POPCOM conducts a three-day workshop activity on Population and Development

In strengthening population development, the Provincial Population Office facilitated a three-day Planning Workshop on the Localization of PPDP and Establishment of Database thru PopDev Mentoring among Cavite Local Population Officers and Local Planning Team from May 4-6, 2022. The activity aimed to orient participants on Philippine Population and Development Program (PPDP) Thrust and Directions, and level up knowledge and skills in developing and enhancing local plans and programs through PopDev integration. It also sought to deepen the technical competency of the local planning team and provide mentorship to improve local programs on population development.

The presenters and facilitators on the planning workshop were POPCOM IV Assistant Regional Director Marilyn F. Ogaya, Ms. Josephine L. Santos - Information Officer III, and Ms. Michelle Plezas - Project Evaluation Officer I.

The event was in a hybrid

mode with attendees joining face-to-face and via Zoom teleconferencing.

Population Offices' employees attended the first day. During the preliminaries, Mr. Alvin S. Mojica, Provincial Administrator for Community Affairs, gave a welcoming message while Ms. Lorena R. Cron, Provincial Population Officer, acknowledged the attendees.

The meeting proper was divided into three sessions: the discussion of PPDP Thrust for 2022-2028; the overview of the PopDev Integration Program and PopDev Mentoring Approach; and the talk on Basic Demographic Concepts and Measures. On the second day, PopDev Integration Concepts and the PopDev Mentoring: An Overview of the Key Strategies and activities in the Pilot Sites were tackled. This was attended by employees of select Provincial Government offices. Afterwards, two workshops were conducted to assess the learning of the participants.

RAPID LAND TENURE APPRAISAL (RLTA) PROGRAM CASCADED IN MALVAR, BATANGAS

The DENR CENRO Lipa, in its bid to further strengthen partnership on public land titling and improve lives through providing security in land ownership, cascaded the Rapid Land Tenure Appraisal (RLTA) and Land Titling Program in Malvar, Batangas. Spearheaded by the Regulation and Permitting Section of the Office, the event is in pursuance of the objectives of the Memorandum of Partnership Agreement (MOPA) signed last year between the Municipality of Malvar and DENR Region IV-A CALABARZON.

RLTA is a barangay profiling activity designed primarily to establish a comprehensive database and mapping of the status of land parcels in the cities and municipalities which were covered by Cadastral Surveys done more than 30 years ago. The actual lot inventory will reveal how much of the remaining untitled lots are readily available and workable for

issuance of land patents.

The acceleration of land titling is a priority of the current administration through the Improved Land Administration and Management. However, public land titling efforts are met with the challenge of accurately identifying the actual number of the remaining untitled Alienable & Disposable lands based solely from the cadastral records of the DENR. The situation has become more challenging on account of the fragmented records from other government agencies and offices involved in land administration, and even have their own land titling activities, such as the Courts, the Land Registration Authority (LRA), and the Department of Agrarian Reform (DAR). But with the Rapid Land Tenure Appraisal, the DENR and the LGU will be more able to jointly implement administrative land titling accurately and systematically. **PR**

DHSUD chief bats for quality service, personnel competence

CLARK, Pampanga — Department of Human Settlements and Urban Development (DHSUD) Secretary Eduardo Del Rosario has emphasized the need for the agency to push for measures aimed at boosting the capabilities of its workforce, as well as ensuring quality of service in the delivery of its mandate as the national housing agency.

At the end of a four-day agency-wide performance review and planning workshop, the housing czar provided feedback on the final outputs presented by the leads of five teams representing DHSUD's key results areas (KRA). Secretary Del Rosario commended the frameworks and action plans on the five KRAs that embody the Department's commitment - human settlements and urban development coordination, environmental, land use and urban planning development, housing and real estate development regulation, homeowners' associations and community development, as well as general administration and support services.

To effectively do this, he pushed for the prioritization of measures focusing on personnel development and service excellence, which will lead to better performance of DHSUD as an organization. "So the bottom line for all of us, is to establish a standard on personnel competence and quality service," the housing czar stressed.

The activity streamlined the priorities of the department and crafted a proposal on programs for implementation in 2023 and beyond, with the output expected to set the operational direction of the Department in the coming years as anchored in the 2040 National Housing and Urban Development Sector Plan and other relevant national development frameworks. The workshop, which kicked off on Monday, was aimed at evaluating the performance and harmonizing the Department's priority programs. During the activity, the Department's accomplishments over the past years were presented based on identified

performance indicators. Participants likewise assessed organizational and operational gaps and challenges, which were used as reference to improve existing strategies and plan for future course of actions.

With the nearing transition in government administration, the workshop also served as a venue to discuss actions for sustainability as envisioned in existing national plans and sectoral frameworks.

Secretary Eduardo Del Rosario, in his keynote address, stressed the importance of the activity to craft practical frameworks that can be translated into actionable strategies. "Our agency planning workshop will, once and for all, critically assess our current status and performance as a Department, determine what we did right and reevaluate our strategies that require improvement while we draw the path toward the achievement of our vision," the housing czar stressed.

"Just like any undertaking, everything starts with a plan. But in order to have a high degree of success, our plan must be meticulously well-planned. The sector plan provides us with a clear vision of the path that should guide us to reach our desired destination for ourselves as a government institution, for the stakeholders that we serve and for the entire nation. What we need to do now is to light our torches and trailblaze our journey by assessing our strengths and weaknesses and identifying the most viable yet effective approaches to bring our plans into action," he noted.

According to Secretary Del Rosario, despite the hurdles that resulted in some delays in the Department's operations, including the development and restructuring of its organizational systems and processes, it was able to manage the odds as evident in the vibrant performance of the housing sector in recent years.

Spearheaded by the DHSUD Planning Service led by Director Baby Catherine Cruz, with assistance from Development Academy of the Philippines, the event was participated by DHSUD executives, directors and selected division chiefs. "Let us focus our strengths coupled with our required wisdom and experience to develop strategies that are doable and effective on the ground. We need practical frameworks to guide policy formulation, regulation, coordination, and program development and implementation," Secretary Del Rosario said.

"As we go through this process, I urge everyone to participate constructively and give your best shot for the benefit of the Filipino people," he added. **(DHSUD)**

and restraint activity was facilitated by Doc Nielsen Donato, Wildlife Farm Permit Holder and the Co-host of the TV Show, Born to be Wild.

DENR CALABARZON calls for direct involvement of the citizen through recruitment, training, and deputization as Environment and Natural Resources Officer (ENROs) and WEOs. The conduct of WEO training is one of the requirements in the deputization of WEOs, as stated under section 30 of RA 9147. **PR**

**BOSS EMONG, NAGHARI
SA CHAIRMAN'S CUP**

Muling naghari ang kulay abo na kabayo na si Boss Emong sa katatapos na 2022 Philracom "Chairman's Cup" na ikinasa sa karerahan ng Metro Manila Turf Club sa Malvar Tanauan, Batangas. Sakay ng dekalibreng hinete na si Jeffril Tagulao Zarate ay muling ipinalasap ni Boss Emong ang kabiguan sa kanyang matinding karibal na si Super Swerte matapos dominahin ang naturang karera. Sa largahan ay agad na umarangkada si Boss Emong upang makabandera, kasabay sa tabing balya si Super Swerte na pinatnubayan ni Jesse Guce, pangatlo si Big Lagoon na nirendahan ni Kelvin Abobo, pang-apat si Pangalusian Island na dinala ni GV Mora habang si Isla Puting Bato na lulan ni John Alvin Guce ang bugaw sa unang bahagi ng labanan. Pagsapit sa unang kurbada ay halos magpantay sa unahan ang paborito na si Super Swerte at ang segundo liyamado na si Boss Emong, habang nasa ikatlong posisyon ng may walong kabayong agwat mula sa unahan ang dehado na si Big Lagoon, kasabay ang kuarto liyamado na si Pangalusian Island habang ang tersero liyamado na si Isla Puting Bato ay nagsimula ng kumilos mula sa labas. Pagpasok sa back stretch ay dikedikan pa rin ang labanan sa harapan nina Boss Emong at Super Swerte ngunit bahagyang nakalalamang ang ating bida habang nanatili sa likuran sina Big Lagoon, Isla Puting Bato at Pangalusian Island. Paglagpas ng medya milya ay nagsimula ng lumayo ang kalamangan ni Boss Emong laban kay Super

Swerte. Sa huling kurbada ay nanatili pa rin ang kanyang malayong kalamangan ngunit mapapansin ang pagbuka ng ating winning horse habang inagaw naman ni Big Lagoon ang ikalawang puwesto kay Super Swerte. Pagdating sa rektahan ay bahagyang nakalapit sa unahan si Big Lagoon sa tabing balya dahil na rin sa labis na pagbuka ni Boss Emong, ngunit karkulado na ni Jeff ang kanilang panalo kaya kahit tinulak tulak lang niya ang kanyang sakay ay hindi na nakadikit pa ang nasegundo na si Big Lagoon, tumersero si Isla Puting Bato, pumang-apat si Pangalusian Island habang kulelat ang tila nauptos na si Super Swerte. Naorasan si Boss Emong ng tiyemping 2:04.6 (25-23'-23-23'-28') para sa mahabang distansiya na 2,000 meter. Naibulsa ng winning owner na sina Kennedy Morales at Edward Vincent "Don Edong" Diokno ang premyong P1.5M bilang kampeon at nakakubra naman ang koneksiyon ni Big Lagoon ng P562,500 bilang 2nd prize. Nakakuha din sina Isla Puting Bato at Pangalusian Island ng P312,500 at P125,000 bilang 3rd at 4th placer ayon sa pagkakasunod. Matatandaan na si Boss Emong din ang nagwagi sa 2021 "Chairman's Cup" at siya rin ang nanalo sa ginanap na 2022 "Road To Chairman's Cup" noong April 17. Namayagpag naman ang outstanding favorite na si Robin Hood na ginabayan ni Jesse Guce sa Division II ng "Chairman's Cup" habang si Blackburn na pinatungan ni Jonathan Juco ang bumida sa Division III ng "Chairman's Cup".

Duterte admin provides 'sound take off point' for next leadership

MANILA – The Philippine Chamber of Commerce and Industry (PCCI) said the Duterte administration has provided a strong economic foundation for the next leadership.

In a statement Tuesday, PCCI president George Barcelon said the next administration will be faced with the same financial challenges that needed to be addressed.

These economic challenges were brought by the prolonged coronavirus disease 2019 (Covid-19) pandemic and the impacts of the conflict between Ukraine and Russia, he said.

"There will be blips in rating and downward trend, but we know better our macroeconomic fundamentals are intact and the economic reforms of President Rodrigo Duterte's administration, kudos to Finance Sec. (Carlos) Sonny Dominguez who provided a sound take off point for (the) new administration," the PCCI chief added.

Uncontrolled use of technology brings behavioral addictions: NGO

ISTANBUL – Uncontrolled use of technology and the internet brings various behavioral addictions that can harm people both physically and psychologically, according to the Turkish anti-addiction body.

Unconscious and uncontrolled use of technology and the internet is a type of addiction that manifests itself with addictive sub-behaviors such as behavioral addictions, internet gaming disorder, and excessive use of social media and smartphones, according to data compiled by Anadolu Agency from Turkiye's Green Crescent organization.

The problems caused by technology addiction include physical complaints such as eye burning, pain and stiffness in the neck muscles, poor body posture, numbness in hands, and physical weakness.

Also, social complaints, including low academic achievement, personal and family problems, time management issues, sleep disorders, decrease in physical activities, as well as social isolation, are counted as other problems related to technology and internet addiction.

To help people deal with these issues, Green Crescent Counseling Center provides

Among the economic reforms passed during the Duterte administration include the Corporate Recovery and Tax Incentives for Enterprises (CREATE) law, Ease of Doing Business and Efficient Government Service Delivery (EODB) law, as well as the amendments to the Retail Trade Liberalization Act, Foreign Investments Act, and the Public Service Act. "Let's give the incoming administration time to draw up and share their plans in making our country more progressive," Barcelon said.

He also called on Filipinos to remain optimistic for the country's future.

The country's largest business organization also thanked the Commission on Elections, National Citizens' Movement for Free Elections, Parish Pastoral Council for Responsible Voting, as well as teachers and volunteers that facilitated a "generally peaceful and credible" elections. (PNA)

free support to those aged 12 and over.

According to research by the UK-based GlobalWebIndex last year, the average daily time spent on the internet worldwide was six hours and 58 minutes.

However, users in Turkey spent an average of eight hours on the internet -- above the world average.

Japan ranked last in internet use time, with four hours and 26 minutes, according to the research.

Meanwhile, Green Crescent recommends a maximum of 120 minutes of screen time daily for people aged 12 and over.

Infants and toddlers should be kept away from the screen, preschoolers aged 3-6 should spend no more than 30 minutes, children aged 6-9 a maximum of 50 minutes, and those aged 9-12 should spend no more than 70 minutes daily, according to the Turkish NGO.

Recommendations To get rid of tech addictions, Green Crescent recommends limiting hours of daily internet use through weekly schedules or participating in support groups or family therapy.

Guiding children to meet their friends in natural environments and enabling them to socialize

PH, Korea R&D collab to start this June

MANILA -- The Philippines and South Korea will begin collaboration on different research and development (R&D) projects this year, an official said Tuesday.

Almost four years since the Department of Science and Technology (DOST) and the Ministry of Science and ICT (MSIT) - South Korea expressed interest to explore opportunities for collaboration in science and R&D, it is only this year that both parties were able to discuss the possible initiatives and ways forward. (Read: PH, Korea to collaborate on science, R&D <https://www.pna.gov.ph/articles/1039077>)

"Korea and the Philippines share a fruitful partnership over the years. I am confident that both (countries) will intensify (their) partnerships through the common needs of each country," DOST Assistant Secretary Leah Buendia told the Philippine News Officials in an interview.

Officials of the DOST and MSIT met virtually last April 28 to discuss the collaboration. Buendia said both parties agreed to prioritize projects on smart vertical or indoor farming, and the rapid intensification of cyclones.

The call for proposals covering these topics will begin in June, and the approved projects are expected to commence in September. Initially, the two parties are targeting at

"Direct your children to sports branches that match their talents and interests. Support your child's friendships and plan activities that will bring them together. Check your child's computer use and get to know his friends in the virtual environment. Make sure you have secure internet applications on your computers," the group also suggested.

It also warned parents that they should never use technological devices such as smartphones and tablets to keep their children busy.

least one project per topic this year.

Both sides agreed to fund each project for USD32,000 per year.

The R&D projects on indoor farming and rapid intensification of cyclones will be jointly implemented by Korean and Filipino researchers. Both sides are currently coordinating for the scope of the research proposal, Buendia said.

"Sa rapid intensification, pag-aaralan ang mga indicators para mapredict ng mas maaga ang mabilis na pag-intensify ng bagyo at ang maximum strength nito. Rapid intensification kasi ay biglang paglakas ng bagyo ng 25 kph sa 1 araw. (Through the rapid intensification of cyclones project, we will study the indicators to predict the intensification of cyclones and their maximum strength faster and earlier)," Buendia explained.

She continued, "Ito ay di agad napredict dahil sa bilis ng process. Sa ngayon di pa nakikita ng maaga yung rapid intensification. Usually, nangyayari ito dito sa Pilipinas bago mag landfall kaya dapat maforecast ng maaga para makaparepare ang mga tao. (Intensification cannot be predicted right away as the process is really fast. At present, we could not immediately forecast the rapid intensification. This usually happens in the Philippines before a cyclone makes landfall, so this needs to be studied so that people could prepare)."

On indoor farming, DOST Secretary Fortunato de la Peña earlier said smart agriculture is among the areas that the Korean government is eyeing to work with Filipinos.

Buendia, meanwhile, said that relevant institutions shall continue to coordinate in exploring and realizing potential collaborations between the DOST MSIT even with the new Philippine administration.

As to the delay in the start of collaborations, Buendia said this was due to the new leadership in MSIT. "Both sides need to agree on the topics to be tabled in consideration with the new head of Korea," she said. Buendia added that there were challenges in communication, making them seek the assistance of the Philippine Embassy in Seoul and interpreters. (PNA)

Inilunsad ng Vietnam ang red carpet para sa Team PH

Pormal na tinanggap ng host Vietnam ang buong delegasyon ng Pilipinas sa Team Welcome Ceremony noong Miyerkules kasama ang 10 iba pang bansang nakatakdang lumaban sa 31st Southeast Asian Games dito. Pinangunahan ni Commissioner Ramon Fernandez ng Philippine Sports Commission ang Team Philippines sa mainit na pagtanggap ng host country na hudyat na lahat ng 11 National Olympic Committee (NOCs) ay nakaayos na para sa Palara sa Vietnamese capital. "Ang host Vietnam ay lubos na nag-aasikaso sa mga paghahanda, kompetisyon, at mga aktibidad sa paligid ng SEA Games," sabi ni Fernandez, ang Team Philippines chef de mission. "So far, everything's been going on smoothly," added Fernandez, who was accompanied by Philippine Olympic Committee general manager Dinah Remolacio, PSC Public Communications Office head Emmalyn Bamba, and CDM assistant Liza Ner. Ang watawat ng Pilipinas ay

itinaas din sa seremonya sa My Dinh Stadium, na buong pagmamalaki na kumakaway sa tabi ng mga watawat ng iba pang mga kalahok na bansa. Inanunsyo na mahigit 8,000 atleta, coach, at opisyal ang aktibong sasali sa nagpapatuloy na Palara hanggang sa mga closing ceremonies sa Mayo 23. Ang parade ng mga bansa at opening rites ay naka-iskedyul sa Huwebes, na pormal na sinisimulan ang bersyon ng Vietnam ng biennial sportsfest na huling idinaos at napanalunan ng Pilipinas noong 2019. Ang paglahok ng bansa sa multi-sports meet ay pinondohan ng PSC, ang government arm in sports, para pasiglahin ang title-retention bid ng 980-strong delegation, kabilang ang 641 athletes mula sa 38 sports. Nakuha ng Team Philippines ang kabuuang titulo nang mag-host ito ng Palara noong 2019 kung saan nakakolekta ang mga atletang Pilipino ng 149 ginto, 117 pilak, at 121 tansong medalya mula sa 56 na sports.

Inatasan ang Philippine Sports Commission na pangasiwaan ang walang problemang pag-alis ng mga atleta at handang tanggapin sila sa Hanoi. "So far, so good. The arrivals have been going on smoothly. We are preparing for the opening ceremony and have continuously giving assistance to our athletes," said PSC Commissioner Ramon Fernandez, the country's chef de mission to the Games. Si Biado ay ang reigning US Open 8-ball champion at noong nakaraang taon na US Open 9-ball champion matapos mag-iskor ng ginto sa 2017 World Games sa Poland. Itinatag ng Lady Falcons ang 10-puntos, 15-5 kalamangan para ibاون ang Fighting Maroons sa huling bahagi ng fourth set. Nagpapatok si Lorene Toring ng dalawang ace sa 4-0 spurt na nagpahaba ng kalamangan ng Adamson sa 13, 23-10.

Nagtagal ang atake ni Alyssa Bertolano na nagtulak sa Lady Falcons sa match point ngunit mabilis na umiskor si Lorie Bernardo para manatiling buhay ang Fighting Maroons. Mabilis na nasungkit ni Apryll Tagsip ang laro.

"So far marami pa kaming dapat ayusin sa team," said Lady Falcons head coach Lerma Giron. "Kumbaga para kang nag titimpla ng kape, kailangan mong alamin kung matabang, matamis, so hanggang makuha mo yung tamang timpla."

Napanatili ni Trisha Genesis ang kanyang magandang porma na may 15 puntos mula sa 11 atake, dalawang block, at dalawang ace kasama ang 10 mahusay na pagtanggap habang si Lorene Toring ay nagtala ng apat na block upang tapusin na may 14

Naitabla ng Fighting Maroons ang laro sa ikalawang set ngunit muling nanguna ang Lady Falcons sa malaking panalo sa ikatlong set.

Ito ang unang pagkatalo ng UP sa torneo matapos maging University of the East, Far Eastern University, at University of Sto. Tomas para simulan ang season. Ang Fighting Maroons ay pinangunahan ni Alyssa Bertolano na may 15 puntos.

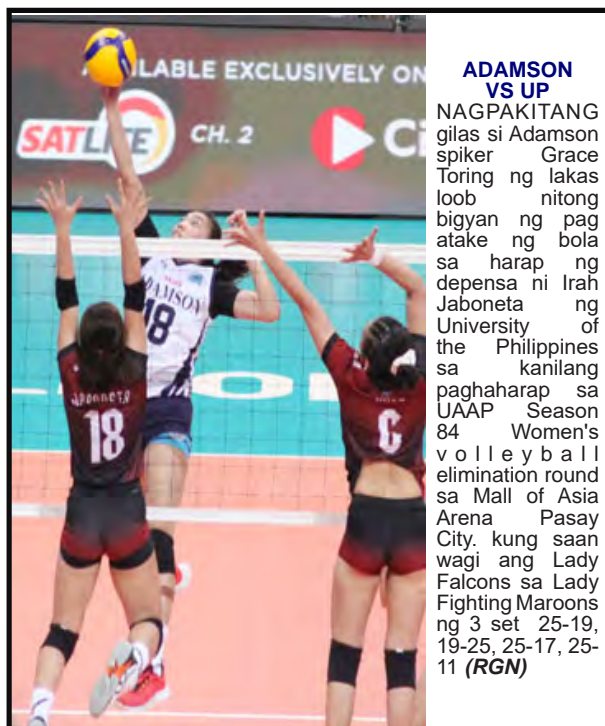

Si Irah Jaboneta ay may anim na marka at 12 mahusay na digs habang si Jhewel Encarnacion, na galing sa 16-point outing laban sa UST, ay nauwi lamang sa tatlong puntos sa tatlong set na nilaro.

CA upholds life terms on 2 Pampanga women in int'l sex ring

MANILA – The Court of Appeals (CA) upheld the life imprisonment sentence and more than PHP2 million in fines imposed by a Pampanga court on two women for violation of anti-trafficking in persons law.

In a decision on May 4 and made public online recently, the CA said Julie Nicdao and another woman named in court records only as YYY are guilty beyond reasonable doubt of qualified trafficking. YYY's real name was concealed to protect the identity of her sibling, one of their minor-aged victims referred to as AAA.

The operation to catch the two was hatched following international intelligence cooperation in 2018 with the Australian Federal Police, Queensland Police Service, and National Bureau of Investigation Anti-Human Trafficking Division (NBI-Ahtrad). They identified Nicdao from Angeles City, Pampanga as producing and selling pornographic web camera shows to clients who pay her through international money transfers.

Australian authorities gathered the details following their arrest of a certain Alan Thomas Latimer on Dec. 6, 2017 and whose mobile phone camera files yielded a sex video of a minor sent by Nicdao.

An entrapment was hatched by NBI undercover agents who posed as foreigners and lured Nicdao into introducing them to the victims.

On Aug. 26, 2018, the NBI agents, social workers, and intelligence agents from the Department of Justice Inter-Agency Council Against Trafficking in Persons arrested Nicdao and YYY.

"The crime of trafficking in persons is considered consummated even if no sexual intercourse had taken place. The mere transaction consummates the crime," the CA ruled. "It is sufficient that the accused has lured, enticed or engaged its victims or transported them for the established purpose of exploitation, which includes prostitution, sexual exploitation, forced labor, slavery and the removal or sale of organs." PNR Lucena-San Pablo to open before Duterte steps down in June

MANILA – The revival and development of the Lucena-San Pablo stretch of the Philippine National Railways (PNR) continues as it is set to reopen before the end of the Duterte administration in June, the Department of Transportation (DOTr) said on Tuesday.

Construction of the Lucena-San Pablo line is ongoing with the rest of the PNR Bicol which links Metro Manila and the Southern Luzon provinces.

"As the Duterte administration nears its conclusion, Secretary (Arthur) Tugade made a covenant with the Filipino people not to waste even a single day at work. There is no time to relax even until

the last day of office," the DOTr said in a Facebook post.

Once reopened, the Lucena-San Pablo line will reduce travel time between San Pablo, Laguna and Lucena, Quezon to one hour and 30 minutes and is seen to help boost the economic corridors of both provinces and neighboring areas.

The line is part of the 560-kilometer PNR Bicol scheduled to be operational by 2027.

PNR Bicol will have 35 stations and will run from Manila through Laguna, Quezon, Camarines Sur, Albay, an extension line in Sorsogon, and a branch line in Batangas. (PNA)

DTI warns business owners, establishments that price tag is a must

MAKATI CITY -- Tightening its watch over booming e-commerce transactions in the country, the Department of Trade and Industry (DTI) warns business owners and establishments to disclose prices in compliance with the Fair Trade Laws.

The DTI Consumer Protection Group (DTI-CPG) urges online and physical store owners to comply with:

Article 81 of the Republic Act No. 7394 or the Consumer Act of the Philippines which requires appropriate tags, labels, or markings that indicate the prices of consumer products sold in retail. With these, products must not be sold at higher prices than stated; and with Section 5 of Republic Act No. 7581 or the Price Act that stipulates that selling a basic necessity or prime commodity without a price tag is prima facie evidence of profiteering.

To strengthen the implementation of the Price Act and Consumer Act, the DTI, Department of Agriculture (DAR), Department of Health (DOH), Department of Environment and Natural Resources (DENR), Intellectual Property Office (IPO), and National Privacy Commission (NPC) have recently issued the Joint Administrative Order (JAO) No. 22-01, consolidating all existing rules and guidelines on online businesses.

The provisions of JAO No. 22-01 reiterate laws that apply to the establishments' responsibility to comply with the requirements of price tags on products and services of physical and online stores.

"We are firm in enforcing these laws, especially on the requirement of price tags, to ensure consumers' right to choose quality products at reasonable prices," says DTI – Consumer Protection Group (CPG) Undersecretary Atty. Ruth B. Castelo.

Several months ago, the DTI launched an online campaign against the "PM Sent (Private Message) culture." The "PM Sent culture" is the shady practice of online sellers who send private messages to consumers inquiring on the price of a product. The campaign emphasizes that online vendors who conceal prices as a marketing

strategy can be fined and/or imprisoned, according to Article 95 of RA No. 7394. The fine ranges from Two Hundred Pesos (Php 200.00) to Five Thousand Pesos (Php 5,000.00) while imprisonment can last from one (1) month to six (6) months. For materials on the price tag, visit <https://www.facebook.com/DTI.ConsumerCare>. For consumer-related concerns and queries, send an email to ConsumerCare@dti.gov.ph or call the One-DTI (1-384) Hotline. (DTI)

DOH to endorse CDC, Vax Institute creation to next admin

MANILA – The Department of Health (DOH) will endorse to the next administration the implementation strategies of the Universal Health Care Act and the establishment of the Vaccine Institute of the Philippines and the Centers for Disease Control (CDC).

In an online media forum Tuesday, Undersecretary Maria Rosario Vergeire said the DOH would push for proper approaches to be observed in "transitioning from the pandemic to the new normal". As the DOH has planned and informed the public "to live with the virus", Vergeire said the agency would urge the President-elect to continue the Covid-19 vaccination program and the implementation of minimum public health standards.

The DOH likewise sees the crucial role of a CDC in the country's goal to move out of the pandemic and ensure health care for all.

"Andiyan po ang Centers for Disease Control bill na pinapasa sa Senado sa Kongreso kung saan diyan po mare-structure ang ating health care system. ang ating DOH na magkaroon tayo ng isang institusyon kung saan dito na tayo magre-rely pagdating sa mga pandemya, pagdating sa infectious disease, pagdating dito sa ating bansa at pagdating sa ating pagre-research and data surveillance (There's the Centers for Disease Control bill in the Senate, in Congress, where our health care system, DOH, will be restructured, and there will be one institution to rely on in times of pandemic, infectious disease, and research and data surveillance)," Vergeire said.

4 data centers eye to sign up with PEZA

MANILA – The Philippine Economic Zone Authority (PEZA) said at least four hyperscalers are looking into investing in the country through the investment promotion agency. In an interview Tuesday, PEZA deputy director general Tereso Panga said the capacity of these data center operators ranges from 30 to 100 megawatts. Panga said the companies are still waiting for the developments of the May 9 polls before proceeding to their investment decision. "These are big players aggressively looking for

a site already," he said, adding that these firms are eyeing the provinces of Bulacan, Cavite, and Laguna.

Hyperscalers are providers of scalable data storage services.

The PEZA official said data center providers want to register their projects with PEZA so that they are not exposed to the regular high power rates outside ecozones.

"Data center —it's power intensive. So they want to be co-located in PEZA zone kasi (because) only PEZA can provide franchise, embedded power to operate it in ecozone. If they are not inside the ecozone, they will be exposed to regular power rates, and this is (a) big-ticket (project). They would want to be in an ecozone," Panga added.

He said PEZA has urged the Fiscal Incentives Review Board (FIRB) to include ecozone development among economic activities that would be provided with tax perks from the government. (PNA)

Control and Prevention Act will establish the Centers for Health Statistics, Surveillance and Epidemiology, Health Evidence, and Reference Laboratories under the DOH. A counterpart bill in the House of Representatives was approved in July 2021.

Vergeire noted that the Covid-19 pandemic highlighted the country's need for a vaccine institute that would promote the protection against infectious diseases and pandemics.

"The National Health Security Act kung saan nandiyan po, it will link with the CDC for us to be more resilient during this time na nagkakaroon tayo ng

'Libreng Sakay' ridership reaches almost 11 million

MANILA – The Metro Rail Transit Line 3 (MRT-3) has given almost 11 million free rides to the public so far since the beginning of its "Libreng Sakay (free ride)" program in March.

In a Facebook post on Tuesday, the MRT-3 said a total of 10,990,908 passengers have so far received free rides at the MRT-3 from March 28 until Monday.

The free ride program is set to end on May 30 after it was extended for another month at the end of April. The program is meant to showcase the improved service and facilities of the MRT-3 after its rehabilitation was completed in December last year.

To date, it runs four four-car trains and 18 three-car trains -- each train car is capable of carrying 394 passengers, allowing four-car trains to carry 1,576

passengers and three-car trains with 1,186. To help ensure the safety of passengers a day after the elections, it also held antigen testing for all of its employees on Tuesday. GSIS loan condonation program extended until June 30

MANILA – Inactive members of the Government Service Insurance System (GSIS) will have more time to settle their loans as the condonation program has been extended to June 30. GSIS president and general manager Rolando Macasaet announced on Tuesday that they will waive all penalties from outstanding principal loans.

"We encourage our inactive GSIS members to apply for this program, which also gives them the option to pay their loan balances on a three-year installment basis at 10 percent interest per annum only," Macasaet said in a statement.

Dubbed Program for Restructuring and Repayment of Debts (PRRD), Macasaet said the one-time condonation and restructuring program covers various service loans like salary loans, cash

advances, consolidated loans, emergency loans, educational assistance loans, and policy loans. PRRD availed may settle their loans directly at GSIS offices or through partner payment facility Bayad Center.

"If the borrower is a retiree who will receive the pension at age 60 or after five years, the payment may be deducted from his or her pension. If the loan will be settled by the legal spouse, he or she may have it deducted from the survivorship pension or pay through the almost 3,000 Bayad partner outlets nationwide," Macasaet added.

He said the GSIS intends to recover and collect outstanding loan accounts through PRRD to ensure members will continue to receive their benefits. **(PNA)**

EU looks forward to working
with next administration

MANILA – The European Union (EU) looks forward to forging closer cooperation with the Philippines under the next administration, its delegation in Manila said Tuesday.

Presidential candidate Ferdinand "Bongbong" Marcos Jr. is leading in the partial and unofficial tally by 30.9 million over his nearest rival Vice President Leni Robredo with 14.75 million votes, based on 97.72 percent of election returns processed.

The bloc was among the groups to send foreign observers to monitor the conduct of the Philippine national elections on May 9.

To recall, the Partnership and Cooperation Agreement (PCA) between the EU and the Philippines entered into force in 2018, creating a joint committee that allows the two partners to boost relations based on mutual interest and respect.

The delegation said it observed generally "peaceful, free, and fair democratic elections" based on the polling precincts its diplomats visited in different parts of Metro Manila and nearby provinces. "The EU (Delegation to the Philippines) looks forward to working with the incoming administration for the next six years and foster closer EU-Philippines relations," it said on its official Facebook page.

The joint committee established three specialized subcommittees focused on Development Cooperation; on Trade, Investment and Economic Cooperation; and on Good Governance, Rule of Law and Human Rights. (PNA)

FIRB approves tax perks for
Hanjin shipyard rehab

MANILA – The Fiscal Incentives Review Board (FIRB), upon the endorsement of the Subic Bay Metropolitan Authority (SBMA), has approved the grant of tax incentives to Project AGILA for the redevelopment and operations of the Hanjin shipyard in the Subic Bay freeport zone.

"We expect the project to create jobs in the adjacent communities, increase economic activity as well as support the national government's economic recovery efforts," Dominguez said. "The resumption of operations in the shipyard will also prompt development and productivity in the area, which can attract more investment opportunities into the country." The project will cater to both the Philippine Navy (PN) and potential export locators. It will be beneficial, specifically to the Navy, as it will involve the safety and efficiency of the Philippine government ships' performance and, consequently, strengthen national security.

Finance Secretary and FIRB chairman Carlos Dominguez III supported the approval of the tax perks for Project AGILA with a total project cost of PHP17 billion as the rehabilitation of the Hanjin shipyard presents economic potential given its strategic location near the West Philippine Sea (WPS). The project was granted special corporate income tax (SCIT), value-added tax (VAT) exemption from importation, VAT zero-rating on local purchases, and duty exemption on importation.

This project is funded by United States (US)-based private equity firm Cerberus Capital Management. (PR)

Dalawang Pilipino sa Canada, wagi sa pagsulat ng Dalit ng Tumula Táyo 2022

LUNGSOD NG MAYNILA -- Nagwagi si Analie I. Palacio ng Unang Gantimpala sa timpalak sa pagsulat ng Dalit para sa kaniyang akdang "Sa Paghahanap ko ng Kayamanan" sa Tumula Táyo 2022. Isang timpalak sa pagsulat ng katutubong tula na itinaguyod ng Komisyon sa Wikang Filipino kaugnay ng pagdiriwang ng Buwan ng Panitikan 2022 na may temang "Muling Pagtuklas sa Karunungan Bayan." Si Bb. Palacio ay isang nurse sa Pilipinas bago siya napunta sa bansang Canada. "There is a Pot of Gold at the End of the Rainbow, dito ko nakuha ang tema ng nabuo kong tulang dalit," ito ang binanggit ni Bb. Palacio sa kaniyang mensahe mula sa Canada.

Sinabi pa niya na "busilak ang puso ng mga katutubo at may simpleng pamumuhay na kaulayaw ang kalikasan, ang kanilang pagpapatuloy ng tradisyon at kultura sa kabila ng mga pagbabago ng modernong lipunan."

"Napakahalagang igalang natin ang kanilang mga karapatan at masuportahan ang mga hakbang para sa pangangalaga ng kalikasan. Malaking hamon ito sa pamahalaan lalong-lalo na sa napapanahong climate change," dagdag pa niya.

Naniniwala pa siya na ang malikhaing kampanya na nagsusulong ng mga isyu hinggil sa mga katutubo ay isang kapuri-puring gawain upang maisulong ang kanilang payapa, sagana, at ligtas na pamumuhay.

Itinanghal naman si Roger H. Endaya para sa Ikalawang Gantimpala sa akdang "Ang Huling Mambabatok" at nakuha naman ni Mark Púgnit Bonábon ang Ikatlong Gantimpala para sa kaniyang tulang "Bato."

Itinanghal ng KWF si German Villanueva Gervacio na nagwagi sa para sa tulang "Ang Manlililok ng Sarimanok ng Tugaya" para sa pagsulat ng Tanagà. Nagwagi din si Ferdinand L. Eusebio ng Ikalawang Gantimpala para sa kaniyang "Kubing." Hinirang naman si Christine Marie Lim Magpilesa ikatlong gantimpala para sa kaniyang tulang "Gong." (KWF)

Bilang ng mga naninigarilyo at nagmo-momma sa Benguet, mataas

LA TRINIDAD, Benguet (PIA)--Inirerekomenda ang mahigpit na pagpapatupad sa mga polisiya at alituntunin kaugnay sa paninigarilyo at paggamit ng betel quid o momma.

Kasunod ito ng inilabas na resulta ng Benguet Global Youth Tobacco Survey (BeGATS) kung saan, naalarma ang mga health experts sa mataas na bilang ng mga naninigarilyo at gumagamit ng betel quid o momma sa lalawigan.

Lumabas sa nasabing pag-aaral na 25.8% o tatlo sa bawat sampung katao sa probinsiya ang naninigarilyo. Samantala, 21.6% o dalawa sa bawat sampung katao ang ngumunguya ng momma. Aabot sa 20.2% ang mga old smokers o mga naninigarilyo ng anim na taon o mahigit habang ang mga old quid users ay 15.9%.

Ang mga new smokers o naninigarilyo sa loob ng isa hanggang limang taon naman ay 5.5% habang ang mga new betel quid users ay 5.1%.

Isinagawa ng Sigma Statistical Research Consultancy Baguio-Benguet ang nasabing survey noong 2020-2021 sa kabuuang 1,107 adults sa 13 na bayan ng Benguet.

Ayon kay Ma. Cecilia

pinakamaraming hinihinalang tulak na naaresto na labindalawa; sumunod ang Imus City (8); Gen Trias City (6); habang ang Bacoor City at General Mariano Alvarez (GMA) ay tig-lima; apat naman sa Cavite City; sa Naic ay tatlo; habang may tig-dalawa ang Dasmariñas City at Maragondon; at tig-isa ang Ternate. Amadeo at Indang o kabuuan na 51. Sa nasabing operasyon, isa rito ay 17-anyos na dalagita ang naaresto at kasalukuyang nasa pangangalaga ng Municipal Social Welfare and Development (MSWD) sa GMA. **GENE ADSUARA**

Agpawa, project team leader ng Transcending Institutions/Smoke-Free Benguet, ang naturang pag-aaral ay gagamiting benchmark sa iba't ibang aktibidad at action plans na ipatutupad para sa probinsiya.

"What we would want to really have is not an increase in the use but a decrease of the use so that all of our efforts, all of our activities will be moving that towards that goal of reducing the incidence or the use of cigarette and to include now, momma," pahayag ni Agpawa.

Lumabas din sa pag-aaral na hindi gaanong nasusunodang mgapolisiya kaugnay sa pagpapatupad ng anti-smoking at anti-betel quid chewing, hindi aktibo o walang task force na magpapatupad sa mga alituntunin kaugnay nito, hindi sapat ang mga patakaran ukol sa betel quid, at ang impluwensiya ng kultura.

Nagbigay naman ng paglilinaw si Dr. Ryan Guinanan, Executive Assistant sa Provincial Governor's Office, kaugnay sa sinasabing bahagi ng pagpreserba ng kultura ang paggamit ng momma.

"It is not about, it is culture ... but is it healthy or not is the better question.

Julius Tomines na patuloy ang pagpapatupad nila ng mga hakbang upang walang mangyari anumang insidente ng pang-aabuso sa loob ng PMA.

"Aside from physical separation, we only limit the interaction between the upper class and the fourth class or the plebes. Only members of their chain of command of each fourth class men or cadet may visit that cadet during specified times in a day to check on them and to mentor them on the standards of conduct, appearance, and duty

We have a lot of cultural practices but may not be good or are detrimental to our health. 'Pag sinasabi nating cultural preservation, it's not really preserving culture in toto but preserving what is good in our culture so that we will develop more," paliwanag ni Guinanan.

Inirekomenda rin ang pagpapalakas sa information education campaign kaugnay sa masamang epekto ng paninigarilyo at pagnguya ng momma, at pagbuo ng mga lokal na konseho ng smoke-free ordinance na naaayon sa World Health Organization Convention on Tobacco Control.

Bukod dito, inirekomenda rin ang paghikayat sa mga mambabatas na bumalangkas ng batas upang madagdag ang momma sa Sin Tax Law. Umaasa ang mga kinauukulan na sa pamamagitan nito ay makakamit ang smoke-free at momma-free community. (JDP/DEG-PIA CAR)

performance as expected to the fourth class cadet," pahayag ni Tomines. Regular din aniya ang pagtuturo nila sa mga miyembro ng Cadet Corps sa mga regulasyon kaugnay sa anumang paglabag ng mga kadete. Mahigpit ding ipinatutupad ang Corrective Training Policy na nakatutok sa pagsasagawa ng akmang hakbang imbes na agad parusahan ang kadeteng nagkasala.

"In all areas of the cadet development, on character, academic, military, and physical developments, instead of the upper class cadets instantly giving physical punishment to a plebe that has deficiency, the plebes are instead made to undergo corrective training measures," paliwanag ng opisyal.

Sinabi ni Tomines na mayroon na rin umanong itinalagang company tactical officers at assistant company tactical officers na mangangasiwa sa mga kadete.

Binibigyang-diin din nila ang kahalagahan ng respeto sa dignidad ng bawat isa.

Ginagamit din nila ang "alright" challenge kung saan, sinumang kadete na lalabag ay ituturing na naglahad ng "false statement" na isang paglabag sa PMA Honor Code.

"Every day during the time which we call 'police call', the floor inspector challenges every cadet, whether an upper class man or a fourth class cadet, individually challenging them 'alright'. And if somebody does not reply 'alright', or keep silent then that leads to an investigation. So, that's one way for us to find out if there's any violation, grave offenses particularly maltreatment," paliwanag ni Tomines.

Tiniyak ng opisyal na sinisiguro nila ang pangangasiwa sa lahat ng aktibidad ng mga kadete. Ito aniya ay upang masiguro ang tamang paghubog sa mga ito na magiging lider ng Sandatahang Lakas ng Pilipinas sa hinaharap. (JDP/DEG-PIA CAR)

FOCUSED MANHUNT OPERATIONS NG PNP-AKG, TAGUMPAY

NAGING matagumpay ang isinagawang focused manhunt operations ng Philippine National Police-Anti Kidnapping Group sa pagsisimula ng taon hanggang sa mismong araw ng halalan.

Ayon kay PNP-AKG Director PGen. Rudolph Dimas, nasa 101 wanted persons ang nahuli habang na-neutralized naman ang tatlong kidnappers sa buong election period. Kaugnay ng isyu sa kidnapping ay nilinaw na wala itong naiulat sa panahon ng eleksiyon. Hindi umano election related kidnapping incidents ang naitala ngayong taon hanggang nitong nakalipas na Mayo 10. Ang mga kaso ng pagdukot ay may kaugnayan sa

mga casino at Philippine Offshore Gaming Operations.

Dagdag pa ng PNP-AKG na ang mga kaso ng kidnapping sa casino at POGO ay walang batayan na ginawa sa layuning pagpopondo para sa mga gastusin sa pangangampanya.

May kinalaman umano sa trabaho ang kaso ng kidnapping sa mga manggagawa ng POGO. Kabilang umano rito ay ang panghihikayat o recruitment gayundin ang sinasabing pagbebenta ng mga POGO workers sa pagitan ng mga employer.

Tungkol naman sa usaping casino kidnapping ay may kaugnayan naman umano ito sa mga pagkakautang.

Dapat bang purihin ang dalawang parak ng Intramuros-PCP?

NAGKARON ng bahagyang gulo o pagtatalo ang isang pamilya sa isang lugar sa area ng Intramuros, Manila. Buwan na marahil ang nakakalipas pero naroon pa rin ang ilan sa mga katanungan. Si 'Petra' ay nagpunta at nagsumbong sa mga pulis na nakatalaga sa Intramuros-PCP.

Bataysapagkakakuwento ni Petra ay nasampal o nasuntok siya ng kanyang lalaking biyen na tawagin nating si Ben. Dalawang pulis ng Intramuros-PCP ang tumugon sa naturang sumbong ni Petra.

Gamit ang back-to-back patrol car ay inaanyayahan si Ben ng dalawang parak pero ang sabi ay hindi sa presinto dadalhin bagkus ay sa barangay hall lamang. Pero hindi naisakay sa patrol car o naisama si Ben ng dalawang lespu hanggang may dumating na dalawa pang pulis na kapwa lulan ng tig-isang single motorcycle.

Sa huli ay hindi rin naisama si Ben hanggang umalis na rin ang dalawang pulis na nakamotor at ang dalawa pang lespu sakay ng back-to-back.

Ang ilan sa mga katanungan ay sakaling nagkaroon ng pagtatalo sa pagitan nina Petra at Ben ay dapat nga ba na sa mga pulis kaagad ang takbo at hindi sa barangay since family problem ang kaso?

Pinanindigan ni Ben na hindi niya sinampal o sinuntok ang kanyang manugang na si Petra sa halip ay siya pa nga ang argabyado sa pangyayari.

Ang pera ni Ben na nakalagay sa bag ay kinuha ni Petra at asawa nito.

Kung tutuusin ay si Ben

pa raw dapat ang may karapatan magreklamo o magkaso laban sa anak niya na asawa ni Petra.

Pero hindi naman ginawa ni Ben bagkus ay pinagalitan lamang ang mag-asawa dahil sa pagkuha ng pera sa kanyang bag na walang paalam.

Sa takbo ng mga pangyayari ay family problem ang namagitan na dapat ay dadaan muna sa barangay bago sa kapulisan.

Pero direktong presinto si Petra para sa reklamo na mabilis naman ang aksiyon ng dalawang lespu.

Dapat nga bang purihin ang dalawang pulis ng Intramuros-PCP sa maagap nilang pagtugon sa reklamo ni Petra?

Sinampal o sinuntok nga ba ni Ben ang kanyang manugang na si Petra?

Ang kasagutan sana ay ang medical certificate kung si Petra ay nagpa-medical.

Naipa-medical ba ng dalawang parak si Petra? May tinatawag tayong VAWC o violence against women and children na kahit hindi na dumaan pa ng barangay ang usapin, tama po ba?

Tila walang pagpapamedical na nangyari dahil wala naman umanong naganap na pananampal o panununtok o kahit anong pananakit.

lyon ang dapat ginawa ng dalawang pulis, pina-medical nila si Petra.

Pero hindi yata ginawa kasi wala naman maipapa-medical dahil walang mantsa o malinis ang mukha o katawan ni Petra.

Palatandaan na walang pananampal o panununtok o pananakit na naganap sa pagitan nina Petra at Ben.

Kayo na po ang humusga.
