'DEMONYO' NG MAYNILA, BUMULAGTA

NAPATAY ng pinagsanib na puwersa ng pulisya ang itinuturing na no.1 hitman ng "Balong" drug group at most wanted person ng Manila Police District (MPD) matapos makipag-engkuwentro sa bayan ng San Rafael kamakailan. Kinilala ang napatay na si Leopoldo Dumdumaya. Jr., alyas "Demonyo", na sinasabing matagal nagtago sa Sitio Bacood, Brgy. Tambubong, San Rafael. Inaresto naman ng mga pulis ang kinakasama ni Dumdumaya na si Darlene Manapsal, 24, at Darren Manapsal na kapatid ni Darlene. Sa report ni San Rafael acting chief of police, P/Lt. Col. Laurente Acquiot, nangyari ang engkuwentro, bandang 8:45 ng gabi sa Sitio Bacood. Ayon sa imbestigasyon, isisilbi ng pinagsanib na puwersa ng MPD, National Capital Region Police Office at San Rafael Police ang warrant of arrest sa kasong 2 counts of murder laban kay Dumdumaya nang pumalag ang suspek. Sinasabing imbes na sumuko, pinaputukan ni "Demonyo" ang mga pulis na agad gumanti ng putok kaya siya napatay. Nang humupa ang putukan, inaresto ang live-in partner at bayaw na "hilaw" ni Dumdumaya matapos masamsaman ng pinaghihinalaang shabu. Nakuha sa pinangyarihan ng insidente ang isang cal. 45 pistol, apat na sachet ng shabu na tumitimbang ng humigit-kumulang 5 gramo. Ayon sa pulisya, si "Demonyo" ay wanted ng MPD dahil sa pagpatay sa isang barangay kagawad at dalawang pulis-Maynila. ***(leonard basilio)***

Bakuna kontra polio sa CALABARZON

SINIMULAN na ng Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) ang pagsasagawa ng "house-to-house" polio vaccination sa mga batang may edad 5-taon pababa. Ayon kay DOH-CALABARZON Regional Director Eduardo C. Janairo na kailangan ng tutukan ang pagbabakuna sa lahat ng bata upang hindi sila tamaan ng polio na maari nilang ikamatay at napapanahon ang pagbabalik ng MECQ dahil lahat ng bata at magulang ay nasa kanilang bahay. "Kailangan nating tutukan ang pagbabakuna upang lahat ng mga bata ay mabigyan at maprotektahan laban sa polio. Ito ay maiiwasan sa tamang pagbibigay ng bakuna sa mga batang limang taong gulang pababa upang hindi sila tamaan ng polio na maari nilang ikamatay," ayon kay Eduardo C. Janairo. "Nakabuti din ang pagbabalik natin sa MECQ dahil lahat ng mga bata at magulang ay nasa kanilang mga bahay. Dahil dito mas mapapadali ang paghahanap sa kanila at pagbibigay ng bakuna ng ating grupo ng mga "Bakuna Doors" sa mga bata," dagdag pa nito. Ang Regional office ay kumuha ng karagdagang manpower na magsisilbing "Bakuna Doors" at magsasagawa ng polio vaccine. Paliwanang ni Janairo na pinili nila ang door to door na pagbabakuna para maiwasan ang pagu-umpukan ng mga tao at maiwasan ang COVID 19. Matatandaan na matapos ang 19 taon na polio free ang bansa ay nagtala ng kaununa-unahang polio virus sa Laguna noong September 20, 2019 sa isang 5-taon na bata. Wala rin dapat ipag-alala ang mga magulang dahil lahat ng mga health workers na magsasagawa ng polio vaccination ay sumusunod sa COVID 10 protocols at magsusuot sila ng protective gears at iiwasan nila ang close contact sa mga bata. Ang schedule sa first round para sa vaccination ng monovalent type 2 oral polio vaccine (mOPV2) sa CALABARZON ay Laguna , na nagsimula na mula August 3-16, Phase 2 August 17-30, 2020 - Cavite at Rizal at sa 2nd round mula September 7-20, 2020 ay Cavite, Laguna at Rizal. ***GENE ADSUARA***

Paglilinaw ng CHED

NILINAW ng Commission on Higher Education (CHED) na ang Republic Act (RA) No. 11480 ay hindi sumasaklaw sa mga higher educational institutions. Isinasaad sa naturang batas ang pag-usog sa pagbubukas ng klase sa basic education mula Agosto 24 patungong Oktubre 5. Batay sa paliwanag ni Chairman Prospero de Vera, ang CHED ay mayroong mga inisyung guidelines sa mga unibersidad hinggil sa kapasyahan ng kanilang academic calendar. Ayon sa CHED Chairman, ito ay nasa ilalim ng RA 7722 o Higher Education Act. Nangangahulugan ito na ang school opening sa mga kolehiyo at unibersidad sa buong bansa ay hindi maaaring ipagpaliban. Binigyang diin ng opisyal na ang mga pamantasan ay magkakaiba ang school calendar sa ilalim ng aprubal ng kanilang mga board ang structure ng school year. Dagdag pa ni De Vera na ibinibigay ng CHED ang kapangyarihan na magbukas na naaayon na rin sa mga pangangailangan at kalagayan ng mga pamantasan. Lumilitaw na hindi na kailangan ng bagong polisiya sa higher education. ***CA SANTOS***

Gov. Jonvic shares province's best practices, insights against COVID-19

General Trias City, Cavite (PIA) – Governor Jonvic Remulla gave his usual precise in-depth answers for the COVID-19 situation in the province during a brief interview by Presidential Communications Operations Office (PCOO) Secretary Martin Andanar in yesterday's visit of the national joint task force in the province. During the interview, Gov. Remulla shared that the local government units of the cities and municipalities in the province stayed on top of the situation with the strict implementation of the 'Stay-at-Home' policy wherein the Home Quarantine Pass system remained in effect since the Enhanced Community Quarantine (ECQ) started. Likewise, ordinances for the safety health protocols like the mandatory wearing of masks, and physical distancing are strictly implemented particularly in public places like commercial establishments, and malls with regulations limiting the time spent for basic essentials only. "The main problem in the province is that around 100,000 Caviteños are employed in the NCR where there is a very high risk of transmission which resulted to 80% of our COVID-19 positive cases," stated the governor. Talking about the economic plans and programs for the province, Gov. Remulla said that the infrastructure projects soon to start will give the economy a boost. "We are now in the final stages of negotiations for the Sangley International Airport with a Php550B worth of investment. This would create about 10,000 jobs in construction and more than 50,000 jobs when it is operational and up to a million more jobs from tourism, transportation, and services," revealed Remulla. Moreover, the road infrastructure projects like CALAX and the Coastal Road which will decongest traffic in Aguinaldo highway and other major thoroughfares in the province would contribute to faster economic progress of the province and neighbouring cities and provinces since construction gives a huge multiplier effect in economy. When asked if ever the government declares the four high risk areas including the province under ECQ, Governor Remulla answered, "It would be disastrous for the economy of the country when that happens. Many will go hungry and the economy will go spiralling down. The government must reinforce the information campaign for the safety protocols." In conclusion the governor said, "Let us not lose hope, there is always a light at the end of the tunnel… especially now that the national and the local governments are in-tuned with the steps and measures in the fight against the COVID-19 pandemic." ***(Ruel Francisco, PIA-Cavite)***

Andanar vows to help Laguna craft action plan vs. Covid-19

MANILA – Presidential Communications Operations Office (PCOO) Secretary Martin Andanar on Saturday pledged to assist Laguna's provincial government in crafting a new action plan to combat the coronavirus disease 2019 (Covid-19) in the province.

Andanar made the commitment a day after his virtual meeting with Laguna Governor Ramil Hernandez. In a press statement, he said his first meeting with Hernandez focused on the provincial government's efforts to address the Covid-19 outbreak.

"Their presentation was very insightful for us to understand the situation in their province and will help in crafting the government's next action plan for Laguna," Andanar said.

His meeting with Hernandez came after the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) approved on Wednesday Resolution 62, directing its members to provide stronger support to local government units (LGUs). The resolution tasked IATF-EID members to strictly monitor the LGUs' health system performance, critical care capacity, and stringent compliance with surveillance, isolation, and treatment protocols. Andanar said he had been briefed about the challenges being faced by the local government of Laguna. He said he and Hernandez have agreed to work together to fight Covid-19 and mitigate its impact on the province.

"The governor also cited the big help that the provincial government has been receiving from the national government while we explore how we can provide further assistance to the province," Andanar said.

Having a "well-coordinated" contact tracing strategy among affected villages and industrial parks and ensuring the stability of medical supplies are among the new approaches of the Laguna government, he said.

Andanar guaranteed that the national government would help Laguna control and manage the transmission rate and effects of Covid-19 in the province.

"We are committed to supporting the local government units in Laguna and we will continue to engage the provincial government in monitoring the progress of the province as we assist them towards their full recovery. Together, we will heal and rise as one nation," he said. ***(PNA)***

HONTIVEROS WANTS CLARK RESORT INVESTIGATED FOR CHINESE PROSTITUTION RING

Senator Risa Hontiveros demanded Clark Development Corporation (CDC) and the Philippine National Police (PNP) conduct a full investigation on Fontana Leisure Parks and Casino's liability in the alleged Chinese prostitution ring discovered in its premises.

Hontiveros made the call after the police arrested seven Chinese men, six Chinese women, and two Vietnamese women who are alleged to be involved in prostitution and human trafficking inside resort facilities in Clark Freeport Zone, Pampanga.

"Habang nahihirapan tayong mga Pilipino sa COVID-19 pandemic, may mga Chinese prostitution rings naman na patuloy pa rin ang operasyon," said Hontiveros, who chairs the Committee on Women in the Senate. "Hindi natin dapat hinahayaan na nagiging pugad tayo ng prostitusyon at iba pang krimen," she added.

Hontiveros wants the owner and administration of the said leisure park investigated for possible liability. "Hindi ito ang unang beses na may nadiskubreng illegal activity sa loob ng resort," the senator declared.

Hontiveros said that in May 2020, an illegal underground hospital for tenants and workers of a Philippine Offshore Gaming Operators (POGO) company was discovered on Fontana's premises.

"Bakit parang nagiging pugad ng underground illegal activities itong Fontana?" the senator asked, also citing that in December 2016, fifteen casino rooms in Fontana were ordered to temporarily close following the Bureau of Immigration's (BI) arrest of around 1,300 illegal Chinese workers inside the leisure park.

"Fontana's license to operate can be suspended and eventually revoked if there's negligence on their part in making sure that crimes do not thrive within their premises. Responsibilidad nilang siguraduhin na sumusunod sa batas ang mga tenants nila," Hontiveros said.

Earlier this year, Hontiveros exposed the 'pastillas' scheme within BI, a system in which Chinese nationals, mostly POGO workers, are allowed seamless entry into the country for a 'service fee.' The investigation also revealed how the POGO industry may contribute to the rise of prostitution and trafficking in the country. ***PR***

In her message, Director Toledo emphasized her hopes for the success success of the LSP-NSB program, underscoring its positive effect in the barangay-level economy.

"Ang layunin ng DTI, sa pamamgitan ng LSP-NSB, ay makapag-umpisa sa community ng maliliit na negosyo. At mula sa maliliit na negosyo na ito, doon mag-uumpisa ang entrepreneurial journey ng ating mga ka-barangay," Dir. Toledo said.

She added, "Let us help ourselves, so we can help our economy to move foreard. Magtulong-tulong po tayo at huwag nating hayaang maging hadlang ang pandemic sa ating kabuhayan."

On ther hand, Asec. Tolentino delivered an inspirational message highlighting the importance of business opportunities grandted by the government in this time of pandemic.

"During COVID-19, ang ating mga kababayan ay binibigyan pa rin ng pagkakataon upang magkaroon ng kabuhayan at mapalakas pa ang mga tinatawag nating micro, small, and medium enterprises," Asec. Tolentino said.

In Amadeo, External Affairs Administrator Victor Dihan, representing Mayor Redel John Dionisio welcomed the DTI Team and acknowledged Dir. Toledo's service to the Caviteno's for a significant amount of time.

Dihan also acknowledged Maynard Maynard Ambion of the Business Permit and Licensing Office (BPLO), Lynette BAyot of the Public Employment Service Office (PESO), and the Barangay Captains of Minantok Kanluran, Minantok Silangan, Maymangga, and Bucal for their cooperation in the execution of the project.

Magallanes Mayor Jasmin Angelli Maligaya-Bautista expressed gratitude to DTI for providing livelihood assistance to their community.

"The unwavering support of DTI to Magallanes is very much appreciated. We hope that our beneficiaries will make use of the starter kits well and eventually grow their businesses," Mayor Bautista said.

DTI developed the LSP-NSB in accordance with the directive of President Rodrigo R. Duterte to help the country's base of the pyramid and to support a grassroots approach for entreprise development, increase the awareness of barangay officials on the different services offered by the Department through the Negosyo Centers, and conduct business development assistance and services in barangays.

MSME beneficiaries of the program may include sole proprietors, cooperatives, or sectoral associations that are located in identified barangays, including those in Local Communist Armed Conflict (LCAC) affected areas, vulnerable communities like the indigenous people, refugees, and stateless persons with priority assistance given to small businesses affected by natural and human-induced calamities including health crisis arising from epidemics and pandemics.

Amid the COVID-19 pandemic, the LSP-NSB program targets to benefit 27 barangays in the 4th and 5th class municipalities in Cavite this year. ***(Ruel Francisco, PIA-Cavite with reports from DTI-Cavite)***

'Bayanihan con sumbatan'

HINDI naman naikakaila at nakikita naman ang pag-iral ng bayanihan o pagtutulungan at pagdadamayan ng mga tao tuwing may dumarating o nararanasang kalamidad.

Showy nga lamang iyong iba, palibhasa ay uso ang social media kaya kaliwa't kanan ang post.

Wala naman sigurong kwestiyon o problema sa ganoon, sabi nga ay mainam na iyon dahil kahit paano ay nakakatulong.

Nakakabilib nga lamang iyong mga silent philanthropist na walang post sa FB sa kanilang pagtulong.

Ang tinatalakay natin ay iyong mga indibidwal o solo lamang na nagbibigay ng tulong, may post man sa FB o wala.

Iisa lang naman marahil ang kanilang pakay, ang tumulong kaya roon sa nagpo-post ay diskarte na nila iyon.

Ang pakakaingatan nga lamang ay iyong mga tumutulong subalit kabuntot ay ang panunumbat.

Huwag na nating itulad sa ano mang kalamidad o nararanasang kasalukuyang pandemiya.

Simpleng pagdamay na lamang sa kapwa, kaibigan, kasamahan at maging sa kadugo o kamaganak.

Kahit hindi man sa pinansiyal o perang pagtulong, iyon bang sa ano mang bagay.

Halimbawa ay nairekomenda para sa trabaho, nabigyan ng donasyon ng dugo, nabigyan ng kaalaman sa hanapbuhay o negosyo at iba pang tulong na hindi dahil sa pera.

Ang panunumbat ay isa sa mga sakit ng marami nating kababayan.

Lumilitaw ang sakit na ito kapag dumating ang hidwaan o ang hindi pagkakaunawaan.

Iyong nakatulong ay mistulang pakiramdam na dapat ay hindi sila inaaway.

Tumulong ka hindi nangangahulugan na nasa iyo na ang karapatan at kapangyarihan upang mang-apak ng kapwa.

Magkamag-anak kayo, magkaibigan, magkasama o ano pa man… tingnan mo rin ang iyong sarili at alamin ang dahilan ng alitan na baka o posibleng ikaw ang pinagmulan ng hindi pagkakaunawaan na kaya ayaw mong bumaba o ibaba ang pride ay dahil nga ikaw ang nakatulong.

Hindi porke nakatulong ka ay bulag ka na sa katotohanan at ang ang iyong ginagawang sandata ay ang panunumbat.

'Mamamatay kung mamamatay'

MAHABANG panahon na rin na humaharap tayo sa abnormal na pamumuhay.

Patuloy na nangangapa sa dilim sa wala pang katiyakang pagwawakas ng kasalukuyang pandemiya.

Sadyang kinatatakutan ang COVID-19 subalit kaakibat din ang pangambang kahahantungang kamatayan na dilat ang mga mata dahil sa kagutuman.

Maaaring ang mayayaman o may sapat na ipon na pera ay hindi kasasapitan ang kamatayang ito na dilat ang mga mata.

Paano na ang mga tinatawag na 'isang kahig, isang tuka' o mahihirap?

Sa unang bugso pa lamang ng pananalasa ng virus ay kaakibat na ng mga maralita ang mentalidad na mamamatay kung mamamatay.

Ibig sabihin ay naiwaksi na nila ang pangamba sa banta ng COVID-19 bagkus ay napalitan ng takot na dilat ang mga matang bawian ng buhay gawa ng pagkakagutom.

Contact tracing sa Biñan, Laguna, pinaigting gamit ang isang mobile app

CALAMBA CITY, Laguna (PIA) — Mas pinaigting na contact-tracing ang ipinapatupad ngayon sa lungsod ng Biñan sa Laguna kasunod ng patuloy na pagtaas ng kumpirmadong kaso ng coronavirus disease 2019 (COVID-19).

Sa panayam kay Mayor Arman Dimaguila sa Network Briefing News, sinabi nito na naglunsad ang pamahalaang lungsod ng isang mobile application upang mabilis na matrack ang mga residente na posibleng nahawaan ng isang kumpirmadong kaso.

Ayon kay Mayor Dimaguila, gamit ang mobile application na BinD360 ay naglagay ito ng mga QR codes sa bawat establisimyento sa lungsod na maaaring i-scan ng mga residente gamit ang kanilang mga mobile phones.

Paliwanag ng alkalde, sa oras na i-scan ng residente ang QR code ay magpo-proseso ito ng mga kinakailangang impormasyon kabilang ang pangalan, tirahan, oras at partikular na establisimyento na binisita nito. Agad maitatala sa BinD360 system ang mga impormasyon na siyang gagamitin ng City Health Office nito upang mapabilis ang contact tacing.

"Required po ang lahat ng mga negosyo na magkaroon ng QR code na ibinigay namin na ilalagay sa mga lugar nila at ang mga taga-Binan naman ay mayroon silang QR code scanner at kapag ini-scan nila iyon ay malalagay sa mobile app ang kanilang mga impormasyon," ani Mayor Dimaguila.

Dagdag pa ni Mayor Dimaguila na sakaling makaramdam ng sintomas ang isang residente ay maaari nitong sagutan ang ilang mga katanungang nakapaloob sa BinD360 mobile application.

Sakaling magtala ng maraming sintomas na kabilang sa mga batayan ng isang suspected case ay agad itong puntahan ng Barangay Health Emergency Response Team upang isailalim sa COVID-19 test.

Magbibigay naman ng warning message ang mobile application sa iba pang BinD360 users na nakasalamuha ng pinaghihinalaang indibidwal na i-monitor ang kanilang sarili dahil sa posibilidad na nahawaan ito ng COVID-19. Sakali namang magpositibo ay agad din na magbibigay ng babala ang mobile application sa lahat ng BinD360 users na kanyang direktang nakasalamuha sa kaparehas na oras at lugar upang magsagawa ng home quarantine.

Ayon kay Mayor Dimaguila, mahigit 50 porsiyento ng lahat ng mga establisimyento sa lungsod ay mayroon ng QR codes. Sa ilalim ng City Ordinance No. 6, series of 2020, ang mga establisyimento na nasasakupan ng lungsod ng Biñan ay obligadong magparehsitro sa BinD360 system. ***(FSC)***

SC SETS ORAL ARGUMENTS ON ATA SUITS IN SEPTEMBER

MANILA – The Supreme Court (SC) on Tuesday consolidated the more than 25 petitions filed questioning the legality of Republic Act 11479 or the Anti-Terrorism Act (ATA) of 2020, noting it will hold oral arguments on the case next month.

"The Supreme Court will be conducting oral arguments on the 3rd week of September, at the earliest. The proper notices will be issued once the date is finalized," SC spokesperson Brian Keith Hosaka said in a message to reporters.

"No TRO (temporary restraining order) has yet been issued. In fact, part of the order to the respondents is to comment on the petition and application for TRO," he said.

The SC en banc ordered the consolidation of the six petitions on the ATA with the 19 petitions earlier filed before it, Hosaka said.

He added that the respondents have been ordered to file their comments to the six new petitions within 10 days.

Solicitor General Jose Calida earlier said RA 11479 is already in effect even if the government has yet to craft its Implementing Rules and Regulations (IRR).

Calida, citing precedent cases previously decided on by the Supreme Court, such as SEC v. IRC decided in 2008, said laws are not contingent on the implementing rules.

He also said the law has already complied with the requirement of publication having been published in both the online and print copy of the Official Gazette as required by law.

The ATA was not only posted on the Official Gazette's website on July 3 but was also subsequently published on the print edition of Official Gazette on July 6.

He added that the law is "self-executing", except for provisions in the law delegating functions to the Anti-Terrorism Council and the Bureau of Jail Management and Penology and Bureau of Corrections to craft purely administrative rules for the effective implementation of policies.

In an earlier consolidated comment filed before the SC, Calida said suits questioning the law are premature and pointed out the absence of cases or "actual controversies involving rights which are legally demandable and enforceable".

He added the petitioners' invocation that the law would create a "chilling effect" is insufficient to bring their claims under the penal statute and is not susceptible to a "facial" challenge before the courts.

Citing precedent cases, the top government counsel said one can challenge the constitutionality of a statute only if he asserts a violation of his own rights.

He also said since every law is presumed valid, the party should rebut this presumption. ***(PNA)***

CA clears Roxas City ex-mayor, 2 others in red tape raps

MANILA – The Court of Appeals (CA) has junked the administrative charges against former Roxas City (Capiz) Mayor Angel Alan Celino and two others for alleged violation of Republic Act 9485 known as The Anti-Red Tape Law.

In a 13-page decision dated July 30 and released on Wednesday, the CA' Special 12th Division through Associate Justice Marilyn Lagura-Yap dismissed "for lack of merit" the petition filed by the Kapis Development Corporation (KDC) questioning the earlier ruling of the Office of the Ombudsman which cleared Celino, accountant Carmen Andrade and Sherlita Tumlos.

KDC, which runs a hotel and a restaurant in the city, had sued Celino after he cleared Tumlos and Andrade in a complaint involving the city's Licensing Office, which the firm said refused to issue its business license for 2016 due to a tax deficiency.

KDC claimed that instead of using the sales report and quarterly tax returns it submitted, the city officials had added 30-percent on its tax base.

KDC said that the figures it declared in its sales report should be used as the tax base since it is in accordance with the tax returns it filed with the Bureau of Internal Revenue.

In a resolution issued in June 2016, Celino found that Tumlos and Andrade were not administratively liable and in effect upheld the assessment made by the two, prompting the firm to file a complaint against them before the Ombudsman.

Celino argued that prior to the computerization of the computation of the licensing fees, the tax rate used for hotels was 50 percent of 1 percent over the excess of PHP2 million. However, effective Jan. 1 2016, the Licensing Division adopted the computer-generation of taxes, wherein the tax base data is fed to the computer in order to generate the business tax due.

The computer program is based on the Local Government Code, which provides that the municipality may impose taxes on any business such as excise, value-added, or percentage tax.

Under the National Internal Revenue Code, as amended, the rate of tax shall not exceed 2 percent of gross sales or receipts of the preceding year. Thus, KDC's tax was computed based on 2 percent of its sales instead of 50 percent of 1 percent over the excess of PHP2 million.

Celino further argued that he could not be held liable for misconduct since he already resolved the complaint against Tumlos and Andrade. However, he could not issue the 2016 Mayor's permit to KDC since it did not pay the business tax yet.

Associate Justices Gabriel T. Ingles and Pamela Ann Maxino concurred in dismissing the company's suit, saying "there is no merit in the contention that the Ombudsman's ruling was tainted with grave abuse of discretion for being constitutionally infirm. Indeed, the Ombudsman's ruling was brief".

"A perusal of the assailed Joint Resolution reveals that the Ombudsman adequately justified its ruling with the facts and the law," the CA said. ***(PNA)***

PAALALA NG MANILA LGU

PINAALALAHANAN ng lokal na pamahalaang lungsod ng Maynila ang mga nagtitinda o mga magbabalak na magtinda ng face shield na huwag nilang samantalahin ang nararanasang pandemya upang kumita lamang ng malaki.

Ang paalala ay sinabi ni Bureau of Permits Director Levi Facundo bunsod na din ng mga natatanggap nilang reklamo laban sa mga negosyanteng nananamantala ngayong panahon ng pandemya kung saan nagbebenta ang mga ito ng may mataas na presyo ng "face shield".

"Huwag samantalahin ang pandemya na kumita ng malaki just to take advantage lang po yung situation. Ang ating kababayan ay hirap din po at yung iba ay nawalan ng trabaho, huwag natin higitan ang itinakdang presyo ng DTI. Sana lang po ay ilagay natin sa tama, upang makanegosyo tayo ng maayos," ani Facundo.

Aniya, sa oras na lumabag ang mga negosyante sa itinakdang suggested retail price (SRP) ng Department of Trade and Industry (DTI) sa mga itinitinda nilang face shield ay padadalhan umano nila ito ng "show cause order" at bibigyan sila ng panahon na makapagpaliwanag. Sakaling hindi aniya katanggap tanggap ang paliwanag ng negosyante ay maaari itong maging dahilan ng parusa tulad ng revocation of their permits na isa sa pinakamabigat na parusa o kaya naman ay "closure" ng ilang araw sa kanilang negosyo. Giit ni Facundo, tuluy-tuloy ang ginagawa nilang monitoring kung saan ang ilan sa kanilang mga tauhan ay nagpapanggap na mga buyer sa mga tindahan ng mga negosyante upang malaman nila kung ang mga ito ay nagtitinda ng kanilang produktong sa tamang presyo. "Patuloy na tayong nagmomonitor simula pa lang ng pagsabog ng bulkan hanggang nagkaroon ng ECQ kaya lagi po tayong may tao sa field bumibili sa inyo nang hindi ninyo alam." dagdag pa ni Facundo. ***(leonard basilio)***

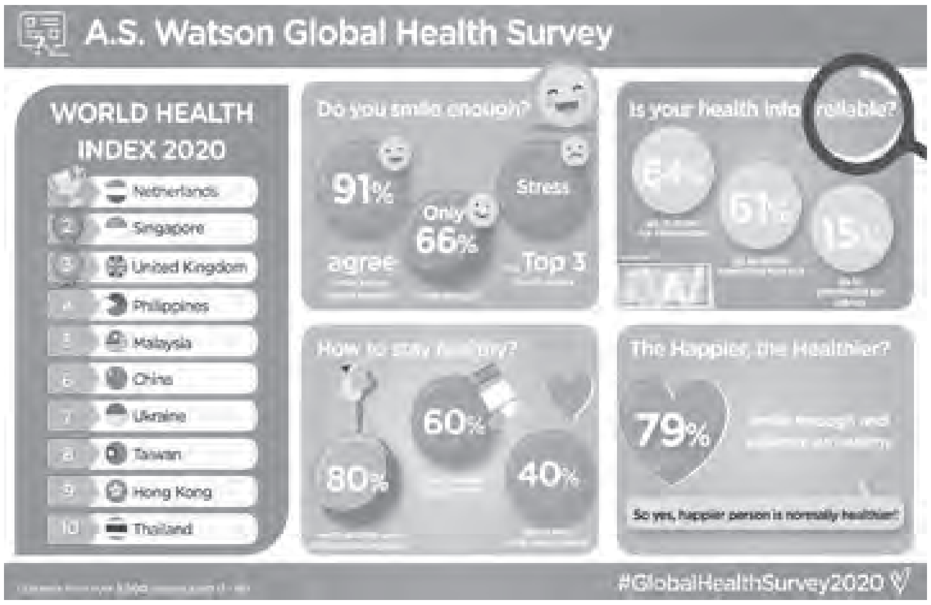
PHILIPPINES IS THE 4TH HEALTHIEST MARKET

A.S. WATSON GROUP'S GLOBAL SURVEY: SMILING MAKES PEOPLE HAPPIER



The World Health Index 2020 in the A.S. Watson Global Survey shows the Philippines as the fourth healthiest market.

The Philippines ranked 4th in the World Health Index, a ranking of healthiest and least healthy markets across the globe that was revealed during the recent global health survey commissioned by the A.S. Watson Group, the world's largest international health and beauty retailer. Over 5,500 consumers across 10 markets in Asia and Europe aged 15-60 participated in the survey from November to December last year to share their thoughts on a wide range of health topics.

The Netherlands topped the healthiest market list, followed by Singapore, the United Kingdom, the Philippines, Malaysia, Mainland China, Ukraine, Taiwan, Hong Kong, and Thailand.

Other takeaways of the survey:

• Happier People are Healthier. 91% of the respondents believe that smiling and laughing have a lot of health benefits. Yet only 66% smile enough due to stress. By generation, Gen Z smiles more and are happier than the more mature groups including Gen Y, Gen X, and Boomers. And Gen Z tends to consider themselves as healthy.

• Family and Health are by Far the Most Important Aspects of Life. When it comes to ranking the importance of life aspects, Family (87%) and Health (84%) top the list, with Wealth and Love (33% and 32%) in the third and fourth with a wide gap.

Malina Ngai, Group COO of the A.S. Watson Group and CEO of A.S. Watson Asia and Europe believes that "if the survey was being conducted two months later in February this year, I am sure this result will even be more pronounced with people putting family and health at the very top priority in life."

• Credible Information Matters. As fake news and information flood the internet and social media, consumers nowadays tend to seek health information from credible sources. The research revealed 61% still commonly see a doctor when feeling unwell and 43% go in store to get OTC medication. Yet only 15% of respondents turn to pharmacists for advice.

onThe A.S. Watson Group believes that more and more people will seek for the help of pharmacists as they are reliable, professional, and easily accessible. Watsons Philippines has a strong network of 1,436 pharmacists nationwide. More than just dispensing medicines, the pharmacists are patient advocates ensuring that the right medication is given through review, implementation of prescription, and detection of therapeutic incompatibilities.

Need some health information? Go to your Watsons pharmacist. Watsons Philippines has a strong network of 1,436 pharmacists nationwide. They are professionally trained on healthcare and a reliable source of opinion to alleviate pressure on public health system

• How to Stay Healthy. To lead a healthier lifestyle, over 80% of the respondents believe that enough sleep, a healthy diet, and regular exercise can keep them healthy. But 40% of them fail to do so. More and more people (60%) are interested in taking vitamins and dietary supplements to improve their health.

At the A.S. Watson Group, 1 billion shoppers bought health products last year and sales for the health category increased 11% year on year. The insight from the Group shows that there are more and more people are investing in their health and well-being with vitamins and supplements booming globally at a 12% growth year on year.

In the Philippines, Watson's health business is growing at 18% year-to-date, with vitamins experiencing a phenomenal 132% growth versus last year. Ang Philippine Swimming Inc., Philippine Table Tennis Federation, at Pilipinas Sepak Takraw Association ay nagpadala din ng tulong sa PSC sa pamamagitan ng pagbibigay ng mga face mask at face shield, at iba pang mga kagamitan upang matulungan ang mga front-liners ng PSC at mga stranded atleta at coach.

“Kami ay nagpapasalamat dahil kaagad silang tumulong. Nais naming tiyakin na ginagawa namin ang wastong pagdidisimpekta ng mga tanggapan, "sabi ni Iroy.

Ang dalawang pasilidad ng PSC ay mananatiling malapit "hanggang sa karagdagang paunawa".

PUSO NI YASMIEN KURDI 'NADUROG'

HABANG humaharap at lumalaban tayo sa COVID-19 ay sinabayan pa ng isang malungkot na pangyayari.

Ito ay ang pagsabog sa Lebanon kamakailan at may mga kababayan tayong namatay at nasugatan.

Kabilang si Yasmien Kurdi sa nakaramdam ng labis na lungkot sa pangyayaring ito sa Lebanon na mistulang ikadurog ng kanyang puso.

Ang aktres ay half-Lebanese kaya siya ay ugat o tubo sa Lebanon.

Ang ama ni Yasmien ay isang Lebanese at sa kasalukuyan ay sa Kuwait na ito nanimirmihan.

Kaya naman hindi maiaalis na malungkot ang aktres sa nasabing trahedya.

Tayo nga na wala namang pinag-ugatang dugo o lahi sa Lebanon ay nagdalamhati rin sa pangyayari, what more pa sa katulad ni Yasmien.

Umalis si Yasmien ng Lebanon noong dalawang taong gulang pa lamang siya nang bumalik sa bansa natin ang kanyang mother.

Katulad ng mga kapwa Pinoy ay tanging panalangin ang inialay ng aktres sa naturang trahedya.

Hindi naman itinatwa ng aktres na ang matinding pananalasa ng virus ang isa sa nagtulak sa kanya para sa pagpapasya.

Ang isa naman na magandang benepisyo ay makakapiling ni Donita ang kanyang mga kaanak na halos karamihan ay nasa Amerika.

NASA pag-uusap ang dalawa nang biglang ngdatingan ang iba pang kaklase nila na hinihintay ni Lirio.

"Totoo ba itong nakikita namin ha? Kaya lang eh bakit parang ang layo n'yo sa isa't isa?"

"Dikit-dikit naman d'yan, para kayong may sakit na takot magkahawaan."

"Mukhang seryoso ang pagliligawan n'yo ah, ay este pag-uusap pala."

Hindi na nakapagsalita pa muli ang ibang kaklaseng babae dahil hinatak na ni Lirio.

"Mukhang may part two ang naudlot na panliligaw ah, dinidiskartehan ka ba uli?"

Naiwan si Mikel subalit dinig pa niya ang bulungan habang papalayo sina Lirio.

Hindi na nga lamang narinig pa ang isinagot ni Lirio sa mga kasama nito.

"Ayos pare, akala ko 'di mo lalapitan at kakausapin si Lirio eh."

Si Dave naman ang lumapit kay Mikel.

"Loko ka talaga pare, eh pinagtulakan mo ako kaya napalapit ako kay Lirio."

Natawa si Dave pero nagtaka siya sa sinabi ni Mikel.

"Pambihira ka naman, kung 'di pa kita pinagtulakan eh 'di mo pala talaga s'ya lalapitan."

Wala naman talagang balak si Mikel na lapitan si Lirio at kausapin.

Niligawan man ni Mikel si Lirio dati, iyon ay dahil sa panunulsol na rin sa kanya ni Dave.

"Halata ko naman na mukhang kinilig si Lirio n'ung lapitan at kausapin mo."

"Panigurado pare na sasagutin ka ni Lirio, tingin ko ay may gusto naman s'ya sa iyo."

Kung itutulad sa Lucky 9, maaaring nasa siyete o otso ang kartada ni Lirio.

Maganda at maayos ang pigura, kung tutuusin ay may mga umaaligid kay Lirio na ibang mga estudyante sa campus.

"Lyamado ka sa laban kaya 'wag mong sayangin ang pagkakataon, sunggaban mo na."

Ika-2 Labas

PAGKAPASOK ng bahay ay pilit na tinatagayan si Marsha, inaabot sa kanya ang isang baso na may lamang alak.

"Naku! Ayoko noh, alam naman ninyong 'di ako nainom ng alak."

Lahat ng mga anak nina Rica at Banjo ay nasa tamang edad na pero wala pang may pamilya sa mga ito.

Ang isa sa mga binatang anak ng mag-asawa ay nagkataong may mga bisita at nagkatuwaang magkatomaan.

"Isa lang Tita Mars."

Kaya naman sinalubong ng binata si Marsha na tita kung tawagin siya.

"Kelan mo ba akong nakitang uminom ng alak ha, kami ng mama mo?"

Dumaan naman talaga ang pagkakaibigan ng dalawa hanggang sa mag-kaanak ay never silang tumikim ng alak.

"Hoy, 'wag mong pilitin ang tita mo. Ikaw talaga at kinursunada mo na naman ang tita mo."

Nagbibiro lang naman ang binata at alam naman niyang hindi nainom ng alak ang kanyang Tita Mars kagaya ng ina niya.

"At 'san naman ang rampa ng magkaibigang matrona."

Likas talagang palabiro kaya nang magyaya na si Rica para umalis sila Marsha ay binuska sila ng binata."

"Alalay lang 'yang inom n'yo ha, 'wag magpakarami at 'di kayang talunin ang alak."

Pinaalalahanan naman siya ng kanyang mama bago umalis sina Rica at Marsha.

Isa lang naman sa mga anak ni Rica ang tumotoma subalit hindi naman malakas uminom ng alak.

Madalang din naman kung makipag-inuman kasi nga ay hindi naman tomador.

Umiinom lang bilang kasiyahan at hindi para magpakalunod sa alak.

"Matrona ka riyan!"

Si Marsha nagawa pang sumagot bago sila ganap umalis.

"Kumutsa na Sis Mars? Kumusta na Sis Rica?"

CA affirms extradition of Australian cocaine smuggler

MANILA – The Court of Appeals (CA) turned down the petition of an Australian fugitive to prevent his extradition back to his country.

In its five-page resolution dated July 24 released on Friday, the appellate court's First Division through Acting Presiding Justice Remedios A. Salazar-Fernando denied for lack of merit the petition filed by the lawyers of Markis Scott Turner and upheld its earlier ruling on the case released on February 21.

Associate Justices Ramon A. Cruz and Perpetua Susana T. Atal-Paño concurred in the ruling on the suit where Turner questioned the Philippine and Australian government's extradition proceedings against him before the Manila Regional Trial Court (RTC) Branch 37.

Turner was arrested by the National Bureau of Investigation (NBI) on Sept. 28,2017 after he fled Australia to Samal Island where he hid under the fictitious name Filip Novak.

Australian prosecutors described Turner as being in the "pinnacle" of drug trade in their country before he jumped bail in 2015 for drug charges.

Turner was arrested in 2011 after his company was found to have conspired with Colombians to smuggle in more than 70 kilograms of cocaine worth USD20 million into Australia in barrels of hydraulic oil which was discovered by the Australian Federal Police.

Last year, Turner's 64-year-old mother, Elizabeth Anne, was charged by Australian authorities with "attempting to pervert the course of justice" for purchasing a yacht which investigators suspect was used by her son to escape to the Philippines.

Turner's mother, at the time, claimed that her son had died.

"Finally, petitioner once again attempts to drive the discussion towards a human rights discourse. This Court shall not fall for this bait and try the substantial issues that are clearly within the jurisdiction of the requesting state," the CA said in its ruling. ***(PNA)***

PH deployment ban on nurses abroad stays: DOLE

MANILA – The Department of Labor and Employment (DOLE) on Friday warned the public against the supposed deployment of nurses abroad.

"The public is hereby warned that any overseas deployment of nurses unless expressly authorized by the POEA (Philippine Overseas Employment Administration), is deemed illegal," Labor Secretary Silvestre Bello III said in a statement.

Bello also clarified that the ban on the deployment of Filipino nurses abroad remains in effect.

He denied reports that the government has eased the restrictions on the sending of Filipino medical workers abroad.

"Our attention was called on reports that the government has relaxed the restrictions on the deployment of nurses abroad. This is totally untrue. The ban imposed on the deployment of nurses stays," he added.

He reiterated that "the ban is pursuant to the decision of the Inter-Agency Task Force (IATF) in order to ensure that the country's health care requirements are fully met."

He said the policy decision was implemented by the POEA through its Governing Board Resolution No. 9 adopted in April.

He added that based on the resolution, those workers in the medical sector who were allowed to leave the country despite the deployment ban are those who have completed their papers before March 8.

Earlier, the POEA temporarily suspended the deployment of health care workers to ensure that the country has a sufficient number of workers if the need arises amid coronavirus disease (Covid-19) pandemic. ***(PNA)***

QC court junks petition vs. LTFRB's GCQ guidelines

MANILA – A Quezon City court has dismissed a petition for injunction that would restrain the Land Transportation Franchising and Regulatory Board (LTFRB) from implementing its guidelines on the resumption of limited public transportation in Metro Manila during a general community quarantine (GCQ), the agency said on Thursday.

In a statement, the LTFRB said Quezon City Regional Trial Court Branch 219 Judge Janet Abergos-Samar junked on Aug. 10 the petition for the issuance of a preliminary injunction and a temporary restraining order filed on June 5 by Ariel Inton, former head of the Quezon City Task Force for Transport and Traffic Management and founder of the Lawyers for Commuters Safety and Protection.

In her decision, Samar ruled that Inton's petition against LTFRB Memorandum Circular (MC) 2020-019 should be dismissed on the grounds that he was not a real party in interest and he failed to state a cause of action.

In his petition, Inton argued that the rights of commuters such as himself, as well as the right of holders of certificates of public convenience or franchises, had been violated as there was no notice and hearing on the issuance of MC 2020-019.

"Not having been granted a certificate of public convenience for a public utility bus, it cannot be said that his right under the public franchise was violated by the respondent (LTFRB) in the implementation of MC No. 2020-019," the court decision read.

Inton also asked the court to restrain the LTFRB from implementing its memorandum for lack of publication, a lack of notice, and hearing on its issuance.

However, the court said the LTFRB sufficiently showed that MC 2020-019 was actually published in the May 17 issue of the Manila Bulletin and that prior to its issuance, notices were sent by the LTFRB, and a hearing was conducted.

"Petitioner merely surmised that MC No. 2020-019 was not published, simply because its effectivity clause never mentioned that a publication was in fact conducted," the court said.

In May, the LTFRB released MC 2020-019 that provided guidelines for the operation of a limited number of buses in 31 rationalized routes around Metro Manila.

The memorandum has since been augmented by several issuances of the LTFRB to increase the capacity of public transport in Metro Manila before the modified enhanced community quarantine was reinstated in the region. ***(PNA)***

Bello urges Cavite LGUs to help remind firms on health protocols

MANILA – Labor Secretary Silvestre Bello III on Thursday urged local government unit (LGU) officials in the province of Cavite to help the government in relaying to employers and employees the additional health safety protocol of wearing face shields in workplaces.

"I hope all the mayors will be the ones to explain to the employers, to the workers, to the businessmen to please follow this protocol," Bello said during the National Task Force (NTF) Against Covid-19 and the Coordinated Operations to Defeat Epidemic (CODE) team visit in General Trias City.

He also acknowledged the Department of Health (DOH) for introducing the additional health safety protocol which aims to protect all workers.

"This health protocol that was created by Secretary Francisco Duque will give protection to our workers especially here in Cavite where there are many businesses. The economic zones are here," he added.

The Cavite Economic Zone is in General Trias City.

On Wednesday, Bello announced that starting Saturday (August 15), all workers are required to wear both face masks and face shields at work.

He added that the Inter-Agency Task Force (IATF) for the Management of Emerging Infectious Diseases has proposed that employers will be the ones to shoulder the expenses in acquiring the face shields.

The Department of Transportation would also require commuters to wear face masks and face shields while inside public transportation.

According to the DOH, the CODE is "a protocol that will begin active case finding through close coordination between DOH representatives and communities across the country".

The team is composed of national government officials, local health officials, local government partners and barangay health emergency response teams. ***(PNA)***

DA partners with PCCI, UNIBAT to strengthen hog raising industry in Batangas

CALAMBA CITY, Laguna (PIA) --The Department of Agriculture (DA) Region IV-CALABARZON, led by Regional Director Arnel V. de Mesa, recently partnered with the Philippine Chamber of Commerce and Industry (PCCI) Batangas Group and the Unified Batangas Hog Raisers' Association (UNIBAT) to strengthen the Batangas hog raising industry.

The three-way alliance was supported by the Office of the Provincial Veterinarian (OPV) and the Office of the Provincial Agriculturist (OPA) of Batangas Province.

Through the partnership, they will look deeper into the region's swine industry value chain by conducting a feasibility study to improve the swine industry; its production technology; farmers' skills and competencies; and a competitive and sustainable value chain for swine products that includes supply inputs, production, processing of derivative products, marketing, distribution, and sales.

The group will also examine and interpret the value chain of the Batangas swine industry and identify gaps and problem, and then propose solutions and alternatives at the end of the study.

DA CALABARZON will serve as one of the lead proponents of the said study and will be providing comprehensive and relevant regional industry specific information and improvements as may be needed in the study.

Together with the DA, the PCCI Batangas, will take lead in obtaining information from all relevant stakeholders, government agencies, and other interested parties to allow accurate profiling of the value chain of Batangas swine producers across CALABARZON and National Capital Region including import and export segments and major market channels.

Meanwhile, UNIBAT will be providing the comprehensive and reliable information to other lead proponents as subject-matter experts, and other industry-specific information and changes necessary to be included in the study.

On the other hand, Batangas OPV and OPA will be providing swine industry-related information, manpower support, protocols, and local ordinances.

A Memorandum of Understanding is expected to be officially signed soon after the 15-day lockdown in Lipa City, Batangas is lifted to formalize and move forward with the feasibility study.

With CALABARZON being one of the top three hog-producing regions in the Philippines, this feasibility study will most likely generate a much stronger and significantly improved hog-producing industry that will eventually be able to shoot the region to the number one spot. ***(PIA-4A/DA-4A RAFIS)***

'Tamang hinala'

IMINUNGKAHI ang pagpapanatili ng pagsusuot ng face mask maging nasa loob ng tahanan.

Ang sinasabing simpleng dahilan ay upang makaiwas sa pagkakadapo ng virus.

Napakalapit sa katotohanan na hindi lamang masabi na dapat ay pagdudahan ang mga kasama sa bahay.

'Tamang hinala' kumbaga…baka nga naman ang kasama sa loob ng bahay ay nagtataglay ng virus.

Kapag nasa loob na ng bahay ay magsusuot pa ba naman ng face mask ang mga iyan?

Natural ay hindi na bagkus ay malaya na silang naghahalubilo at nagtatabi sa isa't isa.

Halimbawa ay ang panonood ng telebisyon sa sala na magkakatabi.

Hindi lang basta magkatabi, nakadantay o nakayapos pa lalo na ang magasawa o kahit ang mga anak sa kanilang ina.

Sa kasalukuyang kalagayan natin bunsod ng COVID-19 ay iba't ibang mungkahi ang inilalatag.

Hindi naman masama ang magbigay ng suhestiyon pero sana naman ay iyong makabuluhan.

Nakakapika na sa totoo lang.

NGAYONG panahon ng lockdown partikular nang muling ipatupad ang Modified Enhance Community Quarantine (MECQ) simula ng Agosto 4 hanggang 18 ay nagsilbing libangan ng mga kabataan ang pag-aalaga ng ibon. Tinuturuan nila ang ibon na mapasunod at magsilbi sila bilang amo nito. ***(J.ROBERT AMOROSO)***
