'CONSAGRACION' OF AMULET BELIEVERS, KEEPERS OF CAVITE

By: Gladys Señires-Pino

GENERAL TRIAS, Cavite – The anting-anting (amulet) culture may have evolved through the years, in terms of perception and use, but the practice is very much alive and still figures heavily in the daily lives of Caviteños.

This, we learned as we witnessed first-hand the “Consagracion” (Consecration) – a ritual to re-charge or keep alive the amulets’ powers in the morning of Good Friday.

On the invitation of known amulet author, Jeffrey Alfaro Lubang, we met a group of believers called the “Antingerong Lagalag” (wandering amulet keepers/believers) at the residence of its leader, former Overseas Filipino Worker (OFW) Albert Trias.

Some 20 members, coming from various sectors of society, bring out their collection of man-made (metal) and nature-given (mutya) amulets for the ritual – the incense burning, some latin prayers/phrases, familiar Catholic prayers (like The Apostles Creed and Our Father), and the pausok (where leader holds the amulets up in the incense smoke).

Trias, who is also a local hilot (village midwife) and albularyo (healers), said his gift started with a vision in 1980 where he dreamt of an old lady inviting him to the mountains. He later learned that the mountain is the famous Mt. Banahaw in Quezon province which is often referred to as a holy mountain and a trip to one is said to restore one's spiritual health.

Asked about the religious figures which were present during the ritual, Trias explained that “they are there” to re-instill among the members that their “lakas” (powers) come from our Lord above and to use their powers “sa mabuti lang” (for good purposes only) like for protection, prosperity, health and strength.

On its origins and history, Lubang – who acquired

a Doctorate in Applied Cosmic Anthropology (ACA), offered that Cavite's amulet culture “could be traced back from our Filipino ancestors’ (pre-Hispanic) belief in anitos (wooden sculpture that personifies the lower/higher spirits) which has helped win the battles of some of our known heroes.

Coming from generations of amulet keepers himself, Lubang adds that amulet keepers should look at the means, other than the personal gain. Owing one also entails commitment, “as most amulet keepers need to recite Latin prayers which could run for hours.” For non-believers, his request is to “just make a room for understanding the possibility of the truth in all these, and look at this (practice) not to get the affirmation of the presence of God, but more of preserving our cultural roots and practices”.

The group is not selling any of its amulets but some families, like the Herreras from Noveleta town, are known for reproducing medallions offering a variety of shapes, sizes and uses of products that are widely sold in Quiapo, Manila.

Mega job fair caravan continues in Indang

On April 19, 2023, Indang Municipal Covered Court was bustling with activity as job seekers from this town and from the municipality of Mendez gathered for the mega job fair caravan dubbed as “Trabaho sa Kabataang Kabitenyo”. The job fair was organized by the Sangguniang Kabataan Provincial Federation in partnership with the Provincial Public Employment Service Office, Provincial Youth and Sports Development Office and various companies and organizations, with the aim of providing employment opportunities to the local populace.

The job fair caravan was a resounding success, with

The Provincial Social Welfare and Development Office (PSWDO) in partnership with the National Commission of Senior Citizens (NCSC) conducted a one-day Consultation Dialogue on Programs and Services for Older Persons on April 14, 2023 at the Cavite Collaboration Center for Public Health Auditorium, Trece Martires City. Heads and representatives from the Office of Senior Citizens Affairs, senior citizen officers from all the 23 local government units of Cavite as well as the City and Municipal Social Welfare and Development Officers were present in the event.

The consultation dialogue formally started through the acknowledgement of participants done by Mr. Ciriaco S. Angeles, Regional and Provincial Federation of Senior Citizen President, immediately followed by the messages of Provincial Administration for Community Affairs Alvin S. Mojica and Board Member Romel R. Enriquez, Chair-Committee on Social Services, Family, Women, Children and Elderly.

They both stressed that the consultation dialogue will be a great help to formulate programs for the elderly and assured that the provincial government will support the undertakings. Mr. Jarryd Bello represented Vice Governor Athena Bryana D. Tolentino and relayed

hundreds of job seekers in attendance and seventeen (17) companies and industries participating. The event started early in the morning and continued throughout the day, with job seekers streaming in and out of the venue in search of employment opportunities.

The caravan also included NBI processing and provision of Community Tax Certificate, which are important pre-requisites for securing employment.

Local officials from Indang and Mendez expressed their heartfelt appreciation to the event organizers and the companies who participated, for the remarkable job opportunity

PSWDO holds consultation dialogue on programs and services for older persons

her message emphasizing the importance of providing programs and services that cater to the needs of older persons, as they are essential part of society.

NCSC Commissioner Ricardo Rainier S. Cruz III's discussion focused on the transition, gaps and challenges in the implementation of programs and services for older persons which were all previously undertaken by the Department of Social Welfare and Development (DSWD).

Among the programs mentioned are the distribution of social pension and registration of senior citizens (online and offline) and emphasized the proposal to rationalize the selection of indigent senior citizens.

Republic Act 11350 or the National Commission for Senior Citizens Act was highlighted in the presentation of Commissioner Reymar R. Mansilungan along with other legislations implemented to ensure the welfare of senior citizens. This law which created the NCSC under the Office of the President mandates the commission to ensure the full implementation of laws, policies, and programs of the government on senior citizens, review and conduct related studies, and recommend policy to Congress and the President.

It abolishes the National Coordinating and Monitoring Board created

they have provided to their constituents.

In attendance during the event were SKPF President Tom Carlo M. Ardemer, PPESO head Ms. Rizalie P. Enero, PYSDO head Mr. Vincent Bae and Provincial Information Officer Denesse S. Cajulis.

Overall, the mega job fair caravan was a huge success, with many job seekers finding employment opportunities that matched their skills and experience. The event was a testament to the commitment of the provincial government and the participating companies and organizations to the development of the local community.---**PICAD**

under RA 9994 and transfers related functions from the DSWD to NCSC.

On the other hand, Ms. Jhoana M. Nodora of DSWD-Region IVA discussed the updates of the programs and services for senior citizens offered by their agency.

Services include social pension for indigent senior

citizens, centenarians and assistance to older persons.

An open forum was facilitated after the talk where participants were able to raise their issues and concerns which were addressed by the commissioners from NCSC and Ms. Nodora of DSWD-Region IVA. **PICAD**

Pera pambili ng baboy, tinangay ng 4 katao

IMBES na pambili ng mga baboy, sa kamay ng apat na hinihinalang holdaper napunta ang P100K cash ng 39-anyos na negosyante sa Imus City, Cavite Lunes ng madaling araw.

Pinaghahanap ng pulisya ang apat na lalaki na sakay ng dalawang itim na motorsiklo na walang plaka, na tumakas matapos ang insidente.

Sa ulat ni PSSgt Anthony Macario, ng Imus City Police Station, dakong alas-4:40 ng Lunes ng madaling araw naganap ang insidente sa harapan ng Burger King sa Brgy Pasong Buaya 1.

Pumarada ang six-wheeler truck na may plakang XMU 533 upang bumili ng maiinom ng kape ang driver nito habang naiwan sa passenger jeep ang negosyante.

Dumating ang mga suspek na nakamotorsiklo at isa sa kanila ang bumaba na armado ng baril at binuksan ang pintuan ng truck, tinutukan at nagsabing "Pera, pera, ilabas niyo ang pera papatayin ko kayo."

Walang nagawa ang biktima kundi ibigay ang P100,000.00 cash na umanoy pambili sana ng baboy.

Matapos ang insidente, sumakay ang suspek sa naghihintay na motorsiklo at pinasibad patungo sa direksyon ng Aguinaldo Highway.

Ayon kay Macario, posible umanong natitiktikan ang biktima dahil madalas umanong dumadaan ang kanilang sasakyan sa nasabing lugar tuwing bumibili ng baboy. **GENE ADSUARA**

Bilang Public Servant

ALAM ba ninyo kung gaano kahirap ang maging isang pulis? Bukod sa tila dumadaan ka sa butas ng karayom bago ka makapag-take oath o makapanumpa bilang isang pulis ay kailangang dumaan sa proper training ika nga sa pangangasiwa ng National Police Training Institute (NPTI) ng Philippine Public Safety College (PPSC). Kung mayroong pagkakataon kakantahan ko kayo ng PASC Hymn.

Bilang mga Protectors and Law Enforcers mayroon mga kaakibat na pagsubok at responsibilidad sa balik ng isang Police Commissioned Officer (PCO), kaya nga ang rank insignia ay nakalagay sa balik at hind isa noo.

Regardless kung ang isang PCO ay nagmula sa Academy, naging kadete sa Philippine National Police Academy (PNPA) bilang bahagi ng Cadet Corps PNP o nagmula sa pagiging isang enlisted personnel, dumaan sa pagiging patrolman o patrolwoman o kaya naman ay sa pamamagitan ng Lateral Entry hindi biro ang mga pinagdaanan ng mga Police Officers na ito.

Sabi ko nga mayroong naka-akibat na responsibilidad sa kanilang mga balik, maraming challenges sa buhay ng isang PCO maliban sa mga Police Non Commissioned Officers (PNCOs), nandyang ang madling pipol, ang taong bayan na sinumpaang nating paglingkuran.

Karamihan sa mga Police Lieutenants hanggang Police Captains ay nakatalaga ngayon sa mga opisina at ung iba ay humahawak na ng pwesto bilang mga Sub Station Commanders sa ibat ibang lugar dito sa Kalakhang Maynila at sa mga lalawigan. Hindi biro ang kanilang mga ginagawa bilang Public Servants.

Sila ang napuputukan kapag mayroong mga hindi kaaya ayang nangyayari sa loob ng kani-kanilang nasasakupan dahil sila ung masasabi nating "on the ground". Mataas ang expectations sa kanila ng kani-kanilang mga

superiors at lalo't higit ng taong bayan. Kapag nagkamali o nagkaroon ng bulilyaso ang isa o ilan sa mga PNCOs na kanilang nasasakupan sila ang siguradong napuputukan sa ilalim ng doktrina ng "Command Responsibility".

Tuladnalanghalimbawa ng aking kaibigan na si PLT HAZEL MARIE SILIM BENITO, PNP na nakatalaga ngayon sa Sub Station 5 ng San Juan City Police Station, Eastern :Police District (EPD) at ni PCAPT ROLANDO DOMINGO, PNP na hepe ng Llano Police Sub Station 7, Caloocan City Police Station, Northern Police District (NPD) hindi biro ang kanilang trabaho na bukod sa pagiging Public Servants ay pareho pang "Kuya" at "Ate" sa The Fraternal Order of Eagles (TFOE) kaya nakakasigurado ang mga mamamayan na ang dalawang opisyal na nabanggit ay parehong tapat at masigasig sa pagyupad ng kanilang tungkulin bilang mga lagad ng batas, bilang mga Public Servants.

Parehong busy area ang nasasakupan nina PLT BENITO at PCAPT DOMINGO pero sa ngayon ang masasabi kong mayroong problema ay ang nasasakupan ni PCAPT DOMINGO, at ito ay ang ilan sa mga tricycle drivers ng Sunrises Village Llano Novaliches - Tricycle Operator Driver Association (SVLN TODA) na bukod sa pagkakaroon ng matitigas na ulo ay mayroong kayabangan, mayroong isang Board member ng SVLN TODA ang nagsasabi na hindi na daw pinapansin o papansinin ni PCAPT DOMINGO ang aking mga reklamo laban sa kanila dahil hindi naman daw ako pulis at magpapa media daw siya kapag siya ay nasita o nahuli. Mayroon isa pa dyan na dalawang beses ko na sinabihan dahil nakasuot ng green na leather jacket at mayroong patches ng PNP NCRPO at nakalagay sa balik at ranggong Police Sergeant.

Maging responsable sa pag-iipon ng tubig

UMABOT sa mahigit 27,000 kaso ng dengue ang naitala mula Enero hanggang Marso nitong taon.

Batay ito sa inilabas na ulat kamakailan ng Department of Health na sinasabing mas mataas kung ikukumpara noong January to March 2022.

Ngayong nasa panahon ng tag-init kasabay pa ng kakulangan sa supply ng tubig ay patuloy ang paalala ng kagawaran.

May kaugnayan ito sa mga iniimbak na tubig bilang tugon sa mga nakakaranas ng kakulangan sa supply.

Maging responsable sa pag-iipon ng tubig at hindi dapat hinahayaang ito ay basta na lamang nakabuyangyang.

Ang mga lalagyan ng ipong tubig na walang maayos na takip ay pinamamahayan ng mga lamok.

Kung ang lamok ay nagtataglay ng sakit na dengue ay paborito ng mga ito na mamalagi sa nakabuyangyang na tubig para roon manganak.

Kung mahalaga ang tubig ay ganoon din ang kalusugan.

Camiguin Rep, LCEs update Contingency Plan on Volcanic Eruption with DOST, OCD

The province of Camiguin updates its contingency plan on volcanic eruption in partnership with the Department of Science and Technology and the Office of Civil Defense, through the conduct of a workshop on April 12-14, 2023 in Mambajao.

Governor Xavier Jesus Romualdo officially welcomed all 300 participants from various clusters, barangays, and organizations during the opening ceremony at the Camiguin Convention Center in Mambajao. Camiguin district representative Hon. Jurdin Jesus Romualdo shared in his message the importance of this plan for the benefit of all residents of the island-province.

DOST Secretary Dr. Renato U. Solidum, Jr graced the opening ceremony as key Resource Speaker giving a lecture on "Understanding and Preparing for Geological Hazards". During his speech, he emphasized that knowing and understanding various hazards caused by volcanic eruption is vital in the creation of a contingency plan. "In Camiguin, you need to prepare for all hazard...volcanic eruption, earthquakes, and also prepare for landslides and global warming", he added. Prior to his appointment, Solidum served as DOST Philippine Institute of Volcanology and Seismology (PHIVOLCS) officer-in-charge and DOST undersecretary. He is among the country's top experts in the field of geology.

DOST Undersecretary for Regional Operations Sancho A. Maborang and a team from DOST-X were also present during the opening ceremony in full support of this event, as the agency is the vice-chair for prevention and mitigation in the regional disaster risk reduction and management council.

Office of Civil Defense Region 10 Director Antonio Sugarol was also in attendance at the opening ceremonies. He expressed full support for the activity. The four-day event is

a training-workshop according to the module implemented by the Office of the Civil Defense. Among the topics to be discussed are Contingency Plan factors, Hazard plans, Health-related hazard due to Volcanic Activity, Establishment of Incident Command Management Team, and more.

Located along the Pacific ring of fire, the Philippines is highly susceptible to seismic and volcanic risks. The World Risk Index 2022 stated that the country is one of the most at risk and exposed to natural hazards and the adverse effects of climate change.

With the exposure to these hazards, resilience building is a priority concern. The community should be prepared for the possibility of disasters while preventing and mitigating such from happening. The Local Government Units across the country have gradually shifted their approach from reactive to proactive disaster risk management. In this initiative, GeoRiskPH has been utilized by LGUs, and even private entities.

Dr. Macario Oclarit, President of Camiguin Polytechnic State College supported the event by allowing teachers to help in the updating of the Contingency Plan for volcanic eruption.

The Mambajao DRRM Officer, Ms. Raquel Ranara in close coordination with Ms. Joanne Katherine Rosales-Banaag, Provincial S&T Director, and Mr. Trestan Rey Ebarre, Chief Capacity Building and Training Officer of OCD-10 and Ms. Joan Salcedo of PHIVOLCS were the focal persons who worked for more than two months to prepare the said activity. It was realized upon the request of Congressman JJ Romualdo.

The most active and well-known volcano on the island is Mount Hibok-Hibok, which has erupted several times in the past. Its last eruption was in 1951, when boiling lava, poisonous gasses and landslides killed 3000 people. **(Nova Belle Calotes/DOST 10)**

Nuclear medicine for more affordable cancer detection and treatment in PH coming up, says S&T Fellow

By Allan Mauro V. Marfal, DOST-STII

An S&T Fellow from the Department of Science and Technology-Philippine Nuclear Research Institute (DOST-PNRI) underscored that nuclear medicine in the country has advanced in the past decades that could lead to more affordable treatment of various non-communicable diseases.

"It Nuclear Medicine has developed a lot in the past two decades which is good news. We have improved a lot on the use of nuclear medicine technology in the diagnosis and staging of cancer. Also, now, it is being used in the cases of detecting dementia," said Dr. Thomas Neil Pascual in a broadcast interview.

Dr. Pascual, a nuclear medicine expert, is a former Balik Scientist and currently one of the S&T Fellows assigned at the DOST-PNRI. Both Balik Scientist and S&T Fellows are programs of the DOST designed to step up the research and development (R&D) capacity of the DOST RDIs and Councils to deliver innovative activities, programs, and services to Filipinos by being part of a pool of science experts.

In 2021, 189 of every 100,000 Filipinos were affected by cancer, with four Filipinos dying of

cancer every hour or 96 cancer patients every day. This is according to a study by the University of the Philippines Institute of Human Genetics - National Institutes of Health.

One roadblock to fighting cancer is the high cost of diagnosis. One scan requires patients to shell out up to P100,000, a prohibitive cost that makes cancer staging and diagnostic procedures available to only those who can afford it.

Responding to this need, the DOST-PNRI prioritized its R&D on radiopharmaceuticals to find alternative ways to provide cost-efficient diagnostics and treatment for cancer and other diseases such as dementia. Radiopharmaceuticals are drugs containing radioactive isotopes which can be used as diagnostic and therapeutic agents.

Helping PNRI bring to Filipinos closer to the dream of lower diagnostics and treatment costs is the Nuclear Medicine Research and Innovation Centre (NMRIC).

According to Dr. Pascual, the Centre will be a research facility that will

produce an array of tracers that can be used to help in the management of cancer.

"Right now, we have one or two radioactive tracers available but, hopefully, with this facility, we could develop more types of tracers that can be used in the management of cancer and other diseases such as dementia or even heart diseases," said Dr. Pascual.

Once completed, the NMRIC will house a medical cyclotron and positron emission tomography-computed tomography (PET-CT) imaging center, which will make cancer detection, treatment, and management more accessible and affordable to Filipinos.

Cyclotrons produce special drugs called radiopharmaceuticals that contain radioactive atoms in safe doses. At present, there are only three operating cyclotrons in the country, and they are all located in Metro Manila. Meanwhile, PET scanners are vital in diagnosing various types of cancers.

To further advance nuclear medicine in the country, this R&D facility will also serve as a training hub for those who want to specialize in the fields of PET radiochemistry and PET radiopharmaceutical

production, among others. "So far, we have improved technology, and the DOST-PNRI thinks it can do more by doing more research. Having this type of technology available to the Filipino people improved the management of different diseases such as cancer and dementia," said Dr. Pascual.

Dr. Pascual further said that the Centre will be open to everybody, but there will be an evaluation process to determine who is qualified or where it is appropriate to use the technology.

"But being a government facility, it has to be open to the Filipino people. We just need to know who the right people are or who would be needing the procedure," said Dr. Pascual.

This project is under the program "Innovating Nuclear Medicine Research and Services: Development of Emerging PET Radiopharmaceuticals for Early Cancer Staging and Assessment of Biologic Functions in Cancer Cells" led by Ms. Adelina DM. Bulos, with the assistance of Dr. Pascual.

The Centre, which had its groundbreaking ceremony last year, augurs well for the less fortunate patients because early detection, treatment, and management of cancer and other diseases will now be more accessible and affordable.

BJMP targets to build more facilities

MANILA, (PIA) -- The Bureau of Jail Management and Penology (BJMP) aims to build more facilities to further reduce the congestion rate in their jails nationwide.

It can be recalled that BJMP spokesperson Chief Inspector Jayrex Bustinera said the congestion rate of their jails has now dropped to 367percent compared to the previous 600 percent, five years ago.

According to Bustinera, despite the fact that the congestion rate has decreased, they are still working on ways to relieve the prisons, including the construction of new facilities with the help of local government units (LGUs).

He said they also ensure

that the cases of persons deprived of liberty (PDL) under their care are coordinated with the courts so that they can be released immediately.

"[This is] to release our PDLs early and also to improve the facilities so that they can be expanded and the congestion rate goes down," he said.

In this regard, Bustinera also assured that they are also preparing for the possible emergence of summer-related diseases in their facilities.

He said that their staff is also undergoing training to deal with such illnesses.

Bustinera assured that currently the PDLs in their custody are in good condition. **(PIA-NCR)**

Sandigan drops graft charges vs. HPG-Iligan chief

MANILA – The Sandiganbayan has cleared the former head of the Iligan City Highway Patrol Group (HPG) of graft charges arising from an entrapment operation five years ago.

The anti-graft court First Division set aside the decision of the Lanao del Norte Regional Trial Court Branch 6 and acquitted Sr. Insp. Rolando Rigat, citing "the failure of the prosecution to prove his guilt beyond reasonable doubt."

Rigat was implicated by the Philippine National Police - Counter-Intelligence Task Force, which responded to complaints that random

checkpoints set up by the HPG-Iligan City pounce on motorists and come up with questionable traffic violations.

The complainants alleged Rigat's team accept money in exchange for the release of licenses or vehicle registration.

In acquitting Rigat, the court noted that he had no actual participation in the conduct of the checkpoints.

"The court cannot simply presume wrongdoing where none was alleged and proven. On the contrary, the presumption of innocence weighs heavily in favor of the accused," the tribunal said in its April 17 ruling. **(PNA)**

CAMPUS ESPORTS COMMUNITIES MAY ACADARENA SPACES NA

CAMPUS gaming ipinakilala na at ipinaliwanag kung ano kahalagahan ng AcadArena para sa mga mag aaral. Ito ay nasasabik na i-anunsyo ng AcadArena Spaces na co-branded, convertible student hub na binuo para sa bawat mag-aaral na nakikipag-ugnayan sa gaming, esports, o tech na ang unang uri nito ay makikita sa National University (NU).

Ang AcadArena Spaces ay mga pasilidad na kumpleto sa gamit na nag-aalok ng mga high end na PC at isang student lounge para sa pag-aaral, paglalaro, at mga kaganapan, na may modular na disenyo na nagbibigay-daan para sa nako-customize na karagdagan upang umangkop sa mga pangangailangan ng komunidad ng mag-aaral.

Sa dedikadong suporta para sa student club, ang AcadArena Spaces ay nagbibigay ng higit pa sa isang computer laboratory para sa mga institusyong pang-akademiko, gumagawa sila ng mga masiglang programa para sa mga estudyante nito. Nauunawaan ng AcadArena na ang mga esport at paglalaro ay naging pangunahing bahagi ng buhay sa kampus, at nakatuon sa paglikha ng pinakamahusay na kapaligiran para sa mga guro at mag-aaral. "Palagi naming itinuring ang mga kampus bilang kasosyo namin sa mga esports kaya kapag bumubuo ng Spaces, nakatuon kami sa pagbabalanse sa mga partikular na pangangailangan ng isang kampus sa mga gusto ng mga atleta ng esport at mga manlalaro ng estudyante," sabi ni AcadArena Scholastic Partnerships Manager na si Atty. Isaiah San Miguel.

Ang matinding pagtuon ng AcadArena sa pagbuo ng mga komunidad ng mga mag-aaral kasama ng aming malawak na karanasan sa industriya ng esports ay ginagawa kaming perpektong kasosyo para sa mga kampus na naghahanap upang magsimulang mamuhunan nang higit pa sa mga esport at paglalaro. Ang mga espasyo ay lubos na madaling ibagay, at ang AcadArena ay may kakayahang baguhin ang anumang umiiral na silid-aralan o laboratoryo ng computer sa iyong pinapangarap na pasilidad ng esport, lahat habang nagtatrabaho sa iyong espasyo at limitasyon sa badyet.

Ang student lounge, competition hub, broadcast studio, at mini-esports arena ay nasa larangan ng posibilidad. Ang isang silid-aralan ay madaling gawing isang esports competition hub kung saan ang mga estudyanteng atleta ay maaaring magsanay, mag-scrim, at makipagkumpitensya. Pinili ng NU Laguna ang isang mix use Space para ma-maximize ang lahat ng pisikal na espasyo sa kanilang desposal.

Ang resulta ay isang silid-aralan at learning center sa araw na naging play area at mobile lounge

pagkatapos ng oras ng klase. Nauunawaan ng AcadArena na ang bawat campus ay may mga natatanging pangangailangan at hamon na kung bakit tayo ay lubos na nababaluktot sa pagbuo ng mga Space na naaayon sa mga partikular na pangangailangan ng bawat campus. Ang aming Spaces ay hindi isang one-size-fits-all na solusyon, ngunit sa halip ay isang pasadyang disenyo ng solusyon upang matugunan ang mga natatanging pangangailangan ng komunidad ng kampus.

Mahigpit kaming nakikipagtulungan sa mga opisyal ng kampus upang maunawaan ang kanilang mga pangangailangan at bumuo ng mga Space na tumutugon sa mga natatanging pangangailangan ng kanilang mga mag-aaral. "Ipinagmamalaki naming sabihin na ang aming diskarte ay mahusay na natanggap.

Nakikipag-usap na kami sa ilang iba pang mga kampus na interesado sa pagbuo ng kanilang natatanging AcadArena Space," sabi ng AcadArena Co-founder at Chief Executive Officer na si Kevin Hoang. "Naniniwala kami na ang tagumpay ng mga Space na ito ay nakasalalay sa aming kakayahang makipagtulungan nang malapit sa mga opisyal ng kampus upang maunawaan ang mga pangangailangan ng kanilang mga mag-aaral at lumikha ng mga Space na tumutugon sa mga pangangailangang iyon." Ang AcadArena ay nakatuon sa pagbuo at pagsuporta sa mga mag-aaral na manlalaro sa aming network ng 800 kampus at 100+student club.

Isang malinaw na pagtuon sa kung ano ang kailangan ng mga komunidad ang naging gabay na prinsipyo sa pagbuo ng Spaces alam natin kung ano ang kailangan ng mga estudyante, alam natin kung anong mga feature ang maibibigay ng Spaces para bigyan sila ng kapangyarihan. Kami ay nakatuon sa pagbibigay ng pinakamahusay na platform para sa kumpetisyon para sa pinakamahusay na mga mag-aaral sa pamamagitan ng pagho-host ng pinakamalaking unibersidad esports league sa Pilipinas.

Sa pagpapatuloy ng Alliance Games, ang premiere collegiate esports competition sa bansa, ay nagsama-sama ng daan-daang paaralan na nakikipag kumpitensya sa apat na magkakaibang titulo. Ipinagmamalaki din ng AcadArena ang aming malapit na pakikipagtulungan sa mga mag-aaral habang nakikipagtulungan sila sa mga propesyonal sa industriya.

Magkasamang nagsasagawa kami ng mga esport at gaming event sa lahat ng hugis at sukat, mula sa mga booth ng campus hanggang sa Conquest, isa sa pinakamalaking pagdiriwang ng kultura ng pop.

"I'm not putting down the Southeast Asian Games, I'm just saying that, we should win that all the time. Marami tayong events this year, suportahan natin ang atletang Pilipino (let's support the Filipino athletes)," Bachmann said.

Magkakaroon ng send-off party para sa Team Philippines sa Abril 24 sa Philippine International Convention Center (PICC) sa Pasay City. Hindi bababa sa inaasahang dadalo si Pangulong Ferdinand "Bongbong" R. Marcos Jr.

Austria needs Filipino workers

QUEZON CITY, (PIA)

--In the course of the next couple of years, Austria has a demand for around 60,000 to 75,000 healthcare professionals with an additional 200,000 job openings across all industries, according to Professor Gunther Wiesinger.

Wiesinger, led the high-level delegation from Austria that visited the Department of Migrant Workers (DMW) Tuesday afternoon to discuss employment opportunities for Filipino workers in Austria.

Migrant Workers Secretary Susan Ople considers Austria as a promising labor market for overseas Filipinos given its high demand for skilled workers from around the world.

Ople thanked the members of the Austrian delegation for their interest in the hiring of Filipino workers and for choosing to collaborate with the DMW in ensuring that fair and ethical principles are upheld as part of any recruitment and hiring initiatives.

The DMW secretary also briefed the members of the delegation on the Philippine government's initiatives to ensure that there are enough nurses and other healthcare workers in the country to serve the local population.

She informed the delegation of the DMW's plan to launch a scholarship fund for nursing students in close coordination with the

Department of Health and the Commission on Higher Education.

"Upon the advice of the Department of Foreign Affairs, we would need to sign a Memorandum of Understanding to set the tone and define the parameters of our partnership with the Austrian Federal Economic Chamber and the Federal State of Vienna," Ople said.

She noted that both the Philippines and Austria belong to the Tier 1 category in the US State Department's Trafficking in Persons Report, which means they have sufficient mechanisms and laws to prevent human trafficking. Per CY 2022 data of the DMW, there are around 5,824 OFWs in Austria with around 1,220 of these workers in the hospitality and food service sector and 749 in the health and social work service.

Austrian Ambassador Dr. Johann Brieger accompanied the delegation which was composed of representatives from the City of Vienna government, the Austrian Federal Economic Chamber to the DMW.

"Our partnership with the Philippine government through the DMW will create a win-win situation, providing employment opportunities for skilled Filipino workers while contributing to the growth of Austria's economy," Ambassador Brieger said.

investigate for themselves the title of the said property and the encumbrance thereon, if there be any.

All sealed bids must be submitted to the undersigned on the above-stated time and date.

In the event the public auction should not take place on the said date and time, it shall be held on **June 8, 2023** at the same time and place without further notice.

PhilHealth reminds hospitals to file claims within 60 days

QUEZON CITY, (PIA)

--The Philippine Health Insurance Corporation (PhilHealth) reminded all its accredited health care providers that the filing of claims for reimbursements has been reverted to the standard 60 calendar days from a patient's discharge. The Declaration of State of Calamity due to the COVID-19 pandemic provided special privileges granted to health care facilities including extended reimbursement claim submissions. As the COVID-19 emergency was declared over on December 31, 2022, PhilHealth announced that the 60-day submission deadline had been reinstated.

"We urge all our partner hospitals to start submitting their claims within the usual 60 calendar days as provided for in Section 46, Rule II of Republic Act 7875, as amended by RA 9241 and RA 10606 as amended for their admitted patients starting January 1 of this year," PhilHealth Chief Emmanuel Ledesma Jr. said, adding that the state agency remains committed to processing and paying the claims within the 60-day window as required by law. "Para maiwasan naman

ang mga claims na denied o bumabalik sa ospital, patataasin natin ang kaalaman ng mga providers at billing personnel patungkol sa ating mga polisiya para maiwasan ang mga depektibong claims at ang pabalik-balik na proseso," Ledesma assured the hospitals.

Ledesma also emphasized the significance of resolving the claims in order for PhilHealth to make payments in accordance with national laws and regulations.

"Mahalaga na maayos ang claims ng ating partner hospitals para mabayaran ang mga ito batay sa mga aplikableng batas at regulations na sinusunod ng PhilHealth bilang isang government agency," he added.

Ledesma then urged the hospitals to coordinate with their local PhilHealth Regional Offices to continue reconciling claims data, and for many other assistance they might need.

In 2022, PhilHealth recorded an average turnaround time of 29 days in paying claims.

It also reported benefit payouts amounting up to P129.6 billion as of December 31, 2022.

Labor Force Survey ng Pebrero 2023 nagpakita ng pagbuti sa sitwasyon ng empleo – DOLE

LUNGSODQUEZON, (PIA) –Ikinatuwa ng Department of Labor and Employment (DOLE) ang resulta ng Labor Force Survey (LFS) ng Philippine Statistics Authority para sa Pebrero 2023 na nagpapakita sa kasalukuyang sitwasyon ng merkado sa paggawa kung saan ito ay nakakabawi na at patuloy na pagbuti sa sitwasyon ng empleo ng bansa.

Sa pahayag ng DOLE, may participation rate na 66.6 porsiyento o 51.27 milyon ang mga Pilipinong sumasali sa labor force base sa Labor Force Survey na isinagawa noong Pebrero 2023. Ang nasabing bilang ay mas mataas ng 2.67 milyon kumpara sa labor force participation sa parehong panahon noong nakaraang taon, at 1.548 milyon na mas mataas sa naiulat na labor force participation noong nakaraang buwan, dagdag ng DOLE.

Iniulat ng DOLE na mayroon ding pagtaas sa employment rate ng bansa ng 1.6 percentage points o mula 93.6 porsiyento noong Pebrero 2022 hanggang 95.2 porsiyento noong Pebrero 2023. Nangangahulugan ito na 48.8 milyong Pilipino ang mayroong trabaho.

Iniuugnay ng DOLE ang pagtaas ng empleo sa pagpapalawak ng trabaho sa wholesale and retail trade (repair of motor vehicles and motorcycles) (+701,000 o 6.96%); accommodation and food service activities (+580,000 o 34.8%); agriculture and forestry (+554,000 o 5.76%); at iba pang service activities (+362,000 o 13.83%); at fishing and aquaculture (+340,000 o 27.45%).

Nakitaan naman ng pagbaba ang unemployment incidence o bilang ng manggagawang walang trabaho sa year-

on-year comparison, mula 6.4 porsiyento ng Pebrero 2022 hanggang 4.8 porsiyento ng Pebrero 2023.

Pareho din ang naobserbahan sa mga kabataang walang trabaho na nag-ulat ng pagbaba ng 5.2 percentage points o mula 14.3 porsiyento ng Pebrero 2022 hanggang 9.1 porsiyento ng Pebrero 2023.

Bukod dito, bumaba rin ang underemployment rate ng 1.1 percentage points, mula 14% noong Pebrero 2022 hanggang 12.9% ngayong taon. Sa gitna ng tuluy-tuloy na momentum na ito, patuloy na iniaayon ng labor department ang mga inisyatiba, implementasyon, at mga polisiya nito sa pambansa at sektoral na mga plano habang kinikilala ang kasalukuyan at umuusbong na mga hamon sa merkado ng paggawa.

Isa sa mga ito ay ang pagtatapos sa ginawang regional consultation ng Kagawaran para sa pagsasa-pinal ng Labor and Employment Plan 2023-2028, na alinsunod sa 8-Point Socioeconomic Agenda ng Pangulo.

Patuloy ding nakikipagtulungan ang Kagawaran sa mga pribadong sektor at mga asosasyon ng industriya sa paghahatid ng mga oportunidad sa pagpapalakas ng kanilang mga manggagawa upang magarantiyahan ang kakayahan at kasanayan ng mga manggagawa at pangangalaga sa trabaho. Binibigyang-prayoridad din nito ang pagbibigay ng kasanayan sa mga manggagawa, lalo na ang mga bagong pasok sa lakas-paggawa, upang mapataas ang kanilang kakayahan at oportunidad na makapag-trabaho. ROAD TO TRIPLE CROWN STAKES RACE

Ipinakita ng kabayong si La Trouppei ang kanyang angas upang sikwatin ang panalo sa katatapos na 2023 Philracom "Road To Triple Crown Stakes Race" na ikinasa sa karerahan ng Metro Manila Turf Club Inc. (MMTCI) sa Malvar Tanauan, Batangas. Naging agresibo ang hineteng si Kelvin B. Abobo sa ibabaw ng kanyang sakay na si La Trouppei na maganda ang itinakbo at pumalag hanggang dulo upang manalo. Sa simula ng laban ay agad na umarangkada si Secretary na pinatungan ni Mart Gonzales upang mahawakan ang bandera, kasunod si Easy Way na sinakyan ni Oneal Cortez, pangatlo sa gawing loob si (1) Going East na nirendahan ni Andreu Villegas, pang-apat si Jaguar na ginabayan ni Fernando Raquel Jr., panlima si Sartorial Elegance na minaniobra ni Jeffril Zarate, pang-anim si Port Kennedy na pinatnubayan ni Rodeo Fernandez, kasunod ang ating bida na si La Trouppei, pangwalo si Earli Boating na lulan ni Jeffrey Bacaycay, pangsiyam si (1a) Winner Parade na dinala ni John Alvin Guce, habang si Sweetie Giselle na sakay ni John Allyson Pabilic ang kulelat sa simula. Pagsapit sa medya milya (800M) ay ang pinakadehado na si Secretary pa rin ang nagdidikta sa unahan, kasunod ang quinto liyamado na si (1) Going East, pangatlo ng may tatlong kabayong agwat ang ika-anim sa liyamado na si Easy Way, kumuha naman ng ika-apat na posisyon sa gawing loob ang segundo liyamado na si La Trouppei, panlima

ang tersero liyamado na si Sartorial Elegance, pang-anim ang kuarto liyamado nasi Port Kennedy, kasunod ang paborito na si Jaguar, pangwalo ang kacouple runner ni (1) Going East na si (1a) Winner Parade, pangsiyam ang pangalawa sa pinakadehado na si Sweetie Giselle, habang ang ikatlo sa pinakadehado na si Earli Boating ang nalipat sa likuran. Paglagpas sa tres oktobos (600M) ay inagaw na ni (1) Going East ang bandera mula kay Secretary, habang sabay na rumeremate sa likuran sina La Trouppei at Easy Way, at nagsimula na rin magpa-init si Jaguar. Pagpihit sa huling kurbada ay halos magpantay sina (1) Going East at La Trouppei sa harapan, habang umaarangkada sa ikatlong puwesto si Jaguar. Pagpasok sa rektahan ay tangan na ng winning horse na si La Trouppei ang bandera ngunit hindi pa rin bumibitaw sa unahan si (1) Going East at pinipilit din ni Jaguar na makadikit sa harapan. Pagdating sa huling 100 meter ay klaro na ang kalamangan ni La Trouppei sa unahan, ngunit nagbabadya pa rin sina (1) Going East sa tabing balya at Jaguar sa gawing labas kaya binagsakan na ng todo ni Kelvin ang kanyang sakay upang matiyak ang panalo. Sumegundo kay La Trouppei si Jaguar, tersero si (1) Going East at si Earli Boating ang pumang-apat. Nakapagtala si La Trouppei ng tiyempong 1:40.6 (24'-23"-24'-28") sapat upang mahamig ng winning horse owner na Rancho Sta. Rosa ang P600,000 bilang 1st prize mula sa Philracom.

Protest rally sa ika-50 anibersaryo ng NDF

MULING pinatunayan ng Quezon City Police District (QCPD) na hindi nito pababayaang magkaroon ng karahasan o anumang kaguluhan sa loob ng kanilang nasasakupan makaraang maayos mapatigil ang kilos protesta na ginanap sa EDSA bahagi ng Cubao sa Lungsod Quezon kamakailan.

Ayon kay QCPD Director PBGEN Nicolas D Torre III, napanatili ng mga tauhan ng QC Police ang pagiging kalmado habang pinapatigil o pinapahinto ang ilang hinihinalang miyembro ng Communist Party of the Philippines – New Peoples Army – National Democratic Front (CPP-NPA-NDF) na nagsagawa ng kilos protesta sa EDSA Northbound corner Aurora Boulevard, Barangay Socorro, Cubao, Quezon City.

lugar na ikinagalit ng mga motorista at pedestrians na naipit at hindi agad nakapunta sa kani-kanilang mga paroroonan.

Nagsimula ang nasabing kilos protesta bandang alas 08:25 ng umaga nitong ika-19 ng Abril na pinangunahan ng grupong Christian for National Liberation (CNL) at nagtapos makalipas ang sampung minuto.

Kaugnay nito, sinabi ni General Torre na "Mananatili ang maximum tolerance ng ating kapulisan at ang paggalang sa karapatan ng mga tao na ipahayag ang kanilang mga opinyon sa pamamagitan ng mapayapa, maayos, at lugal na pagtitipon." **(Paulo B Flores)**

Perya na lang at wag na shabu

N A P A B A L I T A kamakailan ang pagkakaaresto sa operator ng peryahan na nahulihan ng umano'y shabu sa isinagawang buy bust operation ng pulisya.

Sa probinsiya ito nangyari at batay sa ulat ng kapulisan ay nahuli na rin dati pa ang suspek sa katulad na kaso.

Unang pagkakaaresto at pagkalaya ay balik sa hanapbuhay na peryahan subalit balik din sa shabu.

Paano kung muling makakalaya ay balik uli sa drugs?

Tutok na lamang dapat sa peryahan at hindi samahan pa ng droga.

Marangal naman na hanapbuhay ang peryahan subalit kapag hinaluan ng bisyo ay tiyak ang perwisyo.

Sadyang maraming nalululong sa bisyo ng ipinagbabawal na gamot. Speaking of peryahan, ay mayroon noon pwesto sa Kalakhang Maynila.

Matagal na panahon na ito, lagpas isang dekada na yata ang

nakaraan at kung hindi tayo nagkakamali ay sa Quezon City nakatayo.

Maliitnaperyahan lamang pero hindi nagtagal ang operasyon at agad-agad ay binaklas din.

Sukat ba naman na ang area ay pugad ng mga durugista kaya sa peryahan minsan ay nagkakaroon ng 'abutan ng bato' at ang mga lintek na user ay nagti-trip at ginagawang pantaya ang shabu sa lamesa.

Sa takot ng operator ay pinatigil na lamang ang peryahan at baka nga naman pati sila ay madamay pa.

Lugi nga lamang dahil sa ibinayad na renta sa bakanteng lote na kinatirikan ng peryahan. Pero mas mainam na iyon kaysa naman madawit pa sila.

Sa ngayon ay mayroong mga puwesto sa Quezon City at dalawa sa mga ito ay pagmamay-ari ng magkapatid.

Sana lamang ay hindi pugad ng mga drug user ang kinatatayuan ng kanilang mga puwesto.

Magnanay, patay sa sunog

PATAY ang mag-ina matapos masunog ang kanilang tahanan sa Bacolod City habang pitong kabahayan pa ang nahagip ng apoy.

Sa ulat, hawak pa umano ng apat na taong gulang na si Jhanella ang kamay ng kanyang 35-anyos na nanay na si Mengel Itchon, ng matagpuan ang sunog na bangkay ng mag-ina.

Ipinalamalas ng ginang ang pagmamahal sa anak dahil sa kabila ng kapansanan ay pinilit nitong mailabas sa nasusunog na bahay ang anak.

Nabatid na bahagyang paralizado si Mengel dahil sa tinamong stroke ilang taon na ang nakakalipas.

Dahil din sa pagmamahal sa ina kaya hindi lumabas

ng bahay si Jhanella sa halip ay kumapit at hinawakan sa kamay ang nanay.

Ayon sa Bureau of Fire Protection, naganap ang sunog sa Purok Bayanihan, Barangay Taculing ilang minuto bago ang pagsapit ng alas-9:00 ng umaga.

Tinatayang nasa halagang P300,000 ang danyos ng naturang sunog at sa walong bahay na nahagip ng apoy ay pito umano ang ganap na naabo habang ang isa ay bahagya lamang habang isang senior citizen ang nagtamo ng minor burn.

Nagpaabot naman ang city government ng tulong pinansiyal sa mga naapektuhan ng sunog.
