Maramdaman ang diwa

SUNUD-SUNOD na bagyo ang bumayo sa ating bansa na nag-iwan ng malaking pinsala at kumitil pa ng mga buhay. Maraming lugar ang nagmistulang 'delubyo' lalo pa ang mga hinambalos na hindi pa nakakabangon ay muling sinalakay ng panibagong bagyo. Nakakalungkot ang pagkawala o pagkakasira ng mga ari-arian higit lalo ang paghihinagpis ng nawalan ng mga mahal sa buhay maging ang pamilya na umaasa sa kanilang nawawalang mga kaanak. Sadyang matulin ang takbo ng oras o panahon na dahil ilang araw na lamang ang mga nalalabi ay mamamalayan na Pasko na pala. Mapalad ang mga nasa lugar na hindi natumbok o gaanong naapektuhan ng sunud-sunod na bagyo na ang Pasko para sa kanila ay magiging maayos at maganda. Ang isa sa kahulugan ng Kapaskuhan ay para sa pagbibigayan kaya nawa ay maramdaman ng iba ang diwa na ito.

MANILA — President Ferdinand R. Marcos on Tuesday said the government would continue providing aid for as long as needy Filipinos ask for it to recover from the impact of the successive storms in the country. "Walang deadline po ito. Hangga't kailangan ninyo na magkaroon pa ng food pack, magpapadala pa rin kami," the President said during his visit in an evacuation center in Virac, Catanduanes. President Marcos said needy families temporarily living with relatives and friends would likewise

receive family food packs (FFPs) and other assistance. "Pati 'yung mga na-displace, na nawalan ng tirahan, na napunta sa bahay ng kanilang kapitbahay, ng kanilang kamag-anak, ng kanilang kaibigan ay bibigyan rin natin ng food pack at tuloy-tuloy ang suporta po na ating gagawin," he said. President Marcos is in Virac to assess the damage left by Super Typhoon Pepito and check on the condition of families in evacuation centers. He handed over Pp50 million to the

TESDA will train former inmates to enhance employability

The Technical Education and Skills Development Authority (TESDA) is set to train probationers, parolees, and pardonees in accordance with the memorandum of agreement (MOA) it signed with the Department of Justice (DOJ). TESDA will provide access to its extensive training network, conduct a Training Needs Analysis, and facilitate certification for participants under the Philippine TVET Competency Assessment and Certification System (PTCACS). Moreover, TESDA will extend training through mobile programs and other accessible formats, certify graduates of certifiable programs and administer provincial government of Catanduanes to aid the immediate recovery of affected communities. In Catanduanes, at least 11 out of its 16 municipalities were severely affected by Pepito. Damage to houses, government buildings, schools, and other infrastructure were reported. **(PND)**

Department of Justice Secretary Jesus Crispin Remulla and TESDA Director General Jose Francisco Benitez signed the MOA that aims to strengthen the collaboration of the two agencies to foster reformation of former inmates through skills development. Parole and Probation Administration (PPA) Administrator Bienvenido Benitez Jr. witnessed the signing of the MOA on November 15, 2024. DOJ's Remulla emphasized the importance of equipping individuals in the country's correctional system with technical skills that enhance employability and self-sufficiency. NTC eyes TV 'analog switch-off' in Mega Manila by early 2025

BATANGAS CITY (PIA) — The implementation is in full swing for the shut off of analog television and transition to digital terrestrial television broadcasting (DTTB) in Mega Manila, the National Telecommunications Commission (NTC) in Calabarzon said. NTC IV-A Regional Director Rolando DS. San Luis points out that while the NTC is eyeing for the analog switch-off (ASO) or the complete shut-off of the analog signal for television sets by the end of 2024, the guidelines have yet to be released. Once the guidelines are out, the public will be given an additional 60 days from its publication to prepare, the NTC said during an episode of Kapihan sa Bagong Pilipinas on November 19. "The NTC announced the [analog] shut down by end of the year, but the specific memorandum circular or the guidelines are not yet released. Since it's already November and if the memorandum is released by December, we will still have full 60 days to be able to use our analog TV or regular TV," San Luis added. He clarified that for Calabarzon, the transition will not cover the entire region but limited only to

the 'suburb' areas or areas adjacent to Metro Manila in Cavite, Laguna, and Rizal. "We will divide what areas are included in Mega Manila, and not the whole Batangas, Laguna or Cavite. If we say Mega Manila, it is only the suburb or parts of the provinces," the director added. San Luis acknowledged that households which cannot afford a smart tv or digital box would not have access to information from their regular television sets. The government, however, is considering the possibility of granting subsidies to vulnerable sectors that are incapable of switching to digital tv. "In the vulnerable areas or those with no capability [to purchase], we are requesting the DILG (Department of Interior and Local Government) to submit to us the known [vulnerable] areas to receive vouchers," San Luis said. The commission will specify and finalize the support for vulnerable communities once the formal guidelines are released. According to a report published by the NTC in February 2024, at least 82 percent of TV households in Mega Manila have already shifted to DTTB, while at least 18 percent of the TV households are still on analog TV. NTC believes that the complete shut-off of analog in favor of digital transmission is in pace with the development in technology, ensures the competitiveness of the country's broadcast industry, and provides enhanced services to better serve the public. The country's DTTB system, the ISDB-T standard, was developed and is in use in Japan was adopted for the Philippine televisions in 2015-2016. Aside from better viewing experience and more programming options, the system is also equipped with an early warning broadcast system (EWBS), a feature that the government may use to alert citizens in times of calamities. **(CH/PIA-Laguna)**

"GRAND DERBY"

Nagpasiklab ang dehadong kabayo na si Worshipful Master upang manalo sa katatapos na 2024 PHILRACOM - PCSO "Grand Derby" na pinakawalan sa pista ng Metro Manila Turf Club Inc. (MMTCI) sa Malvar Tanauan City, Batangas. Magandang diskarte ang ipinamalas ng hineteng si Lester De Jesus sa ibabaw ng kanyang sakay na si Worshipful Master at pinatunayan na kayang kaya nilang makasilat sa laban. Sa pagbukas ng aparato ay nakalundag kaagad ang bida na si Worshipful Master ngunit hinayaan nitong mauna ang matulin na si Every Sweat Counts habang nasa tersero at pang-apat na puwesto sina Batang Manda at Bea Bell. Sa kaagahan ng karera ay abante ng dalawang kabayo si Every Sweat Counts, nasa pangalawang posisyon naman ang paborito na si Batang Manda habang nakabantay sa kanya si Worshipful Master, kasunod si Bea Bell. Sa kalagitnaan ng laban ay si Every Sweat Counts pa rin ang nagdidikta sa unahan pero habang papalapit sa far turn ay dumidikit na si Batang Manda

at sinasabayan naman siya ni Worshipful Master. Pagsapit ng far turn ay nagsimula ng uminit ang labanan dahil nagkapanabayon na sa harapan sina Worshipful Master, Batang Manda, Every Sweat Counts at Bea Bell. Papasok ng home stretch ay tangan na ni Worshipful Master ang bandera na dumaan sa tabing balya habang nasa gawing labas naman sina Batang Manda at Bea Bell. Sa rektahan ay lalo pang sumiklab si Worshipful Master kaya wala ng nagawa sina Batang Manda at Bea Bell sa pag-alagwa ng winning horse. Tinawid ni Worshipful Master ang meta ng may tatlong kabayong kalamangan sa pumorkas na si Bea Bell, pasok sa trifecta si Batang Manda at si High Dollar ang bumuo sa quartet. Nakapagtala si Worshipful Master ng tiyempong 1:54.2 (14-23'-25-23'-28') para sa 1,800 meter race. Bukod sa tropeo ay nakatanggap din ang winning horse owner na si James Anthony Rabano ng tumataginting na P1.8M na premyo mula sa PHILRACOM at PCSO.

82% ng populasyon sa Calabarzon, rehistrado na sa PhilSys ID

LUNGSOD NG BATANGAS (PIA)—Mahigit 82% na ng populasyon sa rehiyon ng Calabarzon ang nakapagparehistro na sa Philippine Identification System o PhilSys batay sa tala ng Philippine Statistics Authority (PSA)-Calabarzon hanggang Setyembre 30, 2024. Sa panayam kay PSA Calabarzon Regional Director Charito C. Armonia, sinabi nito na batay sa kanilang tala nasa 13.4M na ng populasyon batay sa target nitong 16.4M sa rehiyon ang nakapagrehistro na bagamat marami pa ang walang physical ID. Kabilang dito ang Cavite -3.4M, Rizal-2.9M, Laguna-2.6M, Batangas-2.6M at Quezon-1.9M. Layon ng PhilSys ID o national identification card na magkaroon ng sigurado at maaasahang pagkikilanlan ang bawat Pilipino. Makakatulong din ito upang magkaroon ng access sa healthcare, financial services at social benefits. Maaari din itong gamitin sa iba't-ibang serbisyo ng pamahalaan at pribadong sektor at isang mabisang sandata upang mas mapalakas ang seguridad at anti-fraud measures ng bansa. Ayon pa kay Armonia, patuloy ang kanilang ahensya sa pagbaba at pagbibigay ng pagkakataon sa lahat

upang makapagrehistro. Bagamat madami pa ang walang hawak na physical ID, nagbibigay din sila e-PhilID kapag rehistrado na. “Ang aming tanggapan ay palagiang bukas para sa mga nais magparehistro sapagkat mayroon kaming registration center sa mismong Regional Office sa Lipa City gayundin sa PSA Batangas sa Caedo Complex sa Batangas City,” “Mayroon din kaming registrations sa lahat ng probinsya. Bukod dito, may mga teams pa rin kaming bumababa patungo sa mga LGUs upang magsagawa ng registration lalo na sa mga far-flung barangays,” ani Armonia. Nakikipag-ugnayan din ang ahensya sa Department of Social Welfare and Development (DSWD) at National Commission on Indigenous People (NCIP) upang mas maisakatuparan ang rehistrasyon at masiguro na lahat ay makapagrehistro maging ang mga Indigenous People (IP). Isinasabay na din nila ang pagbibigay ng birth certificate sa mga ito. Hinihikayat ng PSA Calabarzon ang lahat ng mga hindi pa nakapagrehistro sa PhilSys na bumisita sa mga registration centers na malapit sa kanilang lugar upang maging rehistrado at magkaroon ng national ID. MOHS acquires major pharma company

In pursuit of its strategy of vertical integration of its flagship healthcare and wellness business, MOHS Analytics has acquired majority ownership of Remed Pharmaceuticals, Inc., a research and development driven company founded in 2002 by pharmaceutical industry pillar Remedios A. Rivera.

Remed owns established brands covering products in four

different pharmaceutical categories—Vitacare, Respicare, Pediacare and Gastrocare with over 20 brands in its portfolio. Remed has grown to leadership position in some of the pharmaceutical categories it is present in, and it is poised to introduce 5 more brands in the

coming months. This acquisition follows MOHS's purchase in early 2024 of a controlling stake in Zenfro Corporation, a distribution company with a strong and expanding network in South Greater Manila Area handling top food, beverage, home and personal care products. The acquisitions are in line with MOHS's 5-year road map to grow into one of the major fully integrated health and wellness companies in the Philippines.

MOHS got a jump start in business by being among the first to bring in affordable test kits and equipment at the start of the COVID-19 pandemic. With the decline of the COVID business, MOHS quickly pivoted to affordable point of care and home test kits for the early detection of diseases such as urinary tract infection, dengue and malaria. From this platform of and experience with affordable health care products, MOHS has diversified into other areas of health care, including healthcare software and technologies, and point of care innovative systems. “Vertical integration of our health care business allows MOHS to better control costs to make our products more affordable and our business more sustainable,” says Michael B. Hortaleza, MOHS's Chairman and CEO. “Our acquisitions this year follow our strategy of engaging in

businesses that add value to Philippine society, by making a wide range of affordable health care products accessible to Filipinos nationwide. This is in line with the Philippine Government's thrust of Universal Health Care and emphasis on primary and preventative health care.” “Remed's strategic partnership with MOHS will enable synergies as the strengths of both companies complement each other,” says Remedios A. Rivera, Remed Chairman and President. “Remed can tap MOHS's distribution expertise in channels it is not currently accessing, while MOHS can tap Remed's field marketing force to push its health and wellness products to medical professionals. Such a strong partnership will unlock significant growth for Remed both locally and globally.” “The entry of MOHS into pharmaceuticals through Remed creates synergies from a strategic and financial viewpoint. With our professional operations and automated systems, we have the capability to fully realize these synergies,” says MOHS SVP and Group CFO Dr. Kenji M. Asano, Jr. For more information on Remed Pharmaceuticals, Inc., you can visit their website at <https://remedpharmaph.com/>.

Technology and Resilience Take Center Stage in DOST 9 RSTW

The Department of Science and Technology (DOST), in collaboration with Western Mindanao State University (WMSU), inaugurated the 2024 Regional Science and Technology Week (RSTW) in the Zamboanga Peninsula (ZamPen) today. The event, themed “Siyensya, Teknolohiya at Inobasyon: Kabalik at Matatag, Maginhawa at Panatag na Kinabukasan,” highlights the transformative impact of science, technology, and innovation (STI) in fostering inclusive growth and national resilience. DOST Secretary Renato U. Solidum Jr., in his keynote address, emphasized the enthusiasm of ZamPen communities in embracing DOST programs. “From educational initiatives and technology adoption to agricultural advancements and disaster resilience efforts, the people of Zamboanga Peninsula have wholeheartedly embraced these opportunities,” Secretary Solidum said. The celebration, which runs from November 20–22, 2024, is a dynamic showcase of innovations and partnerships that drive regional development. It features cutting-edge technology exhibits, interactive demonstrations, and expert-led forums on emerging trends in science and technology. ZamPen has become the first region in the Philippines to complete all modules of the Rapid Earthquake Damage Assessment System (REDAS). This accomplishment underscores the region's commitment to disaster preparedness,

empowering communities with tools to assess and respond to seismic risks. DOST-IX's initiatives under the Small Enterprise Technology Upgrading Program (SETUP) have propelled 573 projects, generating jobs and fostering economic growth. Similarly, the Community Empowerment through Science and Technology (CEST) program has implemented 40 impactful projects, while partnerships with five local government units under the iSTART program further advance regional development. The launch of the Metals and Engineering Innovation Center (MEIC) marks another milestone for the region. Positioned as a hub of innovation, the MEIC provides tailored solutions to strengthen micro, small, and medium enterprises (MSMEs). “MSMEs drive innovation, create jobs, and spur economic growth,” said Secretary Solidum. “Through partnerships between academia, government, and industry, we unlock the full potential of our regions.” DOST-IX Regional Director Martin Wee highlighted the broader vision of the event: “These initiatives represent our commitment to advancing STI for the benefit of communities, industries, and individuals. Their true value lies in the positive change they bring.” The 2024 RSTW in ZamPen serves as a testament to DOST's steadfast dedication to fostering innovation and resilience across the nation, setting a benchmark for regional development and national progress. 'Senate Assist'

INILUNSA ang kauna-unahang 'Senate Assist' fair sa Central Luzon. Ito ay ginanap kamakailan sa SM City Clark. Ang anak ni Senator Lito Lapid na si Tourism Infrastructure and Enterprise Zone Authority Chief Operating Officer Mark Lapid ang nanguna sa paglulunsad nito sa rehiyon. Katuwang ni Lapid ang misis ni Senador Ronald 'Bato' dela Rosa na si Nancy gayundin ang anak ni Senador Raffy Tulfo na si Maricel bilang kinatawan ng Senate Spouses Foundation Inc. Ang SSFI ang nagtataguyod ng naturang programa habang ang 'Senate Assist' ay inilunsad kaugnay ng pagdiriwang ng ika-108 anibersaryo sa pagkakatatag ng Senado ng Pilipinas noong 1916. Hindi naman kaila na ang Senado ay matagal o noon pa namamahagi ng tulong sa bawat indibibwal.

Maganda ang ideya ni Senate President Francis 'Chiz' Escudero para pagsamahin o pag-isahin na lamang ang pamamaraan ng 'Senate Assist.' Kasi nga naman ay hindi na kailangan pa na pumunta sa opisina ng Senado sa Pasay City ang bawat humihingi ng tulong. Sa idinaos sa Gitnang Luzon ay maraming nabeneplisyuhan sa serbisyong handog na medical assistance. Kabilang na ang dialysis at chemotherapy para sa mga maralitang hirap o hindi kayang magpagamot o kaya naman ay walang pambili ng gamot. Nagkakaloob din ang 'Senate Assist' ng social assistance halimbawa ay tulong pantrasportasyon o pamasaha para sa mga gusto ng makauwi ng kanilang probinsiya subalit hindi kaya. Kasama rin ang burial assistance at iba pa.
