the end of the tunnel for the industry, we also know that tourism businesses still badly need the government's support to get by in the coming months as we wait for vaccine doses to arrive," she added, urging tourism enterprises to take advantage of the loan.

MSMEs accredited by the DOT or registered by the Barangay Micro Business Enterprises may apply for the loan, with the amount not exceeding 15 percent of their annual sales or 20 percent of asset size.

The figures will be based on the businesses' financial statements for 2018 or 2019 filed with the Bureau of Internal Revenue.

The DOT noted that the maximum loanable amount for applicants with BIR-filed financial statements is PHP5 million for medium enterprises, PHP3 million for small enterprises, and PHP300,000 for micro-enterprises. **(PNA)**

She later saw the vehicle speed away and Acosta fell near the gutter.

The SC noted that Montipio described the driver seven days after the incident.

"Considering the doubt that is created in the identification of the Isuzu Sportivo, such doubt should be considered in favor of the appellant," the court said.

It added that "great care should be taken in considering the identification of the accused, especially when this identification is made by a sole witness and the judgment in the case totally depends on the reliability of the identification". **(PNA)**

Cardinal Tagle appointed to another key Vatican body

MANILA – Pope Francis has appointed Luis Antonio Cardinal Tagle as a member of the Congregation for the Eastern Churches that supports churches throughout the world.

The Catholic Bishops' Conference of the Philippines (CBCP) news website reported on Thursday that the Cardinal is now part of the Vatican body, which also assists the Latin-rite Catholic dioceses of the Middle East.

Tagle will be working with Cardinal Leonardo Sandri, who has been its prefect since 2014, and its other members.

Tagle is currently the prefect

of the Congregation for the Evangelization of Peoples (Propaganda Fide), which oversees the church's vast "mission territories."

Formerly known as the Congregation for the Oriental Churches, the Congregation for the Eastern Churches started as part of the Propaganda Fide which was established by Pope Pius IX in 1862.

In 1917, Pope Benedict XV declared it independent and named it Congregation for Eastern Churches.

Currently, the congregation works with about 23 Eastern Catholic churches and communities. **(PNA)**

DSWD, POPCOM FORM PROTECTION PROGRAM FOR TEENAGED MOMS

MANILA – A social protection program for teenaged mothers and their children will be implemented by the Department of Social Welfare and Development (DSWD) and the Commission on Population and Development (PopCom).

The memorandum of agreement (MOA), to be signed on Thursday (June 10), will create the Social Protection Program for Teenage Mothers and their Children (SPPTMC) as mandated under the special provision of the 2021 General Appropriations Act.

"Both agencies commit to undertake the activities specified in the MOA to achieve the program's objectives, including data gathering and research, mobilization, sharing and exchange of databases, and advocacy campaigns," the DSWD said in a statement on Wednesday.

The move was a response to a University of the Philippines Population Institute and United Nations Population Fund study that showed a 42-percent increase in unintended pregnancies among Filipinos in 2020.

The increase was about 79,000 additional unintended pregnancies per month amid the Covid-19 pandemic.

The results also cited a 67-percent hike in unmet needs for family planning among Filipino women.

Only one of 10 in the data was an adolescent.

DSWD's Pantawid Pamilyang Pilipino Program (4Ps), and PopCom have an existing data sharing agreement (DSA) that will facilitate exchange toward convergence of programs and services for beneficiaries.

The DSA may also be developed to address the needs of minor and teenaged and their children not covered by 4Ps.

The development of the SPPTMC is in its preparatory stage with the agencies collaborating on consultation workshops with stakeholders and rapid appraisal on the situation of teenage pregnancy in the Philippines.

"SPPTMC seeks to prevent teenaged pregnancies and establish sufficient and accessible measures to protect the well-being of teenaged mothers and their children, as envisioned in the Philippine Development Plan and the 2030 Agenda for Sustainable Development," the DSWD said.

In a previous interview, PopCom chief Director Juan Antonio Perez III said the SPPTMC will have multidimensional sources of protection, such as the possible provision of livelihood.

"These elements will ensure young people everywhere will have meaningful participation and safe spaces during these times, as the pandemic unleashes a host of challenges," he said. **(PNA)**

SC dismisses employee found positive for marijuana use

MANILA – The Supreme Court (SC) has ordered the dismissal of a worker who tested positive for illegal drug use in January.

In a resolution promulgated in March and published online on Wednesday, the High Court en banc found storekeeper Mark de Guzman guilty of grave misconduct due to the use of a prohibited drug and ordered his dismissal from the service.

The SC Medical and Dental Services likewise directed the referral of de Guzman to a suitable drug rehabilitation facility at his own expense.

The respondent smoked marijuana inside SC premises and cigarettes at the stockroom of the Property Division in the Old SC Building.

Fellow employees also found out he would go to blind spots not covered by security cameras during office hours to smoke. He covered windows with plastic sheets to prevent smoke from coming out. When questioned in December last year, de Guzman said he only smoked cigarettes.

He submitted himself to a voluntary forensic exam in January at the National Bureau of Investigation, where he tested positive for tetrahydrocannabinol, an active component of marijuana.

He then admitted marijuana use, claiming family and marital problems that were compounded by stress due to the Covid-19 pandemic **(PNA)**

MODUS NG ESTAPADORA DI UMUBRA SA PULISYA

HINDI kinagat ng Cavite police ang drama ng 34-anyos na ginang nang arestuhin matapos na kumain sa isang restaurant ay hindi nagbayad sa Tagaytay City.

Kasong estafa ang kinaharap ng suspek na si Narissa Reyes, ng Bacoor City Cavite, dahil sa reklamo ni Tristan Arizobal, store supervisor ng Jaytees Filipino Cuisine Restaurant.

Sa ulat ni PSSgt Joseph Ryan Bascugin, ng Tagaytay City Police Station, dakong alas-8:30 ng umaga ay pumasok ang suspek sa loob ng Jaytees Filipino Cuisine Restaurant sa Brgy Maharlika East Tagaytay City at umorder ng pagkain.

Matapos nakakain, um-

order pa ng pang-dessert na umabot sa P847.00 pero nang naubos ay tinangka nitong lumabas sa likurang exit ng restaurant at hindi na nagbayad. Nasundan ang suspek ng isang waiter kaya ipinaalam sa pulisya na nagresulta sa pagkakaaresto nito.

Sa presinto nang tinatanong ng mga imbestigador ang suspek ay nagbago ang kanyang ikinikilos. "Nagsasalita ng kung ano-ano na parang baliw, pero hindi naman umubra sa amin ang kanyang modus operandi," ayon kay Bascugin.

Nang i-tsek ang record ng suspek ay may mga iba pang kaso at naaresto na rin sa kahalintulad na kaso.

PNP recoveries hit 23.3K as 113 more cops beat Covid-19

MANILA – Another 113 police personnel recovered from the coronavirus disease 2019 (Covid-19), bringing the Philippine National Police (PNP)'s total recovery tally to 23,364.

Based on the latest data from the PNP Health Service on Wednesday, another 126 police officers contracted Covid-19.

This brings the number of active cases in the police force to 1,756, out of a total of 25,190 infections since the pandemic started last year.

Meanwhile, a 34-year-old police corporal assigned to the Special Action Force in Surigao del Sur is the PNP's 70th fatality from the disease.

On June 6, the patient was rushed to the hospital in Surigao del Sur for a check-up due to debilities. In the early hours of June 7, he was transferred to another hospital in Agusan

del Sur for thorough medication as suggested by his attending physician.

At around 6:30 a.m. of the same day, the patient tested positive for Covid-19 based on antigen test results.

At 9:30 a.m., he was declared dead by the attending physician due to cardiopulmonary arrest secondary to cerebral dysfunction secondary to vasculitis, while awaiting results of the confirmatory swab test.

Later in the day, his swab test yielded positive results. **(PNA)**

21 'tulak' dagdag sa rehas

UMABOT sa dalawampu't isa na hinihinalang tulak ang naidagdag pa sa kulungan sa bilang ng mga binitbit ng Cavite police sa isinagawang magkakahilaway na buy bust operation Huwebes ng madaling araw.

Sa ulat ng Cavite Police Provincial Office (PPO), isinagawa ang buy bust operation sa pagitan ng alas-11:00 ng gabi hanggang alas-2:30 Huwebes ng madaling araw sa limang lungsod at limang bayan.

Nanguna ang Bacoor City sa pinakamaraming bilang ng mga tulak na dinampot (5); sumunod ang Cavite City at kawit na tig (3); tig (2) naman ang Imus City, Dasmariñas City at Naic; habang tig (1) naman ang General Mariano Alvarez (GMA), Mendez, Magallanes at Gen Trias City o kabuuang 21.

Umabot na sa walumpu't lima ang kabuuang bilang ng mga naarestong tulak simula nitong nakaraang Lunes. **GENE ADSUARA**

Sino 'malakas' kay Lord

MAYROONG payo si Senator Manny Pacquiao kay Davao City Mayor Sara Duterte-Carpio.

Sabi ng senador ay iparaya na lamang ng presidential daughter ang pagtakbo bilang pangulo ng bansa sa 2022 sa ibang naghahangad na kumandidato para sa naturang posisyon.

Ang paliwanag ng People's Champ ay nasa kapasyahan ng Panginoong Diyos ang posisyon para sa kung sino ang nakalalang magiging presidente ng bansa.

Tama naman na naaayon sa kagustuhan ng Diyos ang sino mang magiging pangulo hindi lamang ng Pilipinas kundi maging sa buong mundo.

Nabanggit ni Pacman na maraming naghangad na maging pangulo ng Pilipinas pero hindi pinahintulutan ng Panginoon.

Tama uli dahil siyempre kung halimbawang lima ang kandidato ay natural na isa lamang ang ma-

nanalo at iyong apat ay hindi pinayagan ng Diyos na maluklok bilang pangulo o lider ng bansa.

Sa madaling salita ay nakaguhit na sa palad o tadhana para sa kung sino man ang uupong pangulo ng Pilipinas sa susunod na taon.

Bakit kaya hindi subukin ni Pacquiao na kumandidato bilang pangulo sa halalan sa 2022.

Malay mo Mr. Senator ay ikaw ang nasa aprubal ng Diyos para maglingkod bilang presidente ng ating bansa sa susunod na taon.

Pero mas mainam kung talagang tatakbo nga si Mayor Sara para malaman kung mayroon siyang basbas mula sa Panginoon.

Maganda kung maraming tatakbo sa pagkapangulo para magkaalaman kung sinu-sino talaga sa kanila ang mga 'mahihina' kay Lord at sino lang ang 'malakas.'

Muslim Islamic Cemetery, katuparan ng pangako ni Mayor Isko

ANG pagtatayo ng Muslim Islamic Cemetery ay katuparan ng binitawang pangako Manila Mayor Franciscolo Moreno Domagoso sa yumaong si Ghadzali Jaafar.

Noong nabubuhay pa si Jaafar ay naging bahagi ng pag-uusap nila na sakaling magiging alkalde ng Maynila si Moreno ay paglalaanan nito ng libingan ang mga yumayaong Muslim.

Ang naturang pangako ay nagkaroon naman ng katuparan at kamakailan nga ay pinangunahan nina Mayor Isko at Vice Mayor Honey Lacuna ang pagpapasinaya

sa kauna-unahang Muslim Islamic Cemetery at Cultural Hall sa lungsod sa Manila South Cemetery.

Pahayag ng alkalde, magsisilbi umanong paalala ito sa mga susunod na heneryasyon ng mga Filipino na mayroon ng lugar para sa mga Muslim sa Maynila.

Binangit din ni 'Yorme na nakikita niya ang paghihirap na dinaranas ng mga pamilyang Muslim na namamatayan ng mga kaanak na hindi malaman kung saan ililibing lalo na ang mga walang pera.

Ayon pa sa alkalde, bukas o nakalaan ang libingan

sa lahat ng Muslim pero panawagan niya na gawin ang tamang pangangalaga dahil maaari rin umano silang manalangin dito.

Ang pagbubukas ng makasaysayang Muslim Islamic ay sinaksihan ng mga ambassador at miyembro ng Muslim diplomatic community.

Kabilang sa mga dumalo sina Cong. Ismael Thoto Mangundadatu, Dr. Aleem Fatani Abdul Malik, National President ULAMA Imam, Ms. Shey Yu, Director of Manila Muslim Affairs at iba pa. **(Christian Heramis)**
