PBGEN LUCAS, MULING ITINALAGANG REGIONAL DIRECTOR NG PRO CALABARZON

Camp BGen Vicente P Lim- Muling itinalaga si PBGen Paul Kenneth T Lucas bilang Regional Director ng Police Regional Office CALABARZON sa idinaos na Turn-Over of Command Ceremony ngauong umaga sa PRO4A Covered Court. Ang programa ay pinangunahan ni Deputy Chief PNP for Administration, PLTGen Bernard M Banac, kung saan isinalin ng kasalukuyang Regional Director na si PBGen Jack L Wanky ang responsibilad patungo sa nagbabalik na Regional Director na si PBGen Paul Kenneth T Lucas. Sakyang mensahe, taos-pusong pinasalamatan ni RD Lucas ang mga nagawa ng mga nauna sa puwesto at binigyang-diin nito ang pamana ng mga dating lider ng PRO CALABARZON na nagpalakas at nagpaunlad sa rehiyon. "Titiyakin natin na tayo ay tatalima sa 7-Point Agenda ng ating Acting Chief PNP, PLTGen Jose Melencio C Nartatez Jr., upang

higit pa nating mapabuti ang ating serbisyo para sa mamamayan ng CALABARZON. Nagpasalamat naman ang outgoing Regional Director na si PBGen Wanky sa pagkakataon na makasama ang mga pulis ng PRO 4A. Inilarawan niya ang kanyang karanasan sa CALABARZON sa tatlong salita lamang: "Maikli ngunit makabuluhan." "Nagpasalamat siya sa buong kapulisan ng PRO 4A sa kanilang dedikasyon upang gawing pinakaligtas na rehiyon sa Pilipinas ang CALABARZON. Binigyang pugay ni Deputy Chief PNP for Administration PLTGen Banac ang dalawang lider at pinuri ang legasiya ng serbisyo, kahusayan, at propesyonismo na iniwan ni PBGen Wanky na nagdala sa PRO 4A sa mga makabuluhang tagumpay sa loob ng maikling panahon. Ipinaalala din niya sa lahat ng opisyal ng PNP ang kanilang tungkulin na sundin ang mga kautusan at gampanan ang kanilang misyon nang buong puso.

Cayetano sa Ombudsman: Magsagawa ng lifestyle check sa mga opisyal ng gobyerno

Hinimok ni Senador Alan Peter Cayetano ang Office of the Ombudsman na magsagawa ng maagap na lifestyle checks sa mga opisyal ng gobyerno bilang panangga laban sa korapsyon. Iminungkahi ito ni Cayetano sa kanyang pagtatanong sa mga kandidato na nagnanais maging susunod na Ombudsman, na isinagawa ng Judicial and Bar Council (JBC) mula August 28 hanggang September 2, 2025. Si Cayetano ang Senate representative sa JBC sa kanyang kapasidad bilang Chair ng Senate Committee on Justice and Human Rights. "I'd really like for you to consider lifestyle checks. Kasi kung wala, there's no deterrent," sabi ni Cayetano sa isang kandidato para sa pagka-Ombudsman. Ipinaliwanag ng senador ang kahalagahan ng lifestyle checks sa pagkumpirma kung naaayon ba ang pamumuhay ng isang opisyal ng gobyerno kumpara sa idineklarang kayamanan base sa kanyang opisyal na Statement of Assets, Liabilities, and Net Worth (SALN). "Ngayon sa social media, kapag nakita sa SALN mo na meron kang P5 million, but because all of that were acquired in the 1970s to 80s, and you have a car or watch, they automatically think you're corrupt. On the other hand, if you say no to lifestyle checks, many will be flaunting their wealth," wika ng senador.

ng interbensyon sa kabuhatan, kalusugan, edukasyon, disaster risk reduction, at kapaligiran upang matulungan ang mga komunidad sa mas ligtas at mas maunlad na kinabukasan.

wika ng senador. Binigyang diin rin ni Cayetano ang kahalagahan na mamuhay ng payak at umiwas sa marangyang buhay ang mga opisyal ng gobyerno. Sinabi niya ito sa gitna ng mga maiinit na alegasyon ngayon ng korapsyon sa flood control at ghost projects. Iginiit rin niya na dapat mapili ang isang matuwid at proactive na Ombudsman sa gitna ng mga pagsisikap ng pamahalaan na tugunan ang katiwalian. "Napakahalaga na tama ang mapili nating Ombudsman. Given y'ung nangyayari ngayon sa Department of Public Works and Highways (DPWH), given y'ung perennial na nangyayari sa iba't ibang departamento, having a very proactive but balanced Ombudsman will really change so much," aniya. Dagdag pa niya, malaking bagay ang pagpili sa susunod na Ombudsman dahil magiging kritikal ito sa pagbabalik ng tiwala ng publiko sa gobyerno. "I think who the next Ombudsman is will determine whether people will totally lose confidence in any government official," wika ng senador.

WESTERN MINDANAO, CARAGA AT BARMM: NAG-COLLAB SA ISANG TREE PLANTING ACTIVITY

Pinangunahan ng OVP - BARMM Satellite Office ang ginanap na tree planting activity sa bayan ng Kapai, Lanao del Sur, kasama ang OVP - Caraga Satellite Office at OVP - Western Mindanao Satellite Office noong August 14, 2025. Tinatayang 2,000 tree seedlings ang matagumpay na naitanim sa tulong ng mga kawani ng OVP, kasama ang Philippine National Police (PNP), Armed Forces of the Philippines (AFP), Bureau of Fire Protection

Legarda, isinusulong ang Magna Carta of Waste Workers

Muling inihain ni Senadora Loren Legarda ang isang panukalang batas na naglalayong ayusin ang kondisyon ng pagtatrabaho ng mga waste worker dahil sa kanilang mahalagang papel sa kalusugan ng tumbayan. "Humaharap sa panganib ang ating mga waste worker sa kanilang araw-araw na trabahong pangongolekta ng ating mga basura," wika ni Legarda. "Marami rin sa kanila ang mababa ang suweldo, hindi tiyak ang kaligtasan, at nadi-discriminate dahil sa kanilang trabaho," aniya. Tatawaging pormal ang mga nagtatrabaho para sa pamahalaan, pribadong kumpanya, o kooperatiba; at impormal ang mga mangangalakal. Magkakaroon ng GSIS o SSS coverage, hazard pay, at representasyon sa Solid Waste Management Board ang mga waste worker. Sila rin ay bibigyan ng pagkakataong sumailalim sa libreng taunang medical exam, pati na ang pagbibigay sa kanila ng personal protective equipment, at mga bakuna. Higit pa rito ay pa-ospital at regular check-up hatid ng health maintenance organization o HMO. Kasama rin ang physical, dental, mental health, at psychosocial examinations upang matutukan ang pisikal at mental na kalusugan ng waste workers.

Hindi dapat humigit sa walong oras ang kanilang trabaho, at ang sosobra rito ay babayaran ng overtime o ng holiday pay. Aatasan ang Department of Labor and Employment (DOLE) na tiyaking maayos ang kondisyon ng mga waste worker, kabilang ang pagpapatupad ng security of tenure. Ang Department of Social Welfare and Development (DSWD) ang magbibigay ng social protection, samantala ang Department of Environment and Natural Resources (DENR) naman ang magsisiguro ng tamang implementasyon ng Solid Waste Management Act. Pag-aaccredit naman ang magiging tungkulin ng Technical Education and Skills Development Authority (TESDA). "Hindi masyadong napansin ng waste management industry, ngunit mahalaga ito sa ating pang-araw-araw na buhay. Ang ating mga waste worker ay nagtatrabaho araw-araw upang di kumalat ang sakit," giit ni Legarda. "Ang pagpasa ng panukalang ito ay isang pasasalamat sa mga nagtatrabaho ng ganito na marangal."

May punto ang SINAG

EPEKTIBO nitong Setyembre 1 ang Executive Order Number 93 ni Pangulong Ferdinand 'Bongbong' Marcos Jr. Ito ay ang suspensiyon sa pag-aangkat ng regular at well-milled rice sa loob ng 60 araw. Ang paliwanag ng Samahang Industriya ng Agrikultura (SINAG) na hindi maaaring maging dahilan ang importation ban para sa pagtas sa

presyo ng mga inangkat na bigas. Katwiran ng naturang samahan na nakuha pa sa mababang presyo ang mga inangkat na bigas ng mga importer bago pa man naging epektibo ang importation ban. May punto ang SINAG kaya naman kinakailangan ang mahigpit na pagbantay laban sa mga mapagsamantala. Ang presyo ng special rice mula sa Thailand batay sa monitoring ng nasabing samahan ay sinasabing bumaba pa. Dagdag pa na sa nakalipas na buwan ay nagsimula na ang anihan ng palay kaya talagang wala dapat asa-

Legarda nanawagan sa mga Pilipino na gawing kilos pang-komunidad ang mga batas pangkalikasan

Nanawagan si Senadora Loren Legarda sa publiko na isalin ang mga patakarang pangkalikasan sa konkretong kilos pang-komunidad habang ipinagdiriwang ng bansa ang National Clean-up Month ngayong Setyembre sa bisa ng Proklamasyon Blg. 244 s. 1993, na sinamahan ng Proklamasyon Blg. 470 s. 2003 na itinalaga ang bawat ikatlong Sabado ng Setyembre bilang International Coastal Clean-Up (ICC) Day sa Pilipinas.

"Bilang principal author at principal sponsor ng Climate Change Act of 2009 (RA 9729), at bilang may-akda at pangunahing tagapagtugayod ng Ecological Solid Waste Management Act of 2000 (RA 9003), nakita ko na nagbubunga lamang ng tunay na pagbabago ang mga batas kapag tinanggap at isinabuhay ito ng mamamayan," ani Legarda.

"Tumindig tayo sa hamon ngayong Setyembre. Ang pangangalaga sa ating kalikasan ay higit pa sa pagsunod; nangangailangan ito ng pagkakaisa, agarang pagkilos, at araw-araw na dedikasyon. Gawing simula ang sandaling ito para sa isang mas malinis at matatag na Pilipinas," dagdag pa niya. Binigyang-diin ni Legarda ang datos mula sa Department of Environment and Natural Resources (DENR), na nagpapakita na ang Pilipinas ay nakakapagdulot ng humigit-kumulang 61,000 metrikong tonelada ng solid waste araw-araw, kung saan 12 hanggang 24 porsyento nito ay plastik. Sa karaniwan, bawat Pilipino ay kumokonsumo ng 20 kilo ng plastik kada taon, at 15.4 kilo dito ang nagiging basura. Dahil dito, nangunguna ang bansa sa mundo sa kontribusyon sa plastik sa karagatan, na umaabot sa halos 36 na porsyento ng pandaigdigang marine waste.

Itinampok din niya na noong nakaraang taon, nakapaglinis ang ICC ng 352,479 kilo ng basura mula sa 250 lugar sa buong bansa sa loob lamang ng isang araw.

"Ito'y malinaw na bakas ng sugat," babala ni Legarda. "Ang pagbaha at sapilitang paglikas ay hindi na isolated na pangyayari; sintomas ito ng baradong daluyan ng tubig, nasadsad na kagubatan, at mahabang taon ng maling pamamahala ng basura. Ang epekto ng polusyon at pagbabago ng klima ay hindi malayong bantang panghinaharap; nangyayari na ito ngayon at kumitil na ng buhay ng mga Pilipino."

Upang tugunan ang mga hamong ito, muling inilalahad ni Legarda ang panawagan para sa mas mahigpit na pagpapatupad ng batas pangkalikasan at malikhaing pagpapalano. Sa ika-20 Kongreso, naghain ang four-term senator ng Senate Bill No. 1250 para sa pagtatatag ng Environmental Protection and Enforcement Bureau (EPEB) sa ilalim ng DENR upang mapabuti ang kakayahan ng pamahalaan sa pagsubaybay sa paglabag ng mga batas, lalo na sa mga mapanganib na basura ng ospital at polusyong pang-industriya.

Naghain din siya ng SBN 1251, o ang Philippine Environmental Assessment System Act, na naglalayong i-modernisa ang pamamahala ng kalikasan sa bansa. Pinakikilala ng panukala ang tatlong mekanismo: Strategic Environmental Assessment para sa mga polisiya at programa, Environmental Impact Assessment para sa mga proyekto, at Health Impact Assessment na nakaayon sa Universal Health Care Act. Sama-samang naglalayong magkaroon ng mas maagap, siyensiyo, at pangkalusugang pananaw sa paggawa ng desisyon

pangkalikasan ang mga repormang ito.

"Hindi sapat ang batas upang lutasin ang ating mga hamon sa kalikasan," diin ni Legarda.

"Kailangan natin ng partisipasyon ng publiko, lokal na inobasyon, at tuloy-tuloy na pagkilos ng komunidad. Sa paggunita natin ng National Clean-up Month, ICC Day, o anumang inisyatibo para sa kamalayan sa kalikasan, hinihikayat ko ang aking mga kababayan na huwag ituring itong isang beses lamang na aktibidad kundi bilang mitsa

Panukalang Financial Literacy ni Cong. Lani Revilla, Lusot na sa Komite—Isasalang na sa Plenaryo

Isang makabuluhang hakbang patungo sa mas matatag na kinabukasan ang naabot ng panukalang batas ni Congresswoman Lani M. Revilla na naglalayong isama ang personal financial literacy sa curriculum ng mga technical-vocational institutions at TESDA training centers. Matapos ang masusing deliberasyon, inaprubahan ito ng Committee on Higher and Technical Education at nakatakdang isalang sa ikalawang pagbasa sa plenaryo ng Kongreso.

Sa pagdinig ng komite, napagkasunduan pang palawakin ang saklaw ng panukala. Bukod sa mga training centers ng TESDA, isasama na rin ang kurso sa lahat ng tertiary education institutions sa bansa. Layunin nitong bigyan ang mga estudyante ng kaalaman sa tamang paghawak ng pera, pag-iimpok, pamumuhunan, at pagpapalano para sa kanilang kinabukasan—mga kasanayang kritikal sa pang-araw-araw na buhay ngunit madalas na hindi bahagi ng tradisyunal na edukasyon. Ayon kay Congresswoman

para sa pangmatagalang pagbabago."

"Ang mga batas pangkalikasan ay hindi lamang salita sa papel; ito'y kasangkapan para sa pagbabago. Palalimin natin ang ating paninindigan upang iugnay ang patakaran at gawain, hindi lamang ngayong Setyembre kundi araw-araw. Nagsisimula ang tunay na pagbabago kapag tinanggap natin bilang sarili ang mga batas na nilikha para sa ating proteksyon," pagtatapos ni Legarda.

Revilla, ang panukala ay tugon sa lumalalang hamon ng kawalan ng ipon, maling pamamahala ng kita, at kakulangan sa kaalaman sa pananalapi ng maraming Pilipino. Sa pamamagitan ng edukasyong nakaugat sa praktikal na pangangailangan, binibigyang-lakas ang mga kabataan at adult learners na maging mas responsable at maalam sa pagdedesisyon ukol sa pera.

Kapag naisabatas, inaasahang magiging bahagi ito ng mga repormang pang-edukasyon na nakatuon sa pagpapalawak ng oportunidad at pagbibigay-lakas sa bawat mamamayan. Hindi lamang ito magtuturo ng teknikal na kaalaman, kundi maghuhubog din ng mas matatag na pundasyon para sa personal na kaginhawahan at pambansang kaunlaran. Ang panukalang ito ay bahagi ng mas malawak na adbokasiyang #AlagangAteLani, na patuloy na nagsusulong ng edukasyong may malasakit, praktikal na pakinabang, at pangmatagalang epekto sa buhay ng bawat SPilipino.

Kung ikaw si Torre?

SINIBAK bilang hepe ng Philippine National Police si Gen. Nicolas Torre III.

Ganito lang kasimple na nailabas ang balita na walang naihayag na iba pang detalye partikular ang dahilan ng pagkakatanggal.

Binigyan lamang ng sakit ng ulo ang publiko kaya naman hindi naiwasan ang pag-iisip ng kung anu-ano o haka-haka.

Ang pagkakatanggal sa tungkulin o kahit sa karaniwang trabaho ay mayroong kaakibat na dahilan ang superyor o pamunuan bakit isinagawa ang pagsibak.

Hindi naman kaila sa inyo ang naglabasang iba't ibang espikulasyon o pananaw sa posibleng dahilan ng pagkakatanggal sa dating hepe ng PNP.

Malamang sa malamang na panibago na namang mga sari-saring opinyon ang magsusulputan sa mga susunod na araw o hanggang sa matapos na ni Torre ang kanyang inihaing bakasyon.

Kumbaga ay magiging 'talk of the town' na naman muli si Torre depende lalo sa kanyang magiging kapasyahan.

Iyan ang inaabangan, sa kung ano na kaya ang plano o pasya ni Torre sa hinaharap.

Mayroong mga nagsasabi na ideretso na lamang ni Torre ang kanyang nalalabing serbisyo sa PNP na may apat na 'bituin' sa balikat hanggang abutan ng pagreretiro.

Ang ibang suhestiyon naman ay pwede ng maagang magretiro lalo kung may naghihintay na panibagong trabaho o tungkulin na angkop sa kanyang kakayahan at kredibilidad.

Kung ikaw si Torre na halimbawang sinibak ka ng walang matibay na dahilan pero may pangakong bagong puwesto ay ano ang gagawin mo?

Heto naman ang tanong, may bagong puwesto naman kaya sa gobyerno?

DOST XII Advances Smart and Sustainable Communities through Regional Science and Technology Week 2025

The Department of Science and Technology (DOST) Region XII showcased the transformative power of science, technology, and innovation (STI) in advancing inclusive and resilient development during the 2025 Regional Science and Technology Week (RSTW) held on August 27–29, 2025 at the Grand Summit Hotel, General Santos City.

Anchored on the theme “Siyensiya, Teknolohiya, at Inobasyon: Kabalik at Matatag, Maginhawa, at Panatag na Kinabukasan” and the subtheme “Building Smart and Sustainable Communities,” the celebration emphasized the role of STI in shaping secure, comfortable, and future-ready communities.

Day 1 of RSTW opened with thematic events showcasing the power of STI. Handa Pilipinas Rehiyon Dose highlighted science-based resilience for safer communities, while PROPEL the Future provided a platform for startups, innovators, and entrepreneurs to accelerate technology commercialization.

On Day 2, DOST Secretary Renato U. Solidum Jr. graced the event, underscoring the Department’s vital role in delivering science-based solutions to protect lives, safeguard livelihoods, and secure development gains. “It is important that we understand the problem. If we don’t understand the problem, maybe our interventions may not be enough,” he stressed during Handa Pilipinas Rehiyon Dose.

Major highlights included the launching and MOA signing of the SMART-ER SOCCSKSARGEN Project, awarding of the 2025 Best CEST and Best SETUP regional winners, the converted electric tricycle (CTrike) project in Cotabato, the MOA signing for two 10+1 seater all-electric tourist trams, and the launch of the AI Bayanihan Challenge. These initiatives reflect DOST’s commitment to clean technologies, smart mobility, and inclusive digital transformation.

Throughout the three-day celebration, participants explored forums and exhibits showcasing advanced technologies such as Artificial Intelligence,

Internet of Things, and digital ecosystems, alongside grassroots-driven innovations. The RSTW underscored that building smart and sustainable communities begins with people — with inclusivity, accessibility, and dignity for all at its core.

The 2025 RSTW in SOCCSKSARGEN concluded with a reaffirmation: the event is not merely a celebration but part of a continuing mission. Each partnership, program, and initiative demonstrated how science, technology, and innovation address pressing challenges such as climate change, digital transformation, and inclusive economic growth.

By positioning STI at the heart of resilience and progress, DOST XII strengthens its role as a catalyst for communities that are not only technologically equipped but also sustainable, future-ready, and anchored on compassion and inclusivity. **(Nelson Santos)**

Breakthrough Research and Innovations Take Spotlight at 2025 RSTW EduTech Summit PM Sessions

The afternoon sessions of the 2025 Regional Science, Technology, and Innovation Week (RSTW) featured two parallel R&D Summits that highlighted pioneering projects aligned with regional development priorities.

R&D Summit 1 focused on innovations in textiles, smart mobility, and sustainable urban transport:

Ms. Jona May G. Basit of the Philippine Textile Research Institute (PTRI) introduced “SEDA Pilipinas,” a groundbreaking project merging traditional Philippine silk weaving with advanced technology to promote sustainable livelihoods and preserve cultural heritage.

Mr. Timothy Joshua Vargas, President and Co-founder of Mobility Vision+, showcased smart mobility solutions that leverage digital platforms and data analytics to improve transportation efficiency in cities.

Dr. Audy R. Quebral, Project Leader of eTram and CEO of Aparri Campus, discussed the development of an eco-friendly transport system

TAGAYTAY CITY — In a decisive push for public safety and preparedness, the Tagaytay Component City Police Station (CCPS) conducted a full-scale Simulation Exercise on September 2, 2025, simulating an active shooting and robbery-in-progress scenario at Fora Mall. The drill, which began at 6:00 AM, mobilized police personnel, Field Training Program (FTP) trainees, mall employees, and security staff in a coordinated effort to test emergency protocols and rapid response strategies. Led by PLTCOL Jefferson P. Ison, Acting Chief of Police, the exercise opened with a comprehensive briefing and orientation, emphasizing the importance of situational awareness, inter-agency coordination, and swift tactical execution during high-risk incidents. The simulation was designed not only to assess operational readiness but

aimed at cutting carbon emissions and supporting sustainable urban growth.

These presentations were followed by an engaging open forum where participants exchanged ideas on blending science, culture, and technology for sustainable progress.

R&D Summit 2 centered on community-focused research tackling social welfare, disaster preparedness, and agriculture:

Dr. Noel S. Gunay of Mindanao State University-General Santos introduced “ItWatcher,” an AI-powered 24/7 traffic monitoring system designed to enhance road safety and traffic flow in General Santos City.

Dr. Mary Jane K. Balawag of Notre Dame University presented her study on the psychosocial impact of maternal incarceration on children, highlighting the need for stronger social support systems.

Engr. Christopher A. Benito of the University of Southern Mindanao presented the “USM Center for Flood/Landslide Preparedness and Mitigation,” a project aimed

also to foster a culture of vigilance among private sector partners and frontline responders.

The initiative was made possible through the leadership of Hon. Aizack Brent D. Tolentino, City Mayor of Tagaytay, whose commitment to proactive safety measures has resulted in a series of drills across key business establishments in the city. His support underscores the local government’s dedication to building resilient communities through strategic preparedness.

Regional and provincial police leadership also played a pivotal role in the success of the exercise. PBGen Paul Kenneth T. Lucas, Regional Director of PRO 4A CALABARZON, and PCOL Ariel R. Red, Provincial Director of Cavite PPO, provided guidance and institutional backing, reinforcing the importance of continuous training and scenario-based learning in law enforcement operations.

Mall employees and security personnel actively participated in the drill, simulating real-time responses and evacuation procedures. Their involvement highlighted the critical role of private sector stakeholders in ensuring public safety, especially in high-footfall commercial areas vulnerable to security threats.

This simulation marks at strengthening community resilience through disaster risk reduction and early warning systems.

Dr. Edward Barlaan showcased his research on cacao varietal fingerprinting, which identifies high-yield and quality cacao varieties to improve farmer productivity and preserve traditional Philippine strains.

The session concluded with a strong call for collaboration among academe, government, industry, and communities, underscoring that addressing real-world challenges through innovation requires collective effort. **(Alex P. Josol, Cathy Q. Cat and Amirel Mamacotao)**

a significant step in Tagaytay’s broader public safety agenda, demonstrating how collaboration between government, police, and the business community can translate into tangible preparedness. As threats evolve, so too must the city’s capacity to respond—and exercises like these serve as vital rehearsals for real-world resilience. **RL**

Eastern Visayas RSTW 2025 Spurs Partnerships for Smarter Communities

Tacloban City, Leyte – Eastern Visayas formally opened the 2025 Regional Science, Technology, and Innovation Week (RSTW) on September 3 at Summit Hotel, with simultaneous exhibits and activities at Robinsons Mall, Marasbaras. Organized by the Department of Science and Technology (DOST) Region VIII, the event brings together government, academe, industry, and communities to showcase how science, technology, and innovation (STI) can shape smarter and more sustainable communities across the region.

The celebration commenced alongside the GeoRisk PH Summit, highlighted by the signing of a memorandum of agreement for the regional rollout of the GeoRisk Philippines Integrated Platform. This digital system serves as a one-stop hub for hazard assessments, mapping tools, and real-time analytics—supporting disaster risk reduction, evidence-based planning, and policy development for local governments and stakeholders.

In his keynote message, DOST Secretary Renato U. Solidum Jr. stressed the importance of harnessing STI to build resilience and foster inclusive development. He emphasized that through strong partnerships among government, the private sector, and local communities, it is possible to envision a future where disasters are less destructive, renewable energy is widely adopted, agriculture adapts to climate change, and growth opportunities extend even to rural areas.

With the national theme “Siyensiya, Teknolohiya at Inobasyon: Kabalik at Matatag, Maginhawa at Panatag na Kinabukasan” and the regional banner “Building Smart and Sustainable Communities,” this year’s RSTW highlights how emerging technologies,

local innovations, and community-driven solutions can address pressing challenges and drive regional progress. Participants are expected to engage in forums, explore interactive exhibits, and experience technology demonstrations from DOST and its partners.

A major highlight of the week is the 2025 STI Awards, which recognized outstanding beneficiaries of DOST programs such as the Small Enterprise Technology Upgrading Program (SETUP), Community Empowerment thru Science and Technology (CEST), and Grants-in-Aid (GIA). From entrepreneurs developing unique products to farmer groups adopting modern technologies, this year’s awardees exemplify how science and innovation directly uplift lives and strengthen local industries.

As Secretary Solidum noted, the honorees prove that science is not confined to textbooks or laboratories—it is about lives improved, livelihoods uplifted, and futures secured.

Another key feature was the signing of a partnership among the DOST-Philippine Textile Research Institute (PTRI), DOST Region VIII, and the Local Government Unit of Bobon, Northern Samar. The collaboration seeks to enhance fiber extraction technologies from abaca and pineapple, transforming agricultural by-products into sustainable raw materials for the textile sector while creating new livelihood opportunities in local communities.

Running until September 5, the 2025 RSTW in Eastern Visayas stands as a regional showcase of innovation and collaboration—affirming that science and technology are vital in building resilient, future-ready, and inclusive communities. **(Nelson Santos)**

DOST – Pangasinan opens opportunities for PDLs in Dagupan City Jail, provides training on Calamansi Juice Processing

In its continuing effort to bring science, technology, and innovation closer to all, the Department of Science and Technology – Pangasinan (DOST-Pangasinan) conducted a Technology Training on Calamansi Juice Processing for 30 Persons Deprived of Liberty (PDL) on August 20, 2025, at the Dagupan City Jail – Male Dormitory (DCJ-MD).

The partnership between DOST-Pangasinan and DCJ-MD forms part of its Skills and Enhancement Training Program for both PDLs and jail officers. The training opens opportunities for microenterprise development inside and outside the facility, giving PDLs a better chance at opening opportunities that support rehabilitation and successful reintegration into their communities.

One of the participants, identified as “Mario” (not his real name), shared, “Ang training na ito ay nagbigay sa amin ng pag-asa na makapagsimula ng kabuhayan kapag nakabalik na kami sa aming mga tahanan. Taos-puso kaming nagpapasalamat sa kaalaman at sa pagkakataong matuto habang ginugugol ang aming panahon dito” (This training has given us hope to start a livelihood once we return to our homes. We are sincerely grateful for the knowledge and for the opportunity to learn while spending our time here).

Mr. Alvin S. Aguilan, Instructor I from Pangasinan State University – Bayambang Campus, and Ms. Monica May B. Varilla, a Professional Food Technologist from the DOST Region 1 – PSU Food Innovation Center served as the resource persons of the training. The activity featured Calamansi Juice Processing as one of the technology offerings of the PSU-DOST Region 1 FIC under its extension and skills training program, which aims to promote food innovation and enterprise development. The participants also learned about current Good Manufacturing Practices (GMP) and Basic Food Safety, essential foundations for producing safe and market-ready food products.

SJO4 William L. Atiwag Jr., DCJ-MD Unit Executive Senior Jail Officer, emphasized the importance of the activity, noting that the support of DOST-Pangasinan and PSU-DOST 1 FIC greatly contributes to empowering PDLs by providing them with technology-based skills

DOT launches Philippine Golf Experience to boost PH tourism promotion

Clark, Pampanga—Positioning the Philippines as a premier golfing destination, the Department of Tourism (DOT) officially launched the first-ever Philippine Golf Experience (GolfEx) on Friday (August 29) at Clark, Pampanga, one of the country’s emerging golf and leisure hubs—marking a major step in integrating golf into the country’s tourism agenda.

GolfEx is a pioneering initiative of the Department designed to showcase the country as a premier golf destination. It is modeled after the DOT’s flagship Philippine Experience Program: Heritage, Culture, and Arts Caravans (PEP) launched nationwide.

Tourism Secretary Christina Garcia Frasco led the ceremonial tee-off at the scenic Mimosa Plus Golf Course, where she was joined by Senator Lito Lapid, members of the Diplomatic Corps, including Ambassador Abdul Malik Melvin Castelino of the Embassy of Malaysia, Ambassador Thai Binh Lai of the Embassy of Vietnam, Ambassador Marielle Geraedts of the Embassy of Netherlands, Clark Development Corporation President and Chief Executive Officer (CEO) Atty. Agnes Devanadera, Filinvest Hospitality Corporation Senior Vice President Francis Gotianun, and other golf stakeholders from the tourism and business sectors.

“For many years, it has been a long-held desire to bring golf and tourism together in a way that truly unlocks their potential. We have always known that the Philippines—with its stunning landscapes, vibrant culture, and warm hospitality—together with more than a hundred world-class quality golf courses across our islands, has all the makings of a world-class golf destination. What was needed was a deliberate effort to place golf within our broader national strategy, not only as a sport, but as an experience that brings together play, culture, as well as community,” Secretary Frasco emphasized in her speech.

The tourism chief said that under the Marcos Administration, the DOT pivoted to an innovative approach that not only counts the country’s tourist arrivals but also puts a premium on measuring the value of tourist

Statement of the Dayang Family Four Months After Journalist Johnny Dayang’s Assassination

On this day, August 29, the Church commemorates the Martyrdom of St. John the Baptist, who was executed for

speaking truth to power and refusing to remain silent in the face of wrongdoing.

Exactly four months ago, on April 29, our father, veteran journalist Johnny Dayang, met a similar fate. He was assassinated for being a fearless voice of conscience, a man who dedicated his life to truth, and someone who never compromised in his duty to inform the public. Like John the Baptist, he unsettled those who thrived in silence and falsehood. And like St. John, he was silenced by violence.

As his family, we affirm that while his life was cut short, his voice endures. His writings, his example, and his memory remain alive. His legacy as a journalist and as a truth-teller cannot be erased.

Violence may end a life, but it can never extinguish the truth for which that life was lived.

We continue to seek justice for his assassination, holding on to the hope that those responsible will be held accountable.

“Four months after the assassination of our father, veteran journalist Johnny Dayang, we mark today’s Feast of the Martyrdom of St. John the Baptist. Like St. John, he was silenced by violence for speaking truth to power. But his voice, his legacy, and the truth he lived for can never be erased.” – The Dayang Family

3 Regional Director Richard Daenos, and other officials of the DOT Central and Regional Offices.

The event highlighted basic golf lessons facilitated by the Professional Golfers Association of the Philippines, Inc. (PGAP) through the Mimosa Plus Golf Academy. While the members of the Diplomatic Corps, professional golfers and enthusiasts, engaged in an 18-hole friendly golf tournament, allowing them to experience the country’s world-class golf facilities and scenic courses.

On its second day (Aug. 30), delegates were introduced to key landmarks such as the Parade Grounds, Fort Stotsenberg, Centennial Barn Houses, and the historic White House through a rolling tour. Participants were also oriented with Clark’s modern attractions, including Aqua Planet, Clark Safari, Sun Valley Golf and Country Club, and the world-class Clark International Speedway, along with major developments such as the Clark Multi-Specialty Hospital Site and the newly opened Clark International Airport Terminal.

Sinabi ng opisyal ng Philtra na ang koponan ay nagtatakdang ng mga inaaasahan dahil halos kalahati ng mga miyembro nito ay nakikipagkumpetensya na sa internasyonal na antas sa kauna-unahang pagkakataon.

"Para sa karamihan ng mga atleta, ito ang kanilang unang pagkakataon na ma-expose sa isang internasyonal na kumpetisyon. Ang kanilang performance (sa pagsasanay) sa tingin ko kapag tiningnan natin, nasa Top 20 at Top 30," sabi ni Ferrera sa Philippine Sportswriters Association Forum kamakailan sa conference hall ng Rizal Memorial Sports Complex.

Ang mga miyembro at opisyal ng koponan ay kasama si Ferrera sa sesyon na inihatid ng San Miguel Corporation, Philippine Sports Commission, Philippine Olympic

Pilipinas handa na sa pag-host ng mga internasyonal na kumpetisyon sa bansa

Matagal nang umaasa si Senator Alan Peter Cayetano na may kakayahan ang Pilipinas na mag-host ng mga pandaigdigang klase ng mga kaganapang pampalakasan, at ang tiwalang iyon ay nagsisimula nang

Mula sa matagumpay na pagdaraos ng 2019 Southeast Asian Games hanggang sa rekord na FIBA World Cup noong 2023, patuloy na pinatunayan ng bansa na kaya nitong pagsamahin ang mga atleta, tagahanga, at mga stakeholder sa pandaigdigang entablado.

Ang FIBA World Cup, partikular na, ay naglagay ng Pilipinas sa pandaigdigang mapa ng sports. Habang ang bansa ay madalas na nakikilala bilang isang bansang mahilig sa basketball, ipinakita ng kaganapang ito na maaari itong higit pa sa simpleng pagmamahal sa isport at makapagbigay ng isang pagho-host na karapat-dapat sa pandaigdigang pamantayan.

Ngunit sa mga nakaraang taon, kahit sa mga lokal na laro, napatunayan ng mga rekord ng pagdalo sa basketball, volleyball, at maging sa football, ay kakayahan na nitong mag-host ng mga pangunahing kumpetisyon ay nagpapakita ng kapansin-pansing pag-unlad.

Ngayon, habang papalapit ang pagtatapos ng 2025, naghahanda ang Pilipinas para sa pinakamabigat na yugto nito, na maghohost ng ilang mga paligsahan sa kauna-unahang pagkakataon.

Ang FIVB Men's Volleyball World Championship ay magaganap na Mula Setyembre 12 hanggang 28, tatanggapin ng bansa ang 32 sa pinakamahusay na mga koponan ng men's volleyball upang makipagkumpetensya sa FIVB Men's Volleyball World Championship.

Dumating kasunod ng patuloy na pagho-host nito ng Volleyball Nations League, ang kaganapang

ito ay itinuturing na isa sa pinaka mahirap na pagsubok ng pandaigdigang pagho-host, dahil ito ay isang nag-iisang pagho-host. Ang Smart Araneta Coliseum at Mall of Asia Arena ay magiging pangunahing labanang lugar, kasama ang mga makasaysayang lugar tulad ng PhilSports Arena, Rizal Memorial Coliseum, at Ninoy Aquino Stadium na itinuturing na mga lugar ng pagsasanay.

Narito din ang papalapit na FIFA Futsal Women's World Cup. Kung ang kampeonato ng Volleyball ay nagbibigay-diin sa pagkaiba-iba, ang milestone ng football ay nagdadala ng kasaysayan. Mula Nobyembre 21 hanggang Disyembre 7, magiging host ang Pilipinas ng kauna-unahang FIFA Futsal Women's World Cup, na nagmamarka ng unang pagkakataon na ang bansa ay magasagawa ng anumang uri ng FIFA World Cup.

Ang torneo ay gaganapin sa dalawang lugar ang PhilSports Arena sa Lungsod ng Pasig at ang Victorias City Coliseum sa Negros Occidental na may labin-anim na bansa na nakikilahok.

Marami pang darating Sa mga world-class na torneo na nakatakdang ganapin, ang Pilipinas ay muling isinusulat ang kanyang kwento sa larangan ng palakasan. Ang dating isang bansa na pangunahing nagho-host ng mga rehiyonal na kumpetisyon ay ngayon isang kinikilalang kasosyo para sa pinakamalaking federasyon sa mundo. Para kay Cayetano at sa marami pang iba na naniniwala sa potensyal ng bansa sa palakasan, ang mga milestones na ito ay simula pa lamang.

Ito ay tungkol sa pagtatayo ng isang pangmatagalang reputasyon, pagpapa-inspirasyon sa mga atleta, at pagpapatunay na ang Pilipinas ay maaaring maging tunay na manlalaro sa pandaigdigang entablado.
