PANAWAGAN NG DENR CALABARZON, BAWASAN ANG BASURA SA REHIYON

Calamba City, Laguna – Ang Department of Environment and Natural Resources (DENR) CALABARZON ay magsisimulang magpasara ng mga open dumpsite sa rehiyon, alinsunod sa utos ng DENR Secretary Roy A. Cimatu. Ani Secretary Cimatu, kailangang ipasara ang lahat ng open dumpsite sa lahat ng rehiyon bago mag-Marso 2021.

Alinsunod dito, ang DENR CALABARZON, kasama ang Environmental Management Bureau (EMB) 4A ay nag-isyu ng Cease and Desist Order (CDO) sa dalawang (2) open dumpsites sa Batangas, noong nakaraang 25 Enero dahil sa paglabag sa Batas Republika (RA Ingles) Blg. 9003 o ang Ecological Solid Waste Management (ESWM) Act of 2000.

Ayon sa nasabing batas, ang open dumpsite ay lugar kung saan ang mga basura ay dinedeposito ng walang maayos na proseso at maaaring makaapekto sa kalikasan at sa kalusugan. Nakasaad sa BR 9003 ang mahigpit na pagbabawal sa operasyon ng mga open dumpsite para tapunan ng mga basura.

Ayon kay DENR CALABARZON Regional Executive Director Nonito M. Tamayo, mas paiigtingin pa ang pakikipagtulungan ng Ahensiya sa iba't ibang Lokal na Pamahalaan para sa mas pinatibay na implementasyon ng BR Blg. 9003. Kaugnay nito ay ang patuloy na pagsasagawa ng mga clean-up activity at mga Information, Education, and Communication (IEC) Campaign. Madiin na hinikayat ni RED Tamayo ang pakikiisa ng bawat isa para mabawasan ang basura na nakokolekta sa mga kabahayan sa pamamagitan ng pakikiisa sa ESWM, katulad ng paghihiwalay, pagreresiklo, at patuloy na pagbabawas ng basura.

Isa pang operasyon ang isinagawa noong 14 Enero sa isang dumpsite sa Sahud Ulan, Tanza, Cavite. Ito ay pinangunahan nina Undersecretary for Solid Waste Management and Local Government Units Concerns Benny Antiporda, Executive Director ng Task Force Nilo B. Tamoria, Cavite PENR Officer Ronita Unlayao, at iba pang opisyal ng EMB 4A.

Hinihikayat ng DENR CALABARZON ang publiko na magsumbong ng ilegal na gawain na may kaugnayan sa kalikasan. Lahat ay maaaring tumawag o magbigay ng mensahe sa 8888 hotline numero 09561825774/ 09198744369, o ipadala sa email r4a@denr.gov.ph. Ang mga retrato, bidyo, at iba pang impormasyon ay maaari ring ipadala sa opisyal na Facebook page ng DENR CALABARZON: https://www.facebook.com/DENR4AOfficial/. ***PR***

GenTri ordinance waives tricycle franchise renewal fee to aid TODA members

GENERAL TRIAS, Cavite (PIA) -- The Sangguniang Panglungsod here recently passed an ordinance waiving the tricycle franchise renewal fee of P700 for year 2021.

City Councilors Isagani L. Culanding and Florencio D. Ayos of the Committee on Transportation and Ways and Means authored the ordinance to benefit thousands of tricycle driver members of the TODA.

"All they have to do is to go to the City Hall grounds and queue for re-registration for tricycle franchise renewal para po sa maayos na pagkakabit ng new sticker," Councilor Gani Culanding said.

During the height of the pandemic last year, the transport sector is one of the most paralyzed sectors due to the restriction in the movement of the people and prevent the further spread of the virus in accordance to IATF measures.

Despite the ongoing crisis, transportation had slowly resumed with the establishment of protocols for the operation of transportation with the tricycles being the first ones allowed to transport APOR (Authorized Persons Outside of Residence) within the locality for essential purposes of marketing, purchase of medicines, medical and financial transactions.

In some cities, tricycle drivers were partnered with delivery companies like Foodpanda, Grabfood, Lalamove, and other movers to give them additional livelihood since income from tricycle operations at 50% capacity would not suffice for their family's daily expenses.

However, the City Government here headed by Mayor Antonio 'Ony' Ferrer with the able support of Congressman Luis 'Jonjon' Ferrer had been supportive to the members of the transport sector with the regular distribution of relief packs and granting of financial assistance.

The local chief executive also declared in an interview before the year 2020 ended that the city government will include jeepney and tricycle drivers in its free COVID-19 vaccination program since they are frontliners as well. ***(Ruel Francisco with reports from Dennis Abrina)***

Apela ni Duterte sa publiko: Ibigay ang tiwala sa pamahalaan

LUNGSOD CALOOCAN (PIA) –Sa gitna ng mga alegasyon na may anomalya sa pagbili ng bakuna laban sa COVID-19, at agam-agam sa maaaring pagkabalam ng pagdating ng mga bakuna, umapela ang Pangulong Rodrigo Duterte sa mamamayang Filipino na ibigay ang tiwala sa pamahalaan.

Ito ay kaugnay ng balitang namonopolya na ng mayayamang bansa ang pagbili ng karamihan sa bakuna.

"Huwag maniniwala, just stick with Gen. Galvez. Don't ignore him and believe the others. Meron tayong pambayad. Ang World Bank(WB) at Asian Development (ADB) ay magpapahiram sa atin upang ibayad sa vaccine. Yung mga presyo ay haggling lang at eventually ay magtataper off din yan into a uniformity of prices," pahayag ng Pangulong Duterte sa isinagawang 'Kumusta Po Mahal Kong Kababayan?, ang regular na pulong upang pag usapan ang mga isyu ukol sa COVID-19.

Muling sininabi ng Pangulo na ang perang pambili ng bakuna ay hindi hawak ni Secretary Galvez. Aniya pa, hindi rin ito hawak ng mga taong inuutusan niyang gumawa ng pormula kung paano makakakuha ng bakuna. Pagdidiin niya, "Ang may hawak ng pera ay ang bangko. Ang sinasabing bilyon ay nasa World Bank (WB) at Asian Development Bank (ADB). Pag meron na tayo, dadaan kay Finance Sec. Dominguez for scrutiny bago isumite sa ADB at WB."

Binasa rin ng Pangulo ang ballita sa News round up on International Affairs na nagsasabing inirekomenda ng European medicine regulators noong nakaraang Biyernes ang awtorisasyon sa paggamit ng bakunang Astra Zeneca na bakuna na siyang gagamitin ng 27 nilang miembro. Nakasaad din sa balitang iyon ang mga atake sa pagkabalam ng dating ng kanilang inaasahang bakuna.

Kasama rin sa balita ang paglunsad ng European Union Commission noong Biyernes ng isang mekanismo upang mamonitor at mga pagkakataon nang paglabas ng bakuna sa Europa dahil sa mga agam-agam na maaaring hindi mapunuan ng mga kumpanya ng bakuna ang kanilang pangangailangan.

"Meron tayong Association of Southeast Asian Nations (ASEAN) pero hindi ito kasing powerful ng European Union," pagdidiin ng Pangulo.

"Maraming hakahaka, at tsismis, may mga desperado na kung anong nangyayari sa gobyerno, ang problema ng COVID ay hindi madali. Ang greatest disadvantage natin ay hindi tayo mayaman at ang pagbili ay labanan, kung sino ang highest bidder, kung sinong unang makabababayad, unang makakadeposito, at lalo na kung ang bansang iyon na humihingi ng supply ng vaccine ay nasa bansang iyon located, mauuna talaga sa kanila," ito ang pagdidiin ng Pangulo .

Ipinaliwanag naman ni Finance Secretary Sonny Dominguez ang dahilan kung ilan ang mga Filipinong mababakunahan, kung bakit at ang dahilan ng halagang gagamitin Sinabi niyang tatlong approaches ang ginagawa ng pamahalaan sa pagbili ng bakuna. Ang mga ito ay upang masigurong 100% ng adult na populasyon ay mabakunahan. Ang mga ito ay: ang multilateral w/ ADB, Asian Infrastructure Bank at COVAX- isang world health organization na aktibidad na nagbibigay bakuna sa mahihirap na bansa. Ang pangalawa ay ang partnership sa pribadong sektor, at, ang partnership sa mga lokal na pamahalaan (LGU). Aniya pa, ang mga approaches na ito ay independent pero coordinated para masigurong mabakunahan ang 100% na adult population.

Kaniya ring inuulat na ang national multi-lateral approach ng pamahalaan ay may badyet na $1.38B mula sa World Bank, ADB at Asian Infrastructure Investment Bank. Meron pang pondo sa suppliers ng COVAX para sa kabuuang 106 M doses ng bakuna na may halagang $1.2B, at karagdagang 40M doses sa ilalim ng COVAX. Ang ating kontribusyon sa COVAX para sa 40M doses ay $84M lamang. Ang 146M doses ay makapagbibigay bakuna sa 76M na mga adult na sobra pa sa 100% bilang ng adult population.

Ang mga hindi naman mababakunahan na may edad 1 hanggang 18 taong gulang ay aabot sa 40M. Ang babakunahan ay mga 70M pero ang negosasyon ng pamahalaan ay abot sa 92M dahil sa mga slippage at pagkabalam na maaring mangyari. Ang mga ito ay hindi kasalanan ng pamahalaan, ito ay sa panig ng manufacturing.

Ang mga bakuna naman na bibilhin ay Astra Zeneca, Pfizer, Novovax, Moderna,Johnson and Johnson at Sinovax.

Ayon naman kay Vaccine Czar Sec, Carlito Galvez ang roll-out ng bakuna ay sa kalagitnaan ng Pebrero. We're expecting 146 to 148 doses excluding COVAX where we are expecting 40M doses. Nagpasalamat siya sa World Health Organization (WHO) sa pagtupad ng pangakong 117,000 doses mula sa Pfizer na ibibigay nang isang tranche para sa mga medical workers. Ang Astra Zeneca naman ay magbibigay ng 5.5 M hanggang 9.2M na maaari pang iakyat kung mabilis tayong makapagroll-out.

Ang mangyayaring roll-out naman ay ganito: Mauuna ang mga health worker dahil sila ang pinakabulnerable. Kasama na rin nila ang uniformed personnel na mangangalaga sa kanila sa pagbabakuna. Sa 2nd quarter, ay ang mga drivers, manggagawa sa mga food industry, manggagawa sa mga social services, at life support services na iniriekomenda rin ng mga LGUs.

Ang full roll-out ay magaganap sa third at fourth quarter. Mga 30 hanggang 40 milyon doses ang inaasahan ng bansa sa bawat quarter at kasama na dito ang manggagaling sa Serum Institute of India na itinuturing na haven of world pharmaceutical companies.

"I hope this will clear up the fog, the mist in the minds of some people who are fast to condemn or ask questions. Hinihiling kong patapusin niyo muna kami. If there's a liability in one, there will be a liability in all. If there's anomaly in the start, verily at the end of whatever project undertaken there will be anomaly," ang huling pangungusap ng Pangulo. ***(PIA-NCR)***

Cavite tourism office presents 2020 arts & culture accomplishments, 2021 plans

TRECE MARTIRES CITY, Cavite (PIA) – The Provincial Tourism and Cultural Affairs Office (PTCAO) presented a review of its programs and activities undertaken last year amidst the health crisis brought by the COVID-19 pandemic as well as a preview of its plans this year in the 1st Organizational Meeting of Cavite Provincial Council for Culture, Arts and Heritage (CPCCAH) held January 22, 2021.

In celebration of the National Arts month in February 2020, PTCAO joined the three-day arts camp festival held February 6 – 8, 2020 – the Paghilom Festival with the theme, "20/20 Linaw Tanaw" hosted for the 3rd time by the Alitaptap Artists Village in Barangay Halang, Amadeo with the participation of almost 600 artists.

To celebrate and promote the culture of Cavite province, during the Cavite Month Celebration, a Cavite Culture Photo Contest with the theme "What does Cavite culture mean to me?" was conducted with 31 aspiring photographers competing. Announcement of winners was held on May 29, 2020 with the overall champion from Ternate winning P10,000 and a plaque for his piece "Philippine Flag in Aguinaldo Shrine" photo.

On June 12, 2020, PTCAO also joined the commemoration of the 122nd Independence Day, the extraordinary time during the height of the pandemic made this year's celebration rather short and simple and limited to a small number of guests and expectators.

To bring a musical relief to Caviteños who were caught facing different challenges after six months of lockdown, the PGC through the PTCAO in partnership with the CPCCAH collaborated for the "MusiKabite: Acoustic Live Performance" that featured the province's local artists on September 11, 2020.

On the other hand, in efforts to slowly open the province's economy through the opening of tourism related establishments, Cavite Tourism featured Cavite E-Culinaria showcasing superb tasting dishes and specialties of Calle Real Restaurant in Tanza, Cavite and Asiong Caviteño Restaurant in Silang, Cavite.

In addition, to enhance the promotion of Cavite's rich culture and history, the Cavite Museum: A Virtual Tour was launched on November 3 featuring the Museo ni Emilio Aguinaldo in Kawit, Cavite.

And finally, to help the returning Overseas Filipino Workers in Cavite whose livelihood were heavily affected by the COVID-19 pandemic, the PTCAO in partnership with the Cavite Migration and Development Office and Design Center of the Philippines conducted a webinar entitled "Sining Kabuhayan for Returning OFWs in Cavite" last November 25, 2020.

On the other hand, PTCAO's proposed programs for 2021 are geared towards the protection, preservation and promotion of culture and heritage, inculcation of values towards the common good, promotion of creative skills and the strengthening of culture-sensitive governance while also prioritizing recovery and response projects for the constituents of the province. ***(Ruel Francisco/CCCAH)***

'By appointment policy,' ipinatutupad ng Batangas Provincial Veterinary

LUNGSOD NG BATANGAS (PIA) --Mahigpit na ipinatutupad ng Batangas Provincial Veterinary Office (OPV) ang "By Appointment Policy" upang masiguro na mabawasan at tuluyang maiwasan ang pagkalat ng COVID-19.

Ito ay alinsabay sa walang humpay na paghahatid ng serbisyong pambeterinaryo sa kabila ng dinadanas na pandemya sa kasalukuyan.

Kaugnay nito, sa isang opisyal na Facebook post ng tanggapan, ipinabatid dito na ang kaligtasang pangkalusugan ng bawat kliyente ng OPV ay kanilang pinapahalagahan dahilan upang ipatupad ang naturang polisiya.

"Kayo po ay maaring magtungo sa aming tanggapan kung kayo po ay may confirmed appointment para sa mga veterinary services at assistance na inyong kailangan," saad ng pamunuan ng OPV.

Ayon kay Provincial Veterinarian Dr. Rommel Marasigan, mas ligtas ang ganitong pamamaraan at isang paraan din upang makatulong sa pagpapabilis ng contact tracing.

Sa ilalim ng polisiya, kailangan magpa-schedule muna ng appointment ang kliyente sa pamamagitan ng pagsumite ng mga kinakailangang detalye gamit ang nakalaang online form. Dito ay matatagpuan ang iba't-ibang serbisyong hatid ng tanggapan tulad ng consultation, animal treatment, at iba't-ibang uri ng vaccination tulad ng para sa rabies, hemosep, at hog cholera.

Bukod dito, kabilang pa sa mas pinalawak na serbisyo ng OPV ang deworming, spaying and castration o pagkakapon ng aso at pusa, at sample blood, serum, swab, at tissue collection.

May appointment din ang tanggapan para sa mga may-ari ng poultry farms na magpapa-schedule ng sample collection and biosecurity evaluation para sa Bureau of Animal Industry Certification.

Matatagpuan ang mga online forms sa opisyal na website ng Office of the Provincial Veterinarian sa https://provetbatangas.wixsite.com/pvobatangas na maaari ring makita sa Facebook page na OPV Batangas.

Sa kasalukuyan, walk-in application ang pagkuha ng trader's pass, veterinary health certification, at local shipping permit ngunit mahigpit na pinapaalalahanan ang lahat na kung magtutungo sa tanggapan ng OPV sa Diversion Road, Barangay Bolbok, Batangas City, na sundin ang mga kasalukuyang ipinatutupad na minimum health and safety standards tulad ng pagdadala at paggamit ng hand sanitizer at alcohol, pagsusuot ng facemasks at face shields, at pagsasaalang-alang ng physical distancing.

Samantala, ang tuloy-tuloy na serbisyo ng OPV ay sang-ayon sa direktiba ni Governor DoDo Mandanas na matutukan rin ng pamahalaang panlalawigan ang iba pang mga hanay ng kaukulang mga tulong na hatid para sa mga mamamayang Batangueño. ***(BHABY P. 'Wag humusga

ISA sa aral o mensahe ng mga alagad ng simbahan ay huwag dapat manghusga ng kapwa upang hindi mahusgahan ng Panginoong Diyos.

Bahagi ito ng usap-usap ng ating mga katropa kaya ang tanong ay tama po ba ito?

Kung totoo ito, paano namang huhusgahan ng Diyos ang mga taong mapanghusga?

Totoo man o hindi ay iwasan dapat nating maging mapanghusga sa ating kapwa.

Sadyang kung gaano kalikot ang mga mata ay ganoon din ang kaisipan.

Pero hindi lahat ng nakikita ay kaakibat na kaagad ang katotohanan.

Dahil nakikita lamang kaya sumisiksik na kaagad sa isipan ang panghuhusga.

"To see is to believe."

Tila ang kasabihang ito ang iginigiit lalo at sinasabing kitang-kita ng dalawang mata kaya iyon na ang paniniwalaan.

Maaaring totoo subalit hindi porke nakita nga ang tama ay husga na agad ang kasunod.

Dahil ang kailangang alamin at patunayan ay kung tama o totoo nga ba ang nakita.

May mga pagkakataon na tayo ay dinadaya o nadadaya ng ating paningin.

Nakita mo at sapat na iyon para sa iyo na sabihing totoo nga subalit may pagkukulang ka.

Kulang ka sa kaalaman upang ang nakita ay masabi at mapatunayang may katotohanan.

Ang pinakamaganda ay bago tumingin sa dumi ng mukha ng iba ay pakatitigin muna ang sarili kung ikaw ay walang bahid ng karumihan.

'Wag humusga bastabasta, iyon lamang po!

LGU Kalayaan launches ASPL vaccination program

CALAMBA CITY (PIA) - The Municipal Government of Kalayaan, Laguna is making various medical services more accessible to their constituents.

Dental services, such as fluoride application and check-ups are also available to residents for free. Parents are also encouraged to bring their children to the MHO for deworming and Vitamin A vaccines.

EDITORYAL

'Di pa ligtas ang lahat

SA pananaw ng World Health Organization sa pamamagitan ni country representative Dr. Rabindra Abeyangsinghe ay ganap na maisasakatuparan ang pagbabakuna sa lahat kontra COVID-19 sa loob ng dalawang taon pa.

Umaasa ang nakararami na ang bakuna ay magdadala sa normal na pamumuhay.

Pero ito ay kinontra ng WHO official kasabay ng pahayag na kahit nariyan na ang bakuna ay hindi pa ganap ang pag-inog ng mundo.

Kasi ay nariyan pa rin ang virus at ang transmission o paghawa nito ay mananatili.

Sa matuwid na salita ay hindi pa rin ligtas ang lahat sa paglakad ng dalawang taon kahit pa kumpleto na ang pagbabakuna.

Mahabang panahon na rin na tayo ay nasa pandemiya kaya marami na ang nag-iiba ng pananaw.

Kung talagang kapalaran ay tatama at tatama ang virus na para sa iba kahit ano pang pag-iingat ang gawin.

SC SAYS MOCK DIGITALIZED BAR EXAMS A SUCCESS

MANILA – The Supreme Court's pilot mock bar examinations proceeded smoothly over the weekend, the high court said on Monday.

In a statement, the high court said the tribunal successfully conducted the exercise, which is part of the process of transitioning into fully digital and localized bar examinations.

The activity, which was participated by 80 students, was conducted in cooperation with the Philippine Association of Law Schools (PALS), Saint Louis University Law School, Ateneo de Manila University School of Law, and the UP College of law.

Local governments of Makati City, Quezon City, Cebu, and Davao as well as the Philippine National Police supported the activity.

The examinations were a small-scale simulation of the actual bar examinations using computer software, proctored both physically and virtually, with the goal of fine-tuning procedures and technical specifications for the localized bar examinations.

Selected examinees' grades for the mock bar exams will not be part of the actual bar examinations and no merit /demerit shall be received by students who participate should they later take the actual bar examinations.

In September last year, the high court announced that the next Bar examinations for aspiring lawyers will be held in November this year.

Last April, the SC decided to postpone the 2020 Bar examinations in view of the increasing number of coronavirus disease 2019 (Covid-19) cases in the country, the social and economic disruption caused by the pandemic, and the movement restrictions due to community quarantine protocols.

The exams are usually conducted in Manila on all Sundays of November every year.

A total of 2,103 examinees or 27.36 percent of the 7,685 takers passed the 2019 Bar examinations. ***(PNA)***

Deworming activity, patuloy na tinututukan ng Batangas PHO sa gitna ng pandemya

LUNGSOD NG BATANGAS (PIA) --Nakiisa ang Pamahalaang Panlalawigan ng Batangas sa 2nd round ng National Deworming Month (NDM) na inisyatibo ng Department of Health (DOH), Department of Education (DepEd) at mga katuwang na pamahalaang lokal at mga ahensya upang makapaghatid ng gamot na pampurga.

Sinabi ni Ms. Carlota Abratigue, Nutritionist Dietitican II ng Provincial Health Office na ang NDM ay isinasagawa dalawang beses sa isang taon, tuwing Enero at Hulyo at nagpapatuloy hanggang mapurga ang lahat ng batang edad 1-19 taong gulang.

Aniya, mahalaga na matutukan ang aktibidad na ito at maipaalam ang mga dapat gawin dahilan sa hinaharap nating pandemya.

Ang pagkakaroon ng parasitiko o bulate sa tiyan ay nagiging sanhi ng pagbagal ng paglaki at pag-unlad ng kaisipan ng mga bata, pamumutla o anemia sa mga adolescents, pananamlay at pagkamatay.

"May iba't-ibang karaniwang bulate sa tiyan tulad na lang ng ascaris o pabilog na bulate, whipworm na mas kilala bilang bulateng may manipis na bahagi na parang latigo, at hookworm o bulate na may hook sa bibig," paliwanag ni Ms. Abratigue.

Ayon sa Nutritionist Dietitian, ilan sa dahilan ng pagkakaroon ng parasitiko sa katawan ang mga sumusunod: maduming paligid, hindi paglilinis ng katawan, hindi pagsusuot ng tsinelas kapag maglalakad sa lupang kontaminado ng itlog ng hookworm, pagsubo ng kamay at pagkain na may itlog ng iba't-ibang uri ng bulate.

Sa gamot naman na dapat ipainom laban sa bulate, wala naman aniyang dapat ipangamba ang mga magulang sapagkat matagal nang ipinamamahagi ito at nakakatitiyak umano na ligtas at epektibo. Mas mainam din na purgahin ang lahat ng bata, apektado man ng bulate o hindi.

Ipinunto lamang ni Ms. Abratigue na hindi maaring bigyan ng gamot pampurga ang mga walang laman ang tiyan o gutom, sumasakit na talaga ang tiyan, may allergy o sensitibo sa pag-inom ng gamot, sobrang baba ang timbang, at may lagnat o sakit.

Ngayong panahon ng pandemya, isasagawa sa pamamagitan ng pagbabahay-bahay o fixed-post ang deworming activity.

Ipinaalala rin nito na ugaliing sundin ang Water, Sanitation and Hygiene o WASH strategy, tulad ng madalas na paghuhugas ng kamay bago at pagkatapos kumain at gumamit ng palikuran; pag-inom ng malinis na tubig; paghugas at pagluto nang mabuti ng mga pagkain; at pagpapanatili ng kalinisan sa katawan at kapaligiran.

Samantala, tuloy-tuloy naman ang PHO, na pinamumunuan ni Dr. Rosvilinda Ozaeta, sa paglalatag ng mga programang pangkalusugan sa kabila ng matinding epekto ng COVID-10 pandemic. Ito ay bilang pagpapahalaga at pagbibigay prayoridad sa kalusugan ng mga Batangueño na bahagi ng HELP Program (Health, Education, Livelihood, and Protection of Life, Property, and Environment) na governance thrust ni Governor Mandanas.

Sa patuloy na nararanasang pandemya na dala ng COVID-19 virus, walangpatid ang paggawa ng Pamahalaang Panlalawigan ng Batangas ng mga hakbang para mapababa o tuluyan nang masugpo ang naturang sakit. Kasabay nito, hindi isinasantabi ng Kapitolyo, sa pangunguna ng Provincial Health Office (PHO), na matutukan pa rin ang iba pang mga programang pangkalusugan na tutugon sa kagalingan ng bawat Batangueño, alinsunod sa direktiba ni Governor DoDo Mandanas. ***(Bhaby De Castro, PIA-Batangas/PIO Batangas Province)***

Patuloy na paghihigpit ng dalawang ahensya sa sports dahil sa pandemya

Ang dalawang ahensya ng gobyerno na nangangasiwa sa sports ng Pilipinas ay muling inulit ang mga paghihigpit para sa mga liga sa palakasan na naghahanap na muling ipagpatuloy sa gitna ng coronavirus disease na 2019 pandemya.

Ito ay matapos na mabuo ang isang bagong grassroots basketball liga na pinangalanang Batang Pilipino Basketball League (BPBL).

"Alinsunod sa PSC-GAB-DOH (Philippine Sports Commission-Games and Amusements Board-DOH Department of Health) JAO (pinagsamang order ng administrasyon) Blg. 2020-0001 at alinsunod sa Mga Alituntunin ng Omnibus hinggil sa Pagpapatupad ng Community Quarantine sa Pilipinas na inilabas ng IATF-MEID (Inter-Agency Task Force para sa Pamamahala ng Mga Umuusbong na Nakakahawang Sakit), ang mga hindi pangpampalakasan na kaganapan tulad ng paligsahan, mapagkumpitensyang kaganapan, at mga pulong sa atletiko ay hindi pinapayagan, "ang PSC-GAB- Ang pinagsamang pahayag ng DOH na inilabas.

Itinatag ni Romeo Ebdane kasama ang kilalang kabataang coach ng basketball na si Ron Camara bilang unang komisyonado, ang BPBL ay mukhang magbubukas ng shop sa lalong madaling payagan ang mga kaganapan sa sports ng amateur club.

Sa katunayan, na-set up na ng liga ang debut format ng paligsahan nito na may apat na pangkat ng edad, ang pangunahing kaganapan ay ang dibisyon na under-18.

Ang PSC, na namamahala sa mga amateur na palakasan, at GAB, na nangangasiwa sa mga propesyonal na palakasan, pati na rin ang DOH ay matagal nang inulit na ang lahat ng mga di-propesyonal na palakasan sa palakasan ay maaari lamang ipagpatuloy sa sandaling dumating ang bakunang Covid-19.

"Isinasaalang-alang na ang isang mabisang bakuna para sa Covid-19 ay hindi pa nagawang magamit, sumusunod na ang pagpapatupad ng Joint Administrative Order na ito ay mananatiling may bisa, hanggang at maliban kung susugan o mabawi. Sa gayon, ang PSC, GAB, at DOH ay magpapatuloy na sumunod sa mga probisyon ng JAO na ito upang matulungan ang pagsisikap ng gobyerno na masugpo ang posibleng paghahatid ng maraming variant ng Covid-19, nang hindi ikompromiso ang kapakanan ng ating mga baguhan at propesyonal na atleta at mga kinakasamang palakasan na kinokontrol ng GAB na ang pamumuhay ay higit na nakasalalay sa pag-uugali ng propesyonal na palakasan mga kumpetisyon, "idinagdag ng pinagsamang pahayag.

Ang unang pangkat ng mga bakuna ay inaasahang maihahatid sa huling buwan.

Ang isang liham mula sa PSC, GAB, at DOH ay naipadala sa tanggapan ng BPBL sa Lungsod ng Quezon na binibigyan ang bagong liga ng 15 araw upang ipaliwanag kung bakit naitaguyod nito ang samahan para sa pagtatanghal nito.

Gayunpaman, sa isang pahayag noong Enero 27, sinabi ni Camara na ang liga ay susundin ang mga alituntunin ng gobyerno.

"Hindi po tayo mag-uumpisa ng liga ng walang pahintulot ng IATF o ng gobyerno (We will not start the liga without permission from the IATF or the government)," Camara said.

TAMPOK sa lingguhang TOPS Usapang Sports via online ang MILO at ang Department of Education ito ay kaugnay ng bagong programang upang i-promote ang ehersisyo sa mga bata habang nasa home-based learning parin sa kasalukuyan ang mga ito gawa ng pandemya.

We always believe that active kids are better learners, that's why with our programs shifted into digital based, we launched another way to help our kids boost their lifestyle into healthier and better performers in school and in sports," pahayag ni Lester Castillo, Asst. "Yung konsepto ng pagpapahalaga sa sports o pag-engage sa physical activities, sports competitions ay isang mandato na nakaploob mismo sa ating saligang batas. Iyan ay isang polisiya ng ating estado na bigyang prayoridad ang pampalakasan…mahalaga po ang mga paggalaw at physical activities sa konteksto ng palakasan, dahil ayan po ang itinatadhana ng batas," paliwanag ni DepEd Undersecretary Tonisito Umali sa programang hatid ng Philippine Sports Commission (PSC), Philippine Amusement and Gaming Corporation (PAGCOR) at Games and Amusement Board (GAB).

"Kaya kami ay nagpapasalamat sa Milo Philippines, dahil kahit sa panahon ng pandemya, dahil sa kanila natutulungan nila ang kagawaran ng edukasyon kung papaano maisulong at maisakatuparan ang mandatong ito, sa pamamaraan katulad po ng Milo Champion habit."

’WAG IPITIN ANG MGA TINDERO’T TINDERA!’

“Aminado akong kabado ako sa pagpataw ng price freeze sa baboy at manok. Bakit ang mga maliliit na tindero at tindera ang ituturo at maiipit kung sa mga mas naunang transaksyon posibleng nangyayari ang pagtaas? Paano nga naman kung ang ibinabagsak na sa kanila ay mahal na paninda naman talaga?”

This according to Senator Risa Hontiveros, as she urged the government to ensure retailers and market vendors are protected from being blamed for the normal increase in prices when there are shortages or when unscrupulous players upstream jack up the prices.

During the joint Senate committee hearing on rising food prices, where proposals for price freezes were also discussed, Hontiveros urged the Department of Agriculture (DA) to improve its surveillance and zero in on specific industry players who may be responsible for the extraordinary price escalations, even when farm gate prices remain low.

“Maganda naman ang layunin ng moratorium sa price increase sa mga bilihin. Pero kailangang siguraduhin na hindi maiipit at pagdidiskitahan ang mga manininda natin sa palengke. Baka kasi sa farm gate, assembler, processor, sa cold storage, o sa byahe papuntang palengke nangyayari ang pagtaas ng presyo,” she noted.

She then called on the Department of Trade and Industry (DTI) and Department of Agriculture (DA) to investigate and identify at which level in the value chain the possible ‘overpricing’ is happening. The senator also recommended that the agencies work with the Philippine Competition Commission (PCC) for strict monitoring and imposing possible sanctions on violators.

“Dumulog na ba tayo sa Philippine Competition Commission (PCC) para magtanong kung saang bahagi nagkakaroon ng labis-labis na pagpapataas ng presyo ng baboy at manok, kung ito ay nangyayari nga?,” she asked.

Hontiveros hopes DA could heed DTI Sec. Ramon Lopez’s recommendation to impose suggested retail price (SRP) not only on retailers, but at all levels of the value chain from farm gate, wholesalers and traders. The senator says that this is how the axe can be made to fall precisely where it should.

“Dapat na magtulungan ang PCC, DA at DTI na alamin kung saan nagaganap ang pagpapatong ng malaki at tugisin kung sinu-sino ba talaga ang nananamantala, imbes na magkaroon ng pangkalahatang price control.” Hontiveros concluded. ***PR***

Spox Roque, lumahok sa pagtatanim ng puno

PUERTO PRINCESA, Palawan (PIA) -- Nakiisa si Presidential Spokesperson Harry Roque sa seremonya ng pagtatanim ng unang batch ng nalalabi pang 900,000 puno na kukumpleto sa limang milyong puno na hangad itanim ng Rio Tuba Nickel Mining Corporation (RTN) sa Barangay Rio Tuba, Bataraza, Palawan kamakailan.

Ito ay upang makatiyak at personal aniya niyang masaksihan ang ginagawang pagpapanumbalik ng ilang kumpanya ng pagmimina sa kanilang naminang lugar.

"Importante na maiparating hindi lang kay Presidente kundi maging sa mga mamamayan na may isang malaking mining company na talagang tumutugon sa sinasabing sustainable at responsible mining," ani Roque.

Ayon kay Roque, nais niya na mismong makita ang pagtatanim ng mga puno sa mga komunidad ng pagmimina, kung saan humanga siya sa RTN sa pagsisikap nito na makapagtanim ng milyun-milyong puno sa lalawigan.

Bukod dito, tuloy tuloy din ang mga hakbang ng gobyerno upang mapanatili ang sigla at ganda ng likas na yaman ng bansa.

Nais din ng kalihim na mailatag at patunayan kay Pangulong Rodrigo Duterte na hindi lahat ng pagmimina sa bansa at iresponsable sapagkat sa Bataraza aniya ay may kompanyang nag-iingat sa kalikasan habang may operasyon ng pagmimina.

Samantala, sa kasalukuyan, ang RTN ay mayroon nang naitatalang 4.1 milyon na punong naitatanim at nabuhay sa iba’t ibang lugar na sakop ng kanilang programang ‘mine rehabilitation and reforestation’. ***(LBD/PIAMIMAROPA)***

Samantala, nakapagbahagi rin para sa pagsasakatuparan ng proyekto ang Bureau of Fisheries and Aquatic Resources ng Training on Various Aquaculture Technologies (36,000 piso); Mangrove Rehabilitation Project (43,000 piso); nakapagtayo ng dalawang yunit ng Aquasilviculture project (164,620 piso); dalawang yunit ng Fish Cages para pangkabuhayan (652,224 piso); dalawang yunit ng Motorized Fishing Boat (90,000 piso), at limang Seaweeds Farming Implements (450,000 piso).

Sa bahagi ng Bureau of Soil and Water Management, tinuro ni Supervising Agriculturist Jose Manguerra sa isinagawang pagpupulong ang Soil Conservation Approach for Cassava Production by Slope Type.

Ipinahayag naman ng Agricultural Training Institute ang suporta sa proyekto ngunit nanawagan ito na kung maaari ay mga farm leaders, youth leaders at Local Government Unit o LGU na kabahagi sa policy making ang kanilang bibigyang pagsasanah.

Ito ay sa kadahilanang gusto nilang LGU ang nakauna para sa mas mabilis na pagpapakalat ng mga kaalaman at pagsasanay sa mga magsasaka.

Kaugnay nito, nagpasalamat si Glenn Villaroman ng Products Planters, Inc. sa mga tulong na kagawaran sa pagsulong ng proyekto para sa mga katutubong aeta.

Aniya makakaasa ang iba't ibang mga kasapi rito sa walang hanggang pagsisikap upang mapagtagumpayan ang proyektong ito.

Dagdag pa niya ito ay masisislbing shining beacon na pwedeng ulit-ulitin saan mang bahagi ng bansa para maiahon natin ang ating mga kapatid at ang ating bansa. ***(CLJD/GLSB-PIA 3)***

VIVA MORENA, NANAIG! ILLEGAL NA BOOKIES, MULING SINALAKAY!

Naging positibo ang tugon ng Philippine Racing Commission (PHILRACOM) sa aplikasyon ng Metro Turf na magkaroon ng karera sa araw ng Martes at Miyerkules. Kaya naman isang magandang labanan ang ating nasaksihan noong Enero 27 araw ng Miyerkules kung saan ay nanaig ang kabayong si Viva Morena na sinakyan ng hineteng si Danny Boy Camanero laban sa kabayong si Sky Candy ni Jessie Guce. Sa simula ng karera ay agad na kinuha ni Viva Morena ang unahan habang nakasunod si Sky Candy sa ikalawang puwesto. Mapapansin na tila nanikit sa aparato ang kabayong si Prime Time Magic na naging sanhi ng kanyang pagkabugaw, nasa malayong ikatlong puwesto naman si The Accountant na sinakyan ng hineteng si OP Cortez, pang- apat ang kabayong si Abetski na nirendahan ni Kelvin Abobo, panglima si Spandau Ballet na ginabayan ng hineteng si RD Raquel Jr., habang nasa ika-anim na posisyon ang kabayong si Gomper Girl na pinatungan ng hineteng si Unoh Hernandez. Pagpasok sa medya milya ay halos pantay sa unahan sina Viva Morena at Sky Candy habang nasa malayong ikatlo pa rin si The Accountant at kumakayod sa ika-apat si Gomper Girl. Pagdating sa 600 meters ay nakalalamang si Viva Morena ng kalahating kabayong agwat laban kay Sky Candy at pagsapit sa huling kurbada ay pinipilit na lumayo ni Viva Morena ngunit hindi pa rin bumibitiw si Sky Candy at muling dumidikit sa unahan. Pagdating sa huling 100 meters ay napapansin ng hineteng si Danny Boy Camanero ang papalapit na si Sky Candy kung kaya't walang tigil niyang pinalo at kinayog ang kabayong si Viva Morena hanggang makatawid sa meta. Nanalo si Viva Morena ng kalahating kabayong agwat laban sa nasegundo na si Sky Candy, pangatlo si The Accountant at pang-apat si Spandau Ballet. Naorasan si Viva Morena ng tiyempong 1:24.2 (13-22-23-26') para sa distansiyang 1,400 meters. Samantala, muling sinalakay ng pinagsamang puwersa ng Games and Amusement Board (GAB) Anti- Gambling Division at Manila Police District (MPD) ang illegal bookies sa Tondo, Manila na nagresulta sa pagkaka-aresto ng dalawang operator kamakailan. Muling kumilos ang GAB- AIGD sa pamumuno ni SGI-2 Glenn Pe at operatiba ng Manila Police District (MPD) Special Operation Unit, sa pangunguna ni PCPT Jervies Soriano, Deputy Chief, sa patnubay ni PMAJ Cicero Pura, para masawata ang mga pasaway sa panulukan ng Franco St. at Pavia St. Brgy.62 Zone 2. Sinampahan ng kaukulang kaso na paglabag sa Presidential Decree 1602 o Anti- Gambling (Illegal Horse Racing Bookies) ang dalawang nadakip na sina Benjie Morales at Jaymee Cortega.

Pagsasalba sa mga nahinto, nawalan ng trabaho tinututukan ng DOLE

LUNGSOD NG MALOLOS (PIA) -- Inilatag ni Labor and Employment Secretary Silvestre Bello III ang iba't ibang hakbangin ng ahensya upang tugunan ang muling pagbabalik ng mga nahinto sa trabaho, at paglikha ng iba pang oportunidad upang magkaroon ng mapapasukan ang mga nawalan.

Sa ginanap na paglalagak ng busto ni Gat. Blas F. Ople sa harapan ng Blas F. Ople Provincial Livelihood Training Center bilang pagpupugay sa Ika-94 Taong Anibersaryo ng kanyang kapanganakan, sinabi ng kalihim na tinututukan ng DOLE ang employment facilitation kung saan hinahanap ng ahensya kung saan-saang kumpanya ang may binubuksan na trabaho.

Halimbawa na aniya rito ang 30,000 kailangan sa sektor ng Business Processing Outsourcing at iba pang 5,000 sa iba't ibang kumpanya.

Kailangan lamang aniya na ang isang naghahanap ng trabaho na nais pumasok dito ay makipag-ugnayan sa mga Public Employment Service Office sa mga bayan at lungsod.

Pinaiigting din ng DOLE ang pagsasagawa ng mga capacity building at career guidance upang magkaroon ng retooling ang mga propesyunal o indibidwal na makalipat ng ibang uri ng trabaho mula sa dati nilang pinapasukan na wala na.

Ayon kay Bello, katuwang ng DOLE sa mga programang ito ang Department of Trade and Industry at Technical Education and Skills Development Authority sa ilalim Trabaho, Negosyo, Kabuhayan.

Ibinalita rin ng kalihim ang ibinabalangkas na National Employment Recovery Strategy sa tulong din ng nasabing mga ahensya upang tulungang buksan muli ang mga nagsarang mga pribadong establisemento at makabalik ang mga nahinto o nawalan ng trabaho.

Nakapaloob dito ang paglalaan ng 20 bilyong pisong wage subsidy upang tulungang punan ang 25 hanggang 50 porsyentong pasahod ng mga pribadong establisemento sa kanilang mga manggagawa.

Kaugnay nito, ngayong nahaharap sa hamon ang bansa dahil epekto ng pandemya sa kalagayan ng trabaho at mga manggagawa, sinabi rin ni Bello na nananatili aniyang isang malaking inspirasyon si Ople para sa determinasyon at pagkakaroon ng mataas na pag-asa. ***(CLJD/SFV-PIA 3)***

2 tirador ng motorsiklo, tiklo

SA tulong ng Facebook, naaresto sa entrapment operations ang dalawang kalalakihan, habang tinutugis ang isa pa nilang kasamahan na hinihinalang mga tirador ng motorsiko matapos na ibenta sa mismong may-ari sa parking lot ng isang kilalang mall sa Rosario, Cavite.

Kinilala ang mga naaresto na sina Mevin Torres Dumali, 25; at Harold Medina Domdom, 45, kapwa ng Brgy Ligas 2, Bacoor City.

Sinusulat ito ay pinaghahanap ang kasamahan nilang nakatakas na si Rodel Punzalan Mercado, ng Brgy Bayanan, Bacoor City.

Kinilala ang biktimang si Jayson Betito, 36, may-asawa, sari-sari store owner, ng Manila East Road, Dolores, Taytay, Rizal.

Sa ulat ni Pat. Ricado Mendoza, ng Rosario Municipal Police Station, dakong alas-8:00 ng gabi noong November 14, 2020 nang tangayin ng di nakilalang mga suspek ang motorsiklong Yamaha Mio Sporty ng biktima habang nakaparada sa kanilang lugar.

Pero nitong February 2, 2021, nakita ng kaibigan ng biktima na ibinebenta ang naturang motorsiklo sa pamamagitan ng Facebook kaya ipaalam ito ng una sa huli.

Agad namang kinontak ni Betito ang nagbebenta ng motorsiklo.

Nagkasundo ang biktima at ang seller na magkikita sa parking lot ng SM Rosario sa Brgy Tejeros Convention ng alas-11:30 Miyerkules ng umaga.

Pero bago nakipagkita ang biktima ay nag-report muna sa Rosario MPS kung saan ikinasa ang entrapment operations.

Sa naturang lugar, nakita ng biktima ang ibinebentang motorsiklo na pag-aari niya kasama ang dalawa pang suspek na nakasakay din ng motorsiklong kulay pula na Yamaha Mio Sporty na may plakang PI 5605 at isang Yamaha Nmax na kulay itim kung saan sakay si Mercado na pinaniniwalaang mga nakaw din.

Matapos ang sandaling pag-uusap, iniabot ng biktima ang halagang P40,000 na boddle money kay Dumali at sa puntong ito ay naging hudyat upang arestuhin ang mga suspek.

Gayunman ay nakatunog si Mercado at nakatakas.

Nabawi ang motorsiklo at ang dalawang naarestong suspek ay nasa kustodiya ng Rosario MPS para sa kaukulang kaso. **GENE ADSUARA**

INVESTOR REINTRODUCES 'PROBATON' FOR FRONTLINERS

Francisco 'Popoy' Pagayon is reintroducing "Probaton"—a patented truncheon made of rubber--to equip security frontliners after President Rodrigo Duterte asked the police to use batons as the "first line of defense".

"This is in response to the call of the president. Probaton, which is protected by patent, is ideal for our security frontliners, peace officers and village watchmen," says Pagayon, who is the president and chief executive of Filipino Inventors Society Producers Cooperative.

FISPC maintains a showroom along EDSA in Quezon City in partnership with the Department of Science and Technology's oneStore that showcases Filipino products and inventions.

President Duterte said in December that he wanted the police to use baton, made of hard rubber instead of wood, as first line of defense. "When a person resists arrest and becomes violent, the first impulse of the police [officer] without a baton is to hold his gun. He might not draw it, but he holds his gun ready for action. If you have a baton, you hit just the hand or the body and that's painful. Maybe you can subdue the person resisting arrest or the criminal," the president was quoted as saying.

Security frontliners are using rattan at the moment, but the president said he would look for the budget to arm them with rubber batons.

Pagayon, an entrepreneur who likes to develop new tools, says he is willing to provide affordable but high-quality "Probaton" which he developed in 1978. After improving the design over the years and getting the patent in 1994, Pagayon reintroduced the truncheon as "Probaton" which has armed thousands of policemen and village watchmen across the country.

Probaton, short for police reconnaissance operation baton, is one of the several inventions that Pagayon is credited for. He says he registered Probaton after being informed that its design could be considered an invention.

"Probaton is my best friend. That's what has fed my family and built my business over the years," Pagayon says.

"Probaton has been in use by our law enforcers and

village watchmen for many years now. It passed the rigid inspection and review by the Philippine National Police Research and Development as well as the test and evaluation by the Philippine Army Materials Division. It is designed as the first line of defense for our peace officers, given its perfect length, weight, shape, quality of material, handle and grip," says Pagayon.

"It is meant as a defensive tool, but you can also swing it to shove attackers. It comes with a manual, personal training and demonstration on how to use it properly," he says.

Pagayon says Probaton is ideal for frontliners who manage large crowd and implement social distancing. "Frontliners can use it to measure distance between persons and can guide them to observe social distancing. This would also calm the crowd who might panic at the sight of Armalite carried by law enforcers in full battle gear," he says.

"There were incidents in the past that arguments between frontliners and suspicious individuals resulted in violence and even deaths. With Probaton, this could be avoided. Law enforcers could also use it to defend themselves and knock down an attacker without causing serious injuries to the body," he says.

"It is time to reintroduce Probaton because of the president's call for a better alternative to firearms as first line of defense. It looks better than rattan. In fact, it is a high-quality defense equipment. In dealing with unruly suspects, you can use this took to knock down the attacker, but this would not break their bones because it is made of rubber," he says.

Probaton is the best-selling item among the products of Oral Educational Distributor Media Affairs Inc., the company established by Pagayon in 1980. The company sells school equipment and general merchandise goods, which were improved and developed through Pagayon's "imagineering."

Pagayon, 75, did not finish high school and did not plan to become an inventor. He says he became one by accident. "When my company started dealing with the government, I developed innovative products for schools such as armchairs, whose desktops can be switched from left to right. I did not know it was an invention. My friends in government told me I can secure patent for that. So I joined and registered," Pagayon says.

Aside from Probaton, Pagayon is also the inventor of Portasol—a multi-purpose solar thermal post-harvest speed dry tray, which saves space and ensures the high quality of products while drying grains or fish.

Another popular invention of Pagayon is the Ambidex convertible school chair, which can be adjusted for left or right-handed use.

He also invented Reverse Applied Retro Reflective Elements on Alphanumerics for vehicle license plates.

Recently, he developed new products such as solar-powered lighting systems with multi-purpose chargers, solar-powered street lamps, rescue boats with solar-powered lighting systems and electric firecrackers.

His latest project is GreenGrow gardening and reforestation tool kit—a tool box for "plantitos" and "plantitas" engaged in urban gardening. ***PR***

Kulang sa taas

MAY rekomendasyon ang isang mambabatas sa Philippine National Police.

Ito ay tanggapin o payagan ang mga senior high school graduates sa hanay ng pulisya.

Pwede naman ang mungkahing ito at kailangan lamang ng PNP ang masusing pag-aaral.

Paano sila ipupuwesto o anong partikular na tungkulin ang iaatang sa kanila?

Maaari kasing magkaroon ng komplikado para naman doon sa mga nakapagtapos ng kolehiyo.

Hindi naman sa tinitingnan kung college graduate o senior high school graduate pero kung mangyayari ito ay dapat nasa maayos na sistema ng pagpapatupad ang pamamaraan ng PNP.

Para naman hindi magkaroon ng iringan at kompetisyon sa magkabilang panig.

Tungkol pa rin sa pagpupulis, nakalusot na sa ikatlo at huling pagbasa sa Kamara ang panukalang batas para babaan ang height requirement sa mga aplikante.

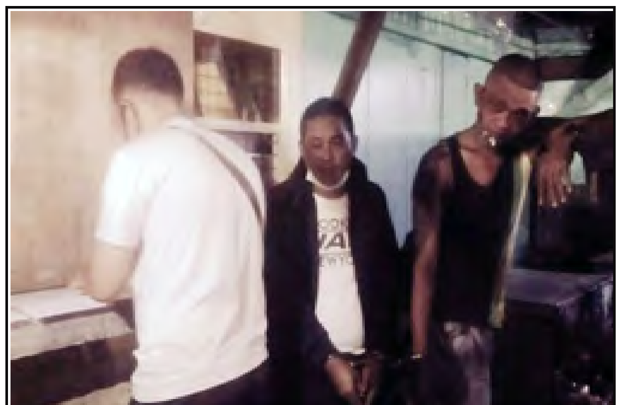
Hindi lang sa PNP kundi maging sa Bureau of Fire Protection, Bureau of Jail Management and Penology at Bureau of Corrections.

Ang House Bill No. 8261 o mas kilala bilang PNP, BFP, BJMP and BuCor Height Equality Act ay naglalayong maamyendahan ang Republic Act No. 6975 na ang minimum height requirement ay 1.62 meters sa kalalakihan at 1.57 meters sa kababaihan.

Sa naturang panukala ay ibababa sa 1.57 meters, o 5-foot-2 para sa mga lalaki habang 1.52 meters o 5-foot naman sa mga babae.

Okey ito dahil marami talagang gustong maging jail guard, bumbero at lalo na ang pulis subalit kulang sa taas o tangkad.

Pero ang mga aplikante para maging kadete ng Philippine National Police Academy ay nasa 1.62 meters pa rin ang height requirement sa kalalakihan at 1.57 meters sa kababaihan.



WALANG kawala ang dalawang suspek na sina Brex Daging y Maluray at Albert Lacsina na nahulihan ng limang pirasong plastic sachet ng hinihinalang shabu sa isinagawang buy bust operation ng mga tauhan ng SDEU sa Dela Rama St., Barangay B.F. sa lungsod ng P'que. Ang naging seizing officer ay si PCPL Noel Engay Jr. at ang arresting officer ay sina PCPL Michael Ignacio, at PCPL Emel dela Cruz. ***(JIMMY HAO)***
