DOST CAVITE AND DOST-PTRI COLLABORATE TO TRAIN MARAGONDON WEAVERS ON ADVANCED HANDLOOM WEAVING

Maragondon, Cavite – In a joint effort to revitalize the traditional weaving industry in Maragondon, the Department of Science and Technology in Cavite (DOST-Cavite) and the Philippine Textile Research Institute (DOST-PTRI) conducted a specialized training program on Advanced Handloom Weaving last July 14–18, 2025. The training was held at Likhang Maragondon in Barangay Garita A, and aimed to empower local weavers with enhanced techniques and tools developed by DOST-PTRI. Nine (9) local weavers participated in the hands-on training, which focused on mastering the use of modified handloom technology. This technology promises improved productivity, higher quality outputs, and the ability to create new and innovative

weaving patterns.

The program not only deepened their technical skills but also reinforced their understanding of the cultural significance of Maragondon's weaving heritage. By introducing advanced weaving techniques and tools, the initiative directly addresses the challenges faced by traditional weavers, such as limited design capabilities and low production efficiency. It also aligns with DOST's broader mission of promoting community development through science, technology, and innovation.

Through this initiative, DOST CAVITE and DOST - PTRI continue to support sustainable livelihood development while preserving the rich cultural traditions of Filipino communities. **(DOST-Cavite)**

CAVITE PROVINCIAL GOVERNMENT EMPOWERS LOCAL ENTREPRENEURS THROUGH PRODUCT DEVELOPMENT PROGRAM

The Provincial Government of Cavite (PGC), through the Office of the Provincial Cooperatives Development Officer (OPCDO) led by its officer in charge, Ms. Rizalie Pinpin-Enero, successfully conducted a five-day seminar and workshop series aimed at enhancing the capabilities of cooperatives and local entrepreneurs in product development and market readiness.

Organized by the OPCDO's Entrepreneurial Division, the program introduced participants to the fundamentals of design and packaging which are key elements that significantly impact a product's success in the market. Throughout the seminar, participants gained practical knowledge and skills in branding and brand design conceptualization, packaging and label design, intellectual property protection, food safety compliance, and

legal requirements.

Sessions were led by seasoned professionals, including Mr. Ronald Rommel Viloria (Design Director, Viloria Product Design Enterprise), Mr. Joel C. Caalaman from the Intellectual Property Satellite Office CALABARZON, Ms. Jane Agnes Olivares, and Mr. Rogelio Prospero, both private consultants and former DOST specialists. In addition, one-on-one consultation sessions provided participants with tailored guidance in various key areas. For Product Standardization, experts included Mr. Prospero, Ms. Rosemarie Garcia, and Ms. Josephine Pamplona. Packaging Materials Compatibility was covered by Mr. Viloria, Mr. Edsel Acuña, and Ms. Jane Agnes Olivares. Brand and Label Design consultations were conducted by artists, Ms. Ranella Tiu, Ms. Jenina Torrano, and Ms. Jocelyn Hung. These sessions enabled participants to

PMCI Senior Executive Officer for Policy, Campaigns, and Communications:

The 4th State of the Nation Address comes at a critical time. Marcos Jr. is halfway through his presidency. With only three years left in his term, the climate emergency heightened: three typhoons in a week, recurring blackouts and frequent outages, a million people still without electricity, and communities left with no choice but to pay for higher electricity bills. At the same time, the Philippines is at the center stage, hosting the Loss and Damage Fund Board and heading into COP 30, where climate accountability will be in full swing. The recent advisory opinion of the International Court of Justice (ICJ) made it clear that negligence in responding to the climate crisis is no longer an irresponsible act, but a criminal one, strengthening calls for accountability.

Yet, the President's speech was a missed opportunity. While acknowledging public frustration, disappointment, and discontentment over the lack of basic services, Marcos Jr. has placed his bets on the same failed strategy: inviting big businesses to lead the development. The President has made it clear. The administration is inclined to develop the electricity sector and the critical minerals industry, calling businesses to

develop customized brand designs aligned with their business goals and target markets.

The initiative demonstrates the Provincial Government of Cavite's strong commitment to supporting small businesses, cooperatives, and grassroots entrepreneurs. By providing targeted training, expert advice, and hands-on learning opportunities, PGC continues to foster local enterprise development. These efforts aim to boost income generation, improve product competitiveness, and contribute to a more inclusive and resilient provincial economy.---**F. Tamio (CPIO)**

invest more in these areas in the name of the Filipino people.

When energy transition and critical minerals are viewed as investments, they are inherently flawed and are bound to fail. Instead of promoting access to a renewable, decentralized, and climate-resilient energy security and system. Marcos Jr. did not address the elephant in the room: a planned and managed phaseout of fossil fuels.

The President promised that his administration is geared to complete 200 new power plants in the country to address the country's electricity woes. The Department of Energy's latest summary of committed power projects reports that a total of 1,705 megawatts (MW) of coal projects and 3,910 MW of fossil gas are underway until 2030. This model, reliant on private investment and dirty projects, is what has kept millions in the dark and driven up electricity prices. We heard about his plans to accelerate access to electrification in the country of four million households and another one million homes through a solar-powered house system. But this is not enough. Access would not be equitable if electricity remains unaffordable, unreliable, and controlled by the big energy power players protected under the Electric Power Industry Reform Act (EPIRA). The lifeline rate subsidy is also a band-aid solution, sidelining the structural inequalities in the energy sector.

Marcos Jr. highlighted the push for natural gas, solidifying his legacy with the recently signed Philippine Downstream Natural Gas Industry Law. With two major gas power deals pushed by Razon and Lopez, and the Aboitiz, Ang, and Pangilinan group already nearing completion. The Philippines is set to face new decades of fossil fuel lock-in with the aggressive promotion and development of fossil gas. Despite an unambitious

renewable energy target under his administration, the President expressed his support for new technologies to power the country through solar and wind. While this push for renewable energy is welcome, it cannot coexist with the expansion of fossil fuels.

We need to remind the President that the real challenge lies in changing the actual systems that perpetuate extractivist models of development and structural inequalities. Our demand is for a transition

Policy Frameworks for Sustainable Startup Growth in Cavite

On June 20, 2025, the Department of Science and Technology – CALABARZON (DOST-CALABARZON), through its Provincial Science and Technology Office in Cavite (PSTO-Cavite), successfully held the event "Policy Frameworks for Sustainable Startup Growth" in partnership with the Innovation Consortium of South Luzon (ICONS South Luzon) and St. Paul Technological Institute of Cavite (SPTIC). The event brought together key stakeholders from various local government units in Cavite.

The forum aimed to raise awareness and build momentum toward a more vibrant and sustainable startup ecosystem in the region.

The discussions

that upholds human rights, strengthens local economies, and restores our planet's ecological balance. A transition that goes beyond infrastructure and profits.

BBM, the next three years must be about delivering on what you promised. It must be about survival, dignity, and justice for the Filipino people, and we must walk the talk to take the center stage in global climate discussions. The Philippines must rise from its perpetual victim status and demand climate justice in order to survive and keep its dignity.

emphasized the need to localize national innovation policies, particularly Republic Act 11293 "Philippine Innovation Act", and the Republic Act 11337 "Innovative Start-up Act", and highlighted the role of both government and private sector in supporting startups through collaboration, investment, and community building. Key outcomes of the event included heightened awareness among local stakeholders, an understanding of innovation-driven policies, and the establishment of a collaborative platform for future initiatives.

These efforts mark a significant step toward nurturing a dynamic, inclusive and innovative startup environment in Cavite. **(DOST CAVITE)**

OPA Distributes 5,000 Freshwater Prawns to Cavite Farmers

The Office of the Provincial Agriculturist (OPA) headed by its Officer-in-Charge, Engr. Anna Pamela Nova-Cruz, through the Fishery Extension section led by Mr. Eldrich H. Caparas, Aquaculturist II, distributed a total of 5,000 freshwater prawns (ulang) to 22 fisherfolk beneficiaries in Cavite on July 18, 2025, at the OPA Administrative Lobby in Trece Martires, City.

To ensure the proper handling and cultivation of the prawns, Ms. Sheryl Luna, Aquaculturist II led a brief orientation on freshwater prawn culture

and stocking techniques, equipping the recipients with basic knowledge on freshwater prawn farming. In her closing message, Engr.

Nova-Cruz encouraged the fisherfolks to reach out to their office whenever they need guidance. She assured everyone that the OPA team is always ready to provide support and assistance in their aquaculture journey. The initiative reflects the province's commitment to empowering local fisherfolk and promoting sustainable aquaculture practices.---**R. Tanael (CPIO)**

Parang awa na ninyo, mahabag naman kayo

KAPAG ang isang tao ay mahina ang ulo ay kalimitang impresyon sa kanya ay isa siyang bobo. Ang kadalasang sinasabihang bobo ay mga walang pinag-aralan o kaya naman ay iyong kulang sa edukasyon. Lahat tayo ay mayroong utak na ating ginagamit sa pag-iisip para sa kung ano mang mga gawain, pagpapasya, pagsasalita, at iba pa. Hindi naman tama at makatao na akusahan o tawaging bobo ang isang indibidwal. Tanging ang mga may matataas na pinag-aralan lamang ba ang masasabihang matatalino? Porke mga propesyunal ay hindi na bobo kaya dapat ay pakinggan at paniwalaan na sila. Sige at sabihing matatalino nga subalit ang ginagawa at sinasabi ay may kahalong pag-iimbot o pagkukunwari. Tila ginagamit ang talino para makapang-uto o makapanloko dahil may kaakibat na kung ano mang interes o intensiyon. Sila ang mga klase ng tao na nanlilito ng kapwa na inaakala o iniisip nilang mga bobo na dapat sana ay kanilang binibigyan at pinakikitaan ng katotohanan. Okey, kayo na ang matatalino pero parang awa na ninyo na nawa'y mahabag naman kayo sa ibang tao sa pagpapamulat o pagpapaunawa lalo na sa larangan ng pag-iisip at pagpapasya. 'Wag naman sana na baka sa angking talino ninyo ay makatagpo ng katapat na ang masaklap ay sa kamay pa ng isang bobo na pwedeng ikasira ng iyong ulo dahil sa pagkadesperado. Tinatawag na bobo ang tatalo at magpapabagsak sa matatalino, saklap naman hindi po ba?

PBBM calls for intensified anti-drug operations

President Ferdinand R. Marcos Jr. on Monday directed law enforcement agencies to intensify operations against both big drug syndicates and small-time pushers while noting the administration's successful anti-drug campaign. In his fourth State of the Nation Address (SONA), President Marcos said he received information that drug pushers are becoming active again.

“Sa tatlong taon lamang, halos mapantayan na ang kabuuang huli noong nakaraang Administrasyon. Sa kabila ng mga ito, tila nagbabalikang daw ang mga pusher,” the President said. “Kaya, patuloy ang ating mga operasyon laban sa mga drug dealer, sila man ay big-time o small-time,”

President Marcos declared. The Chief Executive gave the order while his administration accomplished some of the biggest drug seizures in the country's history that resulted in the confiscation of more than PhP83 billion worth of narcotics in the past three years alone.

The amount of drugs seized just three years into the Marcos administration has nearly matched the total haul from the previous administration's entire six-year term.

The President, however, lamented that among those arrested in the operations are 677 government employees, more than 100 elected officials, and more than 50 police personnel. |

TESDA lauds PBBM support for tech-voc

The Technical Education and Skills Development Authority (TESDA) welcomes the pronouncements of President Ferdinand “Bongbong” Marcos Jr. during his fourth State of the Nation Address (SONA), which underscored the growing importance of technical vocational education and training (TVET) in providing pathways for gainful employment and higher learning for Filipino youth.

In his address on July 28, President Marcos emphasized the integration of TVET into the senior high school (SHS) curriculum to provide students with more opportunities to acquire practical and in-demand skills.

“Napatunayan na nating mabisa ang tech-voc. Kaya, unti-unti nang pinapasok sa senior high ang TVET ng TESDA. Diretso pagka-graduate, puwede na kaagad na maghanapbuhay kung gugustuhin, dahil para na rin siyang nakapag-aral sa TESDA at nakakuha ng NC II or NC III,” President

Marcos said. He further reported that TESDA scholarships expanded significantly in 2024, with over 200,000 additional beneficiaries. He noted that the Philippines now ranks second in the entire Association of Southeast Asian Nations region in the number of young people enrolled in both colleges and TVET programs.

“Kitang-kita natin ang bunga ng mga programang ito. Napakataas ngayon ng bilang ng kabataan nating pumasok sa kolehiyo o sa TESDA. Mas marami na rin ang nakakapagtapos. Kaya mga magulang: sulitin na ninyo ang mga pagkakataong ito. Dahil hangad natin na sa lalong madaling panahon, ang bawat isang pamilya ay may anak na nakapagtapos ng kolehiyo o sa TESDA,” the President added.

For his part, TESDA Secretary Kiko Benitez expressed gratitude for the President's recognition of the agency's vital role in national development and emphasized that it will continue to expand partnerships with

industries, modernize training facilities, and develop advanced programs aligned with global standards to ensure that Filipino workers remain competitive both locally and internationally. For 2024, more than 1.61 millions students enrolled in training programs, of which over 1.45 million graduated across all delivery modes. Further, some 1.3 million tech-voc graduates applied for assessment, of which more than 1.22 million were certified as skilled workers.

TESDA has also been coordinating with the Department of Education for the integration of TVET in the SHS curriculum, and the mandatory assessment of SHS-TVL graduates.

“Malaking bagay na naglalaan tayo ng focus at pondo sa tech-voc. We are encouraged by President Marcos' continued support for our mission to provide world-class training to Filipinos,” said Sec. Kiko. “Skills are the difference maker in the modern workplace, but more importantly, it can make a difference in the lives

of Filipinos. For some, getting the right skills is the difference between a low-paying job and a life-changing opportunity. For others, getting skilled through TESDA means landing a job in months, not years,” he added.

Additionally, TESDA is leading the implementation of Republic Act No. 12063, also known as the Enterprise-Based Education and Training (EBET) Framework Act. This law promotes experiential and immersive learning opportunities, equipping workers with the skills demanded by industries and further addressing labor market challenges.

TESDA remains steadfast in its mission to make tech-voc training more inclusive and accessible, empowering every Filipino to pursue meaningful employment, entrepreneurship, or further education. **(TESDA)**

DAR targets to distribute 400K titles to agrarian reform beneficiaries this year

The Department of Agrarian Reform (DAR) is projecting to distribute 300,000 to 400,000 certificates of land ownership awards (CLOAs) and e-titles to agrarian reform beneficiaries throughout 2025.

During a post-State of the Nation Address (SONA) discussion with Cabinet members in San Juan City on Tuesday, DAR Secretary Conrado Estrella III said President Ferdinand R. Marcos Jr. wanted to empower more farmers through land ownership.

“Itong taon na ito, sa palagay ko, ang aming trajectory will be about 300,000 to 400,000 na mga titulo na ang tagal-tagal pong hinintay ng ating mga magsasaka,” said Estrella. Estrella said many agrarian reform beneficiaries have been waiting 15 to 30 years for their land titles to be issued. The CLOA serves as legal proof of ownership for land granted under the agrarian reform

program and can be used as collateral for agricultural loans or other financial assistance.

According to Estrella, the number of distributed land titles significantly increased under the leadership of President Marcos.

From July to December 2022, DAR distributed more than 26,000 land titles, which was the number of land titles that the previous administration had taken a year and a half to distribute.

Under President Marcos' orders, DAR distributed over 50,000 land titles in 2023. In 2024, the DAR figure doubled to 100,000 land titles.

Estrella said the President wanted Filipinos to feel the government's effort to uplift their lives and ordered DAR to ramp up their efforts in ensuring that Filipino farmers will receive rightful land ownership. |

LEGARDA ITINALAGA BILANG TAGAPANGULO NG SENATE COMMITTEE ON CULTURE AND THE ARTS

Itinalaga bilang Tagapangulo ng Senate Committee on Culture and the Arts para sa Ika-20 Kongreso si Senador Loren Legarda, na nasa ika-apat na termino, bilang patunay ng kanyang matagal nang adbokasiya para sa pangangalaga ng kultura at pambansang pagkakakilanlan. “Ikinararantal ko ang tiwala ng aking mga kasamahan at ng buong Senado sa pagkakahirang sa akin upang pamunuan ang mahalagang Komiteng ito. Sa pamamagitan ng aking pagiging Tagapangulo, pinagtitibay ko ang pag-unawa na ang ating kolektibong kasaysayan, kultura, at mga tradisyon, mapa-materyal man o di-materyal, ay higit pa sa palatandaan ng ating pagkakakilanlan. Ang sining at kultura ay nagbubukas ng mga oportunidad para sa kaunlaran na nararapat lamang igoalang, pangalagaan, at itaguyod,” pahayag ni Legarda. Isang masigasig at matatag na tagapagtaguyod ng kulturang Pilipino at sining, si Legarda ang nanguna sa mga inisyatibong nag-angat sa kakayahang Pilipino sa pandaigdigang entablado. Siya ang pangunahing nagtulak sa pagbabalik ng Pilipinas sa Venice Biennale, ang pinakamalaking pandaigdigang plataporma para sa kontemporaryong sining, matapos ang 51 taon ng hindi pagkakasali rito. Siya rin ang pangunahing nagsulong ng makasaysayang paglahok ng bansa bilang Guest of Honour sa 2025 Frankfurt Book Fair, ang pinakamalaking trade fair para sa aklat sa buong mundo. “Madalas, ang kultura at sining ay itinuturing na maganda at makahulugan ngunit hiwalay sa pang-araw-araw na buhay at kabuhayan. Ito ang pananaw na nais kong baguhin. Ang kultura at sining ay lumilikha ng kabuhayan, negosyo, at nagbibigay ng pag-angat sa mga lokal na

komunidad. Sila ang mga hibla na bumubuo ng ating pambansang salaysay at nagbibigay-inspirasyon sa malikhaing inobasyon, patungo sa isang inklusibo at sustenableng pag-unlad,” dagdag ni Legarda. Si Legarda ang pangunahing may-akda at co-sponsor ng Republic Act No. 10066, o ang National Cultural Heritage Act of 2009, na naglalayong protektahan at pangalagaan ang pamanang pangkultura ng bansa. Siya rin ang may-akda ng RA 10908, ang Integrated History Act of 2016, na nag-uutos na isama sa pag-aaral ng kasaysayan ng Pilipinas ang kasaysayan, kultura, at pagkakakilanlan ng mga Pilipinong Muslim at Katutubong Pamayanan. Siya rin ang may-akda at pangunahing tagapagtaguyod ng RA 11961 na nagpapalakas sa pangangalaga ng pamanang pangkultura sa pamamagitan ng cultural mapping at pinalawak na programa sa edukasyong pangkultura. Bilang pagkilala sa kanyang pamumuno at walang sawang suporta para sa kultura at sining, iginawad sa kanya ng National Commission for Culture and the Arts (NCCA) ang Dangal ng Haraya – Patron of Arts and Culture Award. Bilang pagkilala naman sa kanyang adbokasiya at mahalagang kontribusyon sa karapatan at kapakanan ng mga katutubong pamayanan, pinarangalan siya ng iba’t ibang grupo ng mga titulong gaya ng Bai a Labi ng Marawi Sultanate; Tukwif, na nangangahulugang ‘bright star,’ mula sa Cordillera Indigenous Elected Women’s Leaders League; Cuyong Adlaw Dulpa-an Labaw sa Kaduggan mula sa Panay Bukidnon sa Visayas, na ang ibig sabihin ay ‘shining sun rising in power’; at Bae Matumpis mula sa mga pamayanang kultural ng Mindanao, na nangangahulugang ‘the one who takes care.’

Lumutang sa Baha ang Iba’t Ibang Mukha ng Krisis: Marcos Jr., Ideklaraang Pambansang Climate Emergency! Tugunan ang Krisis sa Klima!

Ilang araw bago ang talumpati ng Pangulo, nagsalita na ang tao at kalikasan para sa kanya. Malala at malawakang pagbaha, kawalan ng hustisya sa pagpigil sa impeachment trial ni Bise Presidente Sara Duterte, pagpapatuloy ng mga fossil fuel projects, at iba pang lantarang katiwalian—Ito ang estado ng ating bansa. Nasa 4.6 milyong katao ang apektado ng tatlong magkakasunod na Bagyong Crising, Dante, at Emong, ayon sa pinakahuling ulat noong ika-25 ng Hulyo 2025. Tinatayang 4.8 bilyong piso ang halaga ng napinsalang imprastraktura, habang 26 ang buhay na nasawi. Matagal nang isinusulong ng mga progresibong grupo na iimplementa nang maayos ang National Adaptation Plan (NAP) 2023-2050 ng gobyerno upang siguruhin na ang climate insurance ay makakaabot sa mga nasasalanta tuwing may bagyo. Gayunman, ang tanging tugon ni Presidente Ferdinand “Bongbong” Marcos, Jr. (PBBM) ay ang pahayag na “new normal” na ang nangyaring delubyo. Marapat na ang NAP, at iba pang plano, ay tumutugon sa bagong normal na ito na lumulubha pang lalo sa paglipas ng mga taon sanhi ng patuloy na di pagtugon sa krisis sa klima. Tila patuloy na pagkamal ng tubo at pagpapalala ng krisis sa mamamayan ang tinutugunan ng kasalukuyang gobyerno. Suportado ni PBBM ang industriya ng liquefied natural gas (LNG) na lalo pang sumira sa kalikasan ng bansa. Noong Enero 2025, pinirmahan ni PBBM ang Republic Act No. 12120 o ang Philippine Natural Gas Industry Development Act. Hindi lamang LNG, kundi maging ang coal ay patuloy na nagdodomina sa industriya ng enerhiya ng bansa. Hinahayaan, at kadalasa’y sinusuportahan, ng gobyerno ang pamamayagpag ng malalaking kompanya at korporasyon at pagpupumilit

ng kanilang mental health. Magbibigay rin to ng sertipikasyon na makakatulong sa kanilang pagbabalik sa lipunan. nitong pumasok sa mga komunidad upang magtayo ng maruruming planta ng coal. Kamakailan lang, muling inisyuhan ng Department of Energy ng status na “committed capacity” ang 1,200 MW Atimonan One Energy Inc. (AOE) coal-fired power plant project ng Meralco PowerGen (MGen). Anupa’t nagmungkahi din ng mga kasunduan sa United Arab Emirates at Argentina ang gobyerno ni PBBM para sa pagpapaunlad ng enerhiyang nukleyar sa bansa. Lumagda rin ang Pilipinas at South Korea sa isang kasunduan na magsagawa ng feasibility study sa muling pagbuhay ng Bataan Nuclear Power Plant. Halos taun-taon kung banggitin ni PBBM sa kanyang SONA ang pagsulong ng paggamit sa renewable energy ngunit kabaligtaran ang isinasagawa niya. Nahuhuli pa rin sa listahan ang pagtugon sa krisis sa klima, kasama ng mga isyung patuloy na nagpapahirap sa batayang sektor. Nariyan ang kinakaharap na isyu ng maliliit na mangingisda sa pagpapahintulot ng Korte Suprema sa malalaking palakaya na mangisda sa munisipal na katubigan. Inaapela pa rin ng mga magsasaka ng Bukidnon sa Department of Agrarian Reform na maipamahagi na sa kanila ang lupang kanilang deka-dekadang binubungkal. Totoo rin ito sa maraming bahagi ng bansa. Sa gitna ng baha, kahirapan, at kawalan ng hustisya, litaw na litaw ang samu’t saring suliraning panlipunan sa ilalim ng administrasyon ni PBBM. Sa ikatlong taon niya sa panunungkulan, hindi nararamdaman ang pagtugon sa mga nasabing problema, ngunit damang-dama ang pagkalugmok ng mamamayan. Kay tagal nang

Kung hindi ilalahad ni PBBM ang totoong SONA ng bansa, pakinggan ang naratibo ng mamamayan sa lansangan, sa gitna ng sakuna, sa gitna ng krisis sa ekonomiya at klima. Koponan ng Pinas umaasa sa Davis Cup

Umaasa ang koponan ng Pilipinas sa Davis Cup na madala ang momentum ng kanilang promosyon sa Group III sa Asia-Oceania zone kapag sila ay bumalik sa tennis court pagsapit ng 2026. Ipinahayag ng miyembrong si Jed Olivarez ang optimismo na ang mga Pilipino ay patuloy na aakyat sa promotional ranking ng pangunahing internasyonal na kaganapan sa men's tennis matapos silang ma-relegate sa pinakamababang antas sa Group V halos isang taon na ang nakararaan. Bumalik si Olivarez at ang natitirang koponan ng Davis Cup mula sa Kuala Lumpur, Malaysia mula sa kanilang Group IV tier kung saan nakumpleto nila ang isang pagsweeps sa lahat ng kanilang apat na laban, kasama ang 2-0 na panalo laban sa Kyrgyzstan sa kanilang playoff tie. Sa Grupo III, inaasahang haharapin ng Pilipinas ang mga katulad ng Saudi Arabia, Vietnam, at Singapore, ayon sa 27-taong-gulang na manlalaro, na dumalo sa Philippine Sportswriters Association Forum kamakailan sa conference hall ng Rizal Memorial Sports Complex. Ang pagkapanalo sa laban ay nangangahulugang isang promosyon sa Grupo II para sa mga Pilipino, kung saan sila ay nakikipagkumpetensya bago sila suspendihin ng International Tennis Federation. "Sa tingin ko, inaasahan pa rin tayong manalo diyan (Group III)," sabi ni Olivarez, na binanggit ang kawalan ng kapangyarihan sa Timog Silangan na Thailand at Indonesia, na parehong nakikipagkumpitensya sa Group II. "Naniniwala ako na maaari pa rin tayong manalo diyan."

Kasama si Olivarez ang Executive Director ng Philippine Tennis Association na si Tonette Mendoza sa parehong forum na inihanda ng San Miguel Corporation, Philippine Sports Commission, Philippine Olympic Committee, MILO, Smart/PLDT, at ng 24/7 sports app ng bansa na Arena Plus. Hanggang ngayon, ang anak ng kasalukuyang Alkalde ng Paranaque na si Eric Olivarez ay may perpektong rekord na 7-0 sa mga kumpetisyon ng Davis Cup simula noong nakaraang taon sa kampanya ng koponan sa Group V. "Palaging isang karangalan na irepresenta ang bansa," sabi ng nagtapos ng accountancy mula sa Western Michigan University, idinadagdag na ang koponan ay na-inspire sa mga tagumpay ng world-ranked na Filipina na manlalaro ng tennis na si Alex Eala.
