Worst case scenarios ng lindol sa Cordillera, inilatag

BAGUIO CITY (PIA) -- Inilatag ng Cordillera Regional Disaster Risk Reduction and Management Council (CRDRRMC) ang mga worst case scenarios sakaling may gumalaw sa mga fault na nakapalibot sa rehiyon.

Batay sa Cordillera Regional Disaster Response Plan for Earthquake (CRDRPE) 2019, kapag gumalaw ang fault sa Kalinga ay posibleng tumama ang magnitude 6.7 na lindol. Posibleng maramdaman ang intensity VIII o lubhang mapaminsalang pagyanig sa Kalinga, sa timog na bahagi ng Cagayan at iba pang lugar sa Apayao.

Kapag gumalaw naman ang Bangui Fault ay posibleng yumanig ang magnitude 7.2 na lindol. Maaaring maramdaman ang intensity VIII sa malaking bahagi ng Apayao, Kanlurang Cagayan, at Silangan ng Kalinga.

Sa magnitude 8.0 1619 Cagayan Earthquake scenario, posibleng maramdaman ang intensity VIII sa Cagayan, Apayao, at Kalinga.

Sa magnitude 7.1 earthquake scenario sa Mountain Province, maaaring tumama ang intensity VIII sa Mountain Province, Ifugao, Benguet at Nueva Vizcaya.

Samantala, kapag gumalaw ang Tubao Fault, posibleng tumama ang magnitude 7.2 na lindol. Maaaring maramdaman ang intensity VIII sa La Union, Kanluran ng Benguet, at Silangan ng Pangasinan.

Ayon kay DOST - PhiVolcs Associate Scientist Dr. Arturo Daag, hindi imposibleng maramdaman ang intensity VIII na lindol kapag ang lugar ay malapit sa gumalaw na fault.

"Kung gaano kahaba ang fault, mas malaki ang magnitude potential niya," paliwanag ng opisyal.

Gayunman, nilinaw ng CRDRRMC na ang CRDRPE 2019 ay galing sa simulation ng Rapid Earthquake Damage Assessment ng PhiVolcs.

"Patuloy ang ating reminders sa publiko na huwag po silang mag-panic sa mga lumalabas na report po na ito dahil unang-una, hindi po natin alam kung saan at kailan puwedeng tumama ang mga lindol na puwedeng makaapekto sa atin kaya dapat 'yung ating paghahanda ay araw-araw at tuloy-tuloy," paalala ni Office of Civil Defense - Cordillera (OCD-CAR) Planning Officer Ferdinand Tamulto.

Iginiit naman ni OCD-CAR Director at CRDRRMC chairperson Albert Mogol na kinakailangan ang madalas na pagsiyasat sa mga istruktura upang masiguro ang istabilidad ng mga ito sakaling magkaroon ng malalakas na lindol. Aniya, kinakailangan din ang seryosong pagpapatupad sa building code.

"Dapat ang mga local government units should be able to make early assessment of structures. Yearly assessment, it is a must particularly dito sa atin sa Baguio taking into consideration 'yung experience natin during the earthquake of July 1990," saad ni Mogol.

Ang CRDRPE 2019 ay naglalaman din ng mga strategic actions sa pagresponde sa mga earthquake-related incidents. Layunin nito na masiguro ang agaran, epektibo, at coordinated response ng RDRRMC sa pagpaparating ng tulong sa mga lugar na maaapektuhan ng pagyanig sa rehiyon.

Ayon kay Mogol, ang naturang plano ang nagsilbi ring gabay nila sa response operations na ipinatupad sa rehiyon kasunod ng pagtama ng magnitude 7 earthquake sa Northwestern Luzon nitong Hulyo 27, 2022.

Nabigyan ng kopya ng plano ang mga regional line agencies, at local DRRMCs mula sa lalawigan hanggang sa mga bayan ng Cordillera upang magabayan ang mga ito sakaling tumama ang malakas na lindol. ***(JDP/DEG-PIA CAR)***

PINAS MAY 5 GOLD MEDAL NA SA 11TH ASEAN PARA GAMES

Ang mga Filipino para-athletes ay nagsimula sa isang magandang hakbang sa unang abalang araw ng aksyon sa 11th Asean Para Games na may limang ginto–tatlo sa swimming at dalawa sa athletics – sa Manahan Stadium, Jatadiri Sports Complex pool sa Semarang.

Ang paglangoy ang naghatid ng unang pares ng gintong medalya sa bansa sa 11th Asean Para Games habang sina Ernie Gawilan at Roland Sabido ay umarangkada sa tuktok ng kani-kanilang mga kaganapan sa 11-nations sportsfest na tampok ang mga nangungunang para-athletes sa rehiyon.

Sinimulan ni Gawilan, isang triple gold medalist sa 2018 Jakarta Asian Para Games, ang kampanya ng Pilipinas sa pamamagitan ng paghahari sa men's 400-meter freestyle S7 sa oras na apat na minuto at 54.87 segundo.

Pagkatapos, pinangunahan nina Sabido at Arnel Aba ang 1-2 finish sa men's 400-meter freestyle S9 na nagtala ng 5:09.40 at 5:14.13, ayon sa pagkakasunod, na ikinatuwa ng maliit na Pinoy crowd sa pool sa pangunguna ni Philippine Paralympic Committee president Mike Barredo.

"Naging maganda po ang swim ko sa unang event. Sana magtuloy-tuloy po ito (I swam well in my first event. I hope to sustain it)," said Gawilan, 31, who won a pair of golds and silvers in the regional meet for para athletes held in Kuala Lumpur five years ago . "Medyo nakakaalis ng nerbiyos dahil nanalo na.

Sana, madagdagan pa po (I felt relieved because I won already. Hope, I can win more)," added Gawilan, who missed competing in the 2017 Malaysian edition since his class was not included in the meet after secured two golds and one silver sa 2015 Singapore Asean Para Games sa Japan, idinagdag ni Angel Otom ang pangatlong mint ng swimming sa isang hindi malilimutang Asean Para Games debut sa paghahari sa women's 50-meter backstroke event sa oras na 41.68 segundo sa stint na itinataguyod ng Philippines Sports Commission.

Idinagdag ng beteranong athletes na si Cendy Asusano ang ikatlong ginto sa aksyong maagang paghahari sa women's javelin throw F54 na may taas na 13.72 metro. "Masaya po ako kasi hindi ko akalain na makukuha ko yung ginto sa unang bato pa lang (I'm happy to win the gold right on my first throw)," said Asusano, hoping to duplicate a golden treble she achieved in the 2017 Games , na naka-iskedyul pa rin ang discus at shot put sa mga susunod na araw.

Nabawi ni team captain Jerrold Mangliwan ang kanyang men's wheelchair 100-meter T52 title na may panalong oras na 19.18 segundo. Isang beterano sa Tokyo Paralympic Games, si Mangliwan ang nanguna sa katulad na 1-2 PH finish sa event matapos na hamunin ng bagong dating na si Rodrigo Podiotan Jr., na pumuwesto ng malakas na pangalawa at tumira para sa silver medal.

Ang two-time Asian Para Games silver medalist na si Achelle Guion ay napilitang maglaro ng pangalawang fiddle sa women's 45-kilogram division ng powerlifting na may hoist na 70 kilos sa likod ng hometown bet na si Ni Nenga Widiasih, na kumuha ng ginto na may angat na 97 kilograms.

Nag-ambag din ng tig-isang bronze medal para sa athletics sina Joel Balatucan, Daniel Enderes Jr., Arman Dino, at Jesebel Tordecilla sa men's shot put F55, men's 5,000-meter T20 race, men's 100-meter T47 race, at women's discus throw F55, ayon sa pagkakabanggit. Nag-ambag din ng panibagong bronze ang swimming sa 4x100-meter freestyle relay habang may bronze din ang beteranong powerlifter na si Marydol Pamati-an sa women's 41-kg class na may angat na 70 kilos.

Ginawaran din ng table tennis ang katamtamang kontribusyon ng medalya na may dalawang tansong medalya sa men's team Class 4 sa pamamagitan nina Billy Cartera, Racleo Martinez, at Darwin Salvacion at sa men's class 8 doubles sa kagandahang-loob nina Jobert Lumanta at Jayson Ocampo.

Sa pagbibilang ng pilak sa men's 3x3 wheelchair basketball, ipinagmamalaki ngayon ng mga Pinoy ang maagang overall medal tally na limang ginto, apat na pilak, at siyam na tansong medalya.

Ang mga standard-bearers ng bansa ay naglalayon na malampasan ang paghakot ng 20 ginto, 20 pilak, at 29 na tansong medalya, maganda para sa ikalimang pangkalahatan, sa kabisera ng Malaysia ng Kuala Lumpur.

"It was put on hold as a precaution to the recent spike in Covid-19 infections," SC spokesperson Brian Keith Hosaka told the Philippine News Agency on Monday.

Among the courts temporarily shut down were the Calamba City, Laguna Regional Trial Court (RTC) Branch 35 from July 28 to August 3; Imus, Cavite Metropolitan Trial Court in Cities (MTCCs) Office of the Clerk of Court and Branches 1 and 2 from July 26 to August 1; Municipal Circuit Trial Court Branch 5 of Don Carlos-Kitaotao-Dangcagan in Bukidnon from July 29 to August 2; Tarlac City RTC Branch 110 from July 29 to August 4; Lucena City RTC Branch 55 from July 28 to August 3; and Baguio City Family Court Branch 2 from July 29 to August 4.

The National Capital Region (NCR) remains under the most lenient Alert Level 1 classification but is classified as moderate risk for Covid-19, according to Undersecretary for Public Health Services Team Beverly Ho last week.

She said the NCR has the highest daily moving average with almost 1,100 cases per day.

The Department of Health (DOH) reported 4,127 new cases of Covid-19 on Friday that brought the total active infections to 32,637.

The DOH likewise recorded 890 additional cases of the Omicron BA.5 subvariant of Covid-19 on July 28, but 823 of them have recovered.

To date, the country has logged a total of 1,997 BA.5 cases, 71 BA.4 cases, and 154 BA.2.12.1 cases. ***(PNA)***

Pag-IBIG Calamity Loan ready for members affected by North Luzon Quake

Top executives of Pag-IBIG Fund announced on Monday (August 01) that the agency has initially allocated P3 billion in calamity loan funds for members in calamity-stricken areas, including those affected by the strong earthquake that hit North Luzon.

"Pag-IBIG Fund has allocated calamity loan funds to help affected members in Ilocos Region, Cagayan Valley and the Cordillera Administrative Region (CAR) recover from the devastation caused by last week's earthquake. We are also working closely with our fellow government agencies, as directed by President Ferdinand Marcos, Jr., so that we can maximize our collective assets towards providing for the needs of our fellow Filipinos affected in these areas," said newly appointed Secretary Jose Rizalino Acuzar of the Department of Human Settlements and Urban Development and Chairperson of 11-member Pag-IBIG Fund Board of Trustees.

Under the Pag-IBIG Calamity Loan, eligible members may borrow up to 80% of their total Pag-IBIG Savings, which consist of their monthly contributions, the counterpart employer's contributions, and accumulated dividends earned.

And in consideration of the plight of the members, the calamity loan is offered at a rate of 5.95% per annum which is the lowest rate in the market.

The loan is payable over a period of up to three years, with a grace period of two months so that initial payment is due only on the third month after the loan is released.

Qualified borrowers may apply for the calamity loan within 90 days from the date when an area has been declared under a state of calamity.

Meanwhile, Pag-IBIG Fund Chief Executive Officer Acmad Rizaldy Moti stated that the agency has deployed its mobile branch, the Lingkod Pag-IBIG On Wheels and established offsite service desks to receive applications for calamity loans from members, as well as insurance claims from current Pag-IBIG Housing Loan borrowers whose properties may have been damaged by the tremors.

"In the wake of calamities, we are aware that our members need to have immediate access to our benefits and services. Immediately after the earthquake was felt, we deployed our mobile branch – the Lingkod Pag-IBIG-On-Wheels – to go around Ilocos Region, Cagayan Valley and the CAR and provide services where it's needed most. In coordination with local government units, we have also set up on-the-ground service desks near evacuation areas and government centers in these regions so that members can easily access us. Our Virtual Pag-IBIG also remains ready to accept calamity loan applications online from members who have access to internet service. And, even while our own offices and personnel in earthquake-hit areas have also been affected, our branches are open and ready to receive calamity loan applications and housing loan insurance claims. Our members can be assured that during difficult times, Pag-IBIG will always be there to help them," Moti said. ***(PR)***

CA dismisses realty suit vs. state school in Isabela

MANILA – The Court of Appeals (CA) dismissed a lawsuit by private individuals against a state university in Cabagan, Isabela over a dispute involving over 2,000 square meters of property.

In a 12-page decision promulgated July 27 and published recently, the tribunal affirmed the decision of the Regional Agrarian Reform Adjudicator of Region II (RARAD) of Isabela, which had dropped the complaint filed by Juan Espiridion Cureg against the Isabela State University.

Cureg claimed the school, formerly the Cagayan Valley Institute of Technology, had encroached on a 2,000-square-meter portion of the family-owned agricultural land, measuring 65,070 square meters, when the university put up its perimeter fence.

The RARAD dismissed the suit in 2017, ruling that it has no jurisdiction over the case as the parties were not contending who between them is the true tenant or farmer-beneficiary.

The ruling added that questions on ownership are best resolved before a regular court.

The parties then appealed the case before the Department of Agrarian Reform Adjudication Board (DARAB), which said RARAD, not the regular courts, has jurisdiction over the dispute.

In reversing the DARAB and affirming the earlier ruling of the RARAD, the CA said "justice would best be served by allowing the parties to thresh out their allegations and defenses in a full-blown hearing before the regular courts, which has jurisdiction over ejectment cases."

"Certainly, a complete resolution of the case will benefit both parties as it will finally settle their respective rights over the subject landholding," the CA said. ***(PNA)***

Dengue cases in CALABARZON up 53%

CALAMBA CITY, Laguna (PIA) — The Department of Health (DOH) Center for Health Development CALABARZON has recently released its data which indicates an increase in the reported dengue cases in the region.

According to the July 16 data of DOH IV-A, there are now 6,362 reported dengue cases in the region from January 1 to July 16, a 53% increase based on the same time frame in 2021 with only 4,151 total cases.

There are more male patients of dengue this year with 3,381, while there are 2,981 female patients.

Laguna currently has the most number of cases in the region at 2,004; followed by Rizal with 1,317 cases; Quezon Province at 1,144; Cavite at 948; Batangas at 879; and Lucena City with 70 reported cases.

In terms of cities and municipalities with the most cases, Antipolo City leads with 601 cases; followed by San Pablo City with 346; Calamba City at 313; Imus City at 215; and Candelaria at 181 cases.

Dengue is transmitted by the mosquitoes Aedes aegypti and Aedes albopictus, which commonly bite during the day, but may also bite at night. These mosquitoes lay eggs in clear and stagnant water (including water in flower vases, and clean rainwater collected in barrels, cans, or old rubber tires). Adult mosquitoes rest in dark places of the house. Mosquitoes can also become infected with the virus when they bite a person who has already been infected and can thus spread the infection to other people.

According to DOH Healthy Pilipinas, some of the symptoms of dengue include sudden onset of high fever which may last from 2 to 7 days; joint and muscle pain, pain behind the eyes, and/or headache; feeling weak, skin rashes, nausea, and vomiting, decreased appetite, bleeding during hemorrhagic fever, which can manifest as nosebleeding, gum bleeding, vomiting of coffee-colored matter, dark-colored stools, or even just abdominal pain (as a sign of internal bleeding).

The DOH continues to remind the public to follow the 4-S against Dengue or 1) Search and Destroy Mosquito Habitats(which include draining clear stagnant and accumulated water from tires and pails, and jars); 2) Self-Protect by wearing long pants and long-sleeved tops and by using mosquito repellants; 3) Seek Early Consultation by consulting a physician immediately if fever persists after 2 days or any other symptoms appearing, and 4) Say Yes to Fogging when there is an impending outbreak. — ***Christopher Hedreyda, PIA4A***

DENR CALABARZON, LGU DOLORES, QUEZON PARTNER FOR THE IMPLEMENTATION OF RAPID LAND TENURE APPRAISAL

Calamba City, Laguna - The Department of Environment and Natural Resources CALABARZON Region entered into a Memorandum of Partnership Agreement (MOPA) with the Local Government Unit of Dolores, Quezon for the implementation of the Rapid Land Tenurial Appraisal (RLTA) in the said municipality on July 22, 2022.

RLTA is a process to obtain a clear picture of the land tenure situation on the ground before land titling operations are entered into the area, as defined by the Land Management Bureau (LMB) Technical Bulletin No. 1 series of 2018.

Engr. Olivia G. Bejo, Chief of Licenses, Patents and Deeds Division of DENR CALABARZON shared that based on an assessment conducted in 2018, approximately 2 million parcels of Alienable and Disposable (A&D) lands in the country were mostly untitled.

"Gumawa ng paraan ang ating pamahalaan sa pamamagitan ng LMB kung paano mailalapit ang programa na pagpapatitulo ng lupa sa publiko. Noong 2011 nagkaroon ng Department Administrative Order upang makapag-tie up sa mga LGUs" Engr. Bejo said.

Moreover, DENR CALABARZON Nilo B. Tamoria stated that "kasabay ng pagpapalit ng administrasyon, kahapon (July 21, 2022) lamang po ay nag-assume na sa pwesto ang bagong kalihim ng DENR na si Sec. Ma. Antonia 'Toni' Yulo-Loyzaga. Isa sa mga nilahad niyang mga prayoridad sa amin ay ang papel ng DENR sa 'accounting of our natural resources."

"Ang RLTA ay bahagi ng accounting of natural resources dahil sinusukat natin kung ilan pa ang maaari pang matituluhan" RED Tamoria added.

Aside from the benefits of the RLTA, Tamoria emphasized that through the partnership, the LGU will be capacitated in terms of land governance, and effectively manage the land resources within their area of jurisdiction.

"Isang magandang pagkakataon itong activity na ito, na pasimulan ang pagtutulungan ng bayan ng Dolores at ng DENR. Isa po itong malaking kabawasan sa sakit ng ulo ng mayor. Mayroong mga lumalapit sa akin na may mga problema na walang titulo ang kanilang lupa at marami po ang naghahabol" said Mayor Orlan A. Calayag of Dolores, Quezon.

Mayor Calayag highlighted the importance of the RLTA program that resolves conflicts over land claims.

The Provincial ENR Officer Ronilo L. Salac of Quezon, Community ENR Officer Cyril Coliflores of Tayabas, and selected staff from CENRO Tayabas, Municipal Planning Development Officer Norida Villaruel, and Municipal Assessor Guian Carlo Bundalian were also present during the ceremonial signing of the MOPA.

Plaza stays as PEZA Director General per MC No.3 of Malacañang

Pasay City-With the Malacañang extending the authority of government officials from 31 July to 31 December 2022 or until a replacement has been designated. Brigadier General Charito Ching B. Plaza returns to the Philippine Economic Zone Authority (PEZA) as the Director General (DG).

This comes after Executive Secretary Victor Rodriguez, under the authority of President Ferdinand Bongbong Marcos Jr., issued a supplement to Memorandum Circular (MC) No. 1. s. 2022, numbered MC No. 3 last 28 July 2022

By extending the term of office of government officials and employees covered by MC no. 1, MC No.3 emphasizes the continued and effective delivery of government services. MC no. 3 also ensures that no new contract, project, or disbursement of extraordinary funds is made by government agencies, bureaus, and offices until an official appointment is declared by President Marcos Jr.

Under the latest MC, "All OICS of departments, agencies, bureau and office, non-career executive service (CES) officials occupying CES positions and contractual or casual employees covered herein shall continue to perform their duties and discharge their functions until 31 December 2022 or until a replacement has been appointed or designated, whichever comes first."

Further, MC no. 3 states that "all officials and employees covered by this Memorandum Circular are mandated to lawfully perform their duties and functions, and submit bi-monthly performance reports to their respective heads of the department, agency, bureau, office, or instrumentality, otherwise, they will be held accountable."

Plaza as PEZA head

Elated to be back, Ching Plaza said, "Under the MC Nos. 1 and 3 declaring certain positions vacant and provided for the rules to address the vacancies, does not apply to government owned or controlled operations (GOCCS), government instrumentalities with corporate powers, government corporate entities, and government financial institutions."

Plaza also added, "PEZA is a government instrumentality with corporate powers and since MC No. 1 does not apply to PEZA, the positions of the Director General is not declared vacant. The sitting DG will stay on a hold-over capacity until 31 December 2022 or until a replacement has been appointed whichever comes first."

With her stay as the PEZA Chief, Plaza highlighted that she will "continue the Agency's projects and initiatives that started during her term under former President Rodrigo Duterte's administration."

Among these programs Plaza has established are the PEZA Transformation Road Map (TRM), the Global Biz with PEZA, the creation of new types of economic zones, The Development Outreach for Labor, Livelihood, and Advancement of Resources (DOLLAR) Program, and the Ka-PIPPS Program.

Further, under her leadership, PEZA was able to generate a total of P807.8 Billion of investments from 2,462 projects and USD$ 300.6 Billion of exports. A total of 105 economic zones have also been proclaimed.

Recently, this April 2022 during her term, the Capital Finance International (CFI.co) awarded PEZA the Best Economic Zone Promotion in Southeast Asia 2022. According to CFI.co. PEZA acts as a catalyst for sustainable development in the Philippines, focusing on manufacturing, tourism, and industrial exporters as land and building developers. It provides a complete service to investors, assisting with business registration, tax incentives, and operational support."

To date, there has been no official designation of an OIC of PEZA by the Department of Trade and Industry Secretary nor any designation from a higher officer.

PEZA Chief Plaza lamented, "I have never officially ordered any turnover of my post and has never vacated my position as the Director General. I will continue performing the duties and functions of my office until my replacement has been appointed pursuant to the PEZA Charter."

Robin: Action, Not Drama Needed in Time of Crisis

Sen. Robinhood "Robin" C. Padilla proved this when he personally visited some of the areas affected by last week's magnitude-7 quake including Lagangilang and Bangued in Abra; and Vigan in Ilocos Sur last Sunday. Padilla, along with Sen. Bong Go, distributed relief goods and tents as well as food, vitamins, face masks, clothing, and even bicycles, rubber shoes, basketballs and volleyballs.

"Higit sa paghahanda, kailangan natin ng konkretong solusyon para sa epektibong pangangasiwa sa dagok ng kalamidad sa ating bansa (Aside from preparations, we need concrete solutions to ensure proper response to the calamities that hit our country)," said Padilla.

Padilla stressed as well the need to empower local governments for disaster preparedness, mitigation, and resiliency.

"Kaya naman pursigido din tayo na isulong ang pederalismo sa bansa. Tiyak natin: sa sistemang pederal, ang mga estado ay may kapangyarihan na magtakda ng sarili nilang batas, pondo, at pamamahala upang matugunan ang anumang kalamidad at malimit ang pinsalang dulot nito (This is why we are pursuing federalism. Under a federal system of government, local governments will have their own rules and funds to respond to crises)," he said. This, he added, will complement his bill for a mandatory Reserve Officer Training Corps (ROTC) to prepare our youths in responding to calamities in an organized manner.

Non-performing consumer loans put more pressure on PH banks

MANILA – Non-performing loans (NPLs) that were extended to small companies are putting more pressure on Philippine banks compared to those extended to large companies, a report by the Fitch Ratings said.

In a report that assessed the impact of interest rate hikes in Asia Pacific banks, which was released on Tuesday, Fitch Ratings said net revenue impact of the rate hikes on domestic banks is "mildly favorable" and is "moderate" in terms of asset quality impact.

It said domestic banks posted the biggest increase in NPLs among its counterparts in South East Asia in the last two years "driven by delinquencies in consumer loans."

The report said pulling out of pandemic-related measures to buoy the banking system from the impact of the pandemic also played a role in the rise in NPLs.

"We believe there are lingering impairment risks among consumer and SME borrowers whose finances have yet to recover from 2020's severe shock," it said.

The report added acceleration of inflation rate both here and abroad contributed to the interest rate tightening, which also hurt the peso.

Inflation rate increased to 6.1 percent in June due in part to the highest oil prices in the international market.

Fitch Ratings forecasts inflation to average at a level higher than the government's 2 to 4 percent target band until 2023.

This, it said, is the reason why it forecasts the Bangko Sentral ng Pilipinas' (BSP) key policy rates to end 2023 at 4 percent, from the current 3.25 percent for the overnight reverse repurchase (RRP) rate.

With the domestic banking system backed mainly by rate-insensitive current account and savings account (CASA) deposits, the debt rater said the domestic banking sector has "a strong ability to manage deposit cost."

"Changes in the policy reverse repo (repurchase) rate have not historically been fully passed through to bank lending rates," it said.

To date, the BSP's policy rates have been hiked by a total of 125 basis points.

The report said "the conglomerate-dominated business landscape gives corporations considerable bargaining power, and competition for high-quality assets often means that banks are hesitant to raise rates quickly."

"Therefore, we expect lending spreads to widen only moderately," it added. ***(PNA)***

Mahirap palang tumanggap ng subpoena na hindi sa iyo; at Tagumpay ng mga dating kasama sa pamamahayag

PINIRMAHAN at tinanggap ni JUAN ang isang subpoena mula sa nagdalang sheriff.

Hindi kay JUAN ang naturang subpoena bagkus ito ay para kay PEDRO.

Iniimbitahan ng hukuman si PEDRO subalit hindi naman siya akusado sa krimen o kaso kundi bilang isa lamang sa mga testigo.

Wala si PEDRO at ang nadatnan ng sheriff ay si JUAN na siyang tumanggap at pumirma ng subpoena.

Magkakaroon ng problema si JUAN sa sandaling hindi makakadalo sa pagdinig ng kaso sa korte si PEDRO bilang testigo.

Iyon ay hindi alam ni JUAN dahil sa pag-aakala o pagkakaalam na wala siyang pananagutan sa pagtanggap at pagpirma ng subpoena na nakalaan para kay PEDRO.

Mahirap palang basta tatanggap at pipirma ng subpoena para sa ibang tao.

Katanungan lamang ay maaari bang tumanggi si JUAN na tanggapin at pirmahan ang subpoena na hindi naman para sa kanya?

Legal na usapin kaya mahirap magdunung-dunungan.

Pakisagot na lamang po!
