Says DOST Chief at INNO.VENTA 2025...

"A NATION THAT DARES TO INNOVATE DARES TO DEFINE ITS DESTINY"

Batangas City — Department of Science and Technology (DOST) Secretary Dr. Renato U. Solidum Jr. emphasized the crucial role of science, technology, and innovation (STI) in driving economic transformation and national progress during the opening of Inno.Venta 2025 held at the Batangas State University – The National Engineering University (BatStateU The NEU). In his keynote message, Secretary Solidum underscored that innovation serves as the nation's engine for inclusive growth, stating that "a nation that dares to innovate dares to define its own destiny." He emphasized that STI are the "engines of economic transformation, societal progress, and national resilience," adding that the Philippines' current 50th ranking among 139 economies in the Global Innovation Index (GII) is a testament to the country's growing innovation ecosystem. Inno.Venta 2025, organized by the DOST in collaboration with the Philippine Association of State Universities and Colleges (PASUC) and the Philippine Science High School System, serves as a national platform for bridging research and industry, and promoting commercialization of scientific discoveries. The event gathered scientists, innovators, entrepreneurs, and industry leaders for discussions, exhibitions, and networking aimed at fostering a stronger innovation ecosystem. DOST Assistant Secretary Napoleon Juanillo welcomed participants and highlighted the event's commitment to creating validated, trustworthy, and globally competitive technologies built on credibility and integrity. Meanwhile, Undersecretary Angel Ignacio from the Office of the Special Assistant to the President for Investment and Economic Affairs,

described innovation as "the new currency of growth," urging continued investment in the next generation of Filipino innovators. Dr. Tirso A. Ronquillo, PASUC President and BatStateU The NEU President, emphasized that Inno.Venta bridges the gap between invention and commercialization. He introduced his P++ paradigm — Philosophy, Policy, Programs, People, and Place — to strengthen higher education institutions' capacity for industry-based research and innovation. "For innovation to progress, we must invest in people and create an environment where ideas thrive. This is how we build not just careers, but industries," he said. In support of these efforts, Oxentia, a technology transfer consultancy founded at the University of Oxford, shared a proposed framework for standardizing technology transfer and commercialization in the Philippines. Oxentia consultants Dr. Irene Dal Poz and Dr. Fabio Bianchi presented structured models such as the Invention Disclosure Form (IDF) and identified ways to address fragmented research pipelines and weak commercialization linkages in the country. Industry leaders and representatives from higher education institutions also shared insights on nurturing innovation-driven enterprises and strengthening academe-industry partnerships during a series of forums and panel discussions. Funded under Program PROPEL through the Office of the Assistant Secretary for Technology Transfer, Communications and Commercialization, DOST-TAPI, and DOST-ASTI, Inno.Venta 2025 continues to showcase the power of innovation as a catalyst for inclusive growth and sustainable development. **(Nelson Santos)**

Legarda to DPWH: Review and Reallocate Savings from Questionable 2025 Projects to Education

Senator Loren Legarda has urged the Department of Public Works and Highways (DPWH) to conduct a comprehensive review of questionable infrastructure projects in the 2025 budget, emphasizing that potential savings from overpriced or poorly implemented projects should be redirected to urgently needed social infrastructure, especially education. During the continuation of the Senate Committee on Finance hearing on the DPWH's proposed 2025 budget, Legarda raised concerns over projects amounting to nearly 1 trillion pesos that may still reflect outdated or inflated cost estimates. "Another source of savings, if I may, would be questionable 2025 projects," Legarda said. "I believe there is still 1 trillion worth in projects being implemented. So what do you do with those already being implemented but based on the cost of materials alam niyo na na-overpriced? Dapat mag-renegotiate, at dapat ay ibaba iyong presyo maski may kontrata dahil puwede naman iyan, may mga provisions naman sa New Government Procurement Act. Hindi tayo dapat patuloy na magpaloko sa mga nag-o-overprice. Things will not simply straighten out on their own by 2026 if we allow ₱1 trillion worth of projects to remain overpriced," the senator explained. DPWH Secretary Vince Dizon acknowledged Legarda's concerns and assured the Committee that the Department has begun implementing cost adjustments to reflect the current, lower prices of materials. "For 2025, for those that have not yet been procured, we will apply already the new cost of materials," Dizon said. "For those that have already been awarded and are already ongoing. We will consult on papaano natin mahahabol, if kaya, iyong mga ongoing na at awarded na, but for those na hindi pa, definitely po we will apply the new cost already, we will not wait for 2026, we will apply the new cost already now." The four-term senator also urged DPWH to submit a district-level breakdown of projects that

can be renegotiated or terminated, consistent with the President's advisory to lower the Detailed Unit Price Analysis (DUPA). "May we receive from the engineering districts a list of projects not yet implemented that can generate savings from renegotiated contracts based on the President's advisory on lowering the DUPA? Second, for ongoing projects na alam niyong overpriced naman at niloloko tayo, bago pa makapasok ang bagong team, maaari niyo namang i-terminate ang mga ito — nagawa niyo na rin naman ito sa ibang distrito, 'di ba?" Legarda asked. Legarda emphasized that DPWH has both the authority and responsibility to pursue contract renegotiations and terminations where warranted. "So the DPWH can actually do a sweep of these projects ongoing for 2025, terminate those that it can terminate, or renegotiate for a lower price based on the President's advisory for a lower DUPA, so that we can generate more savings," Legarda said. Dizon confirmed that DPWH has already taken action against erring contractors. "Yes, in fact, we have terminated already based on the cases that have been filed as well as the licenses that have been cancelled," Dizon said. "We have terminated several already, particularly all the contracts of the Discaya companies as well as their joint venture partners, as well as the other companies where we have filed, companies such as Wawao, SYMS. We will consult with the Office of the Solicitor General, and we will see papaano natin mahahabol ito," Dizon added. As Chairperson of the Senate Committee on Higher, Technical, and Vocational Education, Legarda underscored the need to redirect potential savings toward school infrastructure. "Iyong savings na sinabi po ni Chair kanina, na gusto niya ngayon na-i-allocate, huwag na pag-antayin ang mga tao, iyong kay Presidente pa lang, 45 o 50 billion na iyon, assuming lang sa classrooms," Legarda said. "I would assume, 'pag classroom, hindi naman siguro madadaya, hindi

PMCJ decries harassment of Toledo community whistleblowers

Cebu City, Philippines — The Philippine Movement for Climate Justice (PMCJ) denounces the reported harassment and death threats against residents of Toledo City, Cebu, following the protest they staged at the Cebu Provincial Capitol last Oct. 15, 2025. The residents who were greeted by Cebu Governor Pam Baricuatro submitted a seven-page petition to the provincial government. Among the issues raised included farmers' rising land taxes and eviction, undistributed Certificates of Land Ownership Award (CLOA), fisherfolk's declining fish catch, illegal dumping of coal ash, and disruptive illegal large-scale quarry operations along the Hinulawan River in Toledo City. The continuous extraction and transport of riverbed materials have caused serious damage to the river system, posing risks during floods to residents living near riverbanks. Quarry materials are used for the construction needs of Cebu City and Mandaue City, including reclamation projects for the expansion of Toledo coal plants.

PMCJ notes that this is not the first time climate defenders have been harassed. In Feb. 2025, PMCJ Cebu leaders reported an attempted intrusion into their office in Cebu City. PMCJ has been assisting communities affected by coal plant operations and development aggression activities not just in Toledo City but across the province. The harassment and death threats against Toledo residents only lend credence to the Global Witness report, which for years has ranked the Philippines as the deadliest place for land and environment defenders in Asia, and fifth in the world. PMCJ urgently appeals to the authorities to take immediate action to ensure the safety and well-being of the concerned residents, who are themselves vulnerable to climate impacts. Those who advocate for environmental and climate justice should not face reprisal for their advocacy and vigilance. Instead, perpetrators of environmental crimes should be held to account to break the culture of impunity and end corrupt practices that allow impunity to thrive.

Gentriseños receive free health services during PGC's Medical Mission

A total of 450 residents from Brgy. Panungyanan, General Trias City benefited from a medical and dental mission conducted by Provincial Government of Cavite on October 23. Spearheaded by Office of the Provincial Governor and the Office of the Provincial Health Officer, the activity was successfully carried out in collaboration with the local government naman siguro ma-ghost, hindi naman siguro subject to anomang anomalya o korapsyon, at magiginhawaan ang ating sektor ng basic education. Sang-ayon ako sa sinabi ng Chair na iyong kaya nang ma-save ngayon, i-re-allocate na natin sa ibang imprastruktura, at ang aming bias ay edukasyon, para sa school building." Legarda's remarks underscore her commitment to fiscal discipline and prioritizing education in national infrastructure planning.

unit. Of the total beneficiaries, 339 individuals received medical consultations and treatments, while 69 availed the free dental extractions, 11 underwent x-rays and 31 received ECG services. Additionally, maintenance medicines and essential supplements were distributed to help support the overall health and well-being of the recipients. Sixth District Board Member Kerby Salazar graced and supported the event, together with City Councilor Kyle Salazar. The initiative underscores the commitment of the provincial government in delivering accessible healthcare services to its constituents. — R. Magagamit sa wasto ang suot na uniporme

HINDI lang basta maingay sa halip ay sadyang magulo o masalimuot ang mundo ng pulitika sa ating bansa. Kaya nararapat lamang na hindi nag-papaapekto sa ganitong gusot o ingay ang Armed Forces of the Philippines.

Ang mandato ng AFP bukod sa pagpapatupad ng kapayapaan ay ang pagtataguyod ng pambansang interes. Nangangahulugan na hindi lamang bansa bagkus maging seguridad ng mga Pilipino ay nakasalalay sa kanilang mga kamay. Walang puwang dapat sa pagpapatupad ng kanilang tungkulin ang makihalubilo sa larangan ng pulitika. Kung maipapatupad ang pagiging propesyunal ay magagamit sa wasto ang suot na uniporme.

Pulitiko na hindi takot sa 'multo'

TAPOS na ang paggunita ng Undas, napakabilis talaga ng pagtakbo ng panahon. Mamamalayan na lamang natin na Todos Los Santos na naman uli at sa mga susunod o darating pang Undas. lyan ay kung buhay pa tayo at nananatili sa mundo o maaaring kabilang na sa himlayan na dadalawin ng mga kaanak.

Hindi naman kaila na tuwing panahon ng Undas ay naglalabasan ang mga kuwentong kababalaghan o katatakutan. Nariyan ang tungkol sa mga kaluluwa at maging ang sinasabing multo. Multo na hindi naman ibig sabihin ay direkta o mismong kabuuang anyo ng mahal sa buhay na namatay ay iyong makikita.

Ang pagmumulto ay sa pamamagitan ng kakaibang pagpaparamdam at pamoso na rito ay ang paghalimuyak ng sampagita o bulaklak at

iba pang pahiwatig. Makikita lamang ang buong itsura ng namayapang kaanak o kaibigan na animo'y buhay na buhay sa panaginip. Kaya nga ang sabi ay hindi dapat katakutan ang multo pero kung harapan nagpakita ay maaaring ikonsidera na iyon ay dulot ng masamang Espiritu na gawa ng demonyo.

May mga nagsasabi na marami ang natatakot sa 'sariling multo' na ang pakahulugan ay pangamba sa kanilang nagawang mga kalokohan o kasalanan.

Kaya nga nagtataka sila sa ilang pulitiko na punung-puno na ng pagkakasala at hindi na mabilang ang mga nagwang kalokohan ay nanatiling hindi natatakot sa kanilang sariling multo. Saan kaya kumukuha ng tapang ang mga ganitong klase ng pulitiko?

Malamang sa malamang ay sa demonyo dahil sa kawalan ng takot sa ating Panginoong Diyos.

TULONG MEDIKAL NI CAYETANO, INAALAGAAN ANG MGA NILINDOL SA CEBU

Ramdam ang bayanihan sa patuloy na pagtulong sa mga komunidad na naapektuhan ng lindol sa Cebu ni Senate Minority Leader Alan Peter Cayetano, sa pamamagitan ng kanyang Tulong Medikal at Emergency Response Department (ERD) caravan.

Mula October 21 hanggang 23, 2025, nakatulong ang team ni Cayetano sa 989 residente sa mga lugar ng San Remigio, Medellin, at Tabogon sa pamamagitan

ng libreng serbisyo tulad ng stress-debriefing, medical at psychological consultations, gamutan sa mga maliit na sugat, pasa, at bali, anti-tetanus shots, bagong mga bakuna, at isang buwang suplay ng gamot para sa maintenance at karaniwang sakit.

Namahagi rin sila ng hot meals, tubig, at trapal sa lahat ng mga apektadong residente, kabilang sa mga lugar na kulang ang tulong. Natuwa rin ang mga bata sa mga storytelling at coloring

activities na nagbigay ng aliw at pag-asa sa gitna ng pagsubok. Lahat ng ito ay ginawa kasama ang suporta nina Cebu Governor Pam Baricuatro, San Remigio Mayor Mariano Martinez, Medellin Mayor Edwin Salimbagon, at Tabogon Mayor Francis Salimbagon. Kamakailan din ay naghatid

ng tulong ang Cayetano team sa bayan ng Borbon para ipamahagi ang mga folding tent at kumot, bilang tugon sa kahilingan ni dating Borbon Vice Mayor Roy Melgo. Patuloy ang pagbangon ng Cebu — at patuloy ang pagtulong ni Senador Cayetano sa bawat hakbang.

DOST Cagayan Valley Muling Pinagtibay ang Suporta sa mga Kooperatiba Sa pamamagitan ng Agham, Teknolohiya, at Inobasyon

Lungsod ng Tuguegarao, Cagayan — Muling pinagtibay ng Department of Science and Technology (DOST) Cagayan Valley ang kanilang pangako na paigtingin ang kapangyarihan ng mga kooperatiba sa pamamagitan ng agham, teknolohiya, at inobasyon (STI) sa pakikibahagi nito sa pagdiriwang ng 1st Tuguegarao City Cooperative Development Summit na ginanap kamakailan sa lungsod.

Ang nasabing aktibidad, na pinangunahan ng Cooperative and Livelihood Development Office (CLDO), ay nagtipon ng mga pinuno ng kooperatiba, mga kinatawan ng mga ahensya ng pamahalaan sa rehiyon, at mga opisyal ng lokal na pamahalaan.

Layunin ng pagtitipon na palakasin ang ugnayan ng mga katuwang, isulong ang inobasyon, at paunlarin ang inklusibo at sustenableng pag-unlad ng mga kooperatiba. Ibinahagi ni DOST Region 02 Director Dr. Virginia G. Bilgera ang mga pangunahing programa ng Kagawaran na tuwirang tumutulong sa mga kooperatiba at micro, small, and medium enterprises (MSMEs).

Kabilang dito ang mga pangunahing inisyatiba tulad ng SETUP 4.0, OneLab, OneExpert, ang Community Empowerment through Science and Technology (CEST) program, at Innovation for Filipinos Working Distantly from the Philippines (IFWD PH).

Layunin ng mga programang ito na mapataas ang produktibidad, magbigay ng akses sa makabagong teknolohiya, at mag-alok ng

teknikal na kadalubhasaan at pondo para sa mga lokal na negosyo.

Binigyang-diin din ni Dr. Bilgera ang patuloy na pakikipagtulungan ng DOST sa Pamahalaang Lungsod at sa bagong tatag na Tuguegarao City Cooperative Development Council.

Nanumpa ang mga kasapi ng konseho sa nasabing summit, bilang tanda ng kanilang pangako na isulong ang inobasyon, pagtutulongan, at mabuting pamamahala sa loob ng kilusang kooperatiba.

“Naniniwala kami na ang tunay na pag-unlad ay nakakamit kapag ang agham ay nagsisiilbi sa tao. Layunin naming matiyak na maranasan ng mga kooperatiba ang kongkretong benepisyo ng agham at teknolohiya sa bawat aspeto ng kanilang operasyon, sapagkat ang agham at inobasyon ay hindi lamang para sa mga laboratoryo o industriya— ito ay para sa ating mga komunidad. Kapag umuunlad ang ating mga kooperatiba sa tulong ng teknolohiya, ang buong rehiyon ay sabay na sumusulong,” ani Dr. Bilgera. Sa pagtatapos ng summit, muling tiniyak ni Dr. Bilgera ang misyon ng DOST na maisakatuparan ang “Agham na Ramdam” sa buong Cagayan Valley.

Ipinakita rin ng naturang kaganapan ang matatag na pangako ng Lungsod ng Tuguegarao sa pagpapaunlad at pagpapalakas ng mga kooperatiba. Sa tulong ng DOST bilang tapat na katuwang, patuloy na isinusulong ng lungsod ang inobasyon, produktibidad, at patas na kaunlaran para sa lahat.

PTFOMS, NAPOLCOM Ink Agreement to Strengthen Protection, Cooperation for Media Workers

The Presidential Task Force on Media Security (PTFOMS) and the National Police Commission (NAPOLCOM) formally signed a Memorandum of Agreement, 24 October 2025, marking a significant step toward creating a safer and more supportive environment for media workers across the country. Among the key initiatives is the establishment of an effective case referral and investigation system, designed to facilitate quick response and decisive action on incidents involving media workers. A joint monitoring mechanism will also be set up to ensure continuous, real-time sharing of information, helping to prevent cases from falling through the cracks.

In addition to investigative processes, the agreement prioritizes the protection of media workers through mechanisms that will expedite referrals for protective custody and psychosocial support—ensuring victims of threats or violence receive timely assistance. Education and awareness will be central to this partnership. Both agencies will review and enhance existing policies on media relations, emphasizing principles of press freedom, the right to information, and responsible communication.

The agreement underscores the importance of policy reform, including engaging media workers' groups in decision-making processes and strengthening guidelines to better protect their rights. To promote long-term cooperation, regional capacity-building activities will be conducted to train law enforcement officers and media personnel, fostering stronger collaboration and respect.

Both agencies will advocate with relevant authorities, including the Department of Justice, to ensure investigation reports are credible and hold weight in legal proceedings. They will also hold regular meetings to

assess progress, set new targets, and reinforce their shared commitment.

"This agreement is more than just a document; it is a shared vow to protect the rights of media workers, uphold press freedom, and promote transparency and accountability in our society," said Jose Torres Jr., Executive Director of PTFOMS. "Together, we aim to ensure every media practitioner can perform their duties safely, freely, and without fear or obstruction."

The collaborative effort between PTFOMS and NAPOLCOM highlights the Philippine government's strong commitment to safeguarding press freedom and ensuring that media workers can operate in a secure and supportive environment.

Agri Trucks, PUVs to Enjoy 90-Day Toll Reprieve as CAVITEX Implements New Rates

MANILA, — The Toll Regulatory Board (TRB) has approved the toll rate adjustments for the Manila-Cavite Expressway (CAVITEX) following petitions filed by joint venture partners CAVITEX Infrastructure Corporation (CIC) and Philippine Reclamation Authority (PRA) in 2020 and 2023. The new rates will take effect on October 28, 2025. To help ease the impact of the toll increase, CAVITEX' "Abante Program" will be reactivated — a toll reprieve

initiative allowing registered public utility vehicles (PUVs) and agricultural trucks to continue paying old toll rates for 90 days from implementation. Transport groups not yet enrolled may contact 1-35000 or email customer-care@mptc.com to know more about the program and how to avail. "We appreciate the government's affirmation to honor its contractual obligations with the Private Investors and Toll Operators," said CAVITEX management. While the rate adjustments

are necessary to ensure continued maintenance, safety, and improvement of the expressway, we also recognize the need to support sectors most affected by rising transport costs. The toll reprieve initiative seeks to strike a fair balance between infrastructure sustainability and public welfare. **New Toll Rates** The TRB resolution grants the 2020 and 2023 petitions, authorizing the implementation of provisionally approved toll rates to support ongoing upgrades and maintenance activities.

Class 1: ₱35 → ₱39
Class 2: ₱70 → ₱78
Class 3: ₱104 → ₱117

CAVITEX R1 Extension Segment 4 (Zapote to Kawit): To moderate the impact on motorists, the rate adjustment will be implemented in two tranches (2025 and 2026). First tranche rates are as follows:

Class 1: ₱73 → ₱88
Class 2: ₱146 → ₱176
Class 3: ₱219 → ₱264

Infrastructure Improvements CIC and PRA completed major infrastructure projects to ensure the expressway's safety and efficiency, even prior to the approval of toll petitions, including:

Expansion Joint Replacement at the Parañaque Segment Bridges and Imus Viaduct, enhancing ride comfort and structural reliability
Upgraded RFID systems and installation of Automatic License Plate Recognition (ALPR) technology for faster and more seamless transactions
Ongoing pavement

rehabilitation works in critical portions of both the Kawit and Parañaque segments
CIC and PRA reaffirm their commitment to deliver safe, reliable, and efficient

expressways that support economic growth and regional connectivity.
Note: Due to adjustment at CAVITEX R1 portion, CAVITEX C5 Link Segment

2 (Sucat Interchange) toll rate will also be adjusted accordingly to the new VAT-inclusive rates: ₱38 (Class 1), ₱76 (Class 2), and ₱114 (Class 3).

Steamed with Love

To preserve the siopao business her husband has started, Teodorica Cabaes from Calapan City dedicated herself to perfecting a recipe that would win the hearts of many customers.

Originally from San Teodoro, Teodorica later settled in Calapan City with her family. Life was not easy early on. After finishing elementary school, she began working as a household helper for relatives. As she grew older, she continued working as a helper for different families. At 16, she chose to live with her partner, longing for someone she could depend on.

Her husband was a meat butcher, while she became a meat vendor at a local market. The couple spent many years working side by side in the market. Then in 1989, her husband decided to venture into the siopao business.

The story behind the business Teodorica's husband often delivered meat to a siopao store, which sparked his interest in starting a similar business. Encouraged by the idea, he decided to give it a try. However, just a year later, and for some reason, he decided to drop the venture, which pushed Teodorica to take over. With no prior knowledge of siopao making, the process initially proved difficult for her, but she persevered tirelessly until she developed a siopao recipe she was proud of. To promote her product, she

personally went from place to place, selling at stalls, schools, and neighborhoods. What began with a simple cart eventually evolved into a mobile food cart mounted on a tricycle in 2018.

With the help of her children, they can produce around 300 pieces of siopao each day. One of her children helps her make the siopao, while the other takes charge of selling it. Their production starts at 10:00 am and ends at 2:00 pm, and they sell it from 3:00 pm to 7:00 pm.

Even her other children, now living in Batangas and Laguna, have followed their footsteps and started their own siopao business, carrying on the family legacy.

For over three decades, Teodorica's business has stood the test of time. Through all the years, she has remained

committed to maintaining the same quality and taste that keeps customers coming back.

Whenever she falls short on capital, she turns to CARD Bank, a microfinance-oriented rural bank. She became a client in 2007 and has since relied on the institution for business loans to support her siopao business. Currently, she has a loan of PHP 150,000.00, which she uses to purchase raw materials, especially now that prices are continuously increasing.

Teodorica offers her siopao at affordable prices, ranging from PHP 15.00 to PHP 30.00, ensuring that everyone can enjoy and experience the taste of her product.

"For the future of my business, my biggest hope is to have my own store. I am working hard every day, together with my children, to make that dream come true," she concluded.

Teodorica Corables proudly holds out a tray of freshly steamed siopao, a labor of love, perseverance, and hard work.

Perpetual panalo sa 3 ulit na overtime kontra San Beda

Kinailangan ng Perpetual Help ng tatlong karagdagang period para matapos ang laro sa kanilang 88-85 na panalo sa triple overtime laban sa San Beda sa San Juan Arena.

Ipinagpatuloy ng Altas ang kanilang dominasyon sa Group A na may kamangha-manghang rekord na 8-1. "Naubos na ako sa kakasigaw kanina but I'm just proud with the way we fought today," coach Olsen Racela said.

"Nasa unahan tayo sa ikalawang quarter tapos bumalik sila makaraang dikitan na hanggang

sa huli. Ang galing ni Miller e. Pero ang talunin ang isang talagang mahusay na programa tulad ng San Beda ay isang tunay na tagumpay para sa aming paaralan, para sa aming koponan."

Pagkatapos ng anim na yugto ng palitan ng aksyon, nakita ng Altas ang kanilang sarili na may maliit na humigit-kumulang isang puntos na lamang na kalamangan sa 2:34 marka ng ikatlong overtime, 82-81. Hawak ni Mark Gojo Cruz ang sitwasyon sa kanyang sariling mga kamay sa pamamagitan ng isang malakas na triple upang mauna ang Perpetual, 85-81, na may 2:16 na natitira.

Handang ibuhos ni Agjanti Miller ang sarili niyang lakas para ilapit ang Red Lions, ngunit isang triple ni JP Boral ang nagbigaydaan sa Perps na lumayo, 88-83, na may mas kaunting minuto na natitira.

Si Miller ay nagtala ng isa pang jumper upang itaas ang kanyang season-high sa 28 puntos ngunit iyon na ang huling pagsisikap ng Lions bago makamit ang 6-2 na rekord sa Group B.

Sa kabila ng pagkatalo, ang San Beda ay nananatiling nangunguna sa kanilang grupo, katulad ng ginagawa ng Altas sa Pool A.

Ang tambalan nina Patrick Sleat at Gojo Cruz ay nagpakitang-gilas sa pinakakailangan, nagtala ng 23 at 20 puntos para sa kanilang panalo. Tumulong din si John Abis sa koponan na may double-double na 14 puntos at 11 rebounds.

Umalalay naman kay Miller sa opensa ng San Beda si Yukien Andrada, na nagtapos ng may 13 puntos at limang rebounds sa isang pagkatalo.
